VSTREAM® WINDSCREENS FOR FLHT/FLHX MODELS

The Tall and Standard size VStream® Windscreens for the FLHT/FLHX are outstanding high-speed highway performers for average size and taller riders. Shorter riders will like the performance of the VStream® Low and Ultra Low models. Enjoy a significant improvement in wind management and riding comfort. Mounts with existing OEM hardware.

H = *Height*

VStream® Windscreens for FLH Models are measured from bottom center mount hole to top of screen.

VSTREAM® WINDSCREENS FOR FLTR ROAD GLIDE MODELS

Owners of FLTR Road Glides will appreciate the enhanced performance and stunning appearance of the VStream® Windscreens. Choose from Extra Tall and Standard Touring Size in Clear, Mid-Size in Light Tint, and in a Low Size in Light Tint or Dark Tint.
All FLTR VStream® Windscreens include metal compression limiters that spread the load for long life and durability.

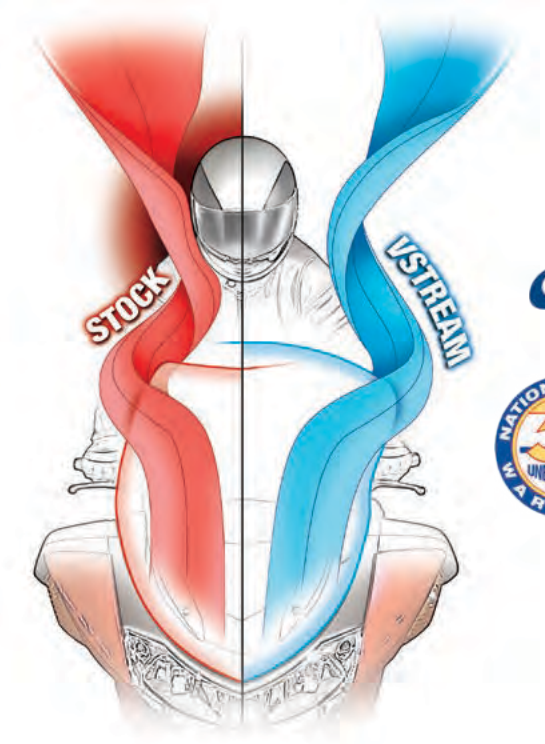
VSTREAM® WINDSCREENS

QUIET • COMFORT • OPTICS • STRENGTH

The VStream® gets its name from the unique shape and dimensional contours designed and engineered into the windscreen. The patented "V" profile helps push the turbulent wind out and away from the side of the rider's head, producing a quieter and more comfortable riding experience. This improvement also reduces wind noise and buffeting for the passenger.

- Constructed from thick, durable hardcoated Lexan® polycarbonate material
- Coated with National Cycle's exclusive scratch-resistant Quantum® hardcoating
- Replaces the stock windscreen and uses the OEM mounting hardware
- All VStream® Windscreens are made in the U.S.A. and are covered by National Cycle's exclusive 3-Year Warranty against breakage



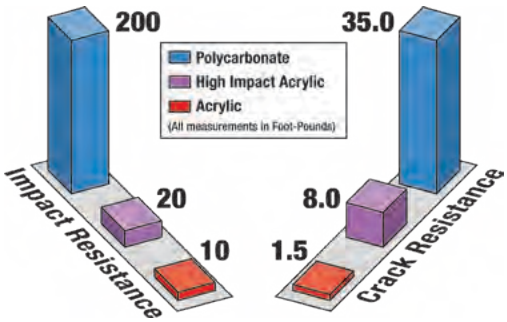
Quantum® is an exclusive product of National Cycle Inc.

All VStream® Windscreens are covered by National Cycle's 3-Year Warranty against breakage.

WHAT ARE THE BENEFITS OF LEXAN® POLYCARBONATE?

Outstanding impact strength! No other thermoplastic comes close to matching the impact strength of polycarbonate, making it the ideal material for motorcycle windshields. It is 20X more impact resistant than acrylic plastic (Lucite®).

So whether it's birds, bugs, rocks or road debris, for the serious rider, a strong polycarbonate windshield is very important.



QUALITY MANUFACTURING

National Cycle engineers and manufactures the plastic and the mount systems of all their windshields. Replacement parts are readily available for years to come.

REAL WORLD PERFORMANCE

Watch National Cycle's "Polycarbonate vs. Acrylic" video on YouTube™ to see the entire gamut of impact tests.

VStream® Windscreens are offered in Clear, Light Tint, and Dark Tint hardcoated polycarbonate. See application charts for details.

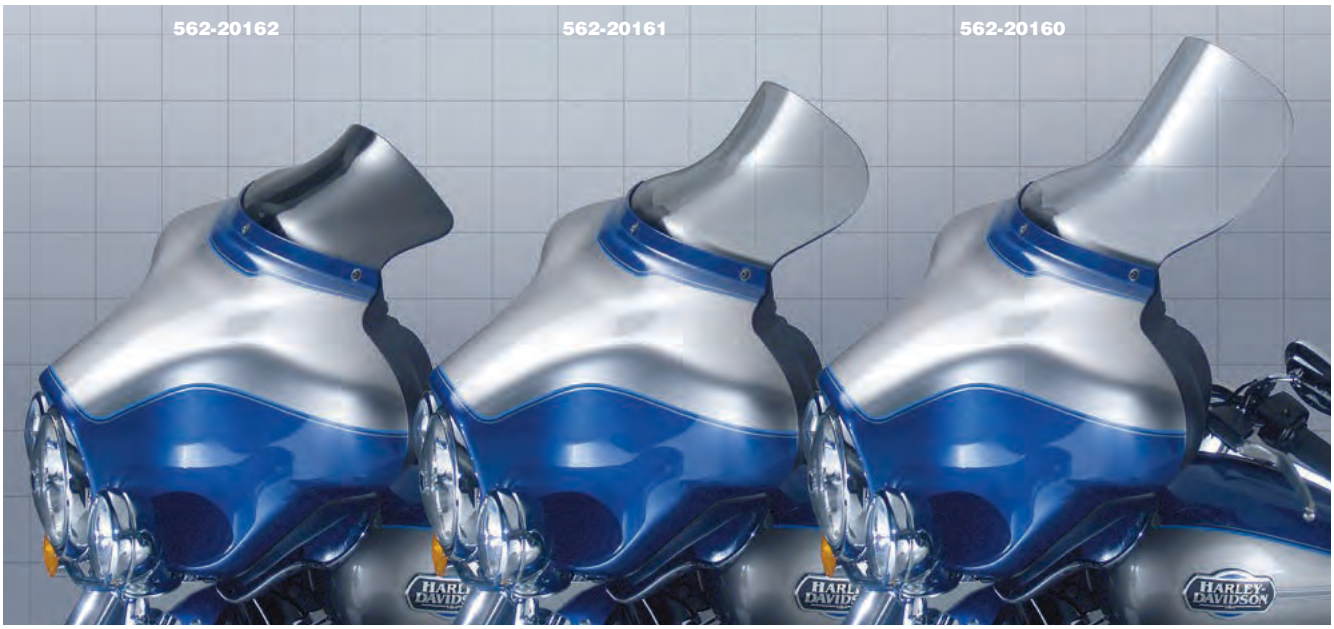
Wave®

WAVE® WINDSCREENS FOR FLHT/FLHX/FLTR RIDERS



National Cycle's Wave® Windscreens are now available for 2013 and earlier FLH and FLTR models.
Quality is evident when you feel the thick gauge, precision cut, smooth radiused edge on these windscreens.
Quantum® hardcoated polycarbonate delivers outstanding strength and unbeatable scratch resistance.
It's stylish... sleek... and sexy.
It's the new Wave. Ride it!

Quantum® hardcoated

WAVE QR® QUICK RELEASE FAIRINGS

- Have the hottest bike around with National Cycle's new Wave QR® – the fairing that defines performance on the edge. Whether it's slammed back or raked up, Wave QR's sculpted polycarbonate body captures the spirit of your Harley-Davidson® motorcycle.
- Its jetstreamed looks come from National Cycle's attention to aerodynamics and precision forming. It's removable in just seconds, without tools – thanks to National Cycle's Quick Release Mount Kit! And, it's rake adjustable!
- The highly regarded Quick Release Mount Kit is the same that's used for the SwitchBlade® and Spartan® Windshields, so you not only have a choice between riding with or without a shield – you also have a choice between completely different styles of quick release shields!
- Made from durable FMR hardcoated polycarbonate and covered by National Cycle's 3-Year Warranty against breakage.

Covered Forks

TWO PREMIUM QUICK RELEASE WINDSHIELD LINES

Polished Stainless Steel

Black Powdercoated Stainless Steel

THE BEST HARDWARE

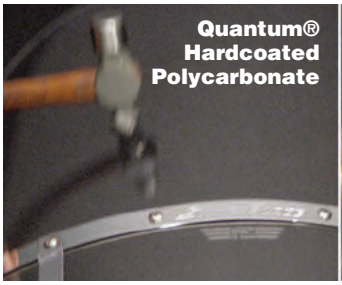
- Chromed steel with polished or black powdercoated stainless steel hardware is used throughout for rock-solid strength, dependability and great looks
- Cushion wheels turn and flex, allowing your SwitchBlade® or Spartan® to securely lock into place
- Sleek and elegant – no exposed fasteners

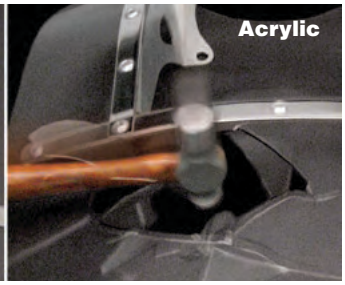
3-YEAR WARRANTY

Every National Cycle polycarbonate windshield, including the SwitchBlade® and Spartan® lines, is covered by an unprecedented 3-Year Warranty against breakage!

EXCLUSIVE QUANTUM® HARDCOAT

Developed for windshield use by National Cycle, Quantum hardcoat takes motorcycle windshields a “quantum leap” forward in abrasion resistance and outdoor life. National Cycle applies this crystal clear hard coating to polycarbonate material. The combined result is the strongest, most scratch resistant windshield material available worldwide.





POLYCARBONATE STRENGTH

SwitchBlade® and Spartan® Windshields are made from durable 4.0mm thick polycarbonate for 20X more impact resistance than acrylic. This is tough material that you can trust!

SUPERIOR SCRATCH RESISTANCE

30X more scratch resistance than typical acrylic wind-shields is saying a lot! Think of it as 30X more miles per windshield. Even compared to FMR coated polycarbonate, Quantum® has 10X better scratch resistance. Award-Winning Quantum hardcoating is used in many tough applications. It has withstood over one million windshield wipes in tests for the fully enclosed Benelli Adiva Scooter.

GLARE-FREE OPTICS

Think about riding into the sun or at oncoming headlights and not having to look through the glare of fine scratches that eventually show up on your screens. Quantum® hardcoating gives your windshield much better optical definition and clarity, and your windshield will stay that way a lot longer.

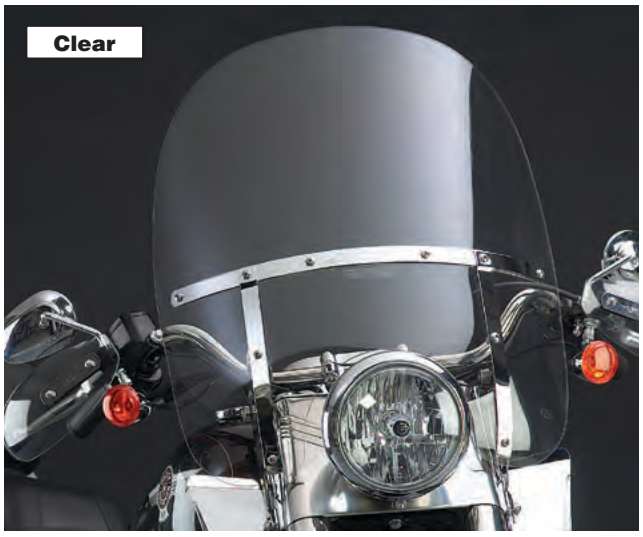
See pages 10-12 for Applications

SWITCHBLADE®

national cycle since 1937

ON AND OFF IN LESS THAN FIVE SECONDS... WITHOUT TOOLS!

- The SwitchBlade® Quick Release Mount System gives you the flexibility to mount any of four sizes of SwitchBlade® Windshields... or none at all!
- SwitchBlade® Mount Kits (sold separately) are engineered directly on each model bike to ensure perfect fit and function



SWITCHBLADE® 2-UP®

- Largest size with maximum wind protection
- Ideal for touring, two-up riding, and cold season commuting
- Add SwitchBlade® Chrome Lowers and National Cycle Hand Deflectors for complete wind and weather protection

SWITCHBLADE® CHOPPED™

- A cut-down version of the popular 2-Up
- Recontoured top is 4-5" shorter (depending on model) and the trimmed bottom profile is narrower
- Excellent protection for shorter riders/low saddle heights

Quantum hardcoated

3YR UNBREAKABLE WARRANTY

All SwitchBlade® and Spartan® Windshields are covered by National Cycle's 3-Year Warranty against breakage!

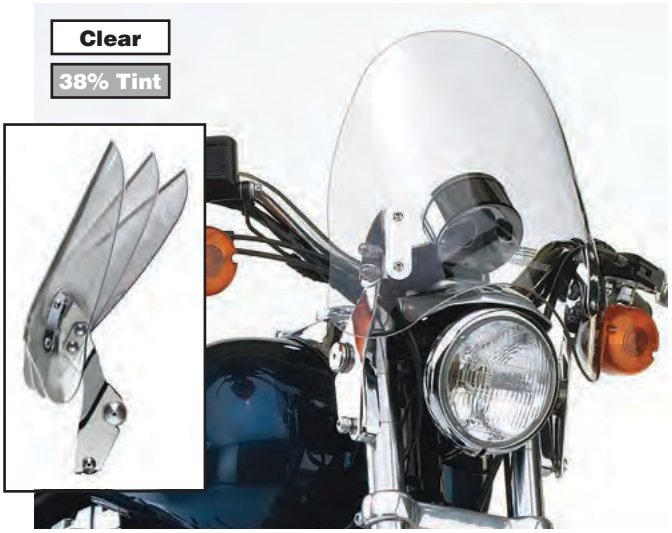
SWITCHBLADE®

SWITCHBLADE® SHORTY®

- An ideal choice for shorter riders or for morning commutes
- Short in size but long on looks and quality features
- Keeps wind blast at bay while preserving the “wind in your face” motorcycling experience
- See pages 10-12 for Applications



SWITCHBLADE® DEFLECTOR™

- Minimal profile with maximum attitude
- Patented Rake Adjust™ feature lets you easily change the screen angle for appearance or for wind protection
- Perfect shield for warmer weather and boulevard cruising
- High quality chromed steel and stainless steel hardware
- See pages 10-12 for Applications

CHROME LOWER DEFLECTORS
FOR SWITCHBLADE® WINDSHIELDS

- Chrome Lower Deflectors improve the performance of your windshield by preventing unwanted turbulence below the shield
- National Cycle’s Chrome Lowers are engineered for proper fit, clearance and performance
- Mounts to SwitchBlade® Windshield Mount Kits (See pages 10-12 for Applications)
- Superb polishing and chrome plating make National Cycle Chrome Lowers stand out from the rest

SPARTAN®

SPARTAN® QUICK RELEASE WINDSHIELDS

- The new Spartan® Windshield has a stainless steel frame finished in a stealthy black powdercoat and looks perfect on today's dark custom bikes. You won't find a better quality touring-sized windshield at such a great price!
- This full-size Quantum® hardcoated polycarbonate windshield comes in two heights – 18.50" and 16.25" – to fit almost any rider
- Mounts to National Cycle's tried-and-true Quick Release Mount Kits with stainless steel hardware and rubber grommet compression limiters that spread the load for long life and durability

SELECTING THE CORRECT WINDSHIELD & MOUNT KIT FOR YOUR BIKE

1. Determine your motorcycle's make, model and year.
2. Choose the appropriate SwitchBlade® Mount Kit
3. Determine what style windshield best fits you.
   - Consider your height and saddle position.
   - Determine your riding habits: Daily commutes? Long trips? Weekend rides?
   - Do you want maximum protection? A sporty look? Or a combination?

4. Sit on your bike, measure from a few inches above the headlight to the point horizontally level with the tip of your nose.
5. Pick the appropriate size SwitchBlade®, Spartan® or Stinger windshield.

Still can't decide? Get two or more windshields. With the Quick Release SwitchBlade® Mount Kit, you can change your windshield as quickly as you change your mind!

Windshield height is a personal preference, but one recognized standard is to be able to look just over the top of your windshield to see the road at a distance of 50 feet in front of you. Generally, this means that a correctly sized windshield mounted to your bike will have a top edge that is horizontally level with the tip of your nose ,or just slightly below eye level.

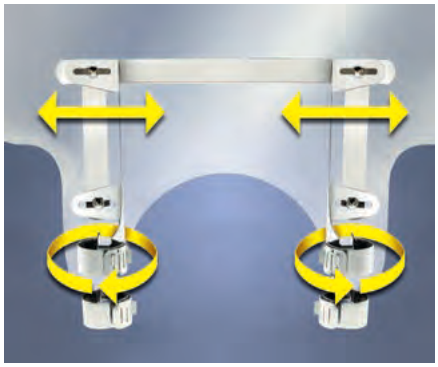
DAKOTA™

national cycle since 1937



All Mounting Hardware is Included!

DAKOTA 3.0™ WINDSHIELDS

The Dakota 3.0™ windshield gives a custom look to any narrow glide front end. The patented variable width brackets and adjustable diameter fork clamps are included with the windshield.

Available in short or tall sizes to fit bikes with or without National Cycle's N935 Spotlight Bar.

The Dakota 3.0™ is made from High Impact Acrylic for great wind protection at a budget price.

BEADED WINDSHIELD FOR FXSTS MODELS

National Cycle's Beaded Heavy Duty™ windshield for the FXSTS and FXSTSB is trimmed with a traditional beaded edge that is mechanically applied. No yellowing or cracking of glue joints is possible.

The highly polished chrome mounts attach to the handlebar risers to provide a significant range of adjustment for height and rake.

This rugged windshield features stainless steel and chrome hardware and FMR hardcoated polycarbonate. All necessary mounting hardware is included.

To top it off, it's covered by National Cycle's 3-Year Warranty against breakage!

MOHAWK™ WINDSHIELDS

Continuing the minimalist, sporty tradition of our famous Flyscreen®, the Mohawk™ features a taller and wider size with a special 'V' profile for added wind management.

- Manufactured from FMR hardcoated polycarbonate for unbeatable strength and impact resistance
- Linking Arm fork mount system (available in chrome or black) with countersunk screws offers a custom fit for almost any motorcycle with open front forks
- All Mohawk™ windshields are dark gray tinted, 9.25" tall x 11.75" wide and include all hardware needed

If your bike is not listed in the application chart, order by mounting bracket type (universal applications).

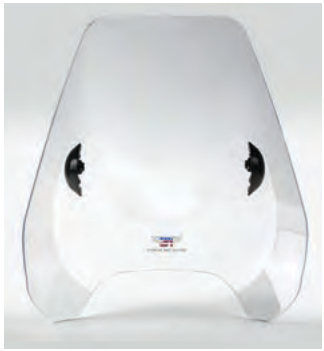
Quantum hardcoated

DEFLECTOR SCREEN™

national cycle since 1937



Our original 2-point QuickSet™ mount Deflector Screen™ was first introduced in 1980 and became an instant hit with riders everywhere. It defined the term "universal windshield." We then followed up with the Street Shield™, a larger screen with a 4-point QuickSet mounting system. Now there's a better reason to stock these popular windshields for your customers: They've been upgraded from High Impact Acrylic to National Cycle's exclusive Quantum® hardcoated polycarbonate – the state-of-the-art in scratch resistance – but with no price increase!

FXRP FAIRING FOR DYNAS

Modeled after the Police/Touring fairing, this is a frame mounted fairing (does not turn with handle bars). We have added the Dragonfly styling touches, and made it audio friendly!

Set up for an Aquatic AV radio or a radio of your choice (sold separately). We have also set it up to have one pair of speakers of your choice added. With room to add amps if desired, this can be a great retro fairing for the increasingly popular Dyna scene.

Requires (sold separately):

- Windshield
- Headlight Cover
- Mounting Brackets

Application	WPS#	List
Fits All FXDB, FXDL Models `06-17	**826-02060**	**$999.95**

826-02061

Paul Yaffe's Bagger Nation

FAIRING drop block KIT

First thing we noticed when we got our new 2015 Road Glides is that the fairing seemed really high. So we immediately created this super cool kit that allows you to drop your stock fairing a full 1.75" which not only dramatically increases your field of vision, it also gives your Road Glide a truly custom "Muscle Bagger" stance and look!

Our patented CNC machined "Drop Block"* is a direct bolt-on precision part that creates "The Drop". It's created from a solid block of 6061-T6 aircraft aluminum and then flawlessly gloss black powder coated to disappear when it's mounted to your OEM fairing mount.

*US Patent 9,616,957

Included in your kit is our patented Stealth Fairing Support Bar** which hides discreetly inside your fairing providing all the support your fairing needs. This allows you to remove those ugly stock clamp brackets that attach to your engine guard. This part also allows removal of your engine guard if you so choose which is a popular decision during the customizing process.

**US Patents D786,139 and 9,561,831

Our Stealth Fairing Support Bar is precision fixture TIG welded by Arizona craftsmen and assembled from US cold rolled steel. It's then gloss black powder coated. Easy install instructions and hardware are included with your kit.

834-02011

827-05130

Description	Application/Year	WPS#	List
Fairing Drop Block Kit	FLTR `15-Up	834-02011	$389.95
Fairing Support Bar	FLTR `15-Up	827-05130	$299.95

FAIRING WEDGE BLOCK

When raking your 2015-later Road Glide, the fairing position will need to be corrected after the frame rake is complete. The angle of the fairing will be pointing up in the air and the fairing will be too high. The Fairing Wedge Block allows you to use your stock fairing and mount bracket while placing the headlights forward instead of up and you'll be able to see over your fairing!

The Fairing Wedge Block is an easy bolt-on part, comes in a gloss black powder coat finish and directions and hardware are included. Available as a kit with fairing support bar or without.

U.S. Patent 9,616,957

U.S. Patent D806,613

Description	Application/Year	WPS#	List
Fairing Wedge Block Kit	FLTR `15-Up	827-05131	$429.95
Wedge Block ONLY		827-05132	$179.95

HEADLIGHT RAKE RING

The Rake Ring makes returning your headlight back to its normal position after raking your Bagger easy! Simply remove your headlight from the fairing, insert our Rake Ring and bolt it on!

Your headlight attaches to our Rake Ring in the same fashion it attached to your fairing! The Rake Ring fits batwing fairing models 1992 to present and is a direct bolt-on application.

- Wedge shape corrects headlight angle on Batwing Fairings
- Injection molded ABS plastic (same material as your fairing)
- Comes in a flat black finish that virtually disappears when installed
- Works with SRT, 23" or 26" rake applications

Description	Application/Year	WPS#	List
Headlight Wedge	Batwing Fairings `15-Up	834-02012	$74.95
	Batwing Fairings `92-14	827-05160	$79.95

HEADLIGHT COWL

- Road Glide fans unite! The SCOOWL Fairing Extension will transform the look of your Road Glide and will give your Bagger a vicious and angry stare!
- The SCOOWL is a direct replacement on 1998-2013 Road Glides and can be installed as-is or painted to match your bike.
- *2009 and earlier models need a 2010 and later headlight kit. (HD P/N 67775-10 available at your local Harley-Davidson Dealership).
- US Patent D683,495 S

Application	WPS#	List
Fit's `98-13 FLTR Models	**827-05345**	**$149.95**

FAIRING FLARES

- These pressure-formed, urethane wings add a really cool accent on the lower edge of the fairing and create a seamless flow between the fairing and fuel tank. The Wing-It Fairing Flares are a must on raked, big-wheel Baggers and they look super cool on your stock Road Glide as well!
- Wing-It Fairing Flares are a direct bolt-on item for Baggers utilizing our NEW Bagger Nation Stealth Fairing Support Bar (which eliminates the stock engine guard) or they can be easily modified to work on Baggers that have the OEM fairing support brackets.
- Wing-It Fairing Flares are sold in pairs and come in a smooth black plastic finish that can be easily painted to match your fairing color.
- All hardware and easy bolt-on instructions are included.

Application	Non-Raked	List	Raked	List
Fits `15-Up FLTR	**827-05500**	**$99.95**	**827-05501**	**$99.95**

TURN SIGNAL ELIMINATORS FOR ROAD GLIDES

- When customizing a Road Glide, one of the first things Paul does is remove the stock turn signals. Well, that leaves ugly holes in the fairing...so Paul created these bitchin turn signal eliminators for Road Glides!
- Bagger Nation turn signal eliminators for 2013-earlier models are machined from 6061-T6 aluminum, then beautifully chrome plated or black anodized.
- Our wedgy shaped 2015-Up Road Glide Turn Signal Eliminators are made from injection molded urethane and come in a natural black finish. They are sold in pairs and can be easily painted to match your ride. Installation is simple and allows for custom relocation or simple removal of your stock signals.

ROKKER® XXR EXTREME 350W SPEAKER AND AMP

- This is the new J&M Custom 2-speaker & amplifier kit
- Fits '14-19 Batwing or '15-19 Road Glide fairing with the Harley BoomBox 6.5GT Premium or 4.3 standard radio
- 2 channel amplifier rated at 175w RMS per channel X 2 to provide up to 350w total RMS power!
- The amplifier's settings have been dialed in & optimized for this exact speaker/radio configuration, to provide the on-highway volume, clarity and overall performance that most riders only dream about
- Includes fully weatherproof 6.71" ROKKER XXR speakers featuring a high-tech woven-fiber woofer cone & a massive high-density high-flux strength Neodymium magnet structure with large center & perimeter positioned voice coil cooling vents, to provide for maximum heat dissipation when operating at high volume levels for extended periods
- The custom designed speaker grills with mounted high-output dome tweeters are also weather-proof and shock-proof for maximum long-term durability
- This custom installation KIT has been engineered to be 100% plug-and-play for your convenience during the installation and to maintain the complete integrity of your Harley's internal wiring harness.
- In the Stage 5 version the amplifier will be custom tuned for use in conjunction with your specially FLASHED Harley Infotainment radio ("J&M Corporation Custom Audio Flash" menu option w/ Techno-Research digital technician), to provide THE BEST on-highway volume, clarity and overall performance available, from your music source selections of FM stereo, XM sat radio, Smartphone or USB thumb drive. (Harley Infotainment/BoomBox radio can also be shipped to the J&M factory in Tucson for FLASHING, there is a separate $75 fee for the "J&M Corporation Custom Audio" Harley radio FLASH).

ROKKER® XXRP 4 CH. AMPLIFIERS

- 4-channel 700w RMS fairing/rear speaker amplifier kit
- Plug-n-play RCA input harnesses included with this amplifier kit
- Provides 4 separate channels of amplification at 175w RMS continuous power per-channel into a 2 or 4-ohm speaker load
- This is a full range class D digital amplifier properly shielded against RF interference into the AM or FM stereo radio bands
- Amplifiers use advanced digital switching power supply technology to reduce the 12v current demands on the motorcycles electrical system
- Amplifier mounts to the custom made stainless steel 2-piece bracket system, to provide solid and secure mounting inside the fairing, in addition to blocking amplifier heat from being transferred to the radio
- Fully programmable thru the internal digital signal processor (DSP)
- Should you wish to alter these DSP settings using the internal programming dongle already built into this new amplifier, (USB computer connection cable also included with this amplifier kit) all of our specific custom amplifier programs are now available as a consumer download from the J&M website @ www.jmcorp.com
- Amplifier itself measures 8 1/4” Long X 5 1/8” Wide X 1 5/8” Tall.

ROKKER® XXR - SERIES 2 CHANNEL AMP KITS

- Full range class G digital amplifier
- Spec'd at 175w RMS per channel X2 channels
- 350w total, driven continuous into a 2 ohm load @ 14.4vdc
- Stainless steel 2-piece bracket system, provides solid and secure mounting while blocking amplifier heat from being transferred to the radio
- These amplifiers are now fully programmable thru the internal digital signal processor
- Dialed in for model specific speaker configuration, to provide maximum highway performance from your Harley Davidson audio system
- Should you wish to alter these settings, when adding additional speakers to the system, or changing the impedance of the speakers, J&M will be offering all of our specific custom pre-loaded amplifier programs as a consumer download from the J&M website @ www.jmcorp.com
- Custom made plug-n-play wiring harnesses are included with this amplifier kit
- Top quality heavy gauge power/ground wires are used for the fused battery connection
- Comes with all necessary mounting hardware & complete installation/operation instructions
- Amplifier itself measures 7 ¼" X 4 ¾" X 1 ¾"

ROKKER® XXR EXTREME
350W BLUETOOTH AMP KIT

- This exciting new J&M 350w BlueTooth controlled amplifier kit has been designed specifically for use on the 1998-2018 Harley® RoadKing.
- Simply link your SmartPhone to the weatherproof handlebar controller via Bluetooth and control all volume and track up/down music functions direct from the handlebar buttons.
- This is a full range class D audio amplifier and is spec'd at 175w RMS per channel X2 channels, (350w total) driven continuous into a 2-ohm load @ 14.4vdc.
- Amplifier mounts to the custom made stainless steel bracket system inside the left saddlebag.
- BlueTooth control mounts to the black-powder coated SS handlebar bracket.
- Custom made heavy-duty plug-n-play wiring harnesses are all built at the J&M factory in Tucson for this specific application, to allow connection to either 2 or 4 total speakers on the RoadKing.
- Wiring harness system includes waterproof plugs/pins at each location including the left side saddlebag panel connector (like CVO) & Bluetooth control head connections.
- Top quality heavy gauge power/ground wires are used for the fused battery connection, along with all necessary mounting hardware & complete installation/operation instructions.
- Amplifier itself measures 7 ¼" X 4 ¾" X 1 ¾".

ROKKER® XXR SERIES SPEAKER KITS

- J&M's NEW ROKKER XXR series 6.71" speakers have been designed as exact size component/replacements for the stock 6.5"
- Spec'd at 2 ohms impedance and an impressive 300w maximum input (175w RMS - 91db sensitivity), these speakers provide the ultimate in raw audio power and include the new custom grills with built-in high-output tweeters
- Lightweight waterproof one-piece woven-fiber driver cone with super-rigid metal basket design
- High-density lightweight Neodymium magnet structure, specially coated to maintain flux-strength integrity even at extreme operating temperatures
- High efficiency VENTED voice-coil for improved cooling when operating at high volume levels for extended periods
- Custom speaker grills with high-output tweeters for crystal clear sound at highway speeds
- Mounting hole pattern and spade electrical connections are exactly the same as the factory specification, this is a total plug-and-play no-modification solution complete with easy to follow installation instructions
- These are THE most powerful speakers you can buy for your Harley and they will perform extremely well when used with a medium to high-powered accessory amplifier

ROKKER® SERIES SPEAKER KITS

XT SERIES

- The new three-way high-performance speaker set has been designed specifically for the rear pod position on the 2006-2013 FLHTCU/FLHTK
- Spec'd at 2 ohms impedance and 140+ watts max power
- Superior bass response, along with an extended mid/high frequency range
- Waterproof injection-molded polycarbonate woofer cone
- High-flux strength but light-weight Neodymium magnet
- High efficiency voice coil
- The latest design grillwork with mounted black-titanium tweeter and midrange drivers
- Second set of paintable grills also included
- Plug-and-play installation complete with easy to follow instructions
- Perform extremely well with the stock Harley radio system
- You won't be disappointed

XX SERIES

- Lightweight waterproof one-piece woven-fiber driver cone
- High-output silk-dome tweeter
- Super high-density lite-weight Neodymium magnet structure, specially coated to maintain flux-strength integrity even at extreme operating temperatures
- High efficiency VENTED voice-coil & magnet structure for improved cooling when operating at high volume levels for extended periods
- Custom max-flow speaker grills for crystal clear sound at highway speeds
- Plug-and-play no-modification solution complete with easy to follow installation instructions
- These are THE most powerful speakers you can buy for your Harley and they will perform extremely well when used with a medium to high-powered accessory amplifier

XXR SERIES

- Spec'd at 2 ohms impedance and an impressive 300w maximum input (175w RMS - 91db sensitivity)
- High-density lite-weight Neodymium magnet structure, specially coated to maintain flux-strength integrity even at extreme operating temperatures
- Custom bridge-mounted high-output tweeter

These are THE most powerful 5X7" speakers you can buy for your Harley and they will perform extremely well when used with a medium to high-powered accessory amplifier.

SHORTY ANTENNA UPGRADE

- If you are looking for THE Best performing shorty antenna upgrade look no further than J&M
- This new shorty antenna model from J&M comes out of the packaged pre-tuned for all AM/FM CB & WB frequencies, so that you don't need to worry about which side of the tail trunk or rear fender to mount them on
- The performance improvement compared to stock Harley is especially significant for the CB radio band transmission distance
- Installation is a snap as you simply unscrew the stock Harley antenna and screw on the new J&M shorty
- Both long and short antenna tip cover options are included, with a total overall length of approximately 17"
- Sold individually as one antenna per package with extra screw in trunk mounting stud included

Application	WPS#	List
`14-19 FLHT/FLT Models	**94-1199**	**$28.95**
`09-13 FLHT/FLT Models	**94-1198**	**$26.95**
`89-08 FLHT/FLT Models	**94-1200**	**$26.95**

BIG BIKE PARTS®

SHORT ANTENNA

- AM/FM only, not for CB's
- No interference with storage covers

Decription	Application	WPS#	List
Short spiral antenna	Harley, Indian,Victory	**94-1165**	**$22.95**

FLEXPOWER

HIDE - A - WAY ANTENNA

- FLEXPOWER hide-a-way is the best way to hide the CB and radio antennas on the market today
- Eliminate the rear mounted antennas on your Harley
- J&M in-fairing antenna is pre-tuned from our factory
- Is designed for the Harley Batwing or Road Glide fairing, with the factory Harley CB and/or radio
- Installation is a snap, as there are no wires to cut or splice and antenna wire lead is secured in the fairing with included double sided tape clips

	Application	Description	WPS#	List

SENA 30K

Bluetooth 4.1 MOTORCYCLE COMMUNICATION SYSTEM

Sena Mesh Intercom™ technology is now here and ready to change your ride. Simply press the button on top of the 30K to turn on public mode, and you will be automatically and instantaneously connected to a virtually limitless amount of 30K users within a mile range. Intercom connections are also now more stable than ever with Sena's new Mesh Intercom™ technology. When one of a group's riders goes out of range, the rest of the group remains seamlessly connected while the 30K still intelligently searches for the lost connection and reconnects automatically once back in range. No longer will you have to worry about losing half of your group due to a Bluetooth chain linked connection of the past. With private mode you can invite and communicate with up to 16 riders at a range of up to 2.0 km (1.2 miles), while an endless amount of guests can join to listen in as well. When riding with 5 or more riders, the Mesh Intercom will intelligently keep the group connected at a range of up to 8 km in ideal riding environments (5 miles).

SENA 20S EVO

MOTORCYCLE COMMUNICATION SYSTEM Bluetooth 4.1

(AVAILABLE W/ STANDARD OR SLIM SPEAKER KIT)

The 20S EVO is the next generation of the original 20S, with an updated design and improved intercom functionality and stability to keep up with your ride. The 20S EVO was designed with a fixed type, shark fin antenna as opposed to its predecessor with the flip up antenna. This sleek new antenna design improves upon intercom stability and even secures the intercom distance while updates to the hardware allow for an even more robust general performance updates.

FEATURES

- Bluetooth® 4.1
- Audio multitasking
- Eight-way universal group intercom with ranges up to 2.0 km (1.2 miles)
- Voice command
- Advanced noise Control™
- FM radio
- Remote control

HELMET CLAMP KITS FOR HARLEY DAVIDSON AND UNIVERSAL SLIM SPEAKER KITS

SENA **RIDE CONNECTED mobile APP available**

Description	WPS#	List
20S Clamp Kit for CB/Audio for Harley-Davidson	843-02002	$129.00
20S Clamp kit for CB/Audio for Honda Goldwing	843-02003	$129.00

HD SPEAKERS

- The 20S Clamp Kit for CB/Audio Systems allows users to communicate through the motorcycles CB radio and listen to the onboard audio system.
- Communicate with the CB radio built into the onboard audio system using the clamp kits microphone. Simply push the PTT button connected to a Harley-Davidson motorcycle to say something through the CB radio.
- All sounds (including CB radio, GPS navigation or FM radio) from the onboard audio system can be mixed with 20S sound sources (intercom, MP3 music, phone etc.) This 20s clamp kit can connect to Harley-Davidson onboard audio system by the adaptor cable.
- You can use the CB/Audio Helmet Clamp with the 20S main module. Without the 20S main module, you can have the helmet clamp with the clamp cover adaptor attached and only use the CB radio and onboard audio system.
- Comes with 2 microphones included (wired boom mic and fixed boom mic)

SENA 10S

HEADSET AND INTERCOM

Bluetooth 4.1

The Sena 10S Motorcycle Bluetooth® Communication System is an upgraded version of the original SMH10 system, which has proven itself roadworthy to motorcyclists everywhere. Now in a slimmer profile, the 10S maximizes the enjoyment factor of your ride by keeping you in touch with up to four riding companions via crystal-clear HD audio, up to 1.6 km (1 mile) away, through the One Touch Group Intercom™, the 10S is the best long range Bluetooth headset. The unit also uses the Universal Intercom™ protocol so it can communicate with all Sena motorcycle Bluetooth headsets and non-Sena Bluetooth headsets on the market.

SENA 10U HEADSET

MOTORCYCLE COMMUNICATION SYSTEM WITH HANDLEBAR REMOTE CONTROL

Bluetooth 4.1

Activate the integrated programmable FM tuner or pair it with your Bluetooth®-enabled MP3 player for hours of riding with your favorite soundtrack. This is one of the few motorcycle communication devices that allows you to enjoy fewer dropped signals with a more robust and reliable wireless protocol that enables you to have four-way conversations with your riding companions within a 1.6 km (1 mile) range. With up to 10 hours of talk time, you'll likely run out of gas before your 10U runs out of juice.

FEATURES
- Bluetooth 4.1

SENA TUFFTALK

OVER-THE HEAD EARMUFF HEADSET WITH LONG-RANGE COMMUNICATION

Bluetooth™

TUFFTALK is industrial and commercial grade, and can be used for up to 15 hours of talk time with each of the included Lithium Ion rechargeable batteries (2 included) or 12 hours of talk time using 3 x AAA batteries. Crystal-clear high definition audio and advanced noise control, smart phone application, and firmware upgradeable for free. Unit is water resistant.

The innovative and intuitive Jog Dial makes controlling the Tufftalk easy to use, even with gloves on. Unit has ambient mode, so you can hear outside the headset without removing the headset. Headset also has up to 24 DB noise cancelling attenuation (passive). Tufftalk is equipped with VOX for Phone and Intercom, and the voice activation makes answering calls or communicating via intercom a breeze. Range is up to .86 of a mile within line of sight. This is the perfect UTV, Can Am Spyder & Slingshot communicator. This premium product is the solution for those riders that want good side-by-side communication. This is also a great communication headset for the driver of a chase vehicle to communicate with up to three motorcycles. The TUFFTALK compatible with the RideConnected App.

- IMPORTANT: These will be sold as each (one in the box).
- Bluetooth 4.1
- 4-way intercom up to 1.4 km w/ optional long antenna (800 m w/ default antenna)
- Bluetooth stereo music
- Audio boost
- Advance noise control™
- FM radio
- Voice prompts

SENA FREEWIRE

SENA RIDE CONNECTED mobile APP available

CB AND AUDIO ADAPTER FOR HARLEY DAVIDSON & HONDA GOLDWING

Bluetooth™

With the new FREEWIRE when you connect it to your Harley-Davidson or Honda Gold Wing, you can utilize all the bike's Infotainment features WIRELESSLY! Communicate with the CB radio, hear turn-by-turn directions from the bike's GPS, rock out to your favorite radio stations and so much more – all thru our Bluetooth headset. Use an additional FREEWIRE for your passenger to talk over the motorcycle's internal intercom system. This is the item Harley & Gold Wing riders have been looking for.

*** IMPORTANT: This item is compatible with the 20S and 10S models (10R, 10C, and 10U) with current firmware update. (Firmware update coming)**

*** IMPORTANT: This unit is only compatible with Harley Davidsons that have the 7 Pin Din plug on the tank console or dash. For Harley Davidsons that do not have the 7 Pin Din plug accessible on the front of the bike, a specific Harley Davidson audio/communication cable is required. The Harley Davidson connector cable kit part number is 69200865. This part number is available online or at Harley Davidson dealerships.**

*** IMPORTANT: Goldwing kit includes 5 Pin Din Plug**

+MESH, BLUETOOTH TO MESH INTERCOM ADAPTER

With +Mesh, any Sena headset can now enjoy the benefits of Mesh technology when using the intercom. The +Mesh wireless adapter for Sena headsets allows for seamless communication with other Sena headsets built with Mesh Intercom, rather than connecting over Bluetooth, with a range up to 800 meters (0.5 miles). The easy-to-use +Mesh adapter will turn any headset into a more advanced and flexible communication device with the simple push of a button. Mesh-network technology will instantly connect you to a virtually limitless amount of users and provides a more stable connection by intelligently searching for lost intercom connections and automatically reconnecting them once back within range, while the rest of the group stays together.

- Mesh Intercom™
- Bluetooth 4.1
- Intercom 800 Meters / 880 Yards
- Includes handlebar mount

Description	WPS#	List

SENA SR10

TWO-WAY RADIO ADAPTER Bluetooth

SENA **RIDE CONNECTED**
mobile APP available

The SR10 is a Class 1 Bluetooth® Two-way Radio adapter based on Bluetooth® 2.1+EDR technology. You can connect various two-way radio devices in the market by using SR10 and may talk wireless using Bluetooth® headsets in the market. SR10 has two AUX ports that enable you to connect non-Bluetooth® devices such as radar detector or GPS navigation. Along with SR10, you can talk by phone or by two-way radios at the same time, listen to alarm signal from radar detector and listen to the guides from GPS Navigation. The SR10 may cover such various application areas as motorcycle group riding, outdoor sports and activities or security.

- Bluetooth® handsfree adaptor for two-way radios
- Bluetooth® handsfree gateway for mobile phones
- Connect 1 two-way radio and 1 mobile phone simultaneously
- Compatible with standard stereo or mono Bluetooth® headsets
- AUX input for GPS, radar or laser detectors
- Handlebar mounting and belt clamping
- Wired PTT button extension for handlebar grip mounting
- Optional 12V bike-powered kit with on/off control by ignition switch
- Firmware upgradable
- Two-year limited warranty
- Talk time: 12 Hours Standby: 10 Days

Includes:

- Bluetooth® Adapter Main Unit
- USB Power Cable
- 3.5mm Audio Jack Cable
- Wired PTT Button
- Mounting Kit

SENA RIDE CONNECTED mobile APP available

Bluetooth 4.1 REMOTES SENA

A. HANDLEBAR REMOTE

The Sena Handlebar Remote control installs easily with a handlebar clamp and features a glove-friendly joystick and buttons. It gives you full control over your Sena Bluetooth® communication gear while reducing the risks of taking your hands off the handlebars while riding.* The unit charges via USB port, but with several months of battery life per charge, you won't need to hook it up very often. This Bluetooth handlebar remote fits on almost any bike and will surely simplify your ride.

*With the exclusion of the camera on the 10C.

FEATURES

- Bluetooth 4.1
- Water resistant
- Compatible with other 4.1 Sena models: 30K, 20S, 10U, 10C, 10R, and 10S

B. WRISTBAND REMOTE

You can wear the Sena Wristband Remote control on your wrist or arm and it features glove-friendly buttons and a joystick. It gives you full control over your Sena Bluetooth® communication gear.* The unit charges via the USB port, but with several months of battery life per charge, you won't need to hook it up very often. This intelligent Bluetooth wristband remote safely enhances any ride, riders no longer have to lift their hand to their headset to control it.

*With the exclusion of the camera on the 10C.

FEATURES

- Bluetooth 4.1
- Water resistant
- Compatible with other 4.1 Sena models: 30K, 20S, 10U, 10C, 10R, and 10S

C. RC3 REMOTE

With three ways to install and the simple control of the three-button design, the RC3 offers the versatility you want and need while riding. Clip the device directly on your right sleeve, or attach it to the body of your motorcycle with either the adhesive type mount or the loop and fastener type mount to have full control of your Sena Bluetooth® communication gear. With a battery life of about 5 months, you'll no longer have to reach to your helmet to intercom, answer calls or change a song again.

FEATURES

- Bluetooth 4.1
- Water resistant
- Compatible with other 4.1 Sena models: 30K, 20S, 10U, 10C, 10R, and 10S

D. RC4 REMOTE

The glove friendly, 4-button design allows for extremely simple operation, and less distraction while riding. Place the device directly onto your bike's handlebars and you're ready to ride. The RC4 features a much more compact design than its predecessor, and fits perfectly on even more types and sizes of handlebars.

FEATURES

- Bluetooth 4.1
- Water resistant
- CR2016 lithium coin battery (1 included)
- Compatible with other 4.1 Sena models: 30K, 20S, 10U, 10C, 10R, and 10S

SENA 3S

HEADSET AND INTERCOM Bluetooth 3.0

SENA RIDE CONNECTED mobile APP available

The 3S is a Bluetooth 3.0 stereo headset with Bluetooth intercom designed specifically for motorcycles. With the 3S, you can call handsfree on your Bluetooth mobile phone, listen to stereo music, and have two-way intercom conversations in full duplex with a passenger or other riders.

Thanks to the latest Bluetooth 3.0 and the advanced digital signal processing technology, the 3S offers the best sound quality for both incoming and outgoing sound in its class. Also, the easy-to-access and intuitive two-button operations make the 3S a perfect companion for motorcycles.

FEATURES

- Bluetooth 3.0.
- Bluetooth Intercom between 2 people including Bike-to-Bike and Rider-to passenger up to 200 meters (220 yards) in open terrain.
- Bluetooth pairing for dual mobile phones.
- Voice prompts.
- Bluetooth stereo headset by A2DP.
- Bluetooth music playback control by AVRCP: play, pause, track forward and track back.
- Easy operations by two-button.
- Bluetooth handsfree for Bluetooth mobile phones.
- Crystal clear and natural sound quality.
- Talk time: 8 Hours Standby: 7 Days.
- Individual volume control for each audio source.
- Installation friendly unibody design.
- Firmware upgradeable.
- Peace of mind – thanks to the two-year warranty.

SF SERIES

Meeting the communication needs of every rider.

The SF Series was designed to give riders the exact features they need for their ideal riding scenario. The SF1 allows for 1 Bluetooth connection to a smartphone, MP3 player, or GPS while both the SF2 and SF4 offer Intercom functionality. All SF models include brand new capabilities such as Audio Overlay™, quick charging, and microphone mute option features. The SF Series boasts a sleek and low profile design that will fit on almost any helmet.

SF1

Bluetooth Connectivity for Those Who Ride Solo

Whether you're commuting to work or primarily ride solo, the SF1 has you covered. The SF1 was created to give solo riders all of the awesome Bluetooth features that they need, without the ones they don't. The SF1 pairs to your phone allowing for music streaming, taking and making phone calls, and hearing turn-by-turn GPS directions. The SF1 also allows VOX Phone commands.

SF2, SF4 & SFR

Rider to Passenger or Small Group Communication

For riders looking to communicate with their passenger, the SF2 provides simple Rider to Passenger 2-way intercom communication up to 800 m (880 yards) in open terrain. For those who ride in small groups, the SF4 is equipped with 4-way intercom over 1.2 kilometers (0.8 miles). Both models let riders enjoy smartphone connectivity. Riders can listen to music and use the intercom simultaneously using the Audio Overlay™ feature. Please note that Audio Overlay works best with Android devices, while iOS offers limited functionality.

FEATURES

- Bluetooth 4.1
- Up to 4-way Intercom that extends up to 1.2km (.8 mile) (SF2 and SF4 Models ONLY)
- FM Radio, radio sharing, audio overlay (SF2 and SF4 Models ONLY)
- Voice prompt
- Sena App for Smartphone

SENA PRISM TUBE

HD WIFI ACTION CAMERA

Capture your ride with the touch of a button, using the Prism Tube WiFi helmet action camera. Easily record in 2K Quad HD quality, 1440p: 30fps. Wind noise reduction ensures that ambient noise doesn't interfere with the audio captured from the dual external and internal microphones for crystal clear voice recording. Users may also hear voice feedback and prompts, which allows for instant device updates. The sleek HD WiFi Action Camera comes with two mounting options which attach quickly and easily on all types of motorcycle helmets. The Prism Tube WiFi QHD action camera for motorcycle helmet boasts a 125° field of view and allows for spherical adjustment, providing 360° lens rotation along with 25° camera tilt to capture an even wider variety of shots.

- One touch recording, sleek design
- Water resistant
- Quad HD: 1440P 30FPS / Full HD: 1080P 60FPS, built in WiFi
- Upto 2 hours of recording
- Internal and external mics with voice prompts and wind noise reductions
- MicroSD Card (class 10 or higher) up to 64GB (not included)

Accessories included in box: Lens cap, rear cap, rear cap for USB cable, Prism tube cable for speaker and microphone, wired microphone, hook and loop fastener for wired microphone, speaker hook and loop fastener for speaker, glued surface mounting plate, tube swivel mount kit, Prism USB power & data cable (micro usb type) and allen wrench.

HELMET AUDIO SYSTEM

UCLEAR DIGITAL

The UCLEAR AMP GO helmet audio system was designed from the ground up to be the best preforming, most rugged, and simple to use entry-level comm system available. It really hits that mark. Powerful music, 4-rider intercom, crystal clear phone calls, and noise cancellation from dual BOOMLESS microphones are just some of the features riders will enjoy. Enhance your rides and stay connected.

COMMUNICATION SOUND & SAFETY

WEATHER PROOF

The revolutionary **USAFE** uses an advanced accelerometer to detect and measure hard impacts. If you are unresponsive, USAFE can alert your contacts of your situation and GPS location. Requires a connected GPS enabled mobile device.

U-SAFE CRASH SENSOR

DYNA*MESH*: The first ever mesh intercom network combined with Multi-Hop automatic switching. DYNA*MESH* pairs with mesh and non-mesh units, and auto-reorganizes as group riders change positions. This ensures stable and constant connections over the longest distances allowed by the FCC.

DYNA*MESH* INTERCOM NETWORK

UCommand: Control your Motion Series unit by natural voice connected through Apple Siri or Google Voice. Speech engine accuracy constantly updates through the cloud.

UPrompt: Voice confirmations of user inputs.

U-COMMAND VOICE COMMANDS

U-PROMPT VOICE PROMPTS

Exclusive **GESTURE CONTROL** sends out a sensor beam from your MOTION unit allowing simple hand gestures to command the most common features such as volume and pause/restart music. Winter gloves? No problem!!

Gesture Control

UMOVE: Exclusive motion sensor powers your Motion Series unit on and off. Motion is on by the time you put on your helmet, and automatically shuts your Motion off if you forget.

U-MOVE MOTION SENSOR

1-touch access to most commonly used advanced features such as group intercom pairing, voice commands, or quick access to Apple Siri or Google Voice. It's **E-Z**!

E-Z BUTTON 1-TOUCH PAIRING

U-Pair allows universal device pairing to multiple Bluetooth devices at once. Smart phones, smart watches, tablets, GPS, action cams, OEM systems, and competitors' comm systems.

U-PAIR UNIVERSAL DEVICE PAIRING

Advanced features, preference settings, support, and our exclusive wireless firmware updates. Music sharing, music + intercom overlay, noise cancellation settings, etc.

CLEARLink MOBILE APP

MOTION INFINITY
BOOMLESS HELMET COMMUNICATOR

UCLEAR DIGITAL

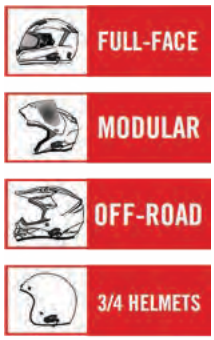
PULSE PRO 2.0 SPEAKERS

Want more power? Our Pulse premium speakers deliver the ultimate audio experience available for audiophiles who also happen to ride. Our 40mm drivers boast the cleanest bass and truest mids in the industry- PERIOD. Tiny BOOMELSS dual mics hide under the liner (above the eyes or behind cheek pads) to improve voice transmission quality. Drop them into any full face, modular, ¾ or off-road helmet and turn up the thump!

- All UCLEAR replacement speakers come with speaker mounting kit



PULSE PRO 2.0

Description	WPS#	List
Pulse Pro 2.0 Speaker kit for Motion Series	111037	$59.95

BOOST 2.0 SPEAKERS

New replacement speakers compatible with UCLEAR HBC and AMP series controllers. Outstanding sound, clean voice transmission from dual hidden mics, and excellent durability. Boost 2.0 offers built-in mics that install in seconds and function flawlessly in full face and modular style helmets.

- All UCLEAR replacement speakers come with speaker mounting kit

UNIVERSAL EARBUDS

UCLEAR's Earbud accessory lets riders enjoy all the benefits of their UCLEAR system with half helmets that do not have traditional speaker pockets covering the ears. Works with any half helmet including motor sports, outdoor sports, and even hard hats! Dual in-line mics install in the helmet liner; only the earbud tips dangle to your ears.

Comes with:

- Hi-Fi earbuds with dual in-line mics
- Earphone pouch
- 4 sets of replaceable tips
- Speaker mounting kit

UCLEAR DIGITAL

PULSE WIRED DROP IN SPEAKER

Extreme bass and clean sound for those who want a premium wired helmet speaker that plugs into their audio source with a 3.5mm jack. Also serves as a speaker upgrade for most competing comm systems with 3.5mm jacks. The 3' extension allows it to reach from your helmet to your device, but breaks away easily when you remove your helmet or need a shorter cord for use with competitors' comm systems. Not for use with UCLEAR comm systems.

- Gold-plated 3.5mm stereo jack
- 3' extension
- 40mm driver
- Universal fit

ZUMO 595LM NAVIGATOR

GARMIN

Zumo® 595LM motorcycle GPS navigator offers a premium navigation experience with adventurous routing for those twisty, thrilling rides, along with a big 5-inch sunlight-readable touchscreen, Bluetooth® connectivity for hands-free calling, music streaming from Pandora® and Spotify®, smart notifications4 plus rider alerts to encourage a safer ride. You're warned of sharp curves, animal crossings, nearby red light, speed cameras and more.

Description	WPS#	List
595LM Navigator	989-1385	$699.99
ACCESSORIES		
Motorcycle Mount	989-1402	$69.99
TPMS Valve Cap (each)	989-1396	$69.99
12V Power Cable	989-1399	$24.99
Handlebar Mount kit	989-1424	$59.99

- Large 5-inch dual-orientation touchscreen display that is glove friendly and easy to read — even in bright sunlight
- Rugged design withstands fuel vapors, UV rays, rain and harsh weather, IPX7 rated
- Garmin Adventurous Routing™ lets you avoid major highways and find curvy, hilly roads—even see upcoming elevation information.
- Rider alerts for upcoming sharp curves, animal crossings, state helmet laws, wrong way on a one-way street, fatigue warning and more
- Warnings for nearby red light and speed cameras, where applicable
- Lets you control music and media from compatible MP3 player or smartphone right on your Zumo® navigator display — and even streams Pandora® and Spotify® music services
- Preloaded with detailed 3-D terrain maps of North America, plus lifetime1 map updates
- Hands-free phone control and spoken directions heard in-helmet via Bluetooth® technology, with compatible headset
- Smart notifications4 (calls/texts, calendar updates, etc.) via free Smartphone Link app
- LiveTrack tool lets you use free Smartphone Link app4 to wirelessly share your live route — great for riding in groups
- Motorcycle-specific points of interest (POIs) for cycle repair services, dealers, etc.
- Live weather radar and live traffic via Smartphone Link4 app (subscription may be required)
- PhotoReal and Bird's Eye junction views with Active Lane Guidance help you navigate interchanges with ease
- Easily see places along your route and milestones up ahead, without leaving the map
- Easy Route Shaping feature lets you easily add a point on the map to ride through preferred areas or follow specific roads
- Spoken Garmin Real Directions™ feature guides like a friend, using recognizable landmarks, buildings and traffic lights
- Foursquare® data for millions more new and popular places
- Service history log helps simplify your record keeping for bike maintenance
- Round trip routing lets you plan your ride based on time, distance or location
- TracBack® feature makes it easy to follow the same route for your return trip
- Supports custom and TOPO maps (additional mapping sold separately)
- Easily find addresses and millions of points of interest
- Displays current street, current speed, speed limit and arrival time
- Compatible with VIRB® action cameras (sold separately); start and stop recording right from your Zumo® navigator display
- Monitor motorcycle tire pressure on Zumo® display with TPMS accessory6 (sold separately)
- Motorcycle and automotive mounts included
- Music and Media control work with iPhone® 4 or later, some iPod® devices, and some Android™ devices.

The Mapping You Want

- Almost anywhere you want to go, GPSMAP 276Cx has a compatible map to take you there. It comes preloaded with worldwide basemap and includes a free 1-year BirdsEye Satellite Imagery subscription. It also supports a variety of other mapping options such as Garmin TOPO maps, Garmin HuntView™ maps, BlueChart® g2 HD marine charts, turn-by-turn directions on City Navigator® NT, Garmin Custom Maps, raster maps and vector maps.

The Connected Navigator

- In addition to GPS and GLONASS reception, GPSMAP 276Cx is ANT+® compatible for the integration of external sensors like the Tempe™ ambient temperature sensor. You can even connect it to Wi-Fi® for over-the-air updates and Garmin Connect™ database syncs. Pair with your compatible mobile device[1] for additional features like LiveTrack and smart notifications[1].

Tough and Ready

- GPSMAP 276Cx was designed for your rugged lifestyle. You'll navigate with confidence by seeing clearly on the large 5-inch sunlight-readable screen. The navigator's flexible mounting lets you keep the device exactly where you need it. Operate GPSMAP 276Cx with its reliable push-button controls that resist dirt, dust and grit, and best of all –– keep all your maps on hand with 8 GB of internal memory, expandable by a microSD™ card (sold separately).

More Power Options

- Get peace of mind knowing that the GPSMAP 276Cx GPS navigator is going to be ready when you need it, now that there are more ways to power your device. It features in-unit charging with an included lithium-ion battery pack and even has the ability to use standard AA batteries.

276Cx ALL-TERRAIN GPS NAVIGATOR

- Internal antenna with GPS and GLONASS satellite reception for tracking in more challenging environments than GPS alone; for better reception in vehicle interiors add an external antenna (sold separately) to the built-in MCX connector
- Built-in worldwide basemap and free 1-year BirdsEye Satellite Imagery subscription
- Supports Garmin TOPO maps, Garmin HuntView™ maps, BlueChart® g2 HD marine charts and more
- Supports Active Weather forecasts and animated weather tracking
- Pairs with your compatible smartphone[1] for automatic uploads, smart notifications and more

Includes:

- GPSMAP 276Cx
- 1 year BirdsEye Satellite Imagery subscription[1]
- AMPS powered mounting bracket with marine bail mount
- Lithium-ion rechargeable battery pack
- USB cable
- AC charger
- Quickstart Guide

VIRB™ ULTRA 30 ACTION CAMERA

GARMIN

- Ultra HD video - Crystal-clear 4K/30fps footage, 1080p/120fps or slow motion capability at 720p/240fps
- G-Metrix - GPS data overlays help prove how far, how high and how fast you went
- LCD color touchscreen - 1.75-inch display is easy to operate; fully functional in and out of waterproof case
- Voice control - Shoot hands-free by using voice commands to start/stop recording, take a photo or tag footage
- 3-axis image stabilization - Captures steady footage up to 1080p/60fps
- High-sensitivity microphone - Captures clear audio, even in windy conditions or underwater
- Automatic video creation - Create videos that show off the best moments from your activity
- 1-touch live streaming (for compatible Apple® devices) - Share your video with friends in real-time
- Simple, 1-touch controls and dedicated “instant on” record switch to turn on the camera and start/stop recording; use the separate photo button to capture still images
- Presets let you save camera configurations for fast setup when switching operation
- Auto pause sensing: starts recording when VIRB® starts moving; avoids capturing boring footage before activity begins
- Photo - 12 megapixels; burst up to 60 frames per second in wide mode (8 megapixels); night shots, time lapse, extended time lapse and travelapse photo capture
- Multicamera sync - VIRB Edit® software syncs clips from multiple angles based on GPS time
- Custom, wide-angle aspherical glass lens: maximum image sharpness, lowest distortion above and below water
- Built-in motion sensors sync to video, using 10 Hz GPS, gyroscope, compass, altimeter and accelerometer to capture motion data
- VIRB® Ultra 30 works with many compatible Garmin devices using ANT+® wireless technology to remotely control the camera and capture sensor data for performance data sharing or display on footage
- Free VIRB® app turns your compatible smartphone or tablet into a Wi-Fi® remote control for your camera; lets you view and control multiple cameras, add G-Metrix™ overlays, select highlight clips, live-stream3 footage online and more
- Free VIRB® Edit software lets you easily create and edit video. Add music and/or G-Metrix™ animated data graphs and gauges to your footage; share with friends online

Description	WPS#	List
VIRB Ultra 30 Camera	989-1309	$399.99

ACCESSORIES

Description	WPS#	List
Rechargable Lithium Battery Pack	989-1411	$24.99
Dual Battery Charger	989-1410	$49.99
Head Strap	989-1334	$21.99
Small Tube Mount	989-1338	$22.99
Large Tube Mount	989-1339	$24.99
Suction Mount	989-1342	$24.99

Description	WPS#	List
Mount Base Kit	989-1343	$19.99
360 Mount Base Kit	989-1344	$21.99
Adjustable Mounting Arm Kit	989-1345	$19.99
Cycling Combo Mount	989-1346	$44.99
Wireless Temp Sensor	989-1373	$29.99

MICRO SD CARDS

Description	WPS#	List
8 GB	510-1510	$16.95
16 GB	510-1511	$18.95
32 GB	510-1512	$29.95
64 GB	510-1513	$54.95

- Class 10 micro SD memory cards
- Works with most all cameras, tablets, cell phones, GPS and more
- Includes adapter

ADAPTIV™ TECHNOLOGIES

TPX™ PRO RADAR/LASER DETECTOR

- Superior radar and laser detection performance
- Equipped with GPS data points for Red Light Camera and Radar Camera locations
- Free lifetime monthly GPS data points updates
- Six selectable detection modes
- Ability to turn Radar Detection and GPS functions on and off
- Specifically designed for motorcycle use; water, shock, and vibration resistant
- Detects all radar and laser bands and is certified by Speed Measurement Labs
- Audio and visual alerts
- Oversize, backlit control buttons, easy to operate even with gloves on
- Angled, backlit, daylight visible liquid crystal display
- 3.5mm auxiliary out jack for integration with other audio or communication systems, including Bluetooth systems with use of TPX Bluetooth Transceiver (sold separately)
- Optional TPX Wireless Headset for in helmet audio alerts (sold separately)
- Includes Visual Alert, Wiring Harness, Universal Mount Plate Adapter with hardware
- Industry leading 2 year warranty

WPS#	List
71-9101	$399.99

TPX™ 2.0 RADAR/LASER DETECTOR

- Version 2.0 features increased detection sensitivity and 3 additional user modes compared to the original version Adaptiv detectors
- Specifically designed for motorcycle use, water, shock, and vibration resistant
- Detects all radar and laser bands and is certified by Speed Measurement Labs
- Audio and visual alerts
- Oversize, backlit control buttons, easy to operate, even with gloves on
- Angled, backlit, daylight visible liquid crystal display
- 3.5mm auxiliary out jack for integration with other audio or communication systems
- Recommended for use with TPX Wireless Headset and/or TPX visual alert
- Includes visual alert, wiring harness, universal mount plate adapter with hardware

WPS#	List
71-9103	$299.99

BLUETOOTH TRANSMITTER & 12 VOLT POWER SUPPLY

TPX™ BLUETOOTH TRANSMITTER

- Wirelessly syncs with most any Bluetooth audio device
- Transmits alerts from the TPX radar detector and laser jammer along with music and sound from any device with a 3.5mm audio-out plug
- Includes AC wall charger

Description	WPS#	List
TPX Bluetooth transmitter	71-9115	$54.99

TPX™ 12 VOLT POWER SUPPLY

- Power or charges any USB device
- Can also be used in conjunction with the TPX™ Bluetooth adapter, eliminating the need to charge with the AC wall charger

Description	WPS#	List
12 volt power supply	71-9116	$24.99

WIRELESS HEADSET

- For use with the TPX Radar/Laser Detector main console
- Alerts the rider to the detection of radar/laser signals by audio beeps through the earphone
- Wireless, water resistant design easily attaches to most open or full face helmets
- Can be used in conjunction with the TPX Visual Alert
- Powered by a lithium coin cell battery (included)

WPS#	List
71-9102	$69.99

VISUAL ALERT

- For use with the TPX Radar/Laser Detector main console
- Alerts the rider to the detection of radar/laser signals by flashing 3 ultra bright LEDs
- Water resistant and designed to be mounted most anywhere: gauge cluster, handlebars etc.
- Ideal for riders that don't wear a full or open faced helmet, can be used in conjunction with the TPX Wireless Headset

WPS#	List
71-9106	$44.99

ADAPTIV TECHNOLOGIES

ACCESSORIES AND MOUNTS FOR TPX SERIES RADAR/LASER DETECTOR

- AdaptivMount mounting assemblies are constructed from high strength steel and aircraft grade aluminum and feature AdaptiSorb anti-vibration technology
- Universal Mount Adapter - Only needed of you want to replace a lost or damaged mount adapter or want an addition mount for another motorcycle
- AdaptivGrip device holder - holds devices up to 5/8" thick and 4 1/4" wide, compatible with all mounts w/AMPS hole pattern
- Automotive Mount - Allows you to use the TPX Main Console in a car, truck, SUV etc. Includes mount plate and cigarette lighter adapter
- Replacement Wiring Harness - Only needed if you want to replace a damaged harness or use your TPX Main Console on another motorcycle

RAM MOUNTS
WWW.RAMMOUNT.COM

- RAM utilizes a patented rubber ball and socket design which isolates and dampens shock. This design allows user to mount to just about anything, anywhere on your recreational vehicles.
- Mounts are made of marine grade aluminum with a powder coated finish, stainless steel hardware and Nitrile balls.
- Backed by a LIFETIME manufacturer's warranty.

STEP 1

4 STEPS TO CONFIGURING YOUR MOUNTS:

STEP 1
Pick a base

STEP 2
Pick an arm

STEP 3
Pick an adapter

STEP 4
Pick a cradle

	Base Descriptions	RAM #	WPS #	List
A	2.5" Composite base that connects to a 1" ball, double-sided adhesive PSA stick pad and sealed alcohol prep pad	RAP-B-378U	**71-7207**	**$12.49**
B	2.25" x 0.875" base with 11mm hole provides a universal platform to mount on using a 1" diameter rubber ball	RAM-B-252U	**71-7208**	**$12.99**
C	1" diameter ball and base with an offset 9mm hole	RAM-B-272U	**71-7209**	**$13.99**
D	Motorcycle handlebar base designed to mount on rails that are 0.5" to 1.25" in Diameter and provides a 1" diameter rubber ball to mount from	RAM-B-231ZU	**71-7210**	**$16.49**
E	Connects to a handlebar that is from .5" to 1.25" in diameter or the brake/clutch reservoir clamp. Provides a 1" diameter rubber ball to mount off of	RAM-B-309-7U	**71-7212**	**$21.99**
F	Fork stem mounted motorcycle base that fits .5" to 1.10" diameter holes and provides a 1" diameter rubber ball to mount off of	RAM-B-342U	**71-7213**	**$18.99**
G	Hardware replaces most M8 size bolts and provides a 1" diameter ball to mount from. Comes with the following bolts, M8 x 55 bolt (1.25 thread pitch), M8 x 60 bolt (1.25 thread pitch), M8 x 65 bolt (1.25 thread pitch)	RAM-B-367U	**71-7214**	**$10.99**
H	Steel strap base to fit rails .5" to 3.15" in diameter with a 1" diameter rubber ball to mount off of	RAM-B-231Z-2NUBU	**71-7221**	**$19.49**
I	3.25" Twist lock suction cup base that is connected to theRAM-B-238Udiamond base with 1" rubber ball	RAM-B-224-1U	**71-7216**	**$18.99**
J	Fits over your brake/clutch reservoir cover using the exhisting hardware and comes with the 1" ball offset to mount off of	RAM-B-346U	**71-7218**	**$21.49**
K	M10 x 1.25 Pitch threaded stud connected to a 1" rubber ball	RAM-B-349U	**71-7242**	**$9.99**
L	Stainless steel double u-bolt base connected to a 1.5" diameter ball. The double u-bolt base will accommodate rails from 1" to 1.25" in diameter	RAM-235U	**71-7222**	**$26.49**
M	1.5" Diameter rubber ball connected to a 2.5" universal AMPS hole pattern	RAM-202U	**71-7223**	**$14.49**
N	1.5" Ball quick release track base (track dimensional range .25"-.562")	RAP-383U	**71-7224**	**$21.99**
O	EZ-ON/OFF™ low profile handlebar mount. Attaches with zip ties and will fit on almost any handlebar over .5" in diameter. Needs adapter WPS # 71-7206	RAP-274-1U	**71-7225**	**$10.99**
P	Tough-Claw mount universal clamp w/1" ball, fits rails .625"-1.5" in diameter	RAP-B-400U	**71-7026**	**$32.49**
P	Tough-Claw mount universal clamp w/1" ball, fits rails 1"-2.25" in diameter	RAP-B-401U	**71-7033**	**$53.49**
Q	Medium Tough-Claw w/1" diameter ball	RAP-B-404U	**71-7230**	**$38.49**
R	2"x1.7" Base w/1" ball and AMPs hole pattern to fit Garmin Zumo, Tom Tom Rider & Urban Rider	RAM-B-347U	**71-7226**	**$8.49**
S	Rail base w/stainless U-bolt & 1" ball, fits .5" to 1" rails	RAM-B-231U	**71-7211**	**$18.49**
T	Rail base w/stainless U-bolt & 1" ball, fits .5" to 1" rails (chrome)	RAM-B-231CHU	**71-7211C**	**$33.99**
U	Brake/clutch reservoir base with 1" Ball	RAM-B-309-1U	**71-7241**	**$14.99**
V	Brake/clutch reservoir base w/qty. 2 1" balls	RAM-B-309-2U	**71-7240**	**$22.99**
W	Brake/clutch reservoir base w/qty. 2 1" balls (chrome)	RAM-B-309-2CHU	**71-7240C**	**$47.99**
X	Brake/clutch reservoir cover base w/1" centered ball	RAM-B-345U	**71-7229**	**$19.49**
Y	Rail base w/zinc coated U-bolt, ATV/UTV strap & 1" ball for rails to 3.15" in diameter	RAM-B-231Z-2U	**71-7215**	**$21.99**
Z	U-Bolt handlebar base with ¼" NPT threaded hole	RAM-B-241U	**71-7217**	**$17.49**
AA	1" Ball adapter for brake/clutch reservoir base	RAM-B-309-3U	**71-7243**	**$10.99**
BB	¼"-20 x 2¼" Threaded stud w/1" ball	RAM-B-273U	**71-7244**	**$13.49**
CC	3/8" Threaded post w/1" ball	RAM-B-236U	**71-7246**	**$8.99**
	M10 x 1.5 Threaded stud w/1" ball	RAM-B-349-1U	**71-7252**	**$12.49**
DD	1" Tough-Ball™ w/¼"-20 x ¼ " male threaded post	RAP-B-379U-252025U	**71-7248**	**$7.99**
EE	Composite rail base w/1" ball for rails from ¾" to 1" in diameter	RAP-B-231U	**71-7272**	**$8.49**
FF	Pivot mount w/1" ball, inc. M8 & M10 stud mounts	RAM-B-360U	**71-7204**	**$23.99**
GG	1" ball with V-mount, fits rails 1" - 2.1" in diameter	RAM-B-108BU	**71-7227**	**$18.99**
HH	Torque™ mount w/1"ball, fits rails 3/8" - 5/8" in diameter	RAM-B-408-37-62U	**71-7253**	**$21.99**
II	Torque™ mount w/1"ball, fits rails 3/4" - 1" in diameter	RAM-B-408-75-1U	**71-7254**	**$20.99**
JJ	Torque™ mount w/1"ball, fits rails 1 1/8" - 1 1/2"	RAM-B-408-112-15U	**71-7255**	**$21.99**
KK	Gas tank mount w/1" ball, fits most Honda, Suzuki, KTM, Victory and Yamaha models with 3.5" bolt circle gas cap	RAM-B-410U	**71-7231**	**$30.99**
LL	Gas tank mount w/1" ball, fits most BMW and Kawasaki models with 4" bolt circle gas cap	RAM-B 411U	**71-7232**	**$27.49**

270-3120	$29.95

SO EASY RIDER

PHONE CASES AND ACCESSORIES

WIRELESS CHARGING CASES

NEW

A PERMANENTLY CHARGED SMARTPHONE
Place your smart phone in the cover and it recharges automatically.

- The cover has an air evacuation system to prevent condensation during the winter and overheating of the smartphone during the summer.
- 3 mounting systems included in the box.
- Built-in Wireless charging system
- Built-in Air ventilation
- Compatible with all smartphones up to 6.3 ", max size 16.5 x 8.5cm

A

C

B

	Description	WPS#	List
A	QI Horizontal	44-9901	$149.99
B	QI Naked	44-9902	$144.99
C	QI Vertical	44-9903	$149.99

IS COOLING CASES

NEW

Protects the smartphone's battery and maintains it at the right operating temperature up to 104°F thanks to its built-in ventilation system. During the summer, smartphones are exposed to the sun’s UV rays. These rays create an accumulation of heat and gas in the smartphone’s battery.
In some extreme cases, the smartphone can no longer work and displays a message, asking the user to cool his device to continue to use it...

- IS COOL allows the battery to maintain the perfect operating temperature and preserve the life of the phone
- Built-in Air ventilation system
- Compatible with all smartphones up to 6.3 ", max size 16.5 x 8.5cm 3 mounting systems included in the box
- 100% of the handlebars are compatible with SO EASY RIDER

BUTTCRACK IST SOLO LEATHER

- Sculpted to maximize anatomical support and weight distribution
- Narrow leg pass
- Longer more comfortable rides
- Enhanced, sculpted tailbone relief insures the most comfortable ride possible on a sleek design saddle
- Seat width 12 inches

LOWIST 2-UP LEATHER

- The LowIST 2-Up is styled low and narrow with a cut-down rear profile perfect for the rider seeking a low fit without compromising comfort
- The seating surface is covered in black top-grain leather with a soft subtle texture
- The side panels are matching black vinyl that will keep its shape across the high-stress points of the seat
- Dimensions: 13.5" W x 30.5" L Rider height 5.5" Passenger width 10" Passenger height 3"

TOURIST 2-UP LEATHER

- The TourIST 2-Up is a mid-touring style with a standard sized saddle and good back support for the rider seeking a traditional seat for long haul adventures
- The seating surface is covered in black top-grain leather with a soft subtle texture
- The side panels are matching black vinyl that will keep its shape across the high-stress points of the seat
- Dimensions: 14.5" W x 30.5" L Rider height 5.5" Passenger width 12" Passenger height 5"

TOURIST TALL 2-UP LEATHER

- Rider seat width 15.5 inches
- Passenger seat width 13.0 inches
- Developed for the rider who wants to sit back and lower with comfort
- Wider front and rear for max comfort with feel of the bike and road
- Lowest IST seat yet for the rider and passenger.
- Leather seating surface and tech-grade vinyl siding on Standard IST model

Designed with IST seating technology engineered to reduce the vibration, compression and shock the body feels from riding to enable longer more comfortable rides. Includes stress relief design features to reduce pressure points on the tail bone and prostate areas of the body so you focus on the experience of riding.

All Danny Gray seats are proudly made in the USA!

REAR SEAT PADS

Nothing will ever provide long distance riding comfort for the motorcycle passenger like a full size seat. The posterior support of a large 13" wide seating area is complemented by an ergonomically correct shape that eliminates pressure on the tail bone!

The ButtyBuddy motorcycle seat provides passengers on-demand comfort when riding on bikes with small pillions or bare fenders. The portable 3 piece seat comes with its own tote and snaps together in seconds, providing correct shape and width necessary for enjoying those long road trips. Thousands have been freed from serious numb-bun pain, and ButtyBuddy will work for you too. This isn't just another motorcycle seat pad, it's a ButtyBuddy!

- WIDTH - Butty Buddy is a huge 13.5 inches wide. That's wider than 86% of the pillions on expensive aftermarket seats. Gel pads and Air cushions cannot increase seating width.
- SHAPE - Butty Buddy's ergonomic shape minimizes pressure at the tail bone. 90% of all aftermarket seat pillions are shaped wrong. Pads and cushions cannot modify seat shape.
- WARRANTY - ButtyBuddy is unconditionally warranted for a lifetime. Very few expensive aftermarket seats, gel pads or air cushions dare to offer a warranty like ours.

Description	WPS#	List
Butty Buddy for Over Existing Seat Application	823-10001	$149.95
Butty Buddy for Bare Fender Application with Suction Cups	823-10002	$149.95

*NOTE: Do not attempt to use 823-10002 on flat finish paint jobs

AIRHAWK COMFORT SEATING SYSTEM

SEAT CUSHIONS

Developed by a pioneer in the medical industry, the technology used in the Airhawk seat cushion was originally developed to prevent pressure injuries of patients who were bed-ridden or confined to a wheelchair. By using interconnected cells, the Airhawk cushion can adapt to the individual contours of the rider, and distribute weight in a way regular seats and pads can't. The non-slip surface on the underside of the pad sits securely on the top of the seat, and also comes with attachment loops for semipermanent mounting and security.

The last mile will feel like the first!!

- Stress Relief design features reduced pressure points on the tail bone, scrotum and prostate areas
- Cell heights on front lowered for better leg passage
- Ergonomically form fitting design allows better conformity to a multitude of seat shapes and sizes
- The cover is a breathable spacer mesh cloth material w/red vinyl accent, non-skid bottom material
- The inner bladder is manufactured out of Polyurethane
- Airhawk seat cushions have a lifetime warranty

Available in six sizes:

- Cruiser R Small: will fit Sport Touring, Sport Bikes, Dual Sports, Standards, and non-Touring Harleys
- Cruiser R Large: Big Cruisers, H-D Touring models and non-H-D Touring models.
- Medium cruiser: fits Big Cruisers, Sport Touring, Standards, and Non-Touring Harleys
- Cruiser pillion: fits passenger seats of Sport touring, Dual Sport, Standards and Non-Touring Harleys.
- DualSport: fits dual sport bikes as well as hard-to-fit seats where the Cruiser and Medium Cruiser are too wide and the Small Cruiser is too long

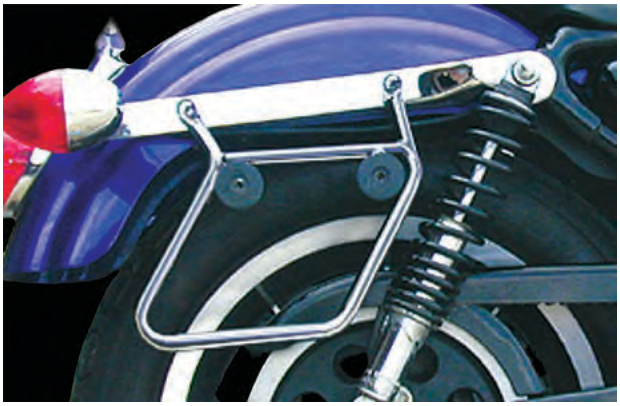
Cruiseliner™

QUICK RELEASE SADDLEBAGS

- Easy-to-use, quarter-turn fasteners for no-tool removal of the saddlebags from the mount frames in just seconds!
- A keyed, push-button lock is recessed into the lid
- Lids are hinged in the front and swing forward for easy access to the interior
- Tight-fitting seals conform to the shape of the lid to keep the elements out
- Mount Kits are custom engineered for each model bike to exact specifications and are guaranteed to fit
- Cruiseliners™ are painted gloss black and ready to mount or custom paint to match your bike



Bags and Mount Kits sold separately. Mount kits available in Black Powdercoat or Chrome, depending on application. Kits include saddlebag mount frames, hardware and instructions.

Quick release quarter-turn fasteners are located inside the bags for easy, no-tool saddlebag removal in seconds.

Which Cruiseliner Style is Right For You?

Choose the “pocket back” style (562-40100) if you wish to retain the stock turn signals mounted on the rear of the fender struts. These bags feature a cutout for turn signal clearance.

If you decide to use an OEM or aftermarket turn signal relocation kit, or if your turn signals have already been mounted by the taillight, you can use the “smooth back” style (562-40101).

National Cycle’s 562-40836 (shown above) for late model Sportsters® includes all the hardware required for turn signal relocation. With 562-4083C, you can choose the turn signal placement and Cruiseliner saddlebag style that’s right for you.

XL883N, XL1200N, XL1200V and XL1200X require HD part number 562-41004 License Plate Relocation Kit.
† 562-40101 smooth-back bags may be used when eliminating the turn signal stalks. All hardware provided mount kit.
§ The Bad Boy is all black, the turn signal relocation bracket is chrome plated--the owner may want to paint this bracket to match the motorcycle.
@ The Fat Boy comes with a "Shotgun" style exhaust. In order to use 562-4084C, a low exit exhaust must be used. Staggered dual exhaust is OK. The turn signal relocation bracket will work, but the assembly method for the turn signal is different than the FX Softails and is not documented in the instructions
‡ 562-40101 Smooth Back Saddlebag can be used as long as the turn signals are dealt with in a suitable manner.

GENUINE LEATHER LUGGAGE

The Willie & Max Leather Luggage Series is a classic design, made in Wisconsin with the same premium cow hides that are used to make OEM bags. 100% Genuine Leather designed and made in the USA

SADDLEBAGS

- These American hard mount motorcycle saddlebags, must be used in conjunction with a saddlebag bracket system
- Large size gives you plenty of room to carry everything you need wherever the road may take you
- Interior is supported with a plastic liner to help keep the bag from sagging
- Quick release buckles hold the outer flap down while the black buckles give a modern look to the bags

Includes two bags

•Ventura- Exterior Dimensions 11” x 13” x 8”

•Montana- Exterior Dimensions 11” x 13” x 7”

•Mighty Legend- Exterior Dimensions 11” x 13” x 7”

WINDSHIELD BAGS

- The size makes it ideal for small items like tools, gloves, sunglasses or other small items you may take on the road with you
- These are available in high or low mount mount versions, and are available to fit Harley-Davidson or Metric windshields
- Chrome, turnbuckle style closure
- Exterior Dimensions 5” x 9” x 3.5”

FORK BAGS

- This is an authentic retro American leather fork bag made with 100% leather
- The size makes it ideal for small items like tools, gloves, sunglasses or other small items you may take on the road with you
- The bag can be mounted to a variety of locations on your bike, including the swing arm, rear fender support and other places that have structure to support the bag
- Mounted with leather straps to the front fork of your motorcycle or other locations
- Uses traditional belt buckles to close the bag
- Exterior Dimensions 5.5” x 10” x 4”

Nash MOTORCYCLE COMPANY

SKATE SACK SIDE BAG

Never be caught without your second set of wheels. Our new Skate Sack makes transporting your other ride even easier. These bags are made inside-out to optimize structure and space, and the adjustable mounting straps allows it to fit on a number of bikes (see photos). As always, the Skate Sack is made in the U.S.A with all-American leather and hardware.

Description	WPS #	List
Skate Sack LEFT	811-30200	$238.95
Skate Sack RIGHT	811-30203	$238.99

SPORTY SACK SIDE BAG

The sporty sack is the perfect bag for every Sportster. It's nice to have somewhere to store some tools, your paperwork, and a small jacket, whatever it may be. The design of this bag is big enough for storage but small enough to maintain the look of the bike. The sporty sack can be mounted in 2 ways, you can use the adjustable leather straps to attach around the fender strut or the stationary straps with grommets attached to the fender strut bolts. The bag will fit 1957-Up Sportster applications. We have left, and right side available to order.

PLEASE NOTE: Bag may not fit all leather jackets.

Description	WPS #	List
Sporty Sack, Left	811-30201	$218.95
Sporty Sack, Right	811-30202	$218.95

Paul Yaffe's Bagger Nation™

CULT 45 SLIP-ONS NEW

Introducing The Bagger Nation Cult Forty-Five Performance Pipe. The team has taken their favorite aspects from years of custom and production exhaust system know how and combined them to create the perfect pipe. First, a swedged 4" pipe body provides a seamless flow from header to pipe body. Second, Paul designed a selection of 4.5 inch, CNC machined, dialable billet end caps that not only provide a thunderous, deep exhaust note, they also create a perfect cosmetic balance in both size and shape to complement the rear end of your H-D Touring model. We then focused on the performance aspect of our new pipes. By fitting these pipes with a massive 2.5" glass pack insulated core, we created an incredible tone and terrific horsepower and torque gains throughout the RPM range.

GP TOURING SLIP-ONS

Grand Prix Slip-Ons take Firebrand's aggressive styling to the next level. Don't be fooled by their good looks, the Grand Prix Slip-Ons are not only for show. Inside the 4" muffler bodies are free flowing, stainless core baffles wrapped in dual-density packing. Engineered for today's larger displacement motors, they deliver increased performance, and a sound so deep you can feel it.

- Billet aluminum MotoGP™ inspired end caps
- Deep race sound delivered through high performance stainless core baffles
- Engineered to maximize power in today's larger displacement motors
- Work with extended saddlebags and skirts
- Available in show quality chrome or black ceramic finishes

SMOOTHBORE HEADER NEW

Restrictive, Hot, Quiet…all common complaints about stock head pipes. Resolve all 3 issues with Firebrand's Smoothbore Headers! Engineered to fit under stock heatshields, Smoothbore Header's open collector design eliminates the congestion and allows your bike to breathe like it was born to. And by utilizing your stock heatshields, you get all the benefits of a free flowing header system without breaking the bank.

- 1 ¾" head pipes merged into a smooth flowing collector
- Added sound and power while reducing heat buildup
- Utilizes stock heatshields and crossover pipe
- Compatible with 12mm and 18mm wideband oxygen sensors
- Industrial chrome coating for additional durability
- Works with stock touring mufflers or Firebrand Slip-Ons

FIFTYTWO52 2 IN 1 EXHAUST

Named after the RPM point at which an engines horsepower equals its torque, The FiftyTwo52 was engineered with one priority: performance. Beginning with the 1 ¾“ matched ratio head pipes, exhaust pulses are synchronized to allow for optimized scavenging of exhaust pressure. Flowing into the Powercurve, True-Merge Collector, the exhaust will maintain velocity and experience the smoothest transition possible. Moving into the muffler, a 2 ½“ free flowing, perforated core baffle provides the least interference as the exhaust escapes.

And it doesn’t all end with performance. The 20 degree upswept muffler with Moto GP inspired end treatment attains a unique and aggressive style, while the dual layer baffle packing produces an incredibly deep race tune. Integrated heat shields and Firebrand’s hand crafted quality complete the package.

- Proprietary Powercurve, True-Merge Collector
- Billet aluminum MotoGP™ inspired end cap
- Race inspired, stainless core, high performance baffle
- Unmatched combination of horsepower and torque
- Available in show quality chrome or black ceramic finish

COMP-S FULL LENGTH 2IN1 NEW
FOR TOURING MODELS

From the engine, the exhaust flows through our 1- ¾" stainless tubing which includes O2 bungs to accommodate both stock and 18mm sensors. From here the exhaust steps up to 1 and 7/8" before dumping into the spring retained collector for increased torque. The exhaust then emerges from the collector into our 4" Touring muffler to deliver an unparalleled sound upon exit.

- Designed to deliver maximum torque
- Race-inspired stainless steel headers shave pounds off the competition to ensure a long lasting, weather-resistant, amazing sounding exhaust
- Comes complete with heat shields

COMP-S FULL LENGTH 2IN1 WITH GHOST PIPE NEW
FOR TOURING MODELS

Designed to deliver maximum horsepower, torque and superior sound, the TBR Touring 2-1 w/ghost pipe now has the looks to match the attitude. The race inspired stainless steel headers shave pounds off the competition and are designed to ensure a long lasting, weather-resistant, amazing sounding exhaust.

As always our headers are fabricated to accommodate both stock and 18mm O2 sensors and are finished with color matched heat shields. Headers from this system flow exhaust into our spring retained collector then into our popular 4" Touring muffler which now feature our famous spiral perforated core to deliver an unparalleled sound upon exit. We didn't stop there, we now have added a ghost pipe to the opposing side which utilizes the OEM heat shield and gives the bike the style and balance to match the performance.

- Designed to deliver maximum torque
- Race-inspired stainless steel headers shave pounds off the competition to ensure a long lasting, weather-resistant, amazing sounding exhaust
- Comes complete w/heat shields
- 12mm and 18mm O2 sensor compatible
- Dual look with 2-1 performance

DEI HEAT & SOUND CONTROL

EXHAUST WRAP KIT

An all in one kit for wrapping one set of motorcycle pipes. Kit includes two rolls of 2"x15ft wrap, one can of silicone coating and stainless steel locking ties.

Description	WPS#	List
Motorcycle Exhaust Wrap Kit, Black Wrap/Black Coating	**790-01000**	**$54.95**
Motorcycle Exhaust Wrap Kit, Tan Wrap/ Coating	**790-01001**	**$54.95**
Motorcycle Exhaust Wrap Kit, Tan Wrap/White Coating	**790-01002**	**$54.95**

EXHAUST WRAP & TIE KITS

Convenient pack with one roll of 2"x25ft wrap and stainless steel locking ties.

Description	WPS#	List
Wrap and Ties Kit, Black	**790-01010**	**$34.95**
Wrap and Ties Kit, Tan	**790-01011**	**$32.95**
Wrap and Ties Kit, Titanium	**790-01012**	**$43.95**
Wrap and Ties Kit, Black Titanium	**790-01013**	**$43.95**

INDIVIDUAL EXHAUST WRAP ROLLS

- Decreases exhaust density & increases exhaust flow
- Improves horsepower
- Sewn in guide lines for proper overlap
- Tan & black wraps withstand 1200 F direct heat, titanium withstands 1800 F direct heat
- Titanium wrap requires no coating or pre-wetting

Description	WPS#	List
Black wrap 2" x 50'	**790-01030**	**$51.95**
Tan wrap 2" x 50'	**790-01031**	**$47.95**
Titanium wrap 2" x 50'	**790-01032**	**$58.95**
Black titanium wrap 2" x 50'	**790-01041**	**$58.95**
Black wrap 2" x 15'	**790-01033**	**$16.95**
Tan wrap 2" x 15'	**790-01034**	**$14.95**
Titanium wrap 2" x 15'	**790-01035**	**$18.95**
Black titanium wrap 2" x 15'	**790-01040**	**$18.95**

DEI DESIGN ENGINEERING, INC. HEAT & SOUND CONTROL

GEN III ONYX HEATSHIELDS

DEI has expanded its award winning Flexible Heat Shields to include additional sizes and premium nishes. Each shield uses our reliable stainless standoff bracket and includes mounting hardware for easy installation.

TITANIUM FLEXIBLE HEAT SHIELD

NEW

- More effective than traditional metal heat shields
- Enhanced protection for legs and boots
- Great custom look
- Stainless steel hardware
- Standoffs create air gap for maximum heat dissipation

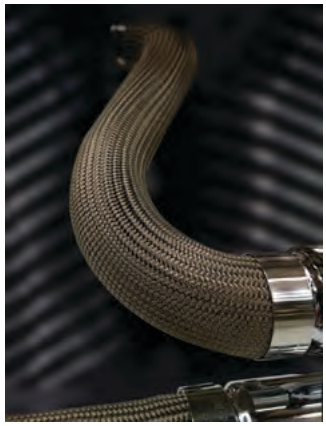
Description	WPS#	List
4" X 8"	790-02453	$56.95
4" X 12"	790-02454	$47.00

DEI HEAT & SOUND CONTROL

ONYX UNIVERSAL HEAT SHIELD

- Aluminum Impregnated fabric outside layer, high temperature resistant fabric (89% silica) inside layer capable of withstanding extreme exhaust heat – up to 1350°F
- Flexible material for easy fit on many pipe diameters
- Stainless steel hardware

Description	WPS#	List
Onyx Universal Heatshield Black 4”x8”	**790-01200**	**$47.95**



TITANIUM EXHAUST SLEEVE

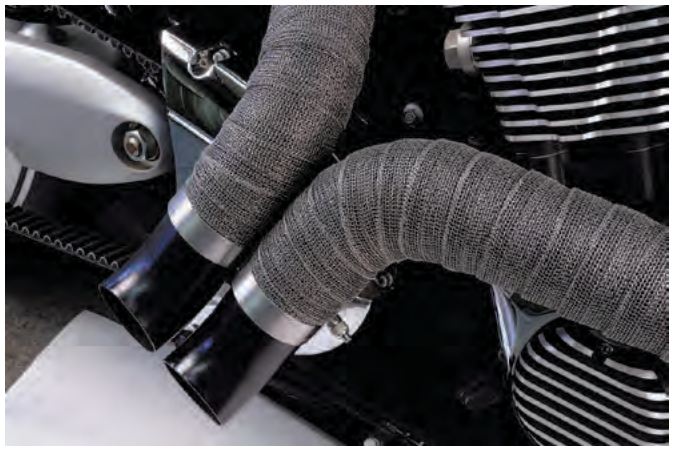
Forget the hassle of wrapping your pipes, simply slip the sleeve over and secure it with ties...done! Same heat protection and great looks of wrapped pipes without the time consuming work trying to get the overlaps straight. Sleeves come in 5 foot lengths and fit 1-3/4”-2” pipe diameters.

Description	WPS#	List
Titanium Exhaust Sleeve	**790-01050**	**$81.95**

EXO EXHAUST WRAP

- The EXO Series™ exhaust wrap is a dual-layer design, using a combination of hi-temp fiberglass, covered with a 304 grade stainless steel exoskeleton. The stainless steel exoskeleton hooks together when overlapped, saving time and making installation much easier.
- Each kit includes a 1.5”x 20’ roll of wrap, stainless steel locking ties, and installation tool.

Description	WPS#	List
Exo Wrap Tan	**790-01036**	**$69.95**
Exo Wrap Black	**790-01037**	**$72.95**

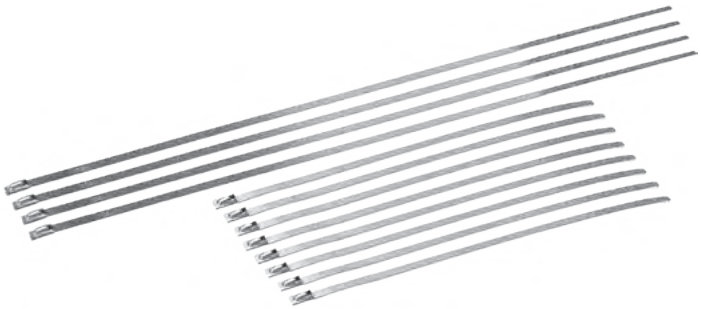


DEI DESIGN ENGINEERING, INC. HEAT & SOUND CONTROL

LOCKING TIES

- Self locking design
- Constructed from high grade 304 stainless steel
- Capable of withstanding in excess of 2500 F
- 100lb tensile strength

Description	WPS#	List
Stainless Steel Locking Ties 8" (8 pack)	790-01100	$16.95
Stainless Steel Locking Ties 14" (4 pack)	790-01101	$10.95
Stainless Steel Locking Ties 20" (10 pack)	790-01102	$29.95



HT SILICONE COATING

Recommended for use with DEI non-Titanium exhaust wraps. HT silicone coating penetrates, seals and protects as well as helping to extend the lifespan of exhaust wrap.

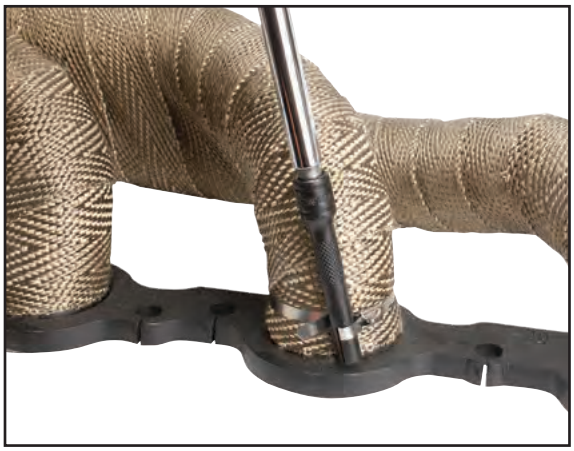
- Protects from abrasions, hot oil spills & road grime
- Heat protection up to 1500 F
- For use on engine blocks, pipes, manifolds and more
- 12oz. can (6 cans in a case)

Description	WPS#	List
HT Silicone Assortment Case (2 of each color)	790-01150	$79.95
HT Silicone Coating, Black	790-01151	$13.95
HT Silicone Coating, Aluminum	790-01152	$13.95
HT Silicone Coating, White	790-01153	$13.95

LOCKING TIE TOOL

The DEI Locking Tie Tool will fit on the end of any standard ¼" drive extension so working in tight spaces where your hands don't fit is no problem. The tool works with all the popular styles of stainless ties up to ½" wide. Simply engage the tie, and twist. This gets the tie nice and secure, without any hassle.

Description	WPS#	List
Locking Tie Tool	790-01105	$5.95



TIER1 FUEL OPTIMIZER FOR HARLEY DAVIDSON

CCT is an acronym for "Consecutive Cycle Tuning". We use CCT to describe our fuel tuning process, which is the measuring of consecutive cycles of power, with unique amounts of fuel to determine which fuel amount provides the best acceleration.

The process, in many ways, is identical to the acceleration measuring procedure used in today's most popular tuning dynamometers, such as, those made by Dynojet and other companies. The important thing to remember is the time between consecutive cycles of power and between fuel adjustments on a dynamometer are measured in minutes and is based on one style of load or acceleration simulation at any given time, while the Tier 1 Tuners innovative +CCT Acceleration Tuner technology has a time between consecutive cycles of power and tuning of fuel that is measured in milliseconds and is based on Real Time/Real Life constant feedback.

The Tier 1 Tuners +CCT Acceleration Tuner can now provide your motorcycle with Real Time fuel adjustments that will optimize acceleration and compensate for the constantly changing Real Life conditions, (i.e. 1up/2up, head winds, tailwinds, uphill, down hills, etc.) which substantially affects the performance mode operations of your motorcycle throughout your normal daily driving.

The +CCT's patented technology adds a "Closed Loop" control system to your bikes fuel injection system.

Almost all motorcycle fuel injection systems in use today are using "open loop" control systems when they are being driven in a performance manner. "Open loop" refers to a control system that does not have feedback to adapt to conditions outside of its current programing, while a "closed loop" control system functions by its ability to take feedback from an engine sensor. For example, the oxygen sensors common on many of today's motorcycles use this type of system in cruise, but not in power mode.

The +CCT Acceleration Tuner unit will add a "closed loop" control system to your current fuel injection system while it is in performance mode. The +CCT Acceleration Tuner adjusts fuel while receiving feedback from the engine's acceleration in Real Time/Real Life. The fuel is changed to whatever is needed to optimize the engine's acceleration while in performance mode.

Tier1Tuners +CCT Acceleration Tuner can provide up to 95% optimization under Real Time/Real Life performance acceleration.

Most motorcycles today that use an "open loop" control system during power mode operation are typically about 70% optimized (because of various Real Time/Real Life road conditions). When optimizing the fuel map to 70%, a 30% margin is created to maintain good drivability over the full range of acceleration rates found in real life performance driving. The +CCT Acceleration Tuner's "closed loop" functionality cuts this margin of error from 30% to only 5% thus giving you up to 95% optimization under Real Time/Real Life performance.

Tier1Tuners new +CCT Acceleration Tuner is a standalone performance product. It requires no other modifications to deliver its performance potential. The +CCT Acceleration Tuner derives its benefit from its Real Time/Real Life "closed loop" functionality, not from making a better or different open loop fuel map.

Not legal for use in California on pollution controlled vehicles - Check local laws before installing

- Real Time Fuel Adjustments
- Up To 95% Optimization Under Real Life Acceleration
- Works On Stock Or Currently Mapped Bikes
- Measures only 2"x1"x1/4"
- Made In The U.S.A

MASTERTUNE SYSTEM FOR V-TWIN

made in U.S.A.

The TTS MasterTune System is designed specifically to tune all 2001 and later Delphi-equipped Harley-Davidson® motorcycles, and includes four powerful Windows®-based programs, including:

MasterTune2-HD:

An ECM calibration development tool that allows you to:

- Choose from a wide selection of base maps
- Save and Restore current calibration (factory or other)
- Modify many critical ECM tables and constants
- Graph tables in 2D or 3D
- Quickly compare changes in tables
- Correct speedometer calibration
- Change primary ratio

VTune3-HD:

Assists you with:

- Calibrating VE tables
- Calibrating spark tables
- Calibrating EGR correction tables
- Verifying injector sizing

DataMaster2-HD:

A diagnostic and calibration support tool that allows you to:

- Check and Clear diagnostic codes
- Utilize VTune Histogram for tuning development
- View real time engine parameters
- Playback recorded data
- Analyze Camshaft settings
- Analyze IAC warmup settings
- Simulate dyno and ¼ mile results

Flight Recorder:

Configures a Communications Interface to allow you to:

- Record data without a computer
- Record as much as 8 hours of data
- Store up to 64 recordings
- Automatically start and stop recordings

Not legal for use in California on pollution controlled vehicles - Check local laws before installing

- Cables sold separately
- Made in USA

EJK ELECTRONIC JET KIT

The EJK (Gen 3 Electronic Jet Kit) evolved out of the need to address the ever-increasing complexity of factory fuel injection. For the newcomer to the market or professionals wanting an easier method for tuning fuel injection, the EJK is a customizable solution for the shop that wants to take control of their tuning needs.

- No computer needed
- No dyno required
- Quick "plug and play" installation, initial settings are all preset based on make/model
- Full range tunability, does not interfere with stock ECU
- Simple push button adjustment interface
- 2 year warranty

Not legal for use in California on pollution controlled vehicles - Check local laws before installing

FUEL TUNER

The AFR+ brings together two technologies within one system to make it the most powerful, user-friendly tuning device on the market. AFR+ combines an EFI controller with a wideband O2 sensor and AFR gauge to provide a user instant fuel trimming ability and feedback about their vehicle's state of tune.

- Maximizes power and fuel economy
- Plug and play installation
- On the fly tuning, no dyno required
- Works with all ECU downloads and all brands of aftermarket ECU controllers
- Does not interfere with stock ECU operation
- Includes air/fuel ratio gauge (2 1/8" diameter), wideband controller and Bosch O2 sensor (gauge mount and O2 sensor bung not included)
- Harley Davidson AFR gauge is chrome w/white face/orange needle
- 1 Year warranty, will not void any OEM factory warranties

Daytona Twin Tec LLC
Engine Controls for Harley-Davidson® Motorcycles

TWIN TUNER

MADE IN THE USA

The Twin Tuner allows you to easily adjust your fuel injection to match the requirements of performance parts including camshafts, free flowing exhausts, and low restriction air filters. You can add up to +30% or subtract down to -20% fuel.

You can use the mode and up/down pushbutton switches to make fuel trim adjustments in the RPM and throttle position ranges required by most applications. The fuel trim value is displayed on a bright daylight readable LED display. The Twin Tuner also has an advanced mode, where you can use the optional USB Interface and PC Link Tuner software to make precise fuel adjustments. The USB interface also allows you to make independent adjustments to the front and rear cylinders.

- Increases horsepower
- Improves throttle response
- Easy plug-in installation and setup
- Very compact size - only 4" L x 2" W x ½" H
- Optional USB interface and PC link tuner software available to make precise fuel adjustments
- Oxygen sensor eliminator kits available separately (model depending) for more precise tuning at idle and partial throttle
- Low cost

Not legal for use in California on pollution controlled vehicles - Check local laws before installing

TCFI EFI CONTROLLERS

- Fully programmable plug-in replacement for 36 pin Delphi controller with J1850 data bus
- Quickly auto-tune fuel curves for front and rear cylinders on a dyno or on-road with new WEGO IIID dual channel wide-band oxygen sensor interface
- Robust alpha-N (throttle position and RPM based) fuel control eliminates problems with long duration/high overlap camshafts
- Extended data logging and diagnostics
- DataFLASH memory stores full 60 minutes of operating data at 10 samples/second
- Powerful Windows software for custom programming and data analysis
- Programmable user input for functions (not available in TCFI EX version)
- Programmable user output for functions (not available in TCFI EX version)
- Billet aluminum housing with black anodized finish
- Support for new 6th gear indicator on '07-13 models
- Easy plug-in installation Supports all sensors including theft/security module

Not legal for use in California on pollution controlled vehicles - check local laws before installation

The TCFI kit includes the WEGO IIID dual channel wide-band exhaust gas oxygen interface that allows quick auto-tuning on a dyno or on-road during actual riding conditions. The kit includes Bosch LSU 4.2 wide-band sensors for both front and rear cylinders. The TCFI solves tuning problems with highly modified engines. Competitive "band-aid" products that interface to the Delphi® controller still rely on speed-density fuel control. Long duration/high overlap camshafts wreak havoc with manifold pressure - especially at idle and cruise RPM. Speed-density based fuel control simply can't cope.

IGNITION & FUEL MODULE

The new Fusion FI controller combines both fuel and ignition tuning into one device and comes equipped with factory connectors for easy installation.

- PC programmable fuel & ignition maps
- 2 position map switching function
- Gear position input
- Analog input for 0-5 volt input for boost mapping
- Individual cylinder mapping
- -100/+250% fuel adjustment range
- Can use Power Commander maps
- Self Tuning with the DynaTune autotune kit

Not legal for use in California on pollution controlled vehicles - check local laws before installation

DYNATUNE AUTOTUNE KIT

The DynaTune kit monitors the fuel mixture (by installing the included Wide Band O2 sensor(s) in the exhaust). It then sends this information to the Dynatek Fusion Control Module and automatically corrects it as you ride, letting you feel the changes as they happen. Each map that we offer has preset Air/Fuel ratio target values included that we find to be the best overall settings.

This lets you simply plug in the unit and let it do the work. For advanced users who would like to change the Air/Fuel ratios from our baseline, they are fully adjustable. Each throttle opening/rpm combination is individually adjustable, so that you can have both fuel economy, during cruise, while maintaining peak output at larger throttle openings. For most models of bikes it is also possible to adjust the Air/Fuel ratios “per gear”. make adjustments.

This gives you total control of the fueling in every gear and throttle/rpm area if required. The DynaTune kit can be configured to run and make adjustments at all times or by using the “map switch port” on the Dynatek Control Module you can set it up so that you can switch back and forth between the tuning mode and the base map settings. You can also configure the DynaTune kit to wait until the bike is at a certain operating temperature before beginning to make adjustments.

NOTE: Only works in conjunction with Dynatek Fusion Control Module, it is not a stand alone tuner.

FLASH TUNER

The Power Vision incorporates a very sophisticated, yet simple touch screen display that DOES NOT require the use of a computer to flash your bike or to use Auto Tune! Simply select the tune, follow the on-screen prompts to download the tune, and if you'd like, edit your tune without ever touching a computer! That's right, you can flash and make changes to your tune without ever getting off your bike.

Power Vision downloads and stores the stock calibration, and lets you select up to 8 different tunes that are stored on the device, and can be flashed to your bike. The types of tunes include:

- Dynojet Preconfigured Tunes - Tunes for YOUR bike pre-loaded on the device... ready to go, right out of the box! Power Vision identifies your bike's information and automatically sorts hundreds of applicable dyno proven tunes for you to choose from.
- Custom Tunes – loaded by a custom tuning shop, or received via email and loaded on the device.
- Copy of Original or Copy of Current - a version of the Original calibration that was saved when the Power Vision was married to the ECM. Or a version of the Current calibration that is currently saved in the ECM.

Power Vision provides insightful, valuable information on how your bike is running:

- Display all J1850 and CAN H-D vehicle data as well as wide band air/fuel ratio1 and various channels (such as MPG instant and trip MPG)
- AutoTune2 Basic and Pro– AutoTune is built into the Power Vision so you can modify your tune as you ride without using a computer
- Check and clear diagnostic codes
- Reset adaptive fuel trims and idle offset (with bike running)
- Not legal for sale in California, check local laws before installation.

42mm HSR Carburetor	XL1200 models	`94-06	42-11	**14-2018**	‡	**$439.95**
42mm HSR Carburetor w/ airbox adapter	XL1200 models	`94-06	42-10	**14-2017**	†	**$459.95**

\# Will not work with stock air box
* Must use HD Screaming Eagle manifold kit
† Requires the use of the stock oval cover and a SE high flow air cleaner
‡ Must use with aftermarket performance air filter

HSR 45/42

TOTAL CARBURETOR KITS FOR BIG TWIN EVO AND TWIN CAM MODELS

- Go for high flow!
- Total Kits allow fitment of HSR42 or 45mm carburetor to any Big Twin EVO or Twin Cam model
- Our high flow filter supports 100 horsepower with no loss from filter restriction

Total Kit includes:
- A special manifold
- Rubber flange
- High flow air filter
- (Manifold clamps and seals are not included in kit).

Description	Model	Year	Mikuni#	WPS#		List
BIG TWIN TOTAL KITS						
42mm HSR Carburetor	Twin Cam	`99-06	42-19	**14-2019**		**$659.95**
45mm HSR Carburetor w/ intake manifold	Twin Cam	`99-06	45-4	**14-2022**		**$678.95**

JET KITS FOR MIKUNI CARBS

NEW

- Kit includes all parts necessary for tuning a Mikuni HSR carburetor
- Includes a range of main, pilot and accelerator pump jets
- Includes a range of slide needles
- Kits are not legal for use on pollution controlled vehicles, check local laws before installation

Description	WPS#	List
HSR 42 Jet Kit	22-00107	$75.95
HSR 45 Jet Kit	22-00108	$75.95
HSR 48 Jet Kit	22-00109	$75.95

Dynojet

THUNDERSLIDE KIT

These kits incorporate a custom made slide. The unique configuration allows precise control over the slide's range of movement and creates a stronger signal, which improves fuel atomization. This provides more power, increased throttle response and improved fuel economy.

Not legal for sale in California, check local laws before installation.

Application	WPS#	List
`90-00 Evo 1340 Stage 1	133-4010	$179.99

CARB REBUILD KITS

- Kits are intended for closed course racing only
- NBR rubber material is used on all O-rings and rubber gaskets. NBR has excellent resistance to the ethanol used in today's fuels
- Components included in the kits are based off of US models and discretion must be used when attempting to install the kit on a non US model
- All gaskets and O-rings including intake gaskets before and after the carburetor
- Float bowl, carburetor cap, and accelerator pump screws
- Extended fuel mixture screw with spring, washer, and O-ring
- Float needle valve with FMK tip
- Accelerator pump diaphragm spring and boot
- Emulsion tube with slide needle
- 3 main jets and 3 pilot jets that can be used to tune a stock machine or a modified one

Fuel-Tool

FUEL SHARING SYSTEM

- No tools required, no modifications or permanent attachments are needed to your bike
- Fits 2001 and newer fuel injected Harley-Davidson models
- Entire connection and disconnection takes only seconds, transfers fuel at roughly one quart every 20 seconds
- Will not stall engine while in use
- Small & compact size, stores anywhere, includes storage pouch

WPS#	List
62-5100	$114.95

MIKUNI

CARBURETOR POCKET TUNER

- Pocket size slide calculator
- Helps determine required jetting changes in carburetors due to temperature and altitude change
- For single & multiple carburetion on 2 & 4 stroke engines
- Comes with a guide for determining rich or lean conditions
- A must for riders and mechanics that demand maximum performance

WPS#	List
13-2430	$6.50

CARBURETOR LEAK DETECTOR

- Check needle & seat holding pressure, crankshaft seals, crankcase surfaces, & many other critical parts with this simple tool.

GOLAN PRODUCTS™

PETCOCKS NEW

The worlds first BALL BEARING petcock with detents for quick, effortless switching from “ON” to “RESERVE” to “OFF”. O-Ring seat secure any leak from petcock to carburator, Petcock handle motion is virtually friction free using internal ball bearing which reduce the effort needed to move the lever. The 90 degrees movement between each detent ensures positive transition when riding without a distracting glance at the petcock. The ball bearings completely eliminate traditional rough, sticky or frozen valve action. Constructed from 360 Brass and stainless steel ball bearing, polished and show chromed, built to last a lifetime.

274-0709

274-0710

274-0711

- Large distance between positions "ON" and "RESERVE"(180 Degrees, stop to stop) for safe operation
- Positioning lever has smooth (ball bearing) motion and firm position detents to prevent accidental shifting by motor vibration
- Easily rebuildable
- Limited lifetime warranty
- Ball petcocks available in 22mm, 3/8 NPT

Motion Pro

TYGON® GRAY AND BLACK FUEL LINE

- Use with any type of gasoline
- Resists swelling and hardening
- Resistant to direct sunlight, hardening and/or cracking
- Flexible in temperatures from -35F to +165F
- Fuel line stretches easily over fittings or petcocks
- Sold in 25' rolls
- Made in the U.S.A.

I.D		O.D.		Grey 25'	Black 25'	List	Grey 3'	Black 3'	List

HIGH FLOW FUEL FILTERS NEW

Golan Products introduces our USA made, high performance, superior flow filters. The filter element is designed and engineered for the aerospace industry, for rugged high temperatures and extreme filtration environments.

Made of pleated 304 stainless steel, 10 micron (.000392"), 1.000"(inch) diameter. It provides maximum flow of 6 gallons per minute with no restriction. Element is washable and reusable indefinitely, cleaned easily with air or soluble rinse.

Bodies: CNC machined from 6061 aluminum, buffed, polished, and show chrome plated.
MINI filter length is 1.750"(less fittings), SUPER MINI filter length .875"(less fittings).

AIR CLEANERS

If you do not have a 5.5" diameter air cleaner or you aren't in love with the one you have... If you want the hot rod style of the Defender or the F1 and increased air flow performance, Brass Balls Cycles offers both air cleaner covers with the S&S Stealth air cleaner kit.
This S&S® Stealth air cleaner kit fits Big Twin and Sportster models. Increased filter area, combined with an air horn like radiused inlet and unique S&S® stinger cone to allow smoother faster air flow for more power. Kit includes back plate, filter element, top cover, hardware, and instructions.
The Defender and F1 covers are machined from billet aluminum, black anodized or raw finish with carbon fiber inlay.

K&N PERFORMANCE FILTERS

AIRCHARGER INTAKE SYSTEMS

K&N® AIRCHARGER® Performance Air Intake Systems increase power by eliminating the restrictive stock OE air cleaner and replacing it with a K&N® complete performance intake system.

Built with a heritage of over 45 years of performance, building horsepower and making motorcycles perform to get you moving down the highway! K&N's AIRCHARGER Intake System will give your motorcycle an aggressive appearance while providing a significant increase in airflow resulting in more horsepower and torque delivered to the rear wheels.

- Cast aluminum high-performance intake tube
- Integrated internal velocity stack
- Built-in breathers replace external OE breathers
- K&N® High-Flow cotton air filter provides outstanding performance and protection
- Fits Harley-Davidson Touring Models, without Lower Fairings

HIGH FLOW AIR FILTER
FOR 58MM THROTTLE BODIES

The original High-Flow Air Filter™ invented by K&N®. A perfect upgrade for 2-up rides on your V-Twin motorcycle with filled saddle bags, a long life High-Flow Air Filter™ delivers improved performance and excellent protection for the life of your motorcycle.

- Designed to provide low restriction, resulting in increased airflow and high performance
- Pleated media provides a large filtration area, delivering high capacity and long service intervals
- Durable Zinc Coated top plates for years of protection without corrosion
- Pre-oiled and ready to ride
- Made in the USA

AIRCHARGER INTAKE SYSTEMS

K63-1125 K63-1125P

K&N®'s AIRCHARGER® Performance Intake Kit will get more horsepower from your Harley-Davidson® motorcycle. This High-Flow Intake System increases power by eliminating the restrictive stock OE air cleaner and replacing it with a K&N® High-Flow Air Filter and mandril bent aluminum intake tube. This complete intake system will help relieve the labored feeling associated with two-up riding or loaded touring. K&N®'s High-Flow Intake System gives your Harley® an aggressive appearance while providing a significant increase in airflow resulting in more power.

K63-1126 K63-1126P

- K&N® High-Flow Air Filter significantly increases performance
- Billet aluminum throttle-body mounting plate
- Includes complete breather assembly and mounting hardware
- Aluminum Intake Tube available in two finishes; Bright Mirror or Textured Black
- Guaranteed increase in horsepower
- Custom aluminum throttle-body mounting plate
- Not legal for use in California on pollution controlled vehicles - Check local laws before installing

MOROSO

AIR / OIL SEPARATORS NEW

The Moroso air-oil separator/catch can system keeps the H-D cylinder head breather system fully functional. It filters out crankcase vapors, oil mist & condensation that normally vent to the intake system. This will keep your air filter, throttle body, intake,pistons & valves free of excessive oil and carbon build up. Our system is different than others on the market. It separates the vapors breathing from your engine, collecting them in our air-oil separator/catch can system while clean filtered air re-circulates back into the intake. Once the air oil separator/ catch can system fills, it will need to be drained as a service item. This also can be done at oil changes and normal service intervals.

- From the factory, a motorcycle's breather system vents excess crankcase vapors, un-burnt fuel, residual oil and moisture back into the intake which compromises performance and durability.
- The Moroso air-oil separator/catch can system plumbs inline of the breather system and filters the excess crankcase vapors, exhaust vapors, residual oil and moisture before it re-enters the engine, reducing detonation, knock and helps rid deposits in the intake tract including valves and pistons
- The two piece body of the air-oil separator/catch can system unscrews for easy cleaning and service.
- The Moroso air-oil separator/catch can system does not vent to atmosphere like other breather kits on the market, this keeps oil in the canister, off your bike, and more importantly off the ground!
- Available in multiple finish options to suit your bike.
- Proudly Made In the U.S.A.

Boyesen

POWER X INTAKE

X-FORCE AIR FILTER SYSTEM

AIR IS POWER, and Boyesen has channeled that power like never before. With its revolutionary design and ease of installation, adding more power and greater acceleration is now within your reach. Available for all Harley Davidson (FLH) touring models '08-Up. Not for use in California on pollution controlled vehicles.

- Complete bolt-on kit: backing plate, filter and mounting hardware.
- Patented X-Wing design of more power and acceleration.
- X-Wing Venturi increases air speed for added throttle response.
- Oil free/washable filter media – poly-cotton blend.
- XL filter area for increased airflow – filters to 40 microns.
- One piece precision casting with internal breather passages.
- Bolt-on o-ring assembly – no modification required.
- Available in polished silver or matte black.
- Accepts stock filter cover.

CRANKCASE VENT AIR FILTERS

REMOTE MOUNT

Designed for racing engines where crankcase breathing is essential. Prevents dirt from entering engine on deceleration. Comes in two styles: Remote Mount with rubber top uses tubing to connect filter and vent. Remote Mount with chrome top has 1/4" stud and nut to mount in convenient place.

Vent Size	K&N	Remote Mount	WPS#	List
2" DIA. X 1½" METAL BASE

K&N CLEANING AND REOILING SUPPLIES:

Recharge your K&N Air Filter with genuine K&N Cleaning Accessories. Cleaning and re-oiling your K&N filters is very simple with the use of K&N's four-step maintenance system designed to recharge your K&N Air Filter. The use of K&N cleaner and filter oil completely restores airflow efficiency so your air filter performs virtually like new.

KIT "A" CONTAINS:

- 1 - 12 oz. Air Filter Cleaner Spray Bottle
- 1 - 6.5 oz. Air Filter Oil Aerosol

	Size	WPS#	List
A	12/case	**62-1514**	**$16.89** each kit
B	12/case	**62-1515**	**$16.89** each kit

NOTE: Use of other cleaning or oiling methods, cleaners or oils could damage the filter and void K&N Warranty

KIT "B" CONTAINS:

- 1 - 12 oz. Air Filter Cleaner Spray Bottle
- 1 - 8 oz. Squeeze Oil and Service Decal

POWER KLEEN™

- Air filter cleaner/degreaser dissolves dirt build-up and old filter oil

Size		WPS#	List
12 oz	12/case	**62-1530**	**$9.69** ea

HIFLOFILTRO PREMIUM FILTERS

OIL FILTERS

- Provides unbeatable performance and exceptional value, Hiflo filters are the best-selling brand of aftermarket filters for motorcycles worldwide
- To achieve our high quality and to ensure the consistency of our products, we use only premium raw materials from well known manufacturers
- Every oil filter goes through 16 individual quality control checks before it is ready to leave the factory. The whole manufacturing process, including the checking of raw materials and individual filter testing, is regularly audited and verified independently
- Race filters have a welded-on 5/8"/17mm nut with safety wire provisions to make installation and removal easier

FEULING
FEULINGPARTS.COM

OIL COOLER/FILTER KIT

Cleaner cooler oil with the Feuling® oil cooler/filtration system, this oil cooler is designed with an internal spun glass element cartridge filter which is used as an additional oil filter in conjunction with the factory spin on oil filter. The Feuling® oil cooler system drastically reduces contamination and viscosity breakdown in the oil; protecting the engine from cylinder, piston, ring and bearing wear. Preventing extreme oil temperatures, promoting engine performance, longer engine life & extended oil change intervals.

This oil cooler system makes a clean custom look, mounting between the frame rails in position to take advantage of the air flow from the front tire. Available in chrome or gloss black, the housing measures 5 long and 3-3/4 in diameter.

Kits include filter cooler housing, replaceable spun glass cartridge filter, gloss black mounting bracket, off-set oil filter adapter, braided steel lines with swivel fittings, K&N® spin-on oil filter, ARP® 12 bolt fasteners and all necessary hardware. Kits available in chrome finish with stainless lines, & black finish with black lines.

H.T. STEEL ROCKER ARM TOWER STUD KIT AND H.T. STEEL NUTS

- KPMI® Studs are made from 180,000 psi yield strength, fine grain, heat treated, aircraft grade alloy steel. When you want a stud that meets proof-stress and maximizes clamping force, look no further. KPMI® "rolls" the threads, heat treats and then centerless grinds the entire body of the stud. Rolling the threads creates the toughest and strongest thread possible and centerless grinding removes notch sensitivity. The final process for all KPMI® Studs is to encase the entire stud with premium corrosion resistant treatment of Black Oxide. Congratulations on your choice to purchase a stud that meets and exceeds your stock- replacement high-performance needs!
- These nuts are manufactured from a high tensile premium steel that promotes excellent surface finish and tight tolerances, two critical factors for achieving correct fit and torque. After machining, the nuts are roll tapped and heat treated to a specific depth. This creates hard, wear resistant working surfaces, while retaining a ductile core to prevent cracking under load. The premium black oxide treatment provides an excellent corrosion resistance.

HYPEREUTECTIC CAST PISTONS

KB Hypereutectic alloy pistons are cast with a 16% high silicon content that has very high thermal barrier properties along with a low thermal expansion rate, allowing tight piston to cylinder wall clearances. This makes them ideal for air-cooled engines, offering optimal ring seal, quieter engine running and reduced wear. Hypereutectics are best suited for stock or mild compression ratios up to 10.5:1 running on pump fuel. Replacement rings are special order, please call for pricing.

FORGED ALLOY PISTONS

KB forged pistons are made from 4032 forged alloy with an 11% silicon content, formed in a forging press and then fully machined. Due to the material and manufacturing process these pistons have superior crack resistance under detonation or pre-ignition. They are suited for Street or Race applications with power adders such as NOS or boost. All Twin Cam and Sportster application feature coated skirts. Replacement rings are special order, please call for pricing.

TRACKER PISTONS

- Forged piston crown with generous valve pockets for big valves
- Precision fit rings for ultimate sealing
- Force fed pin oiling for enhanced lubrication of the piston pin
- Value packaged
- ArmorGlide skirt coating for reduced friction, quieter operation and improved scuff resistance
- Gasket kits sold separately

BLACK EDITION PISTONS

- Premium compression ring for ultimate ring seal
- Napier second ring, taper face with underhook improves oil control
- 3mm oil ring design for higher tension and enhanced oil control
- Armor X piston coating for reduced wear
- ArmorGlide skirt coating for reduced friction, quieter operation and improved scuff resistance
- Work with OEM and Screamin' Eagle heads
- Higher 11:1 compression for added performance

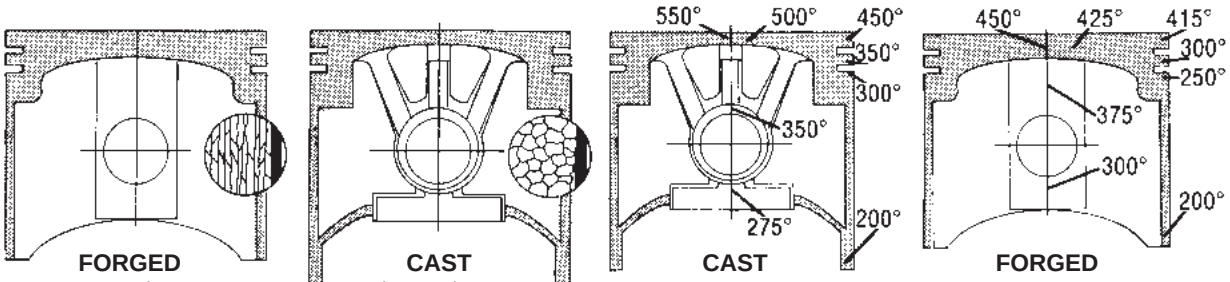
WHY USE Wiseco Performance Products ?



FORGED
Interwoven grain structure for superior strength

CAST
Random grain pattern

CAST

FORGED

1) FORGED

All Wiseco Pistons are forged from high silicon, low expansion aluminum which offers superior strength, reduced weight, improved heat transfer, and longer life.

2) ADVANCED MANUFACTURING TECHNIQUES

Diamond turned finish from one of the many CNC computer controlled turning centers guarantees you a perfect finish with no size variation. Wiseco pistons can be installed in any of today's cylinder bore compositions (cast iron, chrome, nikasil and boron composite) with confidence.

3) OVERSIZE OPTIONS

Wiseco's wide range of oversize pistons increase the life of cast iron lined cylinders. With the availability of replacement cylinder sleeves, chrome, nikasil and boron composite cylinders can be resleeved to accept Wiseco's oversizes.

4) COMPUTERIZED

Wiseco's state-of-the-art computerized manufacturing facility is dedicated to supplying both the high-performance racer and recreational enthusiast with the finest forged piston available in today's market place.

5) EASY AVAILABILITY

Six WPS warehouses offer you one of the largest Wiseco inventories available. Our telephone sales staff can verify availability at the time of your order.

Note: Some piston kits change displacement, compression ratio, etc. and may be illegal for use on pollution controlled vehicles, check your local laws before installation.
Note: Replacement Rings and Circlips sold per piston

Kibblewhite Precision Machining

WRIST PIN BUSHING

- Designed and manufactured by KPMI® to original OEM dimensions with Kibblewhite® Quality and Precision
- These bushings have excellent anti friction qualities, good hardness, and resistance to wear and deformation under high loads
- Held to tight dimensional tolerances, offer excellent machinability, so the optimum surface finish may be obtained, and have a tapered lead on each end to ease installation

*Wrist pins do not include oil hole(s). These must be drilled after installation

Kibblewhite Precision Machining

COMPRESSION RELEASES

- KPMI® Compression release valves are state of the art
- Designed to reduce "hot start" issues and starter/battery loads
- 5-7 Newton's of closing force resistance, for high demand applications
- Custom molded knobs ensure a cool touch and easy operation
- Embossed with the KPMI® brand so you know you have purchased a quality product
- M10 x 1 thread pitch, sold in pairs

	Application	Thread Length	Install Height	WPS#	List
A	Evo Applications	0.350"	1.050"	**191-27050**	**$49.95**
B	Twin Cam Applications	0.350"	1.380"	**191-27051**	**$49.95**
C	OEM Style	0.500"	1.250"	**191-27052**	**$49.95**

INTAKE AND EXHAUST VALVES

Black Diamond® Valves:

All KPMI Black Diamond® stainless steel valves are impregnated by a special German process to a depth of .002", with a surface build up of .0002". This "Black Diamond®" process improves wear properties, reduces friction, and provides resistance to corrosion and wear that is superior to chrome and nickel electrolysis plating. Black Diamond® Valves are light, strong, one-piece forgings with profiles that provide excellent flow characteristics.

VALVE SEATS

Kibblewhite's proprietary seat material is compatible with leaded and unleaded fuels including methanol and ethanol fuel blends. This material offers excellent thermal characteristics and resists microwelding that leads to seat and valve face recession. Leading edge has generous radius to ease installation.

Application	Inside Diameter	Outside Diameter	Height	WPS#	List
`84-16 Big Twin Models, `86-87 XL 1100cc and `04-Up Sporster	1.375"	1.757"	0.450"	**191-57092**	**$10.95**

VALVE SPRINGS

KPMI Valve Springs:

Wound from Premium Kobe Super-Clean Chrome Silicon Wire. KPMI valve springs are heat-treated, stress relieved and shot peened to insure maximum performance and life.

Springs are engineered for each specific application using proprietary advanced spring design simulation, and analysis software. Engineers pay special attention to cam and spring harmonics, stress, mass and operating rpm.

- Part numbers ending with (S) use steel retainers
- Part numbers ending with (T) use titanium retainers

VALVE KEEPERS

- OEM Style valve keepers
- Milwaukee 8 engines, sold in packs of eight
- Evo and Twin Cam keepers sold in packs of four

Application	WPS#	List
Milwaukee 8 `17-Up	191-27030	$66.95
Twin Cam `05-17, Sportster `04-Up	191-20000	$6.95
Twin Cam `99-04	191-20001	$17.95
Evo `84-99, Sportster `84-03	191-20001	$17.95

VALVE GUIDES AND VALVE STEM SEALS

KPMI Bronze Valve Guides:

We choose to use C630 nickel bronze as a material to make valve guides because of its ideal characteristics for the application. The 4-5 percent nickel content provides superior resistance to wear, and the approximately 80 percent copper content delivers outstanding heat conductivity. Guide profiles are designed to have minimal effect on the airstream while maintaining critical cross sectional thickness in high temperature areas, promoting high performance and endurance. The top portion of the guides are shortened when cam lift information available at the time of design shows that additional retainer to seal clearance is required.

KPMI Cast Iron Valve Guides:

KPMI R&D has produced a proprietary cast iron blend that thrives in the tough operating conditions of today's engines. KMPI's certified cast iron provides excellent wear resistance and a superior guide bore finish that is easy on valve stems.

KPMI Valve Stem Seals "The Red Ones":

KPMI Red Viton® valve stem seals are designed to have optimum fitment, allow for maximum lift, and to give maximum life. KPMI Red valve stem seals are resistant to high temperatures, petroleum products and by-products of combustion. They retain their ability to seal in situations where other materials could allow oil to enter the combustion chamber causing detonation, carbon build up and a loss of power. The Red Ones are truly the racer's choice.

FAST INSTALL PUSH RODS

- FEULING® FAST Install adjustable pushrods are made from the same great design as the regular install FEULING® adjustable pushrods but feature a slightly shorter tapered tube and come disassembled allowing the engine builder to install the pushrods without removing the top rocker box. These pushrods feature a dual jam nut locking system and include FEULING® part #9012 which is a tool to hold the pushrod tubes up and out of the way while adjusting the pushrods.
- FEULING® pushrods can be used with the factory pushrod tubes and are the longest fast install pushrods available on the market. FEULING® pushrods use separate lengths for intake and exhaust which keeps the adjustment area to a minimum creating a fast install pushrod with maximum rigidity promoting maximum valve lift.
- Tapered 7/16 0.095 Wall thickness, Individual length, Install WITHOUT the removal of rocker covers, REQUIRE QUICK INSTALL TUBES

Application	Year	WPS#	List
Twin Cam	`99-17	811-04096	$199.95
Evo Big Twin	`85-99	811-04091	$239.95

PUSH RODS

A

B

- Maintain maximum valve lift!
- Increased stiffness and column rigidity maximizing valve-train stability, increasing engine RPM horsepower and torque output.
- Tapered 7/16 4130 chrome moly adjustable pushrods, use a minimal adjustment parameter eliminating flex and loss of valve train-stability problems associated with most adjustable pushrods.
- Individual length intake & exhaust pushrods keep the adjustment extension to a minimum
- Designed to exceed the needs of performance engines using larger lift camshafts and high spring pressures, while maintaining proper and critical oil flow to top end valve gear.
- CNC machined with 32 thread per inch adjustment, Double jam nut lock system, RACE SERIES® wall thickness .120- recommended when extreme spring pressures are used
- Designed for use with hydraulic or solid lifters and street or race engines
- These pushrods require removal of rocker covers and rocker arm supports

ROLLER LIFTERS

- Performance hydraulic roller lifters
- Optimized oil flow to top end - valves, springs, rockers, shafts & valve guides
- Cooler oil and reduced wear
- Extends life of top end valve gear
- CNC machined and precision ground
- Drop in replacement for stock lifters
- Dyno developed and track tested
- Recommended for use with the Feuling® Oil Pump or comparable high volume oil pump
- Made in the U.S.A.

Application	Years	WPS #	List

Twin Cam	`99-17	811-04000	$159.95

LIFTERS

- Feuling® Race Series® full travel hydraulic lifters are machined from a steel body and designed to exceed the needs of large lift camshafts and higher valve spring pressures with a slower bleed down rate. Race Series® lifters maintain proper oil flow to the top end, increase engine RPM, valve-train stability, decreasing valve float promoting maximum valve lift.
- Feuling® recommends Race Series® lifters for engines running higher than 185lb valve spring seat pressure. FEULING recommends the use of a high volume oil pump which will result in quieter, better performing lifters. Race Series® lifters are compatible with either FEULING® HP+® or Race Series® oil pumps and are designed for use with both street and strip engines. Spin-Tron dyno developed and track proven.
- Available in oversized diameters - Case Savers!
- Recommended for both strip and performance street engines
- Made in the U.S.A.

TTS Inc. POWER YOU CAN BANK ON®

CAMSHAFTS
FOR H-D® V-TWIN

MADE IN THE USA!

- TTS Camshafts are designed to provide smooth power delivery throughout your engine's entire operating range. The various grinds allow you to select a cam that optimizes torque in the RPM range you require without compromising performance elsewhere.
- TTS-100: Designed to increase torque in the 1000-4000 RPM range with smooth power to 5500 RPM. Developed for 88-117 CID with stock heads and pistons. Not recommended for compression over: 10.2:1 Twin Cam or 10.5:1 Milwaukee-Eight®. Ideal for heavy bikes like baggers or trikes. Bolt-in design utilizes stock springs and pushrods.
- TTS-150: Designed to increase torque in the 2200-5200 RPM range. Developed for 88-117 CID with stock heads and pistons. Not recommended for compression over 10.5:1. Bolt-in design utilizes stock springs and pushrods.
- TTS-175: True bolt in cam, designed to increase torque at 2500 - 5500 RPM and has a slight lope up to ~ 1750 RPM, above that it has settled in smooth. This camshaft works very well in the aftermarket larger displacement engines and as the compression ratio and displacement increases the idle lope decreases and the smoothness RPM drops down to about 1500 RPM.
- TTS-200: Designed to increase torque over a broad RPM range (1800-5500 RPM). Developed for Milwaukee-Eight® engines with modified heads and pistons. Ideal for Stage III or IV kits. Not recommended for compression over 11.0:1. Requires use of high lift valve springs and modified valve reliefs in pistons.
- TTS-250: Designed to increase torque in the 2500-6000 RPM range. Developed for Milwaukee-Eight® engines with modified heads and pistons. Ideal for Stage III or IV kits. Not recommended for compression over 12.0:1. Requires use of high lift valve springs and modified valve reliefs in pistons.

ROCKET CAMS

The first Rocket Cam was created in 1996 for a race bike that accomplished several titles and championships. In Chris Rivas' career he has not only raced at the highest level in drag racing and land speed racing but has been very successful at both, setting and holding multiple records along the way. He currently owns the world's only 200 MPH Bagger with a top speed of 204 MPH. He also owns the world's fastest Dyna with a top speed of 244 MPH. His Rocket Cams technology has gone into every one of these bikes making them perform at the highest level that no other racer or manufacturer has been able to top. This is the same technology that goes into the street cams offered through Rocket Cams for the local performance shops in your area.

Chris Rivas ROCKET CAMS Acceleration Domination! Patented S & S Easy Start Centrifugal Compression Release System

CHRIS RIVAS' ROCKET CAMS FOR MILWAUKEE 8 BIG TWINS!

4 Valves are better than 2!! The next progression of Harley-Davidson power is happening through four valves which have different requirements for the camshaft. Chris has come up with 4 new cam lobe profiles to squeeze the performance out of the smaller multi-valve ports. Low lift 444, 464 and 474 cams are a direct bolt in application delivering the power where you expect it to be for your personal riding style. 544 cam is for the builder that wants the best possible power in his big inch motor. As with all cam changes, a performance intake, exhaust system, and EFI tuning are a must to get the full benefit from the cams. Many World Champions and speed record holders have trusted Chris for their power so when you want to explore the performance possibilities of your new Milwaukee 8 engine, who better to trust.

NOT FOR USE IN CALIFORNIA

444

Bolt-in cam with increased power over stock configuration with excellent low end power and great acceleration. Power from Idle to 5500.

Application	WPS #	List
444 ROCKET CAMS		
All M8 `17-Up	**276-02030**	**$204.95**

464

Bolt-in improved acceleration, works great for big torque in 107 and 114 displacement engines. Allows engine to make big power through the midrange RPM. Power from 1500 to 5800.

Application	WPS #	List
464 ROCKET CAMS		
All M8 `17-Up	**276-02031**	**$204.95**

ADJUSTABLE PUSH RODS NEW

These Speedy pushrods can be both installed and removed easily. The Rocket Cams design permits a simple, trouble free installation that does not require removal of the gas tank, rocker assemblies, or even the rocker box cover! The threaded adjuster screws into the pushrod until the threads disengage and the adjuster simply slides into the pushrod, making installation or removal a snap. Super strong chromoly steel reduces pushrod flex. Works with stock and aftermarket cams.

Description	Application	WPS#	List
Speedy Pushrods w/Covers	M8 Models `18-Up	276-02054	$284.95

SPRING KITS NEW

Valve Spring Kits for Twin Cam big twins and Sportster valve stems. Works well with cams up to .650" lift. Manufactured from ultra clean high silicon Kobe alloy wire then micro shot peened and nitrided. CNC machined 9˚ locks. High performance conical single wire spring. Chromoly forged retainers. Kit contains: Valve keepers, Top & Bottom collars, Springs, Shims.

Valve Spring Kits for Milwaukee 8® big twins work well with cams up to .600" lift. Manufactured from ultra clean high silicon Kobe alloy wire then micro shot peened and nitrided. High performance conical single wire spring. Chromoly forged retainers. Kit contains: Valve keepers, Top & Bottom collars, Springs, Seals.

Application	Year	Description	Valve Spring Kit	List
Milwaukee 8	`17-Up	Valve Spring Kit .600 Lift	276-02042	$344.95

Evo Sportster	`04-20	Valve Spring Kit .650 Lift	276-02041	$284.95
Evo Sportster	`86-03	Beehive Valve Spring Kit .650 Lift	276-02040	$259.95

LUNATI VOODOO CAMS

Voodoo Camshafts for Harley Davidson applications deliver more area under the curve than any other series of cams for these engines. This means more throttle response, quicker acceleration, more vacuum and better efficiency. These factors, combined with maximum horsepower and torque, make Voodoo Camshafts the perfect choice for your Harley.

CHAIN DRIVE CAMS FOR 07-17 TWIN CAMS

Cam and Lifter Kits include the camshaft of choice with the matching replacement lifters recommended by Lunati. High RPM or stock replacement type lifters also available separately. All cams with 0.510 lift will work with stock valve springs.

Not legal for use on pollution controlled vehicles, check local laws before installation. NOT legal for sale in California

Description	Lift	RPM Range	Cams only #	List	Cam & Lifters #	List
Maximum torque for heavy bikes and passenger riding with stock heads. Strong low end & mid range power.	0.510	Idle - 5100	**276-01040**	**$424.95**	**276-01080**	**$483.95**
Potent mid range power for both light and heavy bikes. Very effective for compression ratios up to 9.5:1.	0.510	1500 - 5500	**276-01041**	**$424.95**	**276-01081**	**$483.95**
Strong mid range power for 88-95 c.i. engines. Works well with compression ratios of up to 10:1.	0.510	1700 - 5900	**276-01042**	**$424.95**	**276-01082**	**$483.95**
Strong mid range power for 88-95 c.i. engines. Works well with compression ratios of up to 10:1.	0.569	1700 - 5700	**276-01043**	**$424.95**	**276-01083**	**$483.95**
Great power in mid to upper RPM range. Likes upgraded fuel and aftermarket exhausts and higher compression ratios.	0.585	2100 - 6100	**276-01044**	**$424.95**	**276-01084**	**$483.95**
Maximum upper RPM power. Great for large 95-107+ c.i. engines with increased compression and fuel/exhaust system upgrades.	0.601	2500 - 6500	**276-01045**	**$424.95**	**276-01085**	**$483.95**

CHAIN DRIVE CAMS FOR 99-06 (EXCEPT 06 DYNA) TWIN CAMS

Cam and Lifter Kits include the camshaft of choice with the matching replacement lifters recommended by Lunati. High RPM or stock replacement type lifters also available separately.

Not legal for use on pollution controlled vehicles, check local laws before installation.

Description	Lift	RPM Range	Cams only #	List	Cam & Lifters #	List
Maximum torque for heavy bikes and passenger riding with stock heads. Strong low end & mid range power.	0.510	Idle - 5100	**276-01020**	**$408.95**	**276-01060**	**$465.95**
Potent mid range power for both light and heavy bikes. Very effective for compression ratios up to 9.5:1.	0.510	1500 - 5500	**276-01021**	**$408.95**	**276-01061**	**$465.95**
Strong mid range power for 88-95 c.i.engines. Works well with compression ratios of up to 10:1.	0.510	1700 - 5900	**276-01022**	**$408.95**	**276-01062**	**$465.95**
Strong mid range power for 88-95 c.i. engines. Works well with compression ratios of up to 10:1.	0.569	1700 - 5700	**276-01023**	**$408.95**	**276-01063**	**$465.95**
Great power in mid to upper RPM range. Likes upgraded fuel, aftermarket exhausts and higher compression ratios.	0.585	2100 - 6100	**276-01024**	**$408.95**	**276-01064**	**$465.95**
Maximum upper RPM power. Great for large 95-107+ c.i. engines with increased compression and fuel/exhaust system upgrades.	0.601	2500 - 6500	**276-01025**	**$408.95**	**276-01065**	**$465.95**

CAMS FOR 84-99 EVOLUTION MODELS

High lift spring kits required (sold separately).

Not legal for use on pollution controlled vehicles, check local laws before installation.

Description	Lift	RPM Range	WPS #	List
Generates maximum torque for heavy bikes and passenger riding. Strong low end & mid range power	0.570	Idle-5500	**276-01001**	**$227.95**
Good low end and mid range power. Works well with stock compression. Excellent highway performance.	0.577	900-5700	**276-01002**	**$227.95**
Potent mid range power for both light and heavy bikes. Very effective for compression ratios up to 9.5:1.	0.583	1300-5900	**276-01003**	**$227.95**
Strong mid range power for 88 c.i. engines. Works well with compression ratios of up to 10:1.	0.590	1500-6100	**276-01004**	**$227.95**
Ideally suited for 88 c.i. motors. Performs well with higher compression ratios & aftermarket exhaust systems	0.596	1700-6300	**276-01005**	**$212.95**
Great power in mid to upper RPM range. Likes upgraded fuel & aftermarket exhausts & higher compression ratios.	0.603	1900-6500	**276-01006**	**$212.95**
Maximum upper RPM power. Great for large c.i. engines with increased compression and fuel/exhaust system upgrades.	0.603	2300-6900	**276-01007**	**$227.95**

VALVE TRAIN ACCESSORIES

- Lunati valve spring kits were designed to get the most power out of Harley upgrades and are a perfect match for a Lunati Harley cam.
- Each kit contains (4) each of the following items: valve springs, retainers, locks and locators.
- Valve locks are manufactured from fatigue-proof steel and then heat treated for hardness and to reduce wear and distortion, while our locators are engineered from a high-strength steel alloy that holds the spring in place and requires no machining.
- Steel retainers are constructed from 4140 chrome moly steel, which is stronger and harder than standard 1020 steel. This increased strength to weight ratio results in a stronger yet lighter retainer. All steel retainers from Lunati are black oxide coated for corrosion resistance.
- Lunati offers two types of hydraulic roller lifters for Harleys: OEM Replacement and High RPM. OEM Replacement Lifters are designed to exceed the specifications of your OEM lifters while High RPM Lifters were specially designed to handle applications producing over 6500 RPM to avoid horsepower-robbing valve float and serious engine damage.

CRANKSHAFT TOOL

- This tool simplifies and speeds the process of checking crankshaft run out on both Twin Cam® and EVO® model engines with the crankshaft installed. The tool mounts to the cam chest side of the engine case using the designated mounting holes of the tool combined with the handled thumb screws and the case cam cover bolt holes. The tool gives quick and accurate readings of the engines crank pinion shaft run out.
- Tool includes: tool plate, +/-0.001dial indicator, thumb screws & hardware.

OILING SYSTEM KIT

HP+ PLUS FEULING HORSEPOWER PLUS

RS FEULING RACE SERIES

- FEULING® oiling system kits combine all the needed components to finish your T/C® engines oiling system under 1 Part #, available in HP+® or RACE SERIES® kits. FEULING® oiling system kits increase oil pressure, oil volume, engine oil flow and return oil scavenging, eliminating wet sumping and oily air cleaners. Test results show 25-35 degree cooler engine temperatures, 15-30 degree cooler oil temperatures, 15-30 more pounds of oil pressure and quieter smoother engine operation. Results also show a substantial increase of oil pressure and 3 H.P. and 4 Ft. Lbs of T.Q to the rear wheel.
- Both HP+® and RACE SERIES® kits include FEULINGS® HIGH FLOW billet camplate made from 7075 aluminum which is 50% harder and stronger than the factory, SE® and other aftermarket camplates. FEULING® increases oil flow and volume by enlarging the oil pump reservoirs and critical oil passages including matching the oil port holes throughout the camplate to the port holes in the engine case which increases engine oil flow to the lifters, piston cooling jets, crankshaft and rod bearings.
- HP+® SERIES Kits include a billet 6061 aluminum high volume oil pump, FEULING® HIGH FLOW camplate, HP+® Hydraulic roller lifters, gaskets and o-ring kit.
- RACE SERIES® Kits include a billet 7075 hard anodized oil pump which is 50% harder and stronger than the factory pump holding tighter tolerances under temperature. RACE SERIES® hydraulic lifters have a full .200 of total travel designed with a slower bleed down rate to handle heavy valve spring pressures, increase engine RPM before valve float and feature increased roller clearance for steep ramped camshafts. Kits include a RACE SERIES® oil pump, RACE SERIES® lifters, HIGH FLOW camplate, gaskets and o-rings.

*CONVERSION CAMPLATE Kits #811-07076 & #811-07077 utilize the early style 99-06 camshafts and upgrade the cam chain system to use the late style 07-16 hydraulic tensioner system. Factory sprockets, tensioners, chain and hardware must be purchased separately.

OIL PUMPS

- 7075 Billet aluminum with military spec hard anodized, blue printed and designed for the racer!
- The 7075 alloy is 50% harder and stronger than 6061 aluminum and holds tighter tolerance under temperature
- More pressure volume and more oil pressure
- More scavenge volume eliminating power robbing wet sumping, blow-bye and oily air cleaners
- Cooler oil and engine temperatures
- More horsepower, more torque, more oil pressure, more return volume
- High Flow 4140 heat treated Chrome Moly gerotor gears
- When combined with the Feuling® Camplate test results show 3 Horsepower gain and 4 ft/lbs of Torque gain to the rear wheel, while lowering engine & oil temperature. Feuling® camplate NOT required.
- Stock replacement for Twin Cam® engines, recommended for both strip & performance street engines
- Made in the U.S.A.

BILLET OIL PUMPS

HarddriveAMERICAN V-TWIN PRODUCTS

Harddrive oil pumps are made from cast aluminum that is CNC machined to close tolerances and then polished to a high gloss finish. Great value for small dollars! Surplus oil is routed back to the main passage rather than the return to avoid unnecessary filtering and offer the opportunity to upgrade earlier engines to the 81-up oiling system. This oiling system splits bottom and top end oil supply which increases oil pressure to the hydraulic lifters and and top end. They come with gaskets, drive shaft with with keys and snap ring, mounting hardware, check ball and pressure relief valve assemblies.

PSI TESTER

- This pressure test tool is a must for any H-D® Twin Cam engine builder. Bench test each camplate before installation, cycle the pressure relief valve, testing operation and assuring the valve moves freely, seats and seals each time, any leakage at the relief valve will reduce oil pressure.
- This tool allows the engine builder to know what PSI the relief valve opens; the spring tension can be adjusted to achieve the desired pop off PSI. Tool includes: air regulator, 0 - 100 psi pressure gauge, gasket & needed hardware, fits all Twin Cam engine camplates. Feuling® recommends the camplate valve be seated 0-30 psi with full pop off at 55-60 psi. Made in the U.S.A.

Esteves Motorcycle Design

CAM COVERS

Ribbed EMD covers are the real alternative to the cold, rigid and old fashioned “Billet” style…they will give your engine the soul and the charisma of yesteryear choppers.

- Manufactured in die cast aluminum, CNC milled gasket surface
- OEM Mounting Hardware reusable
- Gaskets not included, please order separately
- Available in raw cast or black powder coated finish, ribs can be accented or polished

	Application	Description	WPS#	List

Esteves Motorcycle Design

SPORTSTER CAM COVERS

Featuring a raised rib design, this cast aluminum 'second skin' cam cover trim fits over your OEM cam cover. It is held in place with three supplied Allen bolts and spacers. The EMD cam cover trim can be notched at the upper front to make room for your OEM breather. You can also opt to relocate the breather to a lower position, especially if you're cutting the OEM cam cover up to visually 'split' the motor from the transmission. These covers are available in two styles, the classic ribster and the knuckle style with raised ribs and a smooth front section.

	Application	Description	WPS#	List
A	Fits `91-Up XL Models	Ribster Cam Cover Raw	866-05005	$178.95

SPORTSTER SPROCKET COVERS

Featuring a raised rib design to match the EMD Cam Cover Trim, the EMD Sprocket Cover provides a much-needed finishing touch to any custom Sportster for that 'split transmission' look. The Sprocket Cover is a direct bolt-on for Sportsters with forward controls and forward-mounted master cylinder. Mid-mount Sportsters will require custom modifications.

CYLINDER STUDS

- These High Performance Cylinder studs are made from 180,000 psi yield strength, fine grain, heat treated, premium grade 8740 material
- Threads are rolled after heat treating to insure maximum compressive stresses are retained, insuring maximum strength, and the longest fatigue life possible
- The case end threads are designed to have a slight interference fit to maintain good thread contact at high temperature
- Studs are center less ground to insure concentricity, and finished with a premium black oxide treatment , excellent appearance

CRANKCASE VENT AIR FILTERS

REMOTE MOUNT

Designed for racing engines where crankcase breathing is essential. Prevents dirt from entering engine on deceleration. Comes in two styles: Remote Mount with rubber top uses tubing to connect filter and vent. Remote Mount with chrome top has 1/4" stud and nut to mount in convenient place.

Vent Size	K&N	Remote Mount	WPS#	List
2" DIA. X 1½" METAL BASE

C	Dual Breather Filter	**820-51580**	**$12.95**

Hayden ENTERPRISES Primary Chain Tensioner

CRANKCASE VENTING SYSTEM

- Prevents blown or weeping gaskets
- Produces the proper amount of vacuum in the crankcase, at all RPM ranges
- Your engine gains quicker throttle response
- You'll gain 2-8% of usable rear wheel horsepower
- It snaps open for easy cleaning, and is light weight, compact and not restricted to position to fit all H-D models

Application	Year	WPS#	List
Big Twins/Sportsters	All	**39-1206**	**$124.95**

THE 'OIL' FIX

- Fixes problem leaks associated with the base gasket
- With the oil control jet installed into the crankcase, the oil doesn't touch the gasket, thereby no leaking through the base gasket
- Oil Fix control jets control the oil coming from the head through the barrel and into the case

Application	Year	WPS#	List
EVO Big Twins	`84-99	**39-1207**	**$44.95**

HORIZONTAL OIL COOLERS

- The Jagg 6-row LowMount oil cooler keeps a low profile and beats the heat
- Designed especially for Softail models (without ABS)
- LowMount oil cooler mounts in the lowest possible position, yet still above the bottom of the frame
- Special in-line turbulators add to the cooler's efficiency with minimal oil pressure loss or restriction
- The Jagg 10-row LowMount oil cooler system was designed to deliver – and keep a low-profile
- This mounting position is particularly suited to touring models with lower fairings
- Extreme performance in a compact package

Jagg Oil Coolers

VERTICAL FRAME MOUNT OIL COOLERS

Quality, Style, Performance: The Jagg SlimLine was designed for applications that demand exceptional performance and a stealthy, appearance.

- 6-row, 2-pass Jagg oil cooler design
- Powder coated gloss black to virtually disappear when mounted on the frame tube
- High-flow oil filter adapter (included!) features an automatic thermal by-pass – only cools oil when it's hot
- Designed with HyperFlow Technology: the engineered balance between performance & flow
- Includes everything for a quick and easy installation

VERTICAL FRONT MOUNT WIDELINE OIL COOLERS

Extreme performance in a compact package, the Jagg WideLine oil cooler was designed to exceed the cooling demands of the modern V-Twin motorcycle—and look good doing it. An unmatched 10-rows of cooling potential will end the discussion about heat.

- Integrated Jagg WeatherTek Fan pulls wind through the oil cooler when low vehicle speeds demand more airflow
- High-flow oil filter adapter (included!) features an automatic thermal by-pass – only cools oil when it's hot
- Designed with HyperFlow Technology: the engineered balance between performance & flow
- Includes everything for a quick and easy installation

Fan Assisted

NEW

SLIMLINE VERTICAL OIL COOLER SYSTEM

Quality, Style, Performance: Designed to mimic the rocker covers of the Twin-Cam motor, the Jagg Chrome oil cooler is as beautiful as it is functional. Unlike polished billet "heat sinks" sold as oil coolers, this is a high-performance Jagg oil radiator. The billet aluminum end caps and side cover are polished and heavily chromed to create a functional accessory that will provide as many envious glances as years of trouble-free service.

- 6-row, 2-pass Jagg oil cooler design
- Features chromed end-caps and outer edge to complement a heavily chromed ride
- Unique, highly-durable, Uralite clamps mount cooler in the direct airflow for great performance
- High-flow oil filter adapter (included!) features an automatic thermal by-pass – only cools oil when it's hot.
- Designed with Hyper Flow Technology: the engineered balance between performance & flow
- Includes everything for a quick and easy installation
- Installation time measured in minutes — extra riding time measured in years!

* Vertical frame-mount oil coolers may not fit models with lower fairings. Does not fit water-cooled models.

DELUXE DIAMOND CUT OIL COOLER SYSTEM

Available as a limited edition, the Jagg Deluxe Diamond Cut oil cooler kit features precisely machined end-caps with hundreds of angled cuts that reflect light and dress up any bike.

Quality, Style, Performance: The Jagg Deluxe oil cooler was the first Jagg oil cooler. Designed with the brushed air fins of the Harley-Davidson engine in mind, this stylish item mounts in the direct airflow as a functional solution for any H-D application.

- 6-row, 2-pass Jagg oil cooler design
- End caps feature Diamond Cut fins to complement brushed cylinder fins
- Unique, highly-durable, Uralite clamps mount cooler in the direct airflow for great performance
- High-flow oil filter adapter (included!) features an automatic thermal by-pass – only cools oil when it's hot.
- Designed with Hyper Flow Technology: the engineered balance between performance & flow
- Includes everything for a quick and easy installation
- Installation time measured in minutes — extra riding time measured in years!

* Vertical frame-mount oil coolers may not fit models with lower fairings. Does not fit water-cooled models.

OIL FILTER ADAPTER WITH THERMOSTAT

Built for reliable performance and easy installation, the Jagg part # 4550 oil filter adapter features a unique built-in oil by-pass valve and includes Pro Line swivel fittings for easy oil plumbing.

Installs between the oil filter landing and the oil filter for easy access to the oil supply to install an oil cooler. Built-in thermostatic oil valve allows oil to by-pass the oil cooler until reaching operating temperature for faster vehicle warmup times.

- Easy access to oil supply for the installation of an oil cooler
- Automatic thermostatic oil by-pass valve
- Flows oil through the filter first, for better flow
- Big-Twin carbureted EVO's with front-mount spin-on oil filters
- XL Sportsters, Buells
- The #4550 is required for oil cooler installation on `04-Up Sportsters

Description	Application	WPS #	List

Jagg Oil Coolers

GASKET SERVICE KIT

- Gasket, large o-ring, and instructions for servicing Jagg Offset Oil Filter Adapters
- Aluminum foam material (AFM) gasket provides leak-free seal between adapter halves
- Large rubber o-ring (square cross-section) seals rear face of adapter

Description	WPS#	List
Gasket Service Kit	821-2020	$10.50

OIL HOSE UPGRADE

- Set your bike apart and give your Jagg oil cooler installation a racy look with a set of performance braided oil hoses
- Hose features internal steel wire reinforcement and braided outer jacket for structure, toughness, and a racy look
- Hose finishers with integrated worm-drive hose clamps dress up hose ends and make for solid connections
- Hose separators manage hose lengths, keeping hose tight and tidy

UPGRADE KIT INCLUDES:

- 3-foot length of your choice of either: 821-2022 or 821-2023
- One pair of aluminum hose separators in matching color
- Two pair of aluminum hose finishers with integrated wormdrive clamps, in matching color

CARBONITE® CLUTCH KITS

This is our high end, highest heat resistance, and most durable product we offer. It is recommended for high end use and has been used in world class racing. It is very popular with the Police Drill Teams around the USA, because of its ability to slip and still maintain durability. It is far and away the best material available and comes with a lifetime warranty.

Carbonite® High Performance Clutch Kits are designed and engineered for maximum performance and durability in the most demanding performance applications.

Carbon Carbonite® based friction material:

- Carbon offers superior coeffcient of friction
- Carbon provides higher temperature capacity
- Decreases wear while increasing durability

Single side extra capacity clutches reduce heat:

- Additional friction element increases surface area
- Additional steel elements increase conductivity
- Balanced temperature and rapid heat dissipation

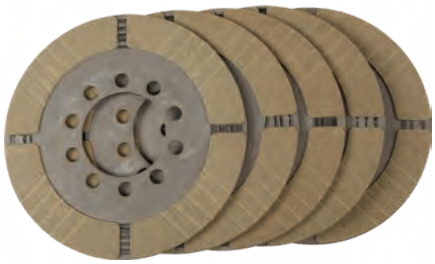
PERFORMANCE CLUTCHES

All clutch plates are made of either 6061 T6 or high-tempered steel with our own race proven friction material. Each plate design was tested so that maximum performance is achieved. Different groove patterns were designed for maximum oil circulation and heat dissipation. The steady flow of lubricant will cool and determine the longevity of your clutch.

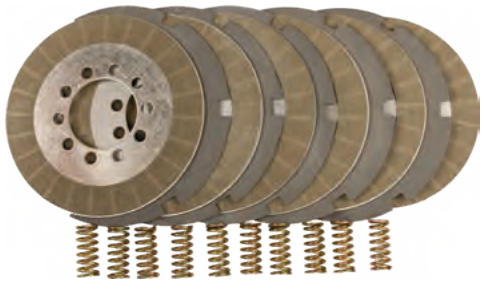


A

- Kit Includes 5 friction plates with tempered steel cores
- Maximum groove pattern for excellent heat dissipation & oil circulation (run wet or dry)
- Steel plates not included
- Made in the USA

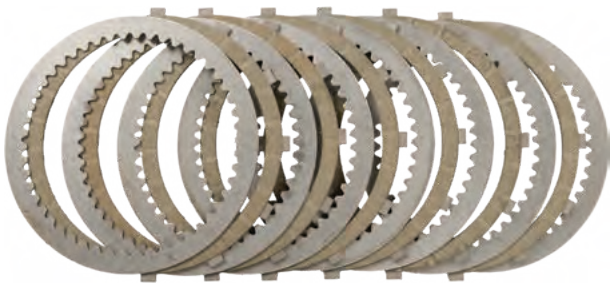
B

- Includes five friction plates (6061 T6 aluminum core)
- With maximum depth groove pattern for efficient heat dissipation and oil circulation
- Included are four tempered steel drive plates
- Made in the USA



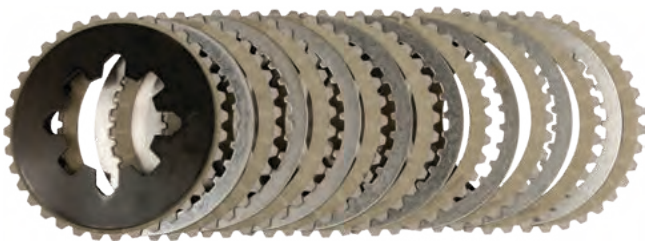
C

- High performance extra plate kit
- Includes 6 friction plates with 6061 T6 aluminum cores, 5 tempered steel drive plates and 10 Zero crush coil type clutch springs
- Stack height is preset for easy, accurate installation (run wet or dry)



D

- Includes six friction plates with tempered steel cores and seven tempered steel drive plates
- 25% wider than OEM clutch plates for a significant increase in clutch area
- Stack height is preset for easy installation (run wet or dry)



E

- High Performance Extra Plate Kit
- Includes nine friction plates on tempered steel cores, eight tempered steel drive plates and 15% stronger diaphragm spring
- Starburst groove pattern for maximum heat dissipation and oil circulation
- Preset stack height for easy installation
- 15% more clutch area for high performance strokers
- Remove OEM rivet plate!

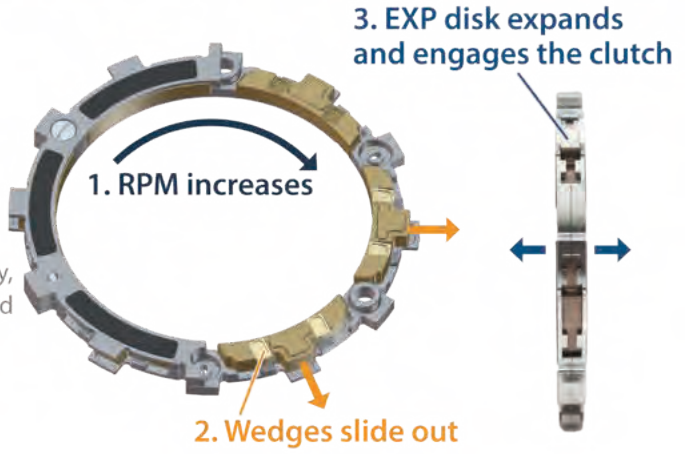
FEATURED TECHNOLOGY

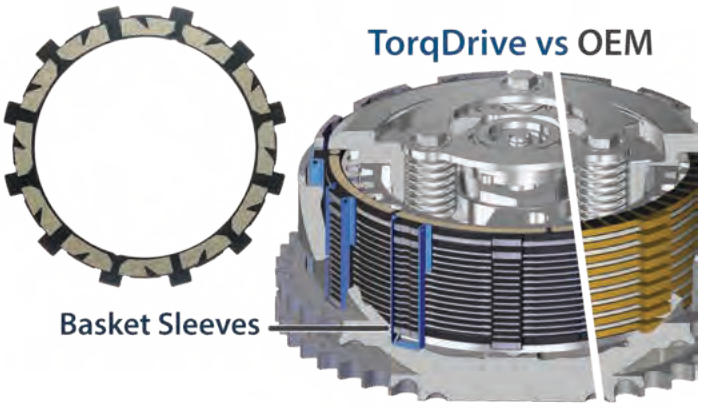
EXP
AUTO CLUTCH TECHNOLOGY

Using principles of centrifugal force, EXP technology automatically engages and disengages the clutch based on engine RPM to eliminate stalling. With EXP, riders can start and stop without touching the clutch lever. By eliminating engine stalling and optimizing power delivery, we provide riders an enriched riding experience, increased clutch life, and convenient navigation through stop-and-go traffic, while maintaining a fully functional clutch lever at all times.



TorqDrive®
CLUTCH DISK TECHNOLOGY

Our TorqDrive friction disk technology provides riders with added durability, a highly responsive feel and the torque capacity required to access the motor's full potential. TorqDrive disks feature a high strength steel core and friction material with unmatched energy capacity. TorqDrive delivers next level clutch control and consistency. Rekluse steel basket lining sleeves provide protection against basket wear and notching.



Core *(Applicable to Harley-Davidson® Sportster® models only)*
BILLET ALUMINUM COMPONENTS

Our Core technology is the foundation of Core EXP 3.0. Engineered and made from aerospace quality billet aluminum, Core components optimize oil flow, last longer and reduce temperatures to maintain consistent performance even in extreme conditions.

REKLUSE
clutch rEvolution

RADIUS$_X$

AUTO

RadiusX is a high-performance auto clutch combining TorqDrive® friction technology with our flagship automatic EXP disk, all within an OEM clutch footprint.

FEATURES AND BENEFITS

- Take off and stop in gear without using clutch lever – no more stalls
- Confidently navigate traffic and slow speed conditions
- TorqDrive® friction disks deliver increased torque capacity and power transfer
- Standard clutch lever function with full override capability

TorqDrive®

MANUAL

Unlock more power without compromising reliability. TorqDrive provides more disks in less space, allowing us to add up to 6 additional friction disks to the clutch pack over stock. More frictions = more torque capacity and less slip thus unlocking the full power of your engine without the need to add stiffer pressure plate springs or a lock up device.

FEATURES AND BENEFITS

- Plus 6 friction disks offers up to 50% stronger clutch engagement with no increase in lever effort
- Smoother shifting
- Improved lever feel
- Engineered to eliminate slip and tunable to handle high horsepower engines
- Steel core friction disks for improved heat dissipation and longer clutch life

CoreEXP 3.0

Available exclusively for Harley-Davidson® Sportster®

Core EXP 3.0 is a centrifugal auto clutch featuring Rekluse's EXP technology. Full clutch control and use of the lever is retained for a no-compromise riding experience. Core EXP 3.0 offers dead-on clutch engagement every time. Rekluse's billet center hub and pressure plate convert the clutch to six coil springs which improves lever feel, clutch performance, and durability.

AUTO

FEATURES AND BENEFITS

- Take off and stop in gear without using clutch lever – no more stalls
- Confidently navigate traffic and slow speed conditions
- Billet center hub and pressure plate converts clutch to 6 coil springs
  -Improves lever feel, clutch performance, and durability
- Increased oil flow through center hub and pressure plate
  -Decreases operating temperatures, increases clutch life
- Shifting transmission remains unchanged (clutch lever use is recommended for shifting)

REKLUSE
clutch rEvolution

RADIUSX AUTO CLUTCHES

RadiusX is a high performance centrifugal auto clutch combining our TorqDrive and EXP technologies. TorqDrive provides more clutch disks in less space, allowing for maximum performance within your bike's existing clutch footprint. You retain full control of shifting and use of your clutch lever with no compromise in power delivery.

- Dead-on clutch engagement every time
- Take off and stop in gear without using clutch lever – no more stalls
- Experience maximum power delivery
- Confidently navigate traffic and slow speed conditions
- TorqDrive® clutch pack delivers higher torque capacity and increased power transfer
- Rekluse sleeves eliminate basket wear and notching
- Standard clutch lever function with full override
- No modification to stock components
- Shifting transmission remains unchanged (clutch lever use is recommended for shifting)

CORE EXP 3.0 CLUTCH
FOR SPORTSTERS

Ever wish you could just let go of the clutch lever when stopped and not worry about a stall? Now you can with the Rekluse Core EXP centrifugal clutch. With this clutch pack replacement, you can now come to a complete stop in gear and accelerate using only throttle.

- Take off and stop in gear without using clutch lever
- Centrifugally activated technology automatically prevents engine stalls
- Cruise through traffic like you're on the open road – You don't have to hold the clutch in at a red lights or in heavy traffic anymore
- Effortless low speed maneuverability
- Cooler operating temperatures extend clutch pack life
- Standard clutch lever function with full override
- Shifting transmission remains unchanged (clutch lever use is recommended for shifting)
- No modification to stock components

CORE MANUAL TORQUE DRIVE CLUTCH

NEW

Core Manual TorqDrive delivers unprecedented performance and durability within your OEM clutch footprint. TorqDrive provides more disks in less space, allowing us to add 4 additional frictions disks over stock. More frictions equals more torque capacity thus unlocking the full power of your engine without the need to add stiffer pressure plate springs or a lock-up device. The clutch is converted from a diaphragm spring to 6 coil springs, allowing for increased tuning options and improved lever feel. The billet center hub and pressure plate work together to move more oil through the clutch, decreasing operating temperatures and increasing clutch pack life. Core Manual TorqDrive increases torque capacity by 20 percent while decreasing lever pull by 10 percent.

Application	Rekluse #	WPS#	List
`95-20 XL Models	RMS-7115006	156-9001	$699.00

SLAVE CYLINDER ASSEMBLY

NEW

The Rekluse slave cylinder was designed to create a mechanical advantage which reduces lever pull by over 30%, widening the friction zone while moving the modulation point closer to the handlebars. The hard anodized billet aluminum construction provides enhanced sealing and maximum durability. Rekluse has years of experience engineering and manufacturing high performance billet slave cylinders for motorcycle applications, making this a proven solution you can trust. The Rekluse slave cylinder is a direct bolt-on OE replacement product.

EMD
Esteves Motorcycle Design

BIG TWIN PRIMARY COVERS

The EMD/Billy Boy primary cover is directly inspired by the design of the Panhead/ Knuchlehead tin primary cover housings from the Forties. The Snatch primary cover design is inspired by the finned primary covers from the golden age of choppers. They install in place of your OEM primary cover and will bring the ultimate vintage, bobber and chopper look to your project!

- Manufactured in die cast aluminum, CNC milled gasket surface
- OEM mounting hardware reusable
- Derby cover hardware included (chrome)
- Seal kit not included, please order separately
- Billy Boy cover available in “Raw” with chrome derby cover or “Black” with chrome derby cover

HYDRAULIC CLUTCH ACTUATOR COVERS

Pro One billet hydraulic clutch actuator is the easy way to add a hydraulic clutch to your 5-speed Big Twin. CNC machined from solid billet aluminum. Fits all 1987-2006 Harley-Davidson Big Twin models with 5-speed (Except 06 Dyna Glide). Includes instructions, all chrome mounting hardware, chrome banjo bolt with copper banjo washers, and bleeder screw. Compatible with OEM or 11/16" bore aftermarket master cylinders (not included). Hydraulic line from master cylinder to hydraulic clutch not included.

BAKER DRIVETRAIN
INNOVATIVE DRIVETRAIN COMPONENTS FOR AMERICAN MOTORCYCLES

7-SPEED DIRECT DRIVE BUILDERS KIT

- Shorter first gear ratio (numerically higher) to help with the off the light get up and go, as well as slow speed maneuvering around the bar parking lot
- Fully assembled gear set and shift system. No adjustments needed for installation
- The DD7 re-uses the stock shifter pawl and includes a new main drive gear bearing and seal, door, top and side cover gaskets
- Compatible will all types of aftermarket hydraulic side covers, as well as the stock Screaming Eagle versions
- Direct slide in installation. No case modifications needed. Clears all exhaust and works with all after market clutches
- Includes a new transmission top cover that holds the linear, roller bearing mounted, shift detent
- Easy to find neutral, every time. Smooth shifting without the the stock clunks or 'jerks' when engaging
- Upgraded ARP 12 pt stainless steel bolts included. For transmission top and side cover as well
- Included BAKER Direct Drive 7 Speed Stock Side Cover emblem
- Backed by a 5 year limited warranty

Application	Description	Year	WPS#	List
Touring	7-Speed direct drive builder`s kit w/ chrome trap door	`07-16	**821-1000**	**$2994.95**

	7-Speed direct drive builder`s kit w/ wrinkled black trap door	`06-17	**821-1001**	**$2994.95**

6-SPEED DIRECT DRIVE BUILDERS KIT

- Pre-assembled gearset, ready to easily install, featuring helical cut 4th, 5th, and 6th gears for noise reduction, and straight cut gears in 1st - 3rd for strength in the torque ranges.
- 28 tooth compensating sprocket necessary for maintaining the stock 1st - 5th ratios included. Overdrive is obtained through the primary, reducing the overall rpm in 6th gear by 400-500rpm depending on the application.
- Roller detent shift drum with fixed spindle, eliminates shimming and misalignment. Finding neutral is very easy with a redundant neutral detent.
- Shifter pawl assembly with improved geometry for a perfect response. Includes a built in over-shift protection for smooth precise shifting.
- Gears are manufactured with 8620 hardened gear steel for long life and dependability.
- 120 ft-lb torque capacity, applications that exceed this rating should use the Overdrive 6-speed rated at 165 ft-lb torque capacity.
- Available with 3.24 1st gear, or 2.94 1st gear.
- Backed by a 5 year limited warranty.

OVERDRIVE 6-SPEED BUILDERS KIT

THE ORIGINAL 6-SPEED TRANSMISSION

This is the ORIGINAL 6-speed design that revolutionized the American V-Twin industry. Yet, it's still the best overdrive 6-speed built to this day… hands down. Our OD6 is built to comfortably handle the power from todays big-inch motors. This transmission is rated for motors putting out up to 165ft/lbs of continuous use. It is available as a complete transmission with a wide variety of case options and configurations, or as a builder's kit for your stock case application, which requires little to no modification. The BAKER OD6 is available with many optional gear ratios to match your engine torque and riding style.

- Billet 6061-T6 bearing door
- 1/8" thick bearing retainer plate
- Redundant Neutral smooth shift system
- Hard chrome plated shift forks
- Diamond cut gearset made out of 8620 steel
- Optional Gear Ratios
- All transmission seals, gaskets and hardware
- 5 year limited warranty

BAKER DRIVETRAIN
INNOVATIVE DRIVETRAIN COMPONENTS FOR AMERICAN MOTORCYCLES

6 – INTO – 4 TRANSMISSION

Years ago we came out with the 6-into-4 for Shovelheads. Sales of these transmissions have been a complete shocker and the message is loud and clear: People love their Shovelheads and they ride the piss out of them. We often get asked “why not a 5-into-4?”. This is because 4-speeds have a 1:1 fourth gear and Evo 5-speeds do as well. This provides no RPM advantage to your old iron. 6-into-4 s have a 1:1 fifth gear and a .86:1 sixth gear; good for a 500 RPM reduction on the highway. Our original 6-into-4 transmission is a direct replacement for the 1970-Early 1984 4-speed. This year we have main shaft options that allow fitment into wet (diaphragm) clutch model Shovels and 4-speed Evo models that require a longer main shaft and shorter ones for Pan and Knuckle. Available with different kicker covers.

- 6061-T6 extruded billet case with the nostalgic look of 4-Speed and precision machined for no leaks
- 5th mounting stud machined into the case, for pure strength and no weak points
- BAKER Klassic Kicker gears, stainless steel kick arm, and bronze pedal standard
- Case available with or without primary flange; raw, wrinkle black, or polished
- 23 tooth sprocket standard
- Forged top cover available with or without neutral switch
- Modern 5-speed style shift drum and shifter pawl for smooth quick shifts
- Electronic speed sensor provision on right rear of case
- Comes standard with a BAKER 5 Year/50,000 mile warranty

PULLEY SPACERS

Aluminum spacers that are ideal for lining up pulleys and sprockets. The spacers can easily be machined down to the next size under without having to worry about the spigot alignment when you machine the face of the spacer down to the desired thickness. They are drilled for up to 7/16" bolts. Can also be used as disc spacers.

BAKER DRIVETRAIN
INNOVATIVE DRIVETRAIN COMPONENTS FOR AMERICAN MOTORCYCLES

SPROCKETS

- .900" offset sprockets are the maximum offset that can be used without any modification to the stock inner primary. This makes it possible to run a 180 rear tire with no transmission offset or primary drive monkey-business required. Some rear fender modification may be required
- .500" offset sprockets series permits use of a wider tire than stock and great flexibility in dialing-in your secondary drive ratio.
- .200" offset sprockets are modeled after the factory 21 tooth sprocket, except this series is available with various tooth counts for flexibility in dialing-in your secondary drive ratio

821-1100

AMERICAN V-TWIN PRODUCTS

TRANSMISSION SPROCKETS

- These new sprockets are a great OE replacement
- Sprockets are precision machined with hardened teeth for more mileage
- The off-set sprockets are an easy solution when installing a slightly wider tire without offsetting the primary or transmission
- Off-set sprockets are available in 1/2"

PULLEY LOCK PLATE

- Lockplate with bolts.

Application	WPS#	List
Fits Big Twins `93-06 except `06 Dynas (Repl. OEM 40251-92A)	**820-53210**	**$6.95**

All sprockets are heat-treated one-piece construction, machined on computer controlled lathes to assure the highest quality and longest wear available. Remember, when you buy PBI sprockets, you are buying an unbeatable combination of guaranteed quality, experience, competitiveness and availability. Ask for PBI sprockets by name.

REAR SPROCKETS

MADE IN THE USA BY THE PROS FOR THE PROS!

- Manufactured from 7075 T6-51 aluminum
- Stronger than steel sprockets in tensile, yield and shear strength
- Far lighter than steel for less unsprung weight
- Made from full thickness aluminum for maximum strength
- Available in a full range of tooth sizes

Material	Brinell Hardness	
Plain Aluminum	6061-T6	95
Mild Steel	1010	116
PBIs aircraft alloy aluminum	7075-T6-51	150

COUNTERSHAFT SPROCKETS
OEM REPLACEMENT

- CNC machined from solid high grade 8620 alloy steel
- Broached specially for maximum spline-to-shaft contact providing optimum load bearing
- Heat-treated for long life and extended wear resistance
- Finished with an electroless nickel plating for corrosion, wear resistance and lubricity
- Manufactured in USA
- ADD TOOTH COUNT TO END OF PART NUMBER WHEN ORDERING

Supersprox

STEALTH SPROCKETS

NEW

Supersprox-stealth is about longer life, without compromising weight. Primary goal, to last 3 times longer than an all aluminum sprocket and remain as light as possible. It's about performance and function first and last. Supersprox-stealth is infinitely better than steel! You just can't achieve this level of strength on a steel sprocket with the same weight. Sure, there are light steel sprockets out there, but they can't handle the torque. Pound (lb) for foot pound (ft/lbs), Supersprox-stealth is the best.

Stealth sprockets feature an aluminum carrier, available in silver or black, with a black steel tooth ring.

3D CHAIN

EK ThreeD (3D) Premium motorcycle chain is Elegant, Strong, Detailed and Magnificent. It offers the ultimate shape with flexibility and strength. EK Chain set out to produce a premium chain that was as beautiful as it is strong. An impressive outer plate shape that offers a curved form to reduce weight and increase appeal is connected together with inner plates and pins that feature lightening holes to further reduce mass. QX2 X-Rings have a better wear-resistance and performance than standard QX-Rings by 30% resulting in a chain that puts 1% more power to the rear tire.

5 CONCEPTS TO MAKE OUR IDEAL "ThreeD" CHAIN A REALITY

IMPRESSIVE

- Ultimate plate shape
- 3D-designed with a beautiful curved form is an evolutionary shape

DYNAMIC

- Astonishing transmission efficiency
- Smooth and powerful acceleration

ELEGANT

- Bright Silver, Gold and Black premium chain
- Nothing but our 3D design makes it possible to have an elegant form and everlasting beautiful light reflection

ADVANCED

- Applying brand-new revolutionary process of manufacturing
- Far better than standard chains in every aspect such as fatigue strength, product quality and light weight
- Aiming for no initial stretch

LIGHT

- Slim design with minimum weight
- Produced by our exclusive technology to strengthen a chain without making it heavy.
- Weight per 100 links 530Z=4.81LB

MVXZ2 SERIES COLORED CHAIN

- For Offroad, ATV and 600-1000cc street applications
- Lightening holes on side plates
- Friction reducing QUADRA-X Rings
- X-Rings have greater sealing surface and less friction than O-ring chains
- Gives your bike the factory works look
- Larger pin diameter than standard chains make chains stronger and last longer

EK CHAINS

ZVX3 THE PINNACLE OF CHAIN TECHNOLOGY

- Ultra strong: ZVX3 series chains easily surpass every other brand with a tensile strength of 11,100lbs.
- New NX-ring lasts 15% longer than ZVX series
- Minimizing the clearance between the plates for improved stiffness and weight
- Available in metallic colors and natural finish

SRO SERIES O-RING
(SRO, SRO-Z, SRO-5)

For Dirt, ATV and Street applications

- High quality O-ring chain seals in lube and keeps water and mud out
- Solid rollers and entended anti-kink bushings increase chain longevity
- Japanese made chain with quad staked riveting of pins into side plates
- Available in gold and standard finish

Links	WPS#	List

SUNSTAR

RTG SEALED CHAIN

- Utilizes Sunstar's exclusive TG-ring (TripleGuard) where the ring seals with 3 lips per side for the ultimate in heat prevention and keeping the chain lubricated even in extremely harsh conditions
- The 520RTG1 is the perfect choice for racing / performance oriented applications with 520 chain size. With a tensile strength of 9900 lbs, the 530RTG1 is intended for the large displacement sport machines like Ninja 1400, GSX1300R Hayabusas and others
- Color option: Gold
- Uses rivet type connecting link

VORTEX®

CHAINS

- Drilled links reduce rotating mass
- Tri Glide X rings reduce friction
- Quad peened pins, pre stretched to ensure proper fit
- RX3 Roadrace series chains are intended for road race/track use only
- All Vortex chains come with a rivet style master link, a clip style link is available for the SX3 series chains only (sold separately)

FIRE POWER

STANDARD & HEAVY DUTY CHAINS

- Designed and manufactured in Japan
- Hardened and shot peened components
- Solid rollers, pre-stretched
- All chains are available in natural finish, gold finish available depending on chain pitch/length
- All chains supplied with clip style master links
- All rolls of chain include 5 master links per 25' of chain
- See page 403 for specification chart

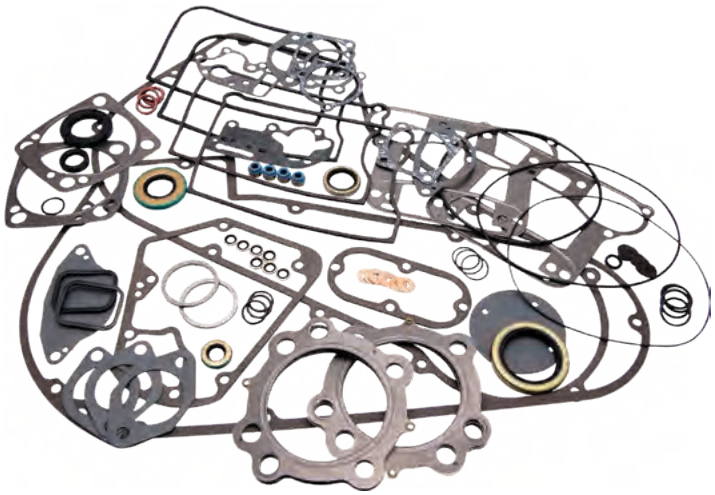
EVO BIG TWIN GASKETS & SEALS

- At Cometic Gasket, our goal is to offer the latest in gasket technology
- Materials, manufacturing processes and gasket designs are constantly improving to match the higher level of performance for today's powerful V-Twin engines
- Cometic Gasket Kits for Harley Davidson models include every gasket, seal, washer, and o-ring needed for a complete overhaul
- When purchasing a Cometic gasket kit, you can rest assured that every component will be the best solution for your application
- EST "Extreme Sealing Technology" kits are available in Complete Motor Kits and Top End Kits
- **Harley-Davidson® EST Gasket Kits** contain MLS Head Gaskets, Steel Viton coated Base Gaskets, blue Viton Valve Stem Seals and AFM material



All individual gasket list prices are per each

EVO SPORTSTER GASKETS & SEALS

COMETIC GASKET

- At Cometic Gasket, our goal is to offer the latest in gasket technology
- Materials, manufacturing processes and gasket designs are constantly improving to match the higher level of performance for today's powerful V-Twin engines
- Cometic Gasket Kits for Harley Davidson models include every gasket, seal, washer, and o-ring needed for a complete overhaul
- When purchasing a Cometic gasket kit, you can rest assured that every component will be the best solution for your application
- EST "Extreme Sealing Technology" kits are available in Complete Motor Kits and Top End Kits
- **Harley-Davidson® EST Gasket Kits** contain MLS Head Gaskets, Steel Viton coated Base Gaskets, blue Viton Valve Stem Seals and AFM material

All individual gasket list prices are per each

COMETIC GASKET

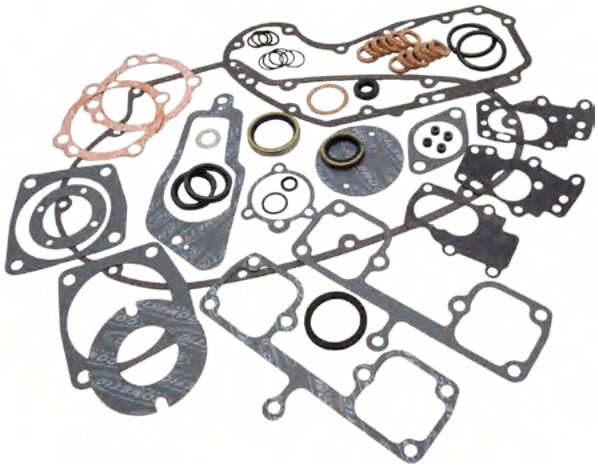
IRONHEAD SPORTSTER GASKETS & SEALS

- At Cometic Gasket, our goal is to offer the latest in gasket technology
- Materials, manufacturing processes and gasket designs are constantly improving to match the higher level of performance for today's powerful V-Twin engines
- When purchasing a Cometic gasket kit, you can rest assured that every component will be the best solution for your application
- Low Compression, .063" Head Gaskets
- Head Gaskets are .032" copper except where noted and Base Gaskets are .031"
- Kit contains all of the necessary gaskets, seals and o-rings to rebuild the motor from the cylinder base up



All individual gasket list prices are per each

COMETIC GASKET

V-ROD GASKETS & SEALS

- Provide maximum sealing performance for today's high output engines and require no sealants
- Ideal for aluminum heads to aluminum blocks and aluminum heads to cast iron blocks withstanding the shearing force created by the two materials.
- No need to re-torque, the embossing design of the MLS gasket promotes an even clamp load across the sealing surface allowing for measurable reduced bore distortion

STANDARD MOTORCYCLE PRODUCTS

VACUUM OPERATED ELECTRIC SWITCHES

Standard Motor Products® Vacuum Operated Electrical Switches (VOES) are produced from high tech engineered thermoplastics and are 100% calibrated and vacuum tested to assure the accuracy and reliability of each part. Our self assembly kits allow the user to select a part from various preset levels of calibration for their specific tuning needs. Kits come complete with bracket, crimp terminals and instructions for easy installation.

Description	OEM#	WPS#	List
FXST `84-90, FLT `86-89, XL `86-93	26558-84	**275-01150**	**$61.95**

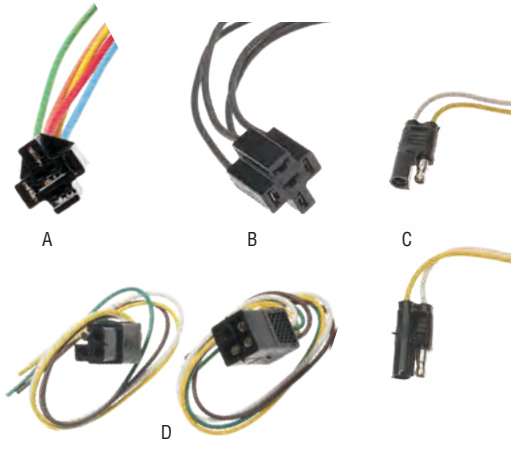
HEADLIGHT CONNECTORS

- Replacement and retrofit headlight connectors for H4 bulbs in both male and female versions
- Female version is a complete replacement for the OE socket, terminals and wires
- Temperature thermoplastic withstands temperatures in the confined space of the headlight housing for long term use and reliability
- Male version is for off-road applications and can be used when converting to an LED headlight without the need to alter your factory wiring

Description	WPS#		List
Complete replacement for OE socket, female version	**275-01140**		**$10.50**
LED headlight conversion connector, male version	**275-01141**	*	**$11.50**

*Not DOT approved. For aftermarket LED headlight assemblies



CONNECTOR ASSEMBLIES

These relay connector assemblies come pre-wired and are ready to install, making the life of the custom bike builder and the mechanic much easier

AMERICAN V-TWIN PRODUCTS

REGULATORS

- Meet / Exceed Original Equipment specifications
- High Power and quality SCR (Silicon Controlled Rectifier) utilized to allow a cooler operation
- High temperature and environmentally protected (sealed) encapsulation
- High temperature – Late technology circuit board utilized on higher watt-density surface mount applications where heat issues are a major concern. This approach minimizes thermal impedance and conducts heat more effectively and efficiently than standard printed wiring boards that are used on products available through OEM or other manufacturers.
- High temperate and voltage OEM grade wiring harness

Cycle Electric Inc
Made in U.S.A

ALTERNATOR KITS

- Cycle Electric alternator kits combine our state of the art stator with our legendary bullet proof rectifying regulator and a stock Harley rotor
- Better low speed output
- Smoother charge to the battery for crisper starting and longer battery life
- Durable and longer lasting system
- Full two year guarantee and are 100% American made

Note 1: These kits include the Screamin Eagle® Big Twin Compensator upgrade. Starting on the 2006 & later Dyna®, 2007-2010 Touring and 2007 & later Softail® models (except FXCW, FXCWC and FXSTSEE3) the compensator spring cup is built in to the alternator rotor.
Note 2: Not recommended for use with oil coolers that mount in front of the regulator. Cycle Electric Inc. does not recommend installing an oil cooler in front of any regulator.
Note 3: Will not fit with low mount oil cooler.
(L) = Low volt for use with battery in a horse shoe oil tank
(P) = Pass through Wiring
(NB) = No battery, requires a magneto for the ignition

STATORS

Cycle Electric Inc Made In U.S.A

- Insulation able to withstand temperatures of 600° F to eliminate stator burn out
- Better low speed output to reduce battery discharge at an idle
- Lower operating temperature for longer service life
- Improved plugs that will not swell or separate

GENERATOR

- Cycle Electric Inc. manufacturers the model 65A 12V and model 61 6V generators to Harley-Davidson specifications for restoration purposes
- The model 65A is rated at 10 amps and the model 61 at 15 amps They are both capable of producing 20-30 amps. For this reason it is very important to have a properly working current limiting regulator to restrict amperage draw on the generator to (10 amps on the 65A, 15 amps on the 61 model). Improper regulation may cause generator damage not covered under warranty
- Complete charging system for generator bikes
- It features simplified wiring, higher output, longer service life
- This is the last generator you will have to buy for your bike.

MOTORCYCLE COMPANY

STARTER BUTTON

Tired of committing the reach around? The guys at NMC have come up with a stylish solution. Their new starter plunger is the perfect aftermarket alternative, with a 1 ¼" black knob and an overall length of 4 ¼". The plunger comes with a black powder coated steel body, steel shaft and bronze bushing. Just reach down and give it a push and start your bike.

STARTER CLUTCHES

- Lifetime warranty
- Clutches come with heavy duty bearings and hardened intermediate gear
- These newly developed clutches are by far the most durable high quality clutches in today's marketplace
- They were developed by MES using special metals, high temperature springs, and special hardness coated cam and rollers
- Economy starter clutches are delivered without bearing, slipper mechanism only

HIGH TORQUE STARTERS

- ALL BALLS starter motors are manufactured with all new components that have been fine-tuned for starting the H-D V-Twin engine
- All starters are supplied with a 10/32 threaded output shaft, and a conversion bolt for the earlier 1/4-20 threaded output shafts to cover all Big Twins from 1989 thru 2005
- Idler gears are manufactured from cold-heated steel
- End frames are cold-chamber die cast and machined on precision fixtures
- Armature hairpins are resistance-fused to the commutator
- Our clutches utilize 20% oversize rollers

DIAG4® BIKE

SERIAL DIAGNOSTIC SYSTEM

Professional diagnostic tool for Harley Davidson & Buell workshops and tuning centers. Diagnoses electronic fuel injection module (EFI) and others (Security modules, ABS, etc.) through the diagnostic connector. The system consists of a communication interface with Harley-Davidson adapter, USB cable for connection to your Laptop (PC) and software compatible with Windows XP, Vista, 7, 8 and 10. A wireless Bluetooth version of the interface is also available. An adapter for CAN-BUS models is included. The system performs the following functions and more. Software for Indian and Victory is also available.

OVERVIEW OF CONTROL UNITS THAT CAN BE DIAGNOSED ON HARLEY DAVIDSONS

- Ignition Module
- EFI (Electronic Fuel Injection Module) - All models
- TSSM (Turn Signal Security Module)..... Key FOB with button
- HFSM (Hands Free Security Module)..... Key FOB without button
- BCM (Body Control Module).....Key FOB without button
- Gauges (Speedo, Tach and Instrument Module) - All models
- ABS Module (Delphi + CAN models) - All models
- Radio and Audio all models
- Thunder MAX EFI
- Read and Clear Diagnostic Trouble Codes.....All models
- Read Identification data (part numbers, VIN number).....All models
- Monitoring real-time data (throttle position, temperature, oxygen sensors, turn signals etc.)
- Test actuators (injectors, coils, main relay, fuel pump, idle, turn signals, tachometer, lamps etc.)
- Buell diagnostics are incorporated in Harley-Davidson diagnostics
- Unit of measure selection metric/standard
- Communication interface is CAN ready (models with 6-pin connector)

MOTORCYCLE REPORT

Search for and identify all embedded control units. Read fault code memory + generate and print a diagnostic report with odometer reading

TOOLBOX

- (Special functions that can be performed)
- Module replacement –TSM, TSSM, HFSM, BCM,
- ABS Service (Bleeding and configuration, Delphi + CAN models) - All models
- ACR (Automatic compression release during starting)
- Cruise Control, Exhaust actuator, EITMS.....enable/disable
- Side Stand Switch Configuration - All Models
- Intake Solenoid Valve Configuration on CAN Models
- Radio customization- region code and speaker configuration, radio pairing
- J&M Audio Configuration
- ABS Telltale Configuration on CAN Models
- Idle speed adjustment 800 - 1200 rpm (models with Delphi Electronic Fuel Injection Module)
- TSSM Customization..... PIN read/change, Auto arming disable/enable etc.
- HFSM Customization..... Key FOB assignment/ replacement, Auto arming disable/enable, PIN read/ change, Side car and Service Mode (disable/ enable)
- BCM Customization..... Key FOB assignment/ replacement, Auto arming disable/enable, PIN read/change, Lights configuration, keyless ignition
- Disarming (HFSM/BCM module).....PIN read/FOB assignment on armed bike (for BCM modules a CAN disarming cable is needed)
- Buell TPS adjustment
- Dataloging
- ABS Module (embedded/ not embedded)
- Speedo module pairing
- Wheel size adjustment (Speedo calibration)
- Odometer unit setting

DIAG4 BIKE® PARALLEL DIAGNOSTIC SYSTEM

ACTIA® ACTIA CZ CZECH REPUBLIC

Parallel diagnostics are designed for measuring input and output signals from the electronic fuel injection module (EFI) and other modules. Measurements can be made on running engines. The system consists of a wiring harness adapter and breakout box. The breakout box is inserted between EFI module and motorcycle´s wiring harness so that the system continues to function as normal. Monitoring points for all connector pins of the EFI module are clearly arranged on the breakout box. It is possible to measure signals and waveforms from all systems and actuators. Disconnecting the ECU from the breakout box allows quick and reliable check of the integrity of the wiring harness in respect to continuity, and leakage currents. Universal connector kit includes common adapters (73 connectors) for non-destructive diagnostic operations on the wiring harness.

DIAG4® BIKE

EFI TUNING SYSTEM

- The tuning system is intended for Harley-Davidson engines equipped with DELPHI EFI (diagnostic communication J1850 or CAN BUS)
- The tuning system is integrated into the software of the diagnostic system DIAG4BIKE, the basic tuning software DIAG4TUNE is included as a FREE option in the diagnostic software versions 12 and later. To tune an individual motorcycle a TUNING DONGLE must be purchased that can be used for that specific motorcycle.
- The tuning process does not require the installation of additional component(s) or any motorcycle harness modification. Tuning is achieved through modification of the EFI Calibrations (software modification/reflash) exclusively via the diagnostic connector.
- The first step in TUNING is saving of the original EFI calibration. The tuning operator can restore the original EFI Calibration at any time during tuning process (stock calibration)
- The tuning process is used to optimize FUEL MAPS to accommodate any changes to the configuration of engine components or accessories (exhaust or/and intake system etc.)

A) BASIC TUNING DONGLE

The Basic Tuning Dongle enables EASY MODE in the tuning software. EASY MODE provides the ability to adjust fuel trim tables, acceleration enrichment and spark advance tables manually in a limited range of +/- 20%. Closed loop mode can be switched on or off and Throttle By Wire speed up function can be activated (crisper response). Other functions are restricted.

	Description	WPS#	List
A	Tuning Dongle Basic	867-02050	$154.95
B	Tuning Dongle Advanced	867-02051	$248.95
	Dongle Pack 3+1	867-02052	$994.95
C	AFR Tuning Monitor	867-02070	$474.95
D	Lambda Installation Kit	867-02071	$1425.95
E	Lambda Install Kit Mini	867-02072	$460.95
F	Open Exhaust Adapter	867-02073	$235.95

B) ADVANCED TUNING DONGLE

The key function of the Tuning Dongle is to save the original EFI calibration. With this function the original calibration can be restored at any time, the tuning dongle also incorporates the tuning licence exclusively for one motorcycle and must be purchased for tuning of each individual motorcycle and will be mated to the ECM of that motorcycle. It enables ADVANCED MODE in the tuning software. Custom fuel maps and timing tables can be created as desired with the help of the AFR tuning monitor or downloaded from a database of preset maps.

C) AFR TUNING MONITOR

The AFR Tuning Monitor is used for the advanced tuning mode and consists of two wideband Air/Fuel ratio sensors and a compact electronic unit. It is an option for the DIAG4BIKE communication interface and can be used with a roller station or on road tests to develop custom fuel maps.

D) LAMBDA INSTALLATION KIT

This set is an option to the AFR Tuning Monitor. It allows you to install a pair of wide band sensors on all exhausts where it is not possible to simply replace the installed O2 sensors (M18 thread). The set contains a powerful double pump, which ensures high accuracy and measurement speed of the actual AFR in each cylinder. The pump is powered by a 12V supply and can therefore also be used for road testing.

E) INSTALLATION SET LAMBDA MINI

This set is an option to AFR Tuning Monitor. It allows you to install a pair of wide band lambda sensors on all exhausts where it is not possible to simply replace the installed lambda sensors (M18 thread).

F) OPEN EXHAUST ADAPTER

Daytona Twin Tec LLC
Engine Controls for Harley-Davidson® Motorcycles

DIAGNOSTIC SCAN TOOLS

A. TWIN SCAN 4 COMPLETE KIT

- Includes both Twin Scan II ABS and Twin Scan 4 ABS units
- WEGO IIID Interface
- Two Bosch LSU 4.2 wide-band oxygen sensors
- Two 18 x 1.5 mm weld nuts, two 18 x 1.5 mm hex socket plugs
- USB cable, probe kit, and software on CDROM

B. TWIN SCAN 4 ABS KIT

- Compatible with 2011-2018 Softail®, 2012-2017 Dyna® and 2014+ Sportster® and 2014+ Touring models with CAN data bus (all models with a 6-pin diagnostics connector)
- Real time display of engine data on instrument panel type display
- Includes two analog inputs with 0-20V or +200V range
- Features two channel scopemeter capability for waveform display
- Analog inputs can also be used for air/fuel ratio
- Uses laptop PC for display, includes Windows software

C. TWIN SCAN II ABS

- Compatible with 2003-2006 carbureted models with new 12 pin ignition module
- Anti-Skid Brake System (ABS) brake bleeding functions for 2008-2013 Touring models
- Support for 2006-2013 closed loop fuel injection systems
- Real time display of engine data on instrument panel type display
- Uses laptop PC for display, includes Windows software

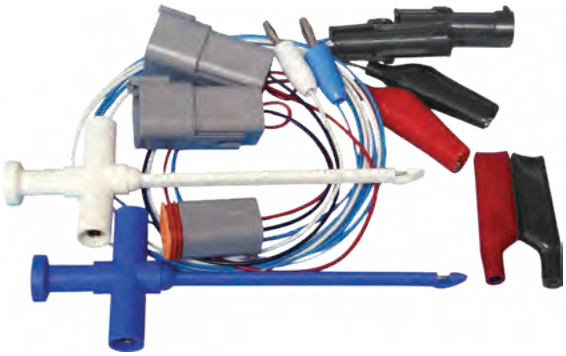
See pages 488 for part #s and prices

Daytona Twin Tec LLC
Engine Controls for Harley-Davidson® Motorcycles

DIAGNOSTIC SCAN TOOLS

D. TWIN SCAN PROBE KIT

- For scopemeter feature
- Two insulation piercing probes
- 12 volt power adapter



E. TWIN SCAN WEGO UPGRADE KIT

- For customers with any Twin Scan II or 3 version
- Includes WEGO IIID Interface
- Two Bosch LSU 4.2 wide-band oxygen sensors, two 18 x 1.5 mm weld nuts, and two 18 x 1.5 mm hex socket plugs

	Application	WPS#		List
A	Twin Scan 4 Complete Kit	132-7066		$1460.55

*Compatible with 2001-2013 HD fuel injected models using the Delphi system (including V-Rod) with J1850 data bus.
Not compatible with 2011-2014 Softail and 2012-2014 Dyna models with CAN data bus

DYNATEK dyna performance electronics

2000i 2KI PROGRAMMABLE IN CONE IGNITION

The Dyna 2Ki Programmable Ignition is the newest addition to the successful line of Dyna 2000 ignition systems. The 2Ki not only adds to, but extends many features of the best selling Dyna 2000 module out of sight in a completely new design that fits in the cone of Shovelhead and Evolution engines. Not legal for use in California on pollution controlled vehicles - Check local laws before installing.

- Single Fire operation down to zero rpm for easier cranking
- 8 advance curves to cover a broad range of engine builds and riding styles.
- Engine over rev protection adjustable from 6000 to 7500 rpm.
- Adjustable timing retard for nitrous and turbo applications.
- Active Dwell Control.

Description	Year	WPS#	List
Carbureted Models Module Only `98-03 Sportster (Except XL1200S) Big Twins	`70-98	133-3014	$273.95

DYNA 2000 PROGRAMMABLE IGNITION MODULE

The Dyna 2000 Digital Ignition System for Harley-Davidson Motorcycles, which has become the standard for performance and versatility in the Harley aftermarket, has been enhanced to include even more features. Including expanded advance curve functionality, vacuum advance compensation, and a special Retard Mode for use with turbocharged and nitrous bikes.
The Dyna 2000 allows selection between four different advance curves and four independent rev limiter settings from 6000 to 7500 rpm.
Dyna 2000 ignition modules use the stock factory pick-up and simply plug into the existing factory wiring harness on 1991-1998 model bikes. Not legal for use in California on pollution controlled vehicles - Check local laws before installing.

Application	WPS#	List
Digital HD Single/Dual Fire	133-3008	$273.95
Digital HD Single/Dual 8 Pin	133-3009	$273.95
Digital HD Dual Fire	133-3010	$223.95
Digital HD Dual Fire 8 Pin	133-3011	$223.95
7 to 8 Pin Adapter	133-3012	$69.95
Extension Harness	133-3013	$98.95

DYNA 2000 PROGRAMMABLE IGNITION KITS

The Dyna 2000 Digital Ignition System for Harley-Davidson Motorcycles, which has become the standard for performance and versatility in the Harley aftermarket, has been enhanced to include even more features. Including expanded advance curve functionality, vacuum advance compensation, and a special Retard Mode for use with turbocharged and nitrous bikes.
The Dyna 2000 allows selection between four different advance curves and four independent rev limiter settings from 6000 to 7500 rpm.
Dyna 2000 ignition modules use the stock factory pick-up and simply plug into the existing factory wiring harness on 1991-1998 model bikes. This kit also includes the appropriate performance ignition coil. Not legal for use in California on pollution controlled vehicles - Check local laws before installing.

DYNA S IGNITION SYSTEM

The Dyna S High Performance Ignition System, designed for Harleys, is a complete self-contained electronic ignition system built with the latest state-of-the-art engineering. This is the same ignition used by top racers over the past 2 decades. The Dyna S is completely housed behind the ignition cover and uses a magnetic rotor with the original spark advancer, so the factory advance curve is maintained. Not legal for use in California on pollution controlled vehicles - Check local laws before installing.

Note: Must be used with 5 ohm coils for street operation

Description	WPS#	List
1970 & Later (Dual Fire)	**133-3001**	**$139.95**
1970 & Later (Single Fire)	**133-3002**	**$166.95**

DYNA S IGNITION KIT

The Dyna S High Performance Ignition System, designed for Harleys, is a complete self-contained electronic ignition system built with the latest state-of-the-art engineering. This is the same ignition used by top racers over the past 2 decades. The Dyna S is completely housed behind the ignition cover and uses a magnetic rotor with the original spark advancer, so the factory advance curve is maintained. Dyna high tech coils for Harley-Davidson Big Twins and Sportsters are American made, top quality performance coils . Tested and proven on street, racing, and touring motorcycles for over fourteen years. Dyna coils produce spark voltages in excess of 30,000 volts and spark energies second to none. All Dyna Coils are guaranteed against defects in materials and workmanship. Not legal for use in California on pollution controlled vehicles - Check local laws before installing.

- The 133-3003 Dyna S and coil system includes a 133-1086 high energy coil
- The 133-3004 Dyna S and coil system is designed for single-fire applications; includes two Dyna coils

Application	WPS#	List
1970 & Later (Dual Fire)	**133-3003**	**$209.95**
1970 & Later (Single Fire)	**133-3004**	**$316.95**

DYNA 2000 TC IGNITION

Dynatek's TC88 Digital Performance Ignition signals a new era in Twin Cam ignition power and capability. The TC88 enhances the power of the Single Fire ignition by allowing selection between 16 programmable advance curves, covering the entire range of engine modifications. From stock to insanely modified engines, the TC88 provides the widest range and highest level of advance curve functionality for Twin Cam available in today's market. There are also eight different rev limiter settings from 5750-7250 rpm. All TC88 functions have full digital accuracy to insure maximum performance with unparalleled quality. Not legal for use in California on pollution controlled vehicles - Check local laws before installing.

Application	Year	WPS#	List

DYNA COILS

Dyna Performance Replacement Coils are high tech, top quality coils, designed for maximum performance. They produce spark voltages in excess of 30,000 volts and spark energies second to none. Dynatek coils are available in a wide variety of resistances and output configurations to allow easy replacement of stock coils. Dynatek coils work with factory electronic ignitions, points, and aftermarket ignitions. Choose from four body styles and five different primary resistance ranges to match your ignition needs. Advanced magnetic core technology of the Dynatek Mini Series Coils delivers high output in one of the smallest packages available. Great for customs where coils need to be hidden.
Before selecting a coil, check the coil primary resistance requirements as specified by the manufacturer of the ignition being used.
The Dyna Twin Fire coil is the new standard for performance and packaging efficiency for single fire ignition installations on Harley-Davidson Motorcycles. The Twin Fire coil incorporates two individual performance ignition coils into one easy to mount package. This solves the problem of trying to mount two ignition coils on Harleys when installing single fire ignition systems. The Twin Fire coil is only slightly larger than the stock Harley coil and uses the stock mounting bracket. The Twin Fire coil will fit under the tank on XL AND FLH models as well as in the stock location on the side of the motor for FXR models or rear of the motor for Dyna and Softail models. The DC6-4 is used for all dual spark plug head applications. The Dyna Twin Fire coil can be used with any electronic advance ignition system that incorporates dwell control, but cannot be used with the DS6-2 Dyna S or similar ignitions. Not legal for use in California on pollution controlled vehicles - Check local laws before installing.

Ignition Power Relay Kit	132-7018	$22.05

COMPU-FIRE
Performance Starts Here!™

COILS

NEW

- 3 OHM, 50,000 volts
- Not for EFI models
- Not for use on Dyna S, or points style ignitions
- 139-10012 for aftermarket ignitions
- Sold Each
- Made in the USA

Description	Application	WPS#	List
Single Fire	`70-98 BT, `72-01 XL	139-10012	$96.00
Dual Fire	`80-02 BT (except EFI)	139-10013	$71.95

COMPU-FIRE Performance Starts Here!™

IGNITION MODULE NEW

- Uses advanced Hall-Cell triggering and surface mount technology
- Built in timing LED light, for ease of set up static timing
- Soft start circuitry allows easy starts with low-battery conditions
- Not for EFI applications
- Requires mechanical advance unit

Description	Application	WPS#	List
Dual Fire Points Conversion, Mech. Advance	`70-99 BT,`71-01 XL Models	139-10001	$122.95
Single Fire Points Conversion, Mech. Advance	`70-99 BT, `71-01 XL Models	139-10002	$144.95
Dual Fire Electronic Advance (except EFI)	`70-99 BT, `71-01 XL Models (except XL "S" models)	139-10003	$191.95
Single Fire Electronic Advance (except EFI)	`70-99 BT, `71-01 XL Models (except XL "S" models)	139-10004	$191.95

INGNITION KITS NEW

- This kit makes it easy to convert over to single fire ignition system
- Kit includes ignition module, single fire coil (mounts in OEM location, under OEM cover), spark plug wires
- Rev limiter adjustable from 6000 rpm up to 7500, also has the ability to shut rev limiter off
- Static timing LED light makes installation easy
- 139-10011 has timing retard for race applications
- Made in the USA

Description	Application	WPS#	List
Single/Dual Fire, Kickstart	`70-99 BT (except EFI) `71-01 XL (except "S") Models	139-10009	$373.95
Single/Dual Fire, Electric Start	`70-99 BT (except EFI) `71-01 XL (except "S") Models	139-10010	$373.95
Single /Dual Fire w/Timing Retard	`70-99 BT (except EFI) `71-01 XL (except "S") Models	139-10011	$373.95

ELITE IGNITION MODULE NEW

- 139-10008 for race application (works with power adders such as Nitrous or turbo)
- All electronics mount under the timing cover
- Feature selectable advance curves in both single or dual fire (8 advance curves in either mode)
- Adjustable rpm limiter
- Static timing LED light for easy installation
- Made in the U.S.A
- Not for EFI models
- Not for Sportster "S" models

Description	Application	WPS#	List
Single/Dual Fire kit, Stock and Mild Performance	`70-99 BT,`71-01 XL models	139-10005	$287.95
Single/Dual Fire kit, Hi Performance	`70-99 BT,`71-01 XL models	139-10006	$287.95

REPLACEMENT PARTS			
`84-99 EVO Models	Stator 40A, for Compu-Fire 3 Phase Systems	139-10014	$175.95
`99-Up Twin Cam Models	Stator 40A, for Compu-Fire 3 Phase Systems	139-10015	$175.95
Compu-Fire Phase 3 system	Vented 40A Rotor	139-10016	$123.95

CHARGING SYSTEM

- For 22 and 32A charging systems.
- Not for EFI applications
- Made in the USA

Application	Description	WPS#	List
`81-99 Big Twin (except EFI)	32A Charging System	139-10017	$261.95
`99-03 Twin Cam (except EFI)	32A Charging System	139-10018	$508.95
`81-99 Big Twin (except EFI)	32A Stator	139-10019	$93.95
32A Charging System	32A Stator	139-10020	$192.95
`81-99 Big Twin	Rotor, Non-Vented (OEM 29957-81B)	139-10026	$113.00

ELECTRICAL ROTOR

- Designed to work with 32A charging systems
- 139-10027 designed for aftermarket EVO motors
- Made in the USA

Description	Application	WPS#	List
Rotor, Non Vented	`81-99 BT/EVO (OEM 29957-81B)	139-10026	$113.00
Rotor 32A, Non Vented	Replacement for Aftermarket EVO Motors	139-10027	$113.00

ACCEL SUPER COILS

- The standard by which other coils are measured
- Faster rise times, higher voltage, and maximum spark energy to the plug
- Delivers up to 45% more voltage than OE coils
- Available for both electronic and points triggered ignitions
- Designed to fit in stock locations and under most coil covers
- Covered by ACCEL's famous limited Lifetime Replacement Warranty
- Not legal for use in California on pollution controlled vehicles - Check local laws before installing

STEALTH SUPERCOILS

The all new ACCEL Stealth SuperCoil is the hottest looking and best performing ignition coil on the market.
The ACCEL Stealth SuperCoil eliminates the need for ignition wires forever by mounting the coil directly to the spark plug. A beautiful cast aluminum cover holds the coil in place and acts as a functional heat sink to pull heat away from the cylinder head. All wiring is hidden in the fins of the head for a clean and custom look. Like all of our SuperCoils, the Stealth SuperCoils are covered by ACCEL's famous limited lifetime warranty.

274-0061

Features

- Mounts the coil directly to the spark plug
- Custom, clean, wireless appearance
- Proven automotive technology for your air cooled Twin Cam
- Maximum spark energy to the plugs
- Limited Lifetime Warranty

COMP MASTER IGNITION ADVANCE ASSEMBLY

The Comp Master™ advance assembly kit is made from a high grade stainless steel so it won't rust. The weights are completely saturated with a specially formulated polymer coating that protects it from heat saturation, reduces friction, strengthens the component and makes it more efficient. The kit includes the center bolt. The Comp Master™ advance unit was created to not only upgrade a points style ignition, but also to enhance the early electronic ignitions and to convert electronic ignitions back to the simplicity of a points ignition.

Fits all models up to the introduction of the Twin Cam models.

Description	WPS#	List
Ignition Advance Unit Assembly	827-07100	$72.00
Timing Screw	827-07101	$9.00

HIGH PERFORMANCE IGNITION WIRE

All Moroso spark plug wires feature silicone plug boots that withstand high temperatures (up to 600°), and have a silicone jacket to reduce heat and chafing. Locking stainless steel terminals that stay connected under high vibration and are fully compatible with the Harley-Davidson® ION sensing coils used on virtually all late model bikes. Moroso High Performance Ignition wire combines state of the art engineering with the Finest "Made In the USA" workmanship and the very highest standards of quality control available.

Suppression

- Nylon Pull Tape provides unbeatable pull strength and terminal retention.
- Glass center Core offers high tensile strength
- 8mm Silicone Jacket
- Extra Thick EPDM Layer of Insulation provides greater dielectric strength
- Locking Stainless Steel Plug Terminals
- High-temperature silicone boots that can withstand heat up to 600 degrees

Spiral Core

- Nylon Pull Tape provides unbeatable pull strength and terminal retention.
- Stainless steel alloy conductor greatly improves spark energy
- 8mm Silicone Jacket
- Extra Thick EPDM Layer of Insulation provides greater dielectric strength
- Patented core that's four times stronger than Aramid cores
- Locking Stainless Steel Plug Terminals
- High-temperature silicone boots that can withstand heat up to 600 degrees
- Ferrite Impregnated Core tunes EMI Suppression characteristics

Ultra 40

- 8.65mm diameter, 40 ohms per foot resistance
- Features of these 8.65mm wires include:
- 100% Compatible with HD's ION Sense Ignition Coils
- Patented core that's four times stronger than Aramid cores
- Class-leading 40 ohms of resistance per foot
- Nickel copper alloy conductors for superior spark energy transfer
- Extra-thick EPDM layer for greater dielectric strength
- High-temperature silicone boots that can withstand heat up to 600 degrees
- Locking stainless steel plug terminals

CUSTOM FIT WIRE SETS

READY TO INSTALL

300+ RACE WIRE

- 8.8mm, 150 ohms per foot
- Designed specifically for race-winning or maximum street performance
- Compatible with both factory and aftermarket electronic ignitions and points
- Delivers peak performance even at temperatures over 550 degrees
- 8mm sets available for carbureted Twin Cam applications, not recommended for EFI systems
- Available in both ready to install custom fit sets and universal kits
- Gloss black

RACING CABLE

Designed to deliver maximum spark energy for today's extreme performance applications.

- High performance RED SILICONE outer shell for maximum heat resistance and durability
- High quality ceramic resistor (5k ohm) enhances protection against RFI (radio frequency interference) which can disrupt electronic ignition performance and lead to misfire
- Molded cap design keeps water out, giving you the confidence needed to win races
- Solid copper wire strand inner core
- Resistor covers in either straight or 90 (degree) configurations
- Fits most applications for watercraft, snowmobiles, motorcycles and karts
- In-line wire connector provides a hassle free watertight connection – sold separately

INDEXING WASHER KITS

Indexed spark plugs align the open end of the electrode toward the intake port. The hottest flame meets the new fuel charge for a performance gain, increases fuel mileage and plug life. This is a speed secret car racers have used for years. You simply mark the electrode side of the plug with a magic marker on the porcelain. You then shim the plugs with the washers to align the electrodes toward the intake ports.

Fits 14mm threaded spark plugs.

Application	Includes	WPS#	List
2 Cylinder	8 washers	14-1106	$7.50
3 Cylinder	12 washers	14-1107	$8.50

- Made from the finest materials available to ensure long trouble free operation
- Premium quality platinum tip is more durable than other plug material
- Maintains proper gap much longer than standard plugs
- Pure copper center electrode for reduced fouling
- Enjoy easier starting, smooth idling and increased performance
- Sold in packs of 2

HIGH PERFORMANCE U-GROOVE SPARK PLUGS

- Patented U shaped ground electrode produces a wider, hotter spark
- Heavy duty 5 rib insulators prevent flashover
- High quality copper/nickel alloy electrode
- Highly foul resistant and dissipates heat better than any other material
- Improves engine efficiency and reduces emissions
- Increases throttle response

Application	Year	OEM #	U-Groove	List	Platinum	List	Box Qty

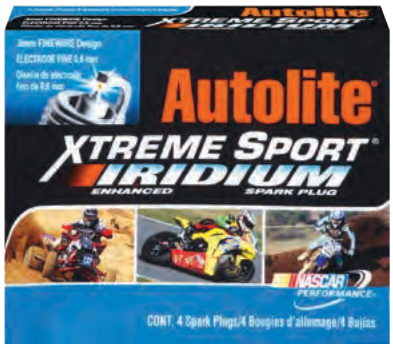
Autolite®

COPPER CORE2

- Copper-glass seal bonds insulator, terminal post center electrode together; assures full required voltage at spark gap; gas-tight seal (100% leak proof)
- Multi-rib insulator reduces danger of “flash-over”
- One-piece terminal post adds strength
- Resistor reduces radio frequency interference (RFI) and electrode erosion
- Cold-formed steel shell precision rolled threads
- Full copper core electrode provides better performance in all conditions
- Verify all cross reference listings before purchase, free Autolite catalog available, WPS# 4-4444

All Autolite Spark Plugs sold in BOX quantities of 4, priced each

EXTREME SPORT IRIDIUM



- Engineered to meet or exceed OE designs and withstand the extreme operating temperatures experienced during a power sports engine’s combustion
- Iridium-enhanced 0.6mm fine wire design for improved ignitability, faster fuel combustion and a more focused ignition versus standard plugs
- Up to 26 percent quicker starts compared to that of standard plugs and as much as 21 percent less hydrocarbon emissions than standard plugs, which promotes better fuel efficiency and horsepower
- Verify all cross reference listings before purchase, free Autolite catalog available, WPS# 4-4444

HardDrive
AMERICAN V-TWIN PRODUCTS

WMD LITHIUM BATTERIES

- Lithium Ion Polymer technology
- All components are designed, manufactured, assembled and packed in one location assuring high quality and consistency
- Fitments for most Harley Davidson® and other V-Twin motorcycles
- Extremely lightweight, 50% to 70% lighter than standard batteries
- Heavy duty case and terminals
- Increased cranking amps over lead acid batteries
- Fast recharge, can be brought up to 90% charge in within 6 minutes
- Easily 6 to 12 times more cycle life compared to lead acid batteries
- Long shelf life, up to 1 year before requiring recharging
- Can be mounted in any position
- No hazardous acid or heavy metals, non-explosive and non-combustible
- No shipping restrictions!
- More precise fitments, foam spacers are not required!
- 2 Year warranty

HardDrive
AMERICAN V-TWIN PRODUCTS

PREMIUM FACTORY ACTIVATED BATTERIES

- Higher CCA rating compared to same series standard factory activated batteries (GYZ32HL boasts 32 amp hours and 500 CCA)
- Non-spillable design
- AGM separators
- Heavy duty terminals
- Made in the USA!
- 1 Year warranty

Battery Model Number	Cranking Amps	WPS#	List
GYZ16HL/YTX14L	240	**490-2658**	**$114.95**

Freshening charge is recommended prior to installation.

FACTORY ACTIVATED SEALED BATTERIES

- Designed for American V-Twin motorcycles
- Heavy duty brass terminals
- Activated and sealed at the factory (freshening charge is recommended prior to installation)
- Calcium alloy technology: Improves cranking power and helps give the battery longer life
- Valve regulated lead acid design: Sealed non-spillable design eliminates leakage
- Safety valve flame arrestor: Safely regulates internal pressure
- Tight-pack absorbed glass mat separators: Absorbs acid & reduces damage due to vibration
- Spill-proof sealed battery: Sonically sealed cover allows for angled battery mounting if needed for more mounting options
- 1 Year warranty

Freshening charge is recommended prior to installation.

ANTIGRAVITY BATTERIES

RESTART LITHIUM ION BATTERIES

- The Antigravity Restart lithium battery is the first battery manufactured with built-in jump-starting technology, so you won't ever get stranded with a dead battery again! This compact, lightweight lithium-ion battery directly replaces many OEM powersport batteries and can also be used in custom applications
- The Restart batteries features include a BMS (battery management system) with over and under voltage and thermal protection along with real time lithium ion cell balancing
- For custom/high performance applications, make sure to match the cranking amps needed for the application to the appropriate battery
- Antigravity only recommends the use of a powersports specific lithium battery charger.

Restart batteries include a 3 year pro-rated, non-transferable warranty (registration of the battery with the manufacturer is required within 30 days of purchase by the retail customer). All warranties are to go back through Antigravity.

Restart batteries are not for use with internally modified V-Twin engines or V-Twin engines 103 cubic inches (1680cc) or larger, warranty will be void if used in these applications. Not for use in watercraft applications.

* Heavy duty/increased cranking amp rating

ANTIGRAVITY BATTERIES

SMALL CASE LITHIUM ION BATTERIES

- Most compact of lithium motorsports batteries available
- Ultra-lightweight and high-power
- Can hold a charge up to a year provided there are no “parasitic drains” (accessories that draw power when bike is off - i.e. alarms, ECUs, GPS, heated grips, etc)
- Large all-brass terminal design
- Can be installed in any orientation

A

Antigravity batteries include a 3 year pro-rated, non-transferable warranty (registration of the battery with the manufacturer is required within 30 days of purchase by the retail customer). All warranties are to go back through Antigravity.

Not for use with internally modified V-Twin engines, warranty will be void if used in these applications.

FIRE POWER

1yr Warranty On All Fire Power Brand Batteries!

CONVENTIONAL 6 AND 12 VOLT BATTERY KITS

- Meets or exceeds OEM specifications
- Extremely strong polypropylene cases to withstand impacts and vibration
- 1 year warranty on all batteries if properly pre-serviced and charged
- Anti-Sulfate treated for longer life
- Shelf-life almost infinite due to dry-charged plates
- Designed for higher cold cranking AMP capacity
- Comes with pre-measured acid pack

MAINTENANCE FREE 12 VOLT BATTERIES

- Absorbed Glass Mat (AGM) technology
- Sealed impact resistant polypropylene case
- A must for motorcycles and ATVs that require a sealed battery
- 1/2 the price of an OEM sealed battery
- Must be mounted in upright position
- Comes with pre-measured acid pack

SEALED FACTORY ACTIVATED BATTERIES

- Advanced Absorbed Glass Mat (AGM) technology
- Sealed maintenance free design
- 1 Year free replacement warranty
- Battery comes filled and pre-charged from the manufacturer (freshening charge recommended before installation)

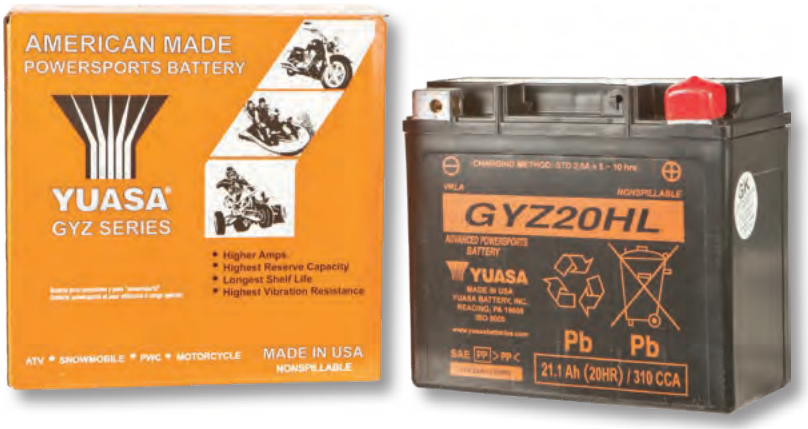
YUASA BATTERY

GYZ SEALED

- Highest CCA rating compared to the same series lead acid batteries
- AGM separators, Non-Spillable design
- Heavy duty flush terminals
- 1 year warranty
- **Factory filled and sealed**



GRT SEALED

- Once filled and permanently sealed "Install it and forget it"
- Easily meets or exceeds all OEM requirements
- Will hold a specific gravity 3 times longer than a conventional battery
- Contains sulfate stop to retard sulfation on plates
- 1 year warranty
- **Comes with pre-measured acid pack**

YTZ MAINTENANCE FREE

- 12 Month Warranty
- Longer life than conventional batteries
- Spill-proof design
- No additional hazardous shipping fees
- Discharges less in storage for longer life
- 1 year warranty
- **Factory filled and sealed**

YUMICRON

- 30% more cranking power than conventional batteries
- Heavy duty polypropylene case and cover heat sealed together
- Patented sealed posts
- Contains sulfate stop to retard sulfation on plates
- 1 year warranty
- **Must purchase acid pack separately**

BATTERY CABLE KITS

- All Balls battery cables are manufactured with pure electrolytic grade, 36 gauge copper wire strands
- Increase starter performance by reducing voltage losses from undersized battery cables
- The 7 over 7 bundling of the copper strands maximizes current flow and flexibility of the cable
- The outer jacket material is rated for 257°F and is oil and gas resistant
- Cables are available in individual lengths, application specific cable kits, and 25ft custom cable kit allowing for custom build lengths

FIRE POWER

DIGITAL BATTERY TESTER

- Tests cold cranking amps (CCA) on all 12 volt lead acid, lead gel and lithium batteries
- Works with powersport and automotive batteries
- 2000 CCA test capacity
- Shows, voltage, state of charge and state of health of the battery
- Adjustable backlight display, can be used in varying light conditions
- Also capable of testing most automotive and some powersport vehicle charging systems*
- Includes storage case

CCA capacity of the battery will need to be known for proper testing, CCA list is included with the instructions. Contact WPS if your powersport battery is not listed.

*The primary intention for this tester is to analyze a batteries condition, if it does not analyze a charging systems condition properly, it does not mean that the tester is at fault.

Description	WPS#	List
Digital Battery Tester	**490-9951**	**$199.95**

12 VOLT/2 AMP BATTERY CHARGER

Charges and maintains all 12 volt lead acid, gel and lithium iron phosphate (LiFePO4)/lithium ion polymer powersport batteries.

- CONSTANT CURRENT CHARGE - If the battery voltage is over 10 volts, the charger will deliver a 2 amp charge until the battery reaches 14.2 volts
- MAINTENANCE CHARGE - When the battery reaches 14.2 volts, the charger will automatically convert to maintenance mode. The charger will revert to charge mode when the voltage drops below a specified voltage
- LOW VOLTAGE RECOVERY - If battery voltage is below 8 volts, the charger will apply a .2 amp charge to recover the battery, once the battery reaches 8 volts, the charger will apply a .5 amp charge, at 10 volts a full 2 amp charge is applied until the battery is fully charged
- AUTOMATIC VERIFICATION STAGE - Charger automatically stops charging if the battery does not reach at least 10 volts after 2 hours of charging
- SAFETY - Power is not passed thru the charging leads unless they are connected to a battery
- LED indicator light shows charging status
- Includes heavy duty clamps and fused ring terminal SAE adapter

WPS#	List
490-9950	**$69.95**

6 AND 12 VOLT BATTERY CHARGER

- Converts from 6 to 12 volts at the flick of a switch
- Snap-cord style leads
- Economically priced

Description	WPS#	List
Charger	**56-1111**	**$28.95**
Replacement Battery Leads	**56-1110**	**$3.75**

4 AMP SELECTABLE

The Battery Tender® 4 Amp Selectable is an automatic and easy to use battery charger that will keep your battery fully charged and ready to go when you are. Whether it is 6 or 12 volt AGM, Lead Acid or Lithium, the Battery Tender 4 Amp Selectable has the proper charge algorithm for charge and maintenance to ensure long term battery health.

- Selectable Battery Chemistry- has battery chemistry selection with proper charge algorithm for lead-acid, flooded or sealed maintenance free (AGM and gel cell), and Lithium batteries.
- 6/12 volt selectable
- Complete 4-step charging program (Initialization, Bulk Charge, Absorption Mode, Float Mode)
- Automatically switches to float/ maintenance voltage after fully charging the battery
- If the battery voltage drops too far under load, full charger output power resumes
- Solid state two color LED indicates stage of charger
- Spark proof reverse polarity protected
- Meets California and Oregon appliance energy efficiency standards for battery charging systems
- 5 year warranty

Description	WPS#	List
6/12 Volt, 4 amp	**56-1120**	**$79.95**

1.25 AMP SELECTABLE

The Battery Tender® 1.25 Amp Selectable is a fully automatic battery charger that will keep your battery fully charged and ready to go when you are. With a 6 and 12 volt option, this charger has the proper charge algorithm for charge and maintenance to ensure long term battery health.

- 6 and 12 volt selectable
- Complete 4-step charging program (Initialization, Bulk Charge, Absorption Mode, Float Mode)
- Automatically switches to float/ maintenance voltage after fully charging the battery
- If the battery voltage drops too far under load, full charger output power resumes
- Solid state two color LED indicates stage of charger
- Spark proof, reverse polarity protected
- Meets California and Oregon appliance energy efficiency standards for battery charging systems
- 5 year warranty

Description	WPS#	List
6/12 Volt, 1.25 amp	**56-1115**	**$74.95**

JUNIOR SELECTABLE

The Battery Tender® Junior Selectable is much more than a trickle charger. It has a brain. It's lightweight, compact, and fully automatic; very easy to use, especially in small spaces. It will keep your Lead Acid, AGM or Lithium battery fully charged so that it is ready to go when you are!

- Output: 12v @ 800mA
- Selectable Battery Chemistry- has battery chemistry selection with proper charge algorithm for lead-acid, flooded or sealed maintenance free (AGM and gel cell), and Lithium batteries
- Complete 4-step charging program (Initialization, Bulk Charge, Absorption Mode, Float Mode)
- Automatically switches to float/maintenance voltage after fully charging the battery
- If the battery voltage drops too far under load, full charger output power resumes
- Solid state two color LED indicates stage of charger
- Spark proof, reverse polarity protected
- Meets California and Oregon appliance energy efficiency standards for battery charging systems
- 12' output cord
- 5 year warranty

Description	WPS#	List
Junior 12 volt, .8 amp	**56-1119**	**$39.95**

JUNIOR™

- Lightweight, compact in size ideal for those hard to fit spots
- Trickle charger with a brain will assure batteries are maintained after charging and always ready to go!
- Fully automatic two-stage lead-acid battery charger is perfect for all lead-acid, sealed maintenance free and gel cell batteries
- After reaching peak 14.4 VDC, charger automatically switches to 13.2 VDC float voltage
- When voltage drops below 12.6 VDC, charger resumes charging back to 14.4 VDC
- Solid state two color LED indicates state of charger
- 5 Year Warranty

These chargers do NOT meet California/Oregon appliance efficiency standards.

Description	WPS#	List
12 volt weatherproof	**56-1131**	**$53.50**

PLUS

SAFE, RELIABLE, TROUBLE FREE BATTERY CARE!

Developed to maintain batteries in vehicles not in constant use and stored over lengthy periods of time.

FULLY AUTOMATIC CHARGER

- Automatically switches after fully charging to storage charge; constantly monitors the battery without the damaging effects of trickle charging
- After a full charge is reached, the Battery Tender automatically converts to a float charger and monitors the battery at 13.6 volts
- Improved circuit design provides better absorption for sealed batteries
- 5 year warranty

ALUMINUM CONSTRUCTION
Equipped with 6' power cord, 6" output cord with clamps, and 6" quick disconnect output cord.

These chargers do NOT meet California/ Oregon appliance efficiency standards.

Description	WPS#	List
Standard Type	**56-1130**	**$71.95**
QUICK DISCONNECT LEADS		
Leads with Clamps black connector	**56-1137**	**$7.95**

25' Extension Lead	**56-1139**	**$17.95**
Cigarette lighter adaptor	**56-1141**	**$7.95**

MULTIPLE BANK PLUS

The multiple bank Battery Tender Charging Stations have two or four encased 1.25 amp battery chargers designed to fully charge a battery and maintain it at proper storage voltage without the damaging effects caused by trickle chargers. This charger will operate anywhere in the world!

- 2 or 4 independent charging stations
- 12 volts @ 1.25 amps per station
- Operates anywhere in the world, 100-240 VAC 50/60 Hz
- Microprocessor controlled constant current charging
- Reverse polarity protected, spark proof
- Perfect for all AGM (absorbed glass mat), sealed maintenance free and flooded batteries
- Complies with US and international safety standards (UL/CE)
- 2 year warranty

These chargers do NOT meet California/Oregon appliance efficiency standards.

25' extension lead	**56-1139**	**$17.95**

BATTERY MANAGEMENT SYSTEMS

- Charges/maintains up to 5 or 10 batteries simultaneously, 6 or 12 volts @ 4 amps
- AGM/Standard or GEL/Lithium 12V switchable
- To avoid dangerous dead-short sparking, microchip circuitry will not activate output voltage until clips are correctly connected to battery
- Maintains batteries at full charge
- 4 amps per output charging current
- Clamps included
- Safety timer: 25 hrs.
- AC power cord length: 6 ft. - 16 AWG
- DC output cord length: 10 in. - 16 AWG
- 3 Year limited warranty

3.0 BATTERY CHARGERS

NEW

- Charges/maintains lead acid and lithium-ion batteries (see specification chart)
- Start voltage sensor detects dead batteries as low as 1 volt
- Force mode allows manual charging of extremely dead batteries (down to 0 volts)
- Built-in battery desulfation mode to recover worn-out batteries (Genius 5/Genius 10)
- Smart indicators quickly detect when the battery charger is connected in reverse polarity, connected to an incompatible battery, or if the battery is failing
- Detachable clamps for permanent charging cable installation
- Genius 2D has vehicle direct mount option (includes mounting bracket and strap)

XGB SERIES BATTERY PACKS

Water, dust and impact resistant portable charging.

A/B. XGB3 SERIES

- Ultra-portable, 3000 mAh/11.1 Wh, 1 amp in/out
- Charges smartphones, HD cameras, GPS units and more
- Recharge from any USB port (charging cord included)
- XGB3L includes 250 lumen LED tactical flashlight w/3 brightness options and strobe

C. XGB6 SERIES

- Ultra-portable, 6000 mAh/22.2 Wh, 2.1 amp in/out
- Built-in glow light
- Charges smartphones, tablets, eReaders HD cameras, GPS units and more
- Recharge from any USB port (charging cord included)

D. XGB12 SERIES

- Ultra-portable, 12000 mAh/44.4 Wh, 2.1 amp in/out
- Built-in glow light
- Charges smartphones, tablets, eReaders HD cameras, GPS units and more
- Recharge directly from a Noco XGrid ® solar panel or any USB port (charging cord included)

YUASA BATTERY

12 VOLT 1 AMP BATTERY CHARGER

- 3 color LED displays battery charge status at a glance
- Automatically switches when battery is fully charged to maintenance mode
- 5 year limited warranty
- California and Oregon compliant
- Includes ring and clamp style leads

Description	WPS#	List
12V 1 amp charger	49-1100	$48.95
Replacement ring leads	49-1602	$7.50

12 VOLT 3 AMP BATTERY CHARGER

- 2 independent charging stations
- Charges 6 volt & 12 volt batteries
- Automatic charging and maintenance maximizes battery life
- OEM-approved 5-stage charging algorithm saves time and energy
- Active desulfation to recover sulfated batteries, not for use with lithium batteries
- Defective battery detection to eliminate surprises
- California and Oregon compliant
- 5 year limited warranty

MICRO-START JUMP START PACKS

ANTIGRAVITY BATTERIES

SPORT

FEATURES:

- Compact size, 5" x 2.8" x .875", weighs just 9.75oz
- Enough power to start up to a 5 liter non-modified gas engine
- Charges/powers most all personal electronic devices (except laptops)
- Built-in LED flashlight with 3 beam modes
- Recharges from any standard USB power port

INCLUDES:

- Micro-Start Sport PPS
- Nylon carry case, holds and keeps all parts neatly organized
- Smart mini jumper clamps with multiple safety protections built-in (prevents reverse polarity connection, over-charge, over-discharge, short-circuit, back-charge)
- Universal 4-into-1 USB cable (Tips: Mini USB, Micro USB, Type C USB, Apple 8-pin)
- Instruction manual

Description	WPS#	List
Micro-Start Sport	**58-7100**	**$99.99**

SPECIFICATIONS:

- Power: 150 continuous/ 300 peak amps
- Capacity: 7,500 mAh
- Charging port: USB 5V
- Flashlight: 70 Lumen LED

Not for use with diesel or large displacement V-Twin engine

XP-1

FEATURES:

- Dimensions: 6.75" x 3.25" x 1", weighs 15.25oz
- Enough power to start up to a 6 liter non-modified gas engine
- Charges/powers most all personal electronic devices including 19 volt laptops (not compatible with 16 volt Apple)
- Built-in LED flashlight with 3 beam modes
- Recharges from any standard USB power port, cigarette lighter outlet or included wall charger

INCLUDES:

- Micro-Start XP-1 PPS
- Leatherette carry case, holds and keeps all parts neatly organized
- Smart mini jumper clamps with multiple safety protections built-in (thermal protections & multiple safety features: prevents reverse polarity connection, over-charge, over-discharge, short-circuit, back-charge)
- Universal DC cable for most all 12V accessories & 8 detachable laptop tips (fits many but not every laptop charging port. Fits: Apple, Acer, Dell, HP, Asus, more)

Description	WPS#	List
Micro-Start XP-1	**58-7102**	**$149.99**

SPECIFICATIONS:

- Power: 200 continuous/400 peak amps
- Capacity: 12,000 mAh
- Ports:19V + 12V + two USB 5V
- Flashlight: 110 Lumen LED

- Universal 4-into-1 USB cable (Tips: Mini USB, Micro USB, Type C USB, Apple 8-pin)
- Mobile charger (plugs into cigarette lighter socket)
- Home charger (plugs into wall outlet)
- Instruction manual

XP-3

FEATURES:

- Dimensions: 6" x 3" x 1", weighs 15oz
- Enough power to start up to a 5.7 liter non-modified gas engine
- Charges/powers most all personal electronic devices (except laptops)
- Built-in LED flashlight with 3 beam modes
- Recharges from any standard USB power port, cigarette lighter outlet or included wall charger
- Not for use with large displacement V-Twin engines

SPECIFICATIONS:

- Power: 200 continuous/400 peak amps
- Capacity: 8000 mAh
- Ports: Two USB 5V
- Flashlight: 110 Lumen LED

• INCLUDES:

- Micro-Start XP-3 PPS
- Nylon carry case, holds and keeps all parts neatly organized

Description	WPS#	List
Micro-Start XP-3	**58-7101**	**$119.99**

7” ADAPTIVE LED HEADLIGHTS

The Adaptive 2 Series headlights have been improved to feature Adaptive technology when using the high beam, in addition to the low beam. Providing ditch-to-ditch lighting to eliminate dark corners on sharp turns and a punch of light 1,500 feet down the road to give you a safer and more confident ride to master the corners.

- Improved to feature adaptive technology with the high beam, in addition to the low beam
- On-board intelligence senses leaning angles when cornering to control light
- Dynamically fills in dark areas while turning
- Breakthrough improvement in visibility and safety
- Plug & play solution for 7” round (also known as PAR56) motorcycle headlight buckets
- DOT & ECE dual-compliant headlight
- Dual Burn™ high & low beam optics for extra punch of light
- ComfortLite™ high beams
- Some models may require an adapter ring for installation (sold separately)

CYRON MOTOR

HEADLIGHTS NEW

The new generation of Cyron 7" "Urban", now with 20% more power, is a wide angle headlight designed for city street riding. Perfect headlight when passing/fog lamps are not being used. Lights have built in white and amber Daytime Running Lights behind two ultra clear lenses. Dedicated DRL wires for amber and white light make it possible to turn on DRL lights independent of the headlight. They can be connected directly to the ignition or spliced in with low beam wire.

CANBUS and EMI Digital Filter, 12V H4	227-0018	$17.99

A) Partial Halo

HIGH DEFINITION 7" LED HEADLIGHTS

Projector Design: the light source behind a projector is much more intense and the projector lens helps project the light source further and wider down the road. This is why higher end vehicles use projectors and not reflectors in their headlight system.

- Better visibility day or night
- Impact resistant Polycarbonate Lens
- Dia-Cast aluminum
- Color Temp: 6000k
- 2400LM low beam and 3200LM high beam
- '14-Up Touring models require LED adapter 226-0036 sold separately (not required for '16 Freewheeler)

LED LICENSE PLATE FRAMES

- These dual intensity LED License Plate Frames have been designed to give greater visibility and conspicuity to your motorcycle
- Engineered to function in both high and low intensity brightness for a multitude of applications
- Because many motorcycles have only one brake/running light bulb, these units can easily be used as back-up brake, and running lights, providing you a greater degree of safety and added visibility
- Some models feature 3 amber LEDs on both sides of the light bars that function as auxiliary turning signals
- Mount and install this beautifully crafted license plate frame and give your bike an excellent finished appearance compared to an otherwise obtrusive license plate

BAGGER DAGGER LED LIGHTS

- Bagger Dagger LEDs are designed to fit our 2009 and later Chupa, Swoop and Super Stretch Fenders. Our billet bezels are CNC machined from 6061-T6 aluminum, then brilliantly chrome plated or black anodized with an accent-cut perimeter edge. We then add four of our super-bright LED boxes for incredibly bright brake light, Taillight and turn signal functions.
- Each Bagger Dagger Taillight Kit includes: bezels, lenses, LED boxes, wiring instructions and stick-on templates to make drilling and cutting for install a snap!
- Bagger Daggers measure 16" long by 2.75" at it's widest point.

TURN SIGNAL ELIMINATORS FOR ROAD GLIDES

- When customizing a Road Glide, one of the first things Paul does is remove the stock turn signals. Well, that leaves ugly holes in the fairing...so Paul created these bitchin turn signal eliminators for Road Glides!
- Bagger Nation turn signal eliminators for 2013-earlier models are machined from 6061-T6 aluminum, then beautifully chrome plated or black anodized.
- Our wedgy shaped 2015-Up Road Glide Turn Signal Eliminators are made from injection molded urethane and come in a natural black finish. They are sold in pairs and can be easily painted to match your ride. Installation is simple and allows for custom relocation or simple removal of your stock signals.

	Application	Black	List	Chrome	List

TURN SIGNAL ELIMINATORS FOR STREET GLIDES

- When customizing a Street Glide, one of the first things Paul does is remove the stock turn signals. Well, that leaves ugly holes in the lower fairing...so Paul created these bitchin' Turn Signal Eliminators for Street Glides!
- Turn Signal Eliminators are a super cool and quick way to dress up the front end of your Street Glide. They create a killer contrast look that defines your unique Bagger. We make them available in a brilliant chrome finish or powder coated in a deep, rich black then accent-cut to bring forward the underlying metal.
- Each Street Glide Turn Signal Eliminator includes: (2) covers, hardware, and instructions.

PRO MOUNT LIGHTNING BULLETS

NEW

Bagger Nation Pro-Mount Lightning Bullets create a super low profile custom mounting application for our killer, laser bright running lights & signals!

Our direct bolt-on bullet shaped turn signals are as small as a dime yet incredibly powerful. Each kit includes a pair of our super sexy billet Lighting Bullets and our Pro-Mount low profile mount pads. The Pro-Mounts eliminate the bulky stock signal mounts and discreetly tuck our Lighting Bullets right up under your switch housings. Pro-Mount Lightning Bullets will fit on almost any model and bolt right up to your mirror mount! Lightning Bullets feature our laser bright daytime running lights that create incredible visibility and then change to amber during signal function. Once the signal cycle ends the automatically “Switchback” to our intense white daytime running lights. Lighting Bullets are made in the USA from 6061-T6 billet aluminum, then hand polished and available beautifully chrome plated or gloss black anodized. All needed hardware is included along with custom install tips and instructions. Sold in pairs.

Accutronix AMERICAN MOTORCYCLE PRODUCTS

BAG LIGHTS

These LED turn signals fit nicely between the saddlebag & fender on a custom FLH or on any flat surface. They are a great solution for adding rear lights to custom baggers. The LED unit is a 3-wire light & can be used as a running, turn and/or brake light. A load equalizer or turn signal controller may be needed for your application. The billet housing is 8-3/8" Long & 1-1/2" Wide. The LED unit has 10 LED's & is 5-1/4" Long & ½" Wide. Approximately ¾" of clearance is needed behind the surface. Machined from 6061 T6 billet aluminum. They are available in a chrome plated finish or our "Night Series", brilliantly Black Anodized, then areas are machined again for a contrast of a black anodized & a raw aluminum finish. Sold in pairs.

H-D TURN SIGNAL LED RETRO FIT KITS

- Convert your Harley Davidson deuce style marker/turn signal lights from incandescent bulbs to ultra-bright LED lights
- LEDs can last up to 100 times longer than incandescent bulbs. They draw 10 times less amperage and turn on significantly faster than standard factory bulbs, and because they are solid state, there is no filament to burn out or be damaged by vibration.

Each Kit Contains:

- Two (2) Clear Polycarbonate Outer Bullet Light Lenses (specific for 'deuce' style bullet lights)
- Two (2) Harley Davidson Deuce Marker/Turn Signal LED Light boards
- Two (2) Amber or Red Inner Lens/Disc to be placed on the LED light board
- Six (6) male connectors for simple wire splicing
- Six (6) female connectors for simple wire connection
- Two (2) Jumper wires (Black, Blue and Purple to match stock HD wiring)
- One (1) DUAL LOAD EQUALIZER

Description	WPS#	List

CYRON MOTOR

TURN SIGNALS NEW

Unlike other lights in the market that have narrow angles of light using old technology LEDs, AC11 series use 120 degrees ultra wide viewing angle SMD LEDs. Offering such a wide viewing angle makes this turn signal visible from adjacent road lanes, where it counts the most. When turning or changing lanes normally vehicles and pedestrians in 30 or 45 degrees off axis are most important to be alerted. More than 3 times more effective light in such angles makes AC11 series a clear winner.

TURN SIGNAL BRACKETS

Add a radical custom look to your Sportster or Big Twin with these turn signal relocation brackets.

- 750-01320 Brackets will mount most custom turn signals to the rear axle adjusters (not for use with OEM turn signals) sold in pairs
- 750-01321 Bracket mounts the turn signals to the front of the frame on Sportsters '04-Up
- 750-01322 Aluminum spacers that bring OEM or custom turn signals closer to the bike for a clean custom look
- 750-01323 Brackets mount most custom turn signals to the frame of Dynas (will not work with forward controls)
- 750-01324 Brackets mount to the forward control mounting points on '04-Up Sportsters

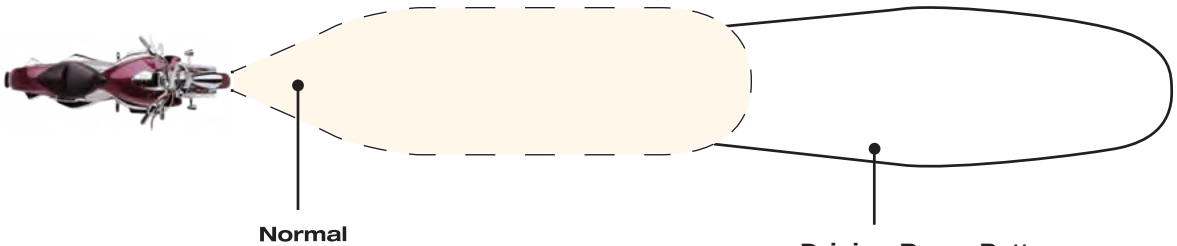
PIAA POWERSPORTS

PIAA Corporation was established in 1963 with the commitment to manufacture world-class products that customers could use with pride and confidence. Today, PIAA upholds that commitment by combining market driven concepts with the latest technology to make night and inclement weather driving as safe as possible.



Normal Beam Pattern

Driving Beam Pattern

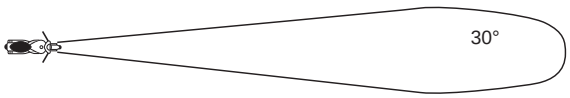
Driving lamps are designed to increase the range and brightness of your vehicle's high beam. They are especially useful at higher cruising speeds where they help to identify hazards and signs long before they would be seen with stock lamps. All driving lamps are extremely bright and must be used with caution.

LP270 SERIES LED DRIVING LIGHT KIT

The PIAA LP270 LED Driving light kit offers the beam control of a halogen light with the low power consumption and durability of an LED light. As a light source LED's offer several advantages over their halogen counterparts including very low power consumption, compact size and durability. Unlike most LED lights currently on the market that position the LED aimed straight out forward the LP270 lights aim the LEDs at the reflector. This new orientation of the light source allows for far better beam control and output than the conventional layout.

- 2 3/8" LED light assembly (two 3W LED bulbs per light) in a black PPS housing
- White 6000 K beam color
- Computer designed multi-surface reflector gives a true high performance driving pattern
- Includes two lamps and wiring harness, mounting brackets sold separately, see application chart

Description	WPS#	List
270 LED - 2 Lamp Kit	**602-73272**	**$349.00**



BILLET MOUNTING BRACKETS

CYRON MOTOR

NEW

LED BULBS

- Elite series bulbs feature “C4” LED technology which reduces the physical size of the LED light source to closely resemble a halogen filament, resulting in a 90% accurate light pattern
- Standard series bulbs feature COB LED chips which have a smaller size and higher output power compared to most LED bulbs
- All bulbs have an active heat management system which is specifically designed for use in confined spaces, this system monitors and maintains the bulb at the proper temperature, preventing overheating and greatly extending the bulb life

GREATER PERFORMANCE: PIAA bulbs are engineered with XTRA Technology for greater performance per watt than any other bulb on the road. (XTRA is a term coined by PIAA to designate a high-efficiency bulb that is designed to produce greater light output than its rated power consumption, i.e. 55W = 85W of light output.) Greatly enhance your ability to see and be seen. A metal bond holds the heat-resistant glass tube securely to prevent cracks and leaks. A welded focus ring and one-piece filament support assures proper positioning.

BRILLIANT COLOR: Beam color affects visibility and eye strain over long periods. The brilliant white/blue light allows comfortable night driving over extended periods of time. PIAA bulbs are both a performance upgrade and an aesthetic enhancement. You will see the difference even in the daytime.

WARRANTY AND SUPPORT: PIAA is so confident in the durability and reliability of our products that we offer a no questions asked, replacement of any halogen bulb that fails within one year of purchase. PIAA bulbs are an investment in safety and peace of mind.

Super Plasma GT-X - The Super Plasma GT-X bulbs offer an unmatched combination of fashion and performance with a bluish-purple color very similar to H.I.D. and the closest yet to sunlight.

Xtreme White / Xtreme White Plus / Xtreme Plus Hybrid - The Xtreme White Series of bulbs have a cool white light output that gives the driver better color recognition on depth perception and better contrast than stock halogen lamps. The blue top coat on this series of bulbs adds a slight blue tint to a lamp with no loss of performance.

TRI-STAR TAILLIGHT MODULE

The Tri-Star module converts the rear turn signal lights to function as brake and turn signal lights. When the brakes are applied, the turn signal lights illuminate. If a turn signal is applied, it has priority over the brake light function on the side that is selected. If the turn signal is canceled and the brakes are still applied, the brake light function of the turn signal lights illuminate steady on.

- Adds brake light function to existing turn signals
- Weather proof solid-state electronic components.
- Dimension: 2 1/4" L x 1 5/8" W x 5/8" H
- Mounting: Secure to flat surface with double sided VHB tape (included).
- NOTE: If your bike does not have a variable load turn signal flasher, a Dual Load Equalizer will be needed for this installation.

WPS#	List
28-01006	$64.95

TRI-STAR XP TAILLIGHT MODULE

- The Tri-Star XP module converts the rear turn signal lights to function as brake and turn signal lights...and now has running light capabilities!
- When the brakes are applied, the turn signal lights illuminate. If a turn signal is applied, it has priority over the brake light function on the side that is selected. If the turn signal is canceled and the brakes are still applied, the brake light functions of the turn signal lights illuminate steady on.
- Adds brake light function to existing turn signals
- Dimension: 2 1/4" L x 1 5/8" W x 5/8" H
- Mounting: Secure to flat surface with double sided VHB tape (included).
- Weather proof solid-state electronic components
- NOTE: If your bike does not have a variable load turn signal flasher, the included Dual Load Equalizer will be needed for this installation.

WPS#	List
28-01016	$69.95

SELF-CANCELING TURN SIGNAL MODULE

- Three turn signal timing modes - self canceling + hazard mode – non self-canceling.
- Non-Load Dependent Flash Duration - flash time constant whether using incandescent or LED lighting
- Weather proof solid-state electronic components - potted with soft cell technology to prevent wire chaffing and damage.
- Four unique turn signal modes of operation
- Mounting: Secure to flat surface with double sided VHB tape (included).
- Dimension: 2 1/4” L x 1 5/8” W x 5/8” H

Note: This unit will not work on bikes that have the left and right turn signal switch built into one unit that you must push to cancel.

WPS#	List
28-01501	$79.95

PENTA-STAR TAILLIGHT MODULE

- The Penta-Star™ module combines all of the functions of the Self-Canceling Turn Signal Module and the Tri-Star Module
- Three turn signal timing Modes - Self Canceling non-load dependent flash duration: all three modes are flash time constant whether using incandescent or LED lighting
- Five unique turn signal modes of operation
- Hazard Mode – Non self-canceling
- Adds brake light function to turn signals
- Designed for use with individual momentary type turn signal switches mounted on the left and right handle bars
- Weather proof dependable solid-state electronic components Dimension: 2 1/4” L x 1 5/8” W x 5/8” H Mounting: Secure to flat surface with double sided VHB tape (included).

WPS#	List
28-01007	$109.95

PENTA-STAR XP MODULE

- This module combines all of the functions of the Self-Canceling Turn Signal Module and the Tri-Star Module ... and now has running lights capabilities!!!
- Three turn signal timing modes – self-canceling
- Five Unique Turn Signal Modes of Operation
- Hazard mode – Non self-canceling
- Adds brake light function to turn signals
- Non-load dependent flash duration: all three modes are flash time constant whether using incandescent or LED lighting
- Voltage: 12 VDC, Negative Ground. Max Load Capacity: 6 amps per left or right channel.
- Dimension: 2 1/4” L x 1 5/8” W x 5/8” H
- Mounting: Secure to flat surface with double sided VHB tape (included).
- Weather Proof Dependable Solid-state electronic components.

WPS#	List

DUAL-LOAD EQUALIZER

- The Dual Load Equalizer is designed to correct the issue of turn signals flashing too quickly or not at all. It does this by adding back the load to your mechanical flasher relay that was removed by converting stock incandescent turn signals to LED's
- Dependable weather proof Solid-state electronic components
- Dimensions: 2 1/4" L x 1 5/8" W x 5/8" H
- One equalizer per set of lights

WPS#	List
28-01008	$21.95

HEADS UP VOLTAGE MONITOR

- This module is a micro-processor that monitors the output of the charging system and is accurate to within 200 milli-volts. The Heads-Up Voltage Monitor's™ onboard microprocessor performs a self-test each time voltage is applied.. Additionally, you will be notified of serious fault conditions by an attention-getting flash of the LED.
- The single, multi-color LED (red-amber-green) visually indicates the state of your motorcycle's battery / charging system. At a glance, you will instantly know whether the voltage is normal or abnormal. Auto-dimming - after 8 seconds at a single voltage, the LED intensity is lowered to 50%
- Voltage Range: 6 to 17 VDC, Accuracy: within 200 millivolts, Amp Draw: 20–85 milli-amps.
- Dimension: 2 1/4" L x 1 5/8" W x 5/8" H

WPS#	List
28-01050	$32.95

THE ORIGINAL BACKOFF™

- Compact solid state module converts your ordinary brake light into an attention getting visual alerting device, more visibility and conspicuity when you are stopped or stopping
- With BackOFF installed, when you apply your brakes, it causes your brake light to automatically emit a visual alerting signal of 3 short light flashes, followed by 1 steady on light condition of 3.5 seconds
- Signal automatically repeats itself as long as the brakes are applied
- Compact size. - 2-1/4"L x 1-5/8"W x 5/8"H
- 12v DC, 10A max

WPS#	List
28-01001	$41.95

SDC SIGNAL DYNAMICS CORPORATION
BackOFF PRODUCTS

BACKOFF™ BRAKE HOLD MODULE

- The Brake Hold Module connects to your bike's electronic speed pick-up sensor (will not work with cable driven speedometers); to keep your brake lights on when you release your brakes but are still decelerating
- Mode #1: Emits a visual signal of 3 short light flashes, followed by 1 long light flash (3.5 seconds). The signal automatically repeats itself as long as the brake lights are on. Mode #2: Emits a visual signal of 5 quick flashes, followed by a steady on light that remains steady as long as the brake lights are on
- 12 volts DC - Maximum Capacity: 10 Amps (normally up to 3 bulbs)!
- Compact size. - 2-1/4"L x 1-5/8"W x 5/8"H sealed weather resistant heat sink case.
- 1 Year limited warranty
- Your Bike MUST have Electronic Pick-Up Sensor for this module to function

WPS#	List
28-01020	$69.95

BACKOFF™ WIG WAG MODULE

- The Wig-Wag enables your brake lights to alternate back and forth in a wig-wagging pattern.
- This module is specifically designed for use with motorcycle's that are equipped with 2 brake lights located side by side.
- Choice of 2 different modes during installation.
- 12 volts DC, Maximum Capacity 10 Amps!
- Compact size. - 2-1/4"L x 1-5/8"W x 5/8"H sealed weather resistant heat sink case
- Limited Warranty - One Year

WPS#	List
28-01009	$47.95

BACKOFF™ XP

- This module converts your ordinary brake lights into your choice of two attention getting visual alerting signals when you apply your brakes:
- Mode #1: Emits a visual signal of 4 short light flashes, followed by 1 long light flash (3.5 seconds). The signal automatically repeats itself as long as the brakes are applied. Mode #2: Emits a visual signal of 5 short flashes, followed by a steady on light that remains steady on as long as the brakes are applied
- Compact - 2-1/4"L x 1-5/8"W x 5/8"H sealed weather resistant heat sink case
- 12 volts DC, 10A max capacity
- Limited Warranty - One Year
- NOTE: This module is rated at 10 Amps which will only drive 3 - 1156/1157 bulbs. Please DO NOT install any BackOFF Brake Light product on your turn signals, it is illegal and also confusing to following vehicles.

DL-2 UNIVERSAL SPEEDO AND TACH

The DL-02S speedometer has been developed with the latest technology. Its unique casing allows the adjust buttons to be right in the front. This makes the DL-02S a very convenient instrument to adjust. The big digits and blue back light make the DL-02S a very easy gauge to read even at night. Gauge will fit into the optional bullet housing that clamps to 1" or 1 1/4" bars or the optional one bolt mounting bracket (27-5773)

- Speedometer Display range: 0~260 km/h or 0~160 MPH
- Display unit: KMH & MPH
- Display internal < 0.5 Second RPM
- Odometer Display range: 0~99999 km or mile, Display unit: 1 km or mile
- Trip meter Display range: 0~999.9 km or mile, Display unit: 1 km or mile
- The circumference Setting range: 300~2,500 mm
- Setting unit: 1 mm • Pulse setting: 1~60
- Top speed record Display range: 0~260 km/h or 0~160 MPH
- AVE speed Display range: 0~260 km/h or 0~160 MPH
- Riding time Setting range: 0~99'59"99 second.
- Fuel meter Display range: 0%~100%
- Setting range: 100 Ω , 510 Ω, no display
- Supply voltage DC 12V
- Effective temperature range: -10°C ~ +60°C
- Meter standard JIS D 0203 S2
- Sensor type Passive speed sensor

Replacement M10 S-Type bracket	27-5777	$4.95

SPEEDO TUNER®

Everyone deserves an accurate speedometer to prevent breaking the law and hurting the value of their motorcycles. Until now the only solution was limited to a few products that require complicated mathematical formulas to calculate an adjustment to offset a gearing or tire/wheel change, but it still carried the original factory offset along with it.

- Works on most any bike with an electronic speedometer
- No math required, no guessing
- Simple 3-step procedure to regain accurate speedometer and odometer readings within 1%
- Fixes calibration once and for all
- 6th gear indicator light function may be lost
- May interfere with cruise control functionality depending on severity of gear ratio change

Speedo Tuner® fixes the following problems:

- Any sprocket or gearing change (up or down)
- Tire profile change or using any of the new oversized tires
- Harley's changing to 6-speed and/or overdrive transmissions
- Anyone who's tired of poor OE speedometer inaccuracies

Application	Year	WPS#	List
Big Twin (w/ fact. 6 spd)	`07-up	58-7901	$99.95
	`05-up	58-7901	$99.95
V-Rod	All	58-7901	$99.95

Available in "plug and play" bike specific and universal models.

KOSO NORTH AMERICA

H-D TACH

To make the needle stable for the high vibrations, a stepper motor is used. With the auto-scan function, the meter will scan when the engine is turned on. This Tachometer with illuminated needle is very easy to read at night and features an integrated oil pressure indicator. Gauge will fit the optional bullet housing or the optional one bolt mounting bracket (27-5773).

GAUGE MOUNT FOR T-BARS

Accutronix Gauge mount adapter's give you a place to mount your gauge bracket after you switch to T-Bar handle bars. These Gauge mount adapters are machined from 6061 T-6 Billet Aluminum and brilliantly Chrome plated or Black Anodized. Our Gauge Mount Adapters are designed to adapt FXD & XL OEM gauge mounts that normally bolt to your top riser clamp to a 1", 1-1/4", or a 1-1/2" T-Bar handle bar.

Description	Bar Diameter	Chrome	List	Black	List
T-Bar Gauge Mount	1"	**811-20040**	**$119.95**	**811-20043**	**$119.95**
	1-1/4"	**811-20041**	**$119.95**	**811-20044**	**$119.95**
	1-1/2"	**811-20042**	**$119.95**	**811-20045**	**$119.95**

Note: The late model DYNA and SPORTSTER Gauge Mount is also the top riser clamp. You will need an early H-D Gauge mount as well as our gauge mount adapter.

DUAL GAUGE MOUNT BRACKET KIT

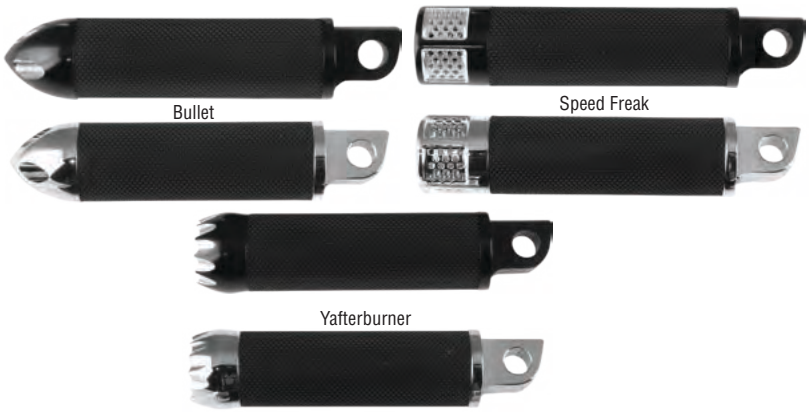
Paul Yaffe's Bagger Nation™

FOOTPEGS

Bagger Nation grip styles are so awesome, we now offer matching foot pegs! Yaffe footpegs are direct bolt-on OEM replacement.

We make our pegs available in a brilliant chrome finish, or powdercoated in a deep, rich black then accent-cut to bring forward the underlying metal.

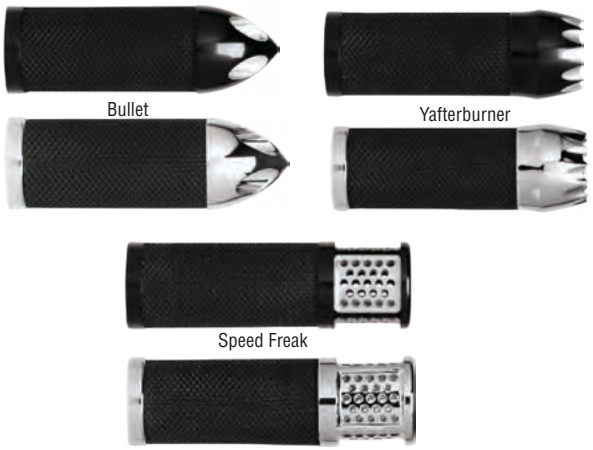


Description	Black	List	Chrome	List
Bullet	827-05270	$115.95	827-05271	$115.95
Speed Freak	827-05272	$115.95	827-05273	$115.95
Yafterburner	827-05274	$115.95	827-05275	$115.95

SHIFT PEGS

Our Bagger Nation grip styles are so awesome, we now offer matching shift pegs! Our Bullet Shift Pegs are direct bolt-on OEM replacements and are CNC machined from 6061-T6 Aluminum.

Available in brilliant chrome finish or black anodized.



Description	Black	List	Chrome	List
Bullet	827-05355	$52.95	827-05356	$52.95
Speed Freak	827-05357	$52.95	827-05358	$52.95
Yafterburner	827-05359	$52.95	827-05360	$52.95

WEDGY PEGS

We removed the rubber inserts and machined a brilliant diamond pattern right into the aluminium surface. This adds a whole new level of sparkling detail to our Wedgy Line. All Super Bling Wedgy Passenger Pegs are CNC machined from 6061-T6 aluminum and brilliantly chrome plated or black powder coated.

Simply remove the factory peg body and our Classic Wedgy Pegs slip right on!

The Super Bling Wedgy Line includes Foot Boards, Passenger Foot Boards and Pegs, Shift Pegs and Brake Pedals.

Application	Black	List	Chrome	List
All `86-Up	827-05478	$234.95	827-05479	$234.95

WEDGY SHIFT PEGS

Now even your shift pegs can be Wedgy-fied!

Bagger Nation Classic Wedgy Shift Pegs are a direct bolt-on replacement for stock pegs. Each Wedgy Classic Shift Peg is beautifully machined from 6061-T6 aluminum and then brilliantly chrome plated or gloss black powder coated!

Application	Black	List	Chrome	List
All `86-Up	827-05480	$69.95	827-05481	$69.95

FOOTPEGS

BBMX PEGS

These pegs are designed with you in mind. Kick ass design with high functionality. Precision machined from aircraft grade 6061 T6 billet aluminum and anodized. Included with adjustable chrome plated steel clevis. They are light weight and strong. The outermost edge is tapered underside to optimize lean angle on BBMX and Meat Hooks with Brass Balls logo located on the underside.

- BBMX pegs measurements: 3.5” L x 2.5” W x 1” H
- Meat Hooks pegs measurements: 4.40” L x 2.5” W x 1.01” H
- Muzzle Break pegs measurements: 4.06” L x 1.38” W x 1.14” H

Paul Yaffe's Bagger Nation

HEEL SHIFT ELIMINATOR

- Many riders don't like the rear-heel shift lever that comes stock on H-D touring models with factory floorboards. When you remove the lever it leaves unattractive, exposed splines.
- Paul designed this neat billet adapter that allows you to remove the unwanted lever, scoot the front lever out to the end of the shaft and the Bagger Nation Heel Lever Eliminator will fill the space!
- Machined from 6061-T6 aluminum, then brilliantly chrome plated or black anodized.

BAGGER FORWARD CONTROLS

Diamond "Night Series" Forward Controls include rigid "Billet & Rubber" foot & toe peg. They use the factory master cylinder. Installation instructions and mounting hardware is included as required. These forward controls are machined from 6061 T-6 Billet Aluminum and are available in chrome or black anodized and machine cut finish.

Description	Application	Black	List	Chrome	List
Forward Controls	`97-08 Touring Models	811-20134	$984.95	811-20135	$984.95
	`09-13 Touring Models	811-20136	$984.95	811-20137	$984.95
	`14-Up Touring Models	811-20138	$984.95	811-20139	$984.95

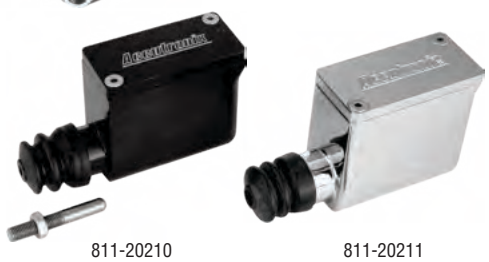
NOTE: '97-08 version will not fit with factory crash bar.

SOFTAIL FORWARD CONTROLS

Diamond "Nights Series" Forward Controls include rigid "Billet & Rubber" foot & toe pegs. Installation instructions and mounting hardware is included as required. Machined from 6061 T-6 Billet Aluminum.

Description	Application	Black	List	Chrome	List
Forward Controls	`84-99 Softail Models	811-20130	$970.95	811-20131	$970.95
	`00-17 Softail Models	811-20132	$970.95	811-20133	$970.95

NOTE: May require a custom brake hose with a 3/8"-24 (10mm) 35° banjo fitting at the master cylinder. 2000-2006 bikes require a EVO style kick stand bracket, 2007-Up bikes require a EVO style kick stand assembly.



MASTER CYLINDERS

These 5/8" bore master cylinders are manufactured from 6061 T-6 Billet Aluminum. The brake hose attaches to the inside front using a 3/8"-24, 10mm banjo bolt. They have two 5/16"-18 threaded holes 2-1/8" apart for mounting. These are also a replacement master cylinders for all Accutronix Softail forward controls.

Description	Application	Black	List	Chrome	List
5/8" Master Cylinder	Universal	811-20210	$246.95	811-20211	$246.95

FLOORBOARDS

Accutronix Extended "Instigator" front and rear floorboards, extended 2-1/2" in front & 3/4" wider and 2-1/2" longer in the rear. Mounts like stock with stock hardware. They go nicely with Accutronix Heal-Toe shifters & Brake arm kits. The rear floorboards are extended 1-9/16" in front and 1-9/16" longer in the rear.

Paul Yaffe's Bagger Nation™

WEDGY FLOORBOARDS

- Our Wedgy Classic Footboards are BADASS! Paul's been dreaming up products like this since he designed the Power Mirrors on "Sliver", the industry defining 1999 Oakland Roadster Show Champion.
- Wedgy Classic Footboards are CNC machined from 6061-T6 aluminum and brilliantly chrome plated or black powder coated.
- Our Wedgy Classic Footboards are a direct bolt-on application to all H-D models equipped with OEM foot boards.
- Bagger Nation Wedgy Footboards measure 18.5" x 5.25"
- And since our Classic Wedgy design is so stylish, Paul created a wide selection of Wedgy accessories for your Bagger! The Wedgy Line includes Footboards, Passenger Footboards and Pegs, Shift Pegs, Brake Pedals and Power Mirrors.

ORIGINAL MONKEY BARS

ORIGINAL MONKEY BARS 101:

- All of our customers RAVE about how comfortable our Monkey Bars are and how installing them has changed their riding experience! That's because they were designed by a rider for riding!
- That's one aspect our Original Monkey Bars that all of the copiers have been unable to duplicate! Our only goal when creating our Monkey Bars was to offer the highest quality product…period!
- Width: Our bars a several inches narrower than the other because we utilize a more labor intensive process of assembling the grip post areas. Swedging is cheaper, but it adds 2"of width to each side of the bar!
- Natural Grip Angle: Our bars were painstakingly engineered to provide a natural, relaxed grip angle. They don't force your hand or wrists into an uncomfortable position. Non-riders would never think of this.
- Adjustability: Our bars are designed to allow maximum rotation in regards to your hand control positioning. Everyone has a different taste and comfort zone here, so it's important to be able to put em' where you want em'!
- Pull Back: Our bars are specifically designed to provide excellent pullback (9") if so desired for optimum back comfort.

MONKEY SPORT BARS

- We realize that you have a choice when choosing the correct set of handlebars for your bike. We are absolutely positive that we offer the best designs and quality available. So when choosing a bar, remember, all bars are definitely NOT created equal.
- Bagger Nation fans asked us for a low slung bar for their Road Glides and Road Kings, and they also wanted more pullback so they weren't left stretching forward to reach traditional drag bars. So, we combined the classic style of our OEM Monkey Bars with our signature tightly bent uprights with good pullback and BAM, the Monkey Sport Bar is born!
- These high-style bars have tons of attitude and all the comfort that our original OEM Monkey Bars are famous for. They feature the exact same natural hand position as our OEM bars, they are 33 inches wide, with a 6" rise and over 9" of pull back! So if it's a low slung profile you crave, our Monkey Sport Bars deliver!
- Available in gloss black powder coat or brilliantly chrome plated.
- OEM Monkey Bars require spacer kit 827-05375 for installation on FLHR and FLHRC models `14-UP.

Nash MOTORCYCLE COMPANY

SMART GIMPS

No one knew the Gimps would eventually grow rounded corners! Check out the Smart Gimps, the newly designed Gimp Hanger, with a new flare to them. These gimps go off the same shape and feel you get with the traditional gimp hangers but they have rounded corners like an original ape hanger.

Description	Color	Tube Size	Height	Width	Pull Back	WPS #	List

Assembled

INTERNAL THROTTLE

Fully machined out of mild steel and covered with a black oxide coating to prevent rusting. Both bearings inside the throttle are stainless steel. Three features of our sticky throttle make it a cut above the rest, # 1 being the fact that it’s made by Nash Motorcycle Company right here in the good Ol’ USA. # 2 being the fact that there is no other throttle on the market that you can actually have cruise control with. This internal throttle can also be run without the cruise control option, by removing the nylon insert. # 3 ease of installation. Our throttle can be installed by anyone that has a saw and a couple Allen wrenches. Please read installation instructions for more details on how to install. The cable offered has a 83” overall length and 69” housing length for anything from drag bars to gimp hangers.

Description	WPS #	List
Internal Throttle Right	**811-30110**	**$219.95**
Internal Throttle Left	**811-30111**	**$219.95**

OG SLIMS RISERS

Forbidden Motorcycles introduces their NEW OG Slims risers. Still sporting that no non-sense, aggressive look and feel, available in both 9" or 11" rise and your choice of black anodize or raw finish. The new OG's are made from super strong T6061 aluminum with the famous FM one piece top clamp for extreme stability. You asked and Forbidden listened, the OG's are now designed so you can run your favorite MX style bar with a 1" clamping area and OG's use the OEM bolt pattern on the top clamp so you can run the stock Dyna and Sportster gauge mounts.

Description	WPS#	List
FM Risers 9" Raw	825-05020	$219.95
FM Risers 9" Black	825-05021	$247.95

FM Risers 11" Black	825-05023	$269.95
FM Risers 2" Raw	825-05035	$159.95
FM Risers 2" Black	825-05036	$179.95

HUD RISERS
FOR STREET BOB MODELS

The newest addition to the Forbidden Motorcycles range of risers has the same trick look as the original risers but they accept the digital gauge that's on the new M8 Softail Street Bob. No need to relocate or find a different gauge option to get the classic Forbidden look on your new Street Bob. Of course they accept our 1-1/8" moto style bars!

Note: The 9" and 11" versions may require extending the gauge wiring harness. Gauge not included.

Description	WPS#	List

FM Risers 2" Black	825-05045	$163.95

HANDLEBAR RISERS

Forbidden Motorcycles risers feature a 1-1/8" clamping area for MX style bars. They come in 9" and 11" heights and raw or black anodized finishes. The top clamp is a one piece construction for extreme stability and durability. The FM logo is machined into the T 6061 aluminum. The risers are pre-drilled for internal wiring for a super clean assembly, we also offer FM moto bars by Fly Racing with 1" ends for HD controls and pre-drilled holes for internal wiring to bolt directly onto these risers!

Description	WPS#	List

MOTO STYLE BARS WITH 1" ENDS

These moto style bars are designed by Forbidden Motorcycles and made by Fly Racing! They feature the moto typical 1-1/8" clamping area but taper down to 1" to accommodate stock Harley hand controls, eliminating the need to sleeve them. They are pre drilled for internal wiring, including the holes to run wires through the FM risers. Bars are 32" wide, pullback is 3" and rise is 2.5"

Paul Yaffe's Bagger Nation

RISER SPACER KIT

Used on `14-Up FLHR and FLHRC models to create clearance for the lower points on OEM Monkey bars.

Application	WPS#	List
For `14-Up FLHR/C	**827-05375**	**$30.95**

SUPER CLAMP

The Bagger Nation Super Riser Clamp is a must when installing internally wired custom handlebars. Our incredibly strong design is CNC machined from a solid block of 6061-T6 aircraft aluminum. The innovative design incorporates a series of three locking screws that virtually lock the ever popular tall Monkey Bars in place. The Super Riser Clamp all but eliminates the potential for handlebar slippage that is common with tall bars and big riders. Simply put, a 10" or higher bar and a 200+ lb. rider creates an increased leverage that was never considered by factory engineers! Especially when you're suddenly pulling yourself up off your seat in an "emergency unseen pot hole, trying not to bust your butt" situation…riders know exactly what we mean!

Additionally, 2007-Earlier HD Touring models have a 2-piece top clamp system that can create a safety problem when handlebars are used with internal wiring. A large wiring exit hole is required on handlebars designed for internal wiring. This design factor can create a stress riser or breakage point where the handlebar is weakest at a point where the leverage is greatest at the same time. Without the use of our Super Riser Clamp you have created a recipe for potential disaster! The one piece, solid carved from billet design of our clamp completely eliminates this stress area and makes the wire exit of the handlebar the strongest not the weakest point!

Last but not least, The Bagger Nation Super Riser Clamp and its 1-piece design with bar-locking set screws machined into the clamp will prevent inferior handlebars with poor knurling from slipping. Our Super Riser Clamp has a wire relief incorporated into its design specifically for internal wiring applications. The 1-piece design displaces pressure off of the center of the handlebar making the handlebar stronger and more secure. This becomes especially important when using 1" handlebar styles and internal wiring.

NEW! We now offer 2 sizes of The Bagger Nation Super Riser Clamp, our original 1" clamp and the new 1.25" clamp for 2015-Later Road Glides and other models using 1.25" handlebars.

The Super Riser Clamp is CNC machined in-house from 6061-T6 aircraft aluminum, and is the highest quality, problem solving, bad-ass clamp available!

*Bagger Nation STRONGLY recommends installing our 1-piece Super Riser Clamp on 2007-Earlier HD Touring models. Failure to use a one piece clamp when installing Monkey Bars will VOID the Bagger Nation warranty.

Application	WPS#	List
Fits All Models w/1" Bars	**827-05370**	**$79.95**
Fits `15-Up FLTR Models	**827-05371**	**$79.95**

WELD WING SUPER CLAMP

- The Weld Wing No-Slip Super Clamp covers the unsightly welds and steps on 1.25" handlebars. Our "Super Clamp" design eliminates bar slippage and is an easy bolt-on application.
- The sport styling of the Weld Wing No-Slip Super Clamp looks great on Dyna's FXR's and Sportsters! You can choose from two finishes: Chrome or black with accent cut.
- Our Weld Wing No-Slip Super Clamp is Made in the U.S.A. right here in our shop!

TOP CLAMPS

- The Carbon Inlay series uses real carbon fiber inlay. Due to properties of carbon fiber, the laser cut edge is perfectly imperfect. Each top clamp is unique and exquisite. These top clamps are machined from aircraft grade 6061 T6 billet aluminum.
- They are a direct replacement for your stock top clamp and sport a clean aggressive look. Fit `74-later XL, FX, FXR, FX Dyna® and FX Softail® models that have no gauges attached to the top clamp. For use with 1.0" diameter handlebars.
- Machined from aircraft grade 6061 T6 billet aluminum

ROX SPEEDFX.COM

PIVOTING HANDLEBAR RISERS

Rox unique patented riser design allows you to pivot the riser in the original clamps and pivot the bar orientation in the top clamps of the riser. This provides an incredible amount of bar positions for you to find the right height and pull-back for your riding position and stature. Rox Risers are incredibly universal with their 2 piece design; clamped into virtually any 1" diameter clamps and then reclamping the bar directly above that, on its original clamping area.

- Machined from 6061-T6 billet aluminum, made for 1" diameter handlebars
- Available in chrome or anodized black
- Universal (2-piece) design attaches to nearly any bar or clamping area with a 1" diameter
- Chrome risers come standard with chrome bolt head buttons
- Re-routing of stock lines and cables or longer lines and cables may be necessary on certain bikes
- 2" center to center height, sold in pairs
- Made in the U.S.A.

CUSTOM MIRRORS

- The latest mirror design from Paul is the uniquely styled Double Trouble mirror set. A contemporary profile mixed with nostalgic, graduated holes make these mirrors incredibly versatile for any Bagger.
- The Power Mirror sports an aggressive design that gives some serious attitude to your front end. You can carry the aggressive Wedgy styling throughout your Bagger with our complete line of Wedgy accessories!
- Machined from 6061-T6 aluminum, then beautifully chrome plated or powder coated black. Includes 2 mirrors, 2 arms, hardware.
- Double Trouble Mirrors are 5.50” x 1.50”
- Power Mirrors are 5.75” x 1.75”

CUSTOM GRIPS

- Bagger Nation grips offer traditional styling with an aggressive punch in the face!
- Our grips are CNC machined from T-6061 aircraft aluminum, and they work great on all Fly-By-Wire models. The clutch side grip has our exclusive hidden double mounting system, which makes them safe and clean.
- Available in Chrome or Black accent finishes.

BRASS BALLS CYCLES

KNURLED GRIPS

These knurled grips are the pinnacle of grip and performance. Do you ride hard, wheelie from time to time, do the occasional hole-shot? If so, you need these grips. Aggressively knurled for maximum grip. Slight raised arc to fit perfectly in the palm of your hand. Plus, they look amazing!

LEATHER GRIPS

Your hands engage with your bike on a more personal and tactile level than the rest of your body. They control your bike. Shouldn't your grips be amazing?

Like the leather wrapped steering wheel of a premium automobile, our uniquely designed, precision crafted and hand stitched leather wrapped grips deliver an experience like no other.

First they are CNC machined from billet aircraft grade aluminum with a recessed knurled surface to ensure the leather will not slide or twist. The leather is laser cut to shape then the pattern embossed. Next the leather is dyed & airbrushed. Finally the grips & leather have bonding agent applied. The leather is glued and skillfully hand stitched around the grip.

RACE LEVERS

In our never ending pursuit of speed, Bagger Nation commissioned an independent aeronautical laboratory to determine wind drag on stock HD hand levers vs Paul's 40% lighter, graduated-hole style Racing Lever. Well, the data was astounding! Paul's new lever design not only increased stopping power by an amazing 20%, they also added 10mph to his top speed!

OK, that's a bunch of crap, but these are the coolest levers we've seen!

Our Bagger Nation Racing Levers are brilliantly chrome plated or black powder coated and machine accented to match factory controls.

When installing Bagger Nation Racing Levers, use your pin, roller and bushing from your stock levers (when applicable).

Application	Black	List	Chrome	List

LIGHT KITS FOR STAR SERIES HANDGUARDS

18-95104

18-95105

Maximize your visibility to approaching vehicles by adding PowerMadd's high powered Star Series LED Turn Signal Light Kit. Designed specifically for Harley Davidson motorcycles. Super bright amber and white LED light. The white LED light is a running light and turns off when the turn signals are active for better visibility. The turn signals operate in conjunction with your OE turn signals. Easy four wire installation (power, ground, left turn signal, right turn signal).

Description	Application	WPS#	List
LED Light Kit	Universal	18-95096	$130.00
Plug 'N Play Harness	Fits `14-18 FLHX/FLTRX	18-95104	$25.00
	Fits `07-17 FXD (exc FXDL/S) `04-13 FLTR	18-95105	$25.00

HANDGUARDS

- Made of gel coated fiberglass, ready for paint
- Brackets and mounting hardware included
- May require relocation of turn signals on some models

Description	Application	WPS#	List
Hand Guards	`91-17 FXD, `82-94 FXR, `82-03 XL	750-01090	$266.95
	`18-Up Softails	750-01091	$279.95

X-FORCE HANDGUARDS

- The X-Force with removable spoiler, offers excellent protection from rocks, roost and harsh weather conditions
- Remove the spoiler for more ventilation or use in less harsh conditions
- Universal mounting kit allows handguards to be mounted above or below levers and cables
- **Spoiler and mount kits included**

With spoiler

HAND DEFLECTORS

- Hand Deflectors are an economical, easy-to-install solution for keeping your hands warm and dry
- Coupled with a windshield, Hand Deflectors protect your entire upper body from cold wind and rain
- Mounts easily and securely to bike's mirror mounts, yet allows plenty of room for brake/clutch lever movement
- Made from High Impact Acrylic, with mounting hardware in chromed steel and black powder coated steel

BLACK VINYL CLUTCH CABLES

- Uses precise OEM component dimensions
- Manufactured to meet or exceed OEM specifications
- Part number embossed on each cable
- OEM part number listed on each package
- Special nylon inner liner assures smooth operation
- Extra outer sleeve to protect cable
- Longitudinally-wound housing will not compress and feel mushy under heavy loads

Price list on page 711

ARMOR COAT CLUTCH CABLES

- Uses precise OEM component dimensions
- Manufactured to meet or exceed OEM specifications
- Part number embossed on each cable
- OEM part number listed on each package
- Special nylon inner liner assures smooth operation
- Extra outer sleeve to protect cable
- Longitudinally-wound housing will not compress and feel mushy under heavy loads

Price list on page 719

LYNDALL BRAKES

HIGH CARBON STEEL PHOENIX ROTORS

- High carbon steel offers a high coefficient with low wear character
- Lug-drive: Full floating design for predictable, repeatable hard stopping performance
- Fly cut for improved out gassing
- Crown-cut design offers increased cooling capacity while lowering the mass, making it almost half as light as a solid
- Work best with Gold Plus or Extreme Performance pads
- Made in the USA

LYNDALL BRAKES

Z PLUS BRAKE PADS

- Z+ compound is racing pad material
- Optimum stopping power
- DuPont Carbon-Kevlar (organic)
- The most rotor friendly pad in the industry
- Produces no dust, no noise, while providing 20% more stopping torque than stock pads
- The service life generally averages about 18,000 miles
- Made in the USA

GOLD PLUS BRAKE PADS

- Gold Plus pads are a DuPont Carbon-Kevlar (Organic) compound
- High performance friction materials
- Extreme stopping power in both wet and dry conditions
- As close to a full race pad as you can get without it actually being a race pad
- We softened the compound to make it better for street riding while still providing premium stopping power
- The Gold Plus pads are ideal for heavy touring and hard stopping
- Produces no dust, no noise, and no rotor wear while providing 30% more stopping torque than stock pads
- The service life generally averages about 18,000 miles

EXTREME PERFORMANCE BRAKE PADS

- For use with Lyndall composite or steel rotors
- 40% more stopping power than stock brakes!
- No noise, no dust
- 15,000 service miles

EBC

FRONT STREET APPLICATIONS

EBC Brakes offer a full line of brake pads and brake shoes for most Harley- Davidson, street bikes, dirt bikes and ATVs.

BRAKE SHOES

Standard Shoes: FS rated, higher rating than O.E.M. shoes for better stopping power.

Grooved Shoes: FG rated, high friction grooved linings, efficiency improves with heat, for wet and muddy conditions. Listed with suffix G

BRAKE PADS - STREET

Black Coded: OEM replacement for Street Sport / Touring with Aramid fibre composite, the most popular pad for street use.

V series: Heavy duty organic/copper sintered material gives the feel of an organic pad with the wear characteristics of a sintered pad. Great for larger touring bikes, offers stable braking with minimal pad/rotor wear and lower brake dusting of wheels.

Double-H: High performance High friction super bike/race sintered formula. Double-H sintered pads offer the maximum brake effect and a lifetime approximately double that of any organic pad.

EXTREME PRO™ by EBC BRAKES

Race inspired pads with a very exotic blend of sintered bronze including Tungsten and Moly metal to bring you the grippiest, most fade resistant pad we have ever tested.

AFTERMARKET CALIPER BRAKE PADS

BRAKE PADS - STREET

Black Coded: Street Sport / Touring with Aramid fibre composite, the most popular pad for street use.

V series: Heavy duty organic/copper sintered material gives the feel of an organic pad with the wear characteristics of a sintered pad. Great for larger touring bikes, offers stable braking with minimal pad/rotor wear and lower brake dusting of wheels.

Double-H: High friction superbike/race sintered formula. Double-H sintered pads offer the maximum brake effect and a lifetime approximately double that of any organic pad.

UNIVERSAL BRAKE LINES

Universal brake lines are the most efficient brake line solution for virtually all bikes. The lines come pre-assembled with -3 female swivels that mate with the accompanying universal fittings. Goodridge offers a variety of fitment options to match the appearance and geometry of any bike. Hoses are available in clear or black PVC coated stainless braided versions. Hardware is available in chrome or black zinc finish.

GOODRIDGE
FLUID TRANSFER SYSTEMS

ABS TUBE ADAPTERS

These adapters are used when installing tall bars on 2014 and later Touring models. They can be combined with extended Highend upper brake lines, so there is no need to purchase a complete 3 line kit.

Description	WPS#	List
Master Cylinder to ABS Box `14-16 Models	**817-02270**	**$50.45**
Tri Front Tube for Non-ABS `14-16 Models	**817-02271**	**$82.35**

BRAKE LIGHT BANJOS

Goodridge brake light banjo bolts are banjo bolts with a built in pressure switch and are wired to adapt to virtually any model that utilizes a hydraulic stoplight system. Perfect for eliminating brake tees in HD rear brake line applications or converting Offroad bikes to street legal.

Description	WPS#	List
3/8-24	**817-02200**	**$17.45**
10mm X 1.25	**817-02201**	**$19.55**
10mm X 1.00	**817-02202**	**$17.45**

SPEEDBLEEDERS

- Speedbleeder, the patented bleeder screw with the built in check valve
- To bleed the brakes, simply loosen each bleeder 1/4 turn and pump the lever
- When the job is completed re-tighten the bleeder and you're done!

Description	Application	WPS#	List

23" COMPOSITE FENDER

- Our front fenders perfectly follow the contour of your 23" inch front wheel
- Carbon composite fenders are constructed from a blend of composite materials with a layer of carbon fiber for fenders as strong as steel with less than half the weight.
- These fenders are an average of 8lbs lighter than most similar steel fenders, saving weight and improving gas mileage.
- Ready to paint finish

Description	Application	WPS#	List
Carbon Composite Fender for 23" Wheels	`14-Up Touring Models	820-80011	$449.95
	`87-13 Touring Models	820-80010	$449.95

FENDER ADAPTER BRACKETS

- Used to re-position the front fender on '14-Up FLT models to allow the use of a 21" front wheel
- Jig-drilled for the perfect fit and simple bolt-on installation
- Steel with a powder-coated finish
- Sold in pairs

Description	Application	WPS#	List
Fender Brackets for 21" Wheels	`14-Up Touring Models	820-80005	$29.95

Paul Yaffe's Bagger Nation

DEI FENDERS

Check out our Solid Steel DEI Fender! The DEI fender has been a best seller for years, and this classic west coast styled fender is the perfect complement to any Bagger. The "OEM" version means that we've created an all new shape that fits like a glove on your stock front wheel and tire! Whether you run a 16",17" 18" or 19" front wheel our OEM will fit your application perfectly.

Paul created all new tooling for our steel front fenders that allows them to be "deep-drawn" from one indestructible piece of 14-gauge steel! Each stamped fender is then precision laser-cut for perfect symmetry.

We've even drilled the mounting holes so you won't have to touch a tool when you choose our fenders! No spinning, no welding, no seams or grooves that need to be body worked! Each fender is meticulously E-Coated so you can rest assured your fender will arrive corrosion free and remain corrosion free.

These fenders are perfect… seriously, they are perfect! You can pull them right out of the box, scuff them, paint them, and mount them! No drilling, no shaping of any kind is required. Your painter will love us…and you will too!

Paul Yaffe's Bagger Nation™

TALON FENDERS

Add instant attitude to your Bagger with the latest addition to our front fender line. The Solid Steel Talon Fender is an aggressive and radically styled fender featuring a swooping claw-like design that draws your eyes right to the points! The edgy Talon Fender will set your bike apart from the crowd!

Paul created all new tooling for our steel front fenders that allows them to be "deep-drawn" from one indestructible piece of 14-gauge steel! Each stamped fender is then precision laser-cut for perfect symmetry.

We've even drilled the mounting holes so you won't have to touch a tool when you choose our fenders! No spinning, no welding, no seams or grooves that need to be body worked! THICKY FENDERS

Check out our Solid Steel OEM Thicky Fender! The Thicky fender has been a best seller for years, and this classic west coast styled fender is the perfect complement to any Bagger. The "OEM" version means that we've created an all new shape that fits like a glove on your stock front wheel and tire! Whether you run a 16",17" 18" or 19" front wheel our OEM will fit your application perfectly.

Paul created all new tooling for our steel front fenders that allows them to be "deep-drawn" from one indestructible piece of 14-gauge steel! Each stamped fender is then precision laser-cut for perfect symmetry.

We've even drilled the mounting holes so you won't have to touch a tool when you choose our fenders! No spinning, no welding, no seams or grooves that need to be body worked! Each fender is meticulously E-Coated so you can rest assured your fender will arrive corrosion free and remain corrosion free.

These fenders are perfect… seriously, they are perfect! You can pull them right out of the box, scuff them, paint them and mount them! No drilling, no shaping of any kind is required. Your painter will love us…and you will too!

SMOOTH FENDER SPACERS 49MM

The 49mm FLH "SMOOTH" fender spacers have a 2-bolt pattern for a smoother custom look.

Description	Thickness	Chrome	List	Black	List
Fender Spacers	7/16"	811-20064	$85.95		
	5/8"	811-20065	$85.95	811-20068	$85.95

FENDER SPACERS 41MM

These FLH billet fender spacers are designed to work with Arlen Ness "Hot Legs" billet lower legs, American Suspension " Bagger Legs" billet lower legs, or stock Harley Davidson 41MM FLH & FLT lower legs, not FX or XL legs. The 1-1/4" thick fender spacers can be used with a 6-3/8" wide custom front fender. The 1.0" thick fender spacers can be used with a 6" wide custom front fender. The 0.8125" thick fender spacers can be used with a 5-1/2" wide custom front fender.

Description	Thickness	Chrome	List	Black	List
Fender Spacers	0.8125"	811-20050	$115.95	811-20053	$115.95

Paul Yaffe's Bagger Nation™

RAZORBACK™ STRETCHED TANK

Everyone knows that Paul Yaffe's Bagger Nation makes the coolest stretched tank kits in the industry! All steel, direct bolt-on and perfectly proportioned. Well guess what? Paul took it to the next level! Check out the Razorback™ Stretched Tank!
This super sexy, deep drawn, all steel stretched tank is the ultimate complement to your custom Bagger project! The Razorback™ Tank flows seamlessly from front to back, and the stretched wings flow right into the side covers! The uninterrupted line allows your eyes to roll along the sexy profile.
The Razorback™ Stretched Tank is a direct bolt-on replacement steel tank and requires NO modifications! No gluing, no taping, no nothing! No plastic here, baby, just steel...real steel!
Each 6.5 gallon Razorback™ Tank kit is hand crafted and pressure tested twice at the factory. Each Razorback™ Tank comes complete with tank, steel dash, chrome pop-up cap, rubber dash trim and hardware.

- Go with the flow of the Razorback™ Stretched Tank!
- Fits all H-D Touring models 2010 and later.
- Custom seat required and sold separately.
- US Patent D737,192

Application	WPS#	List
Fits `10-Up FLH/FLT Models	**827-05580**	**$895.95**

Bagger Nation delivers your Razorback™ Stretched Tank nickel plated as a corrosion control measure internally and externally.

CLEAN AND SIMPLE STEEL DASH

Our Clean And Simple Steel Dash design looks great on the 2008-later 6-gallon H-D tanks! When the late model H-D Touring gas tank got bigger, so did the OEM dash. This gave Paul the perfect opportunity to create a sleek, custom low- profile dash for your late model tank application! Our steel Clean and Simple dash will bolt right on to your 6 gallon tank.
The dash is a simple, direct bolt on application to your stock tank and really creates a sexy look to your tank area!
Our Clean and Simple dash kit includes: (1) Steel dash, a chrome pop-up gas cap, rubber trim, hardware and simple installation instructions. Each dash kit is available brilliantly chrome plated, flawlessly gloss black powder coated or simply raw for custom match paint applications.

Paul Yaffe's Bagger Nation

Bagger Nations Dimple Die Dash creates an awesome sport / performance look on just about any HD Fatbob tank. This killer design has shown up on a few of Paul's incredible custom builds and now, by popular demand we're making it available to you! While the dash pretty much bolts right on a Road King, a bit of your creativity will allow it to fit on Dyna's, Softails who knows! Each handmade composite kit includes dash, rubber trim, universal rear mount strap and a cool perforated screen backing for the dimple holes. Can't wait to see what you guys come up with! Handmade in the USA, Universal trim to fit install.

Swoop™ FENDER KIT

NEW

When it comes to saddlebags, Bagger Nation feels that stock is the new stretched! So much so that we've created a killer new line of 3-piece body kits aimed at setting your stock bike apart from the crowd. Each kit includes Bagger Nation's all new 8" Swoop Stretched Fender and a pair of our Swoop Stretched Side Covers. Bagger Nation offers two kits, one for bikes equipped with standard length saddlebags and the other for factory Specials and CVO's equipped with factory stretched saddlebags.

- Each Swoop Fender is equipped with our Stealth II Frenched License Plate Frame w/hidden LED's, as well as an array of our all new Lightning Boltz Laser Bright COB technology taillights! You can choose black or chrome license frame and included matching Lightning Boltz finish.
- Bagger Nation Swoop Body Kits are direct bolt-on replacement parts using your stock hardware. All mounting holes are pre-drilled at our Arizona Factory Direct Location and each component is handmade in the USA by our skilled craftsmen. Paul Yaffe's Bagger Nation fit and finish is guaranteed and you won't find a better fitting product anywhere!
- Paul Yaffe's Bagger Nation offers a limited lifetime warranty on all Swoop Body Kits!

THE FIX FENDER KITS

NEW

So you love your new Sportster or Softail but hate the plastic side mount license and dirt bike rear fender? So do we! We have "THE FIX" for you - our NEW Rear Fender & License Kit. Made right here at our composite shop, our rear fender for late models is a direct bolt-on replacement. Each kit comes with our sleek corrected length fender and custom frenched in LED license plate frame w hidden LED lights. Choose from either gloss black or chrome plate frames. Our direct bolt-on fenders use existing hardware and offer a simple install process. Enhance the look of your new fender with a set of our Lightning Bullets super bright LED taillights to complete the transformation of your rear end! Check out the Bagger Nation Lighting page for all Lightning Bullet options.

TANK MOUNT KITS

HardDrive AMERICAN V-TWIN PRODUCTS

- Our quick mount kit for Fat Bob tanks (820-52260) is a precise way to mount the OEM or aftermarket Fat Bob tanks to custom or original frames that have the OEM mounting tabs removed. Allows you to locate the bracket for a visual check of the tank location on the frame and once the position is selected the whole bracket set can be welded in place
- Our front bottom mount (820-52262) is an exact reproduction of the lower bracket as featured on the 4-speed frames thru 1984. Easy to weld on and can be adapted to many custom frames
- Our Flat-Side tank mounting kit (820-52265) makes it possible to mount the late style Flat-Side gas tank on your early style 4-speed Big Twin frame
- Our Flat-Side tank mount kit (820-52266) can be used to update your existing Flat-Side tank mounts, or for use on newly constructed vehicles instead of purchasing the original parts. The beveled washers and mounting screws are chrome-plated. Fits '84-99 Softail, and all other models with split tanks from '85-99.

SADDLEBAG SKID PLATES

Avoid those embarrassing skid marks by adding a set of our Bagger Nation Skid Plates to your Bagger Nation Swoop, Chupa or Super Stretch saddlebags! Our easy-to-install plates are precision laser cut from stainless steel and then die bent and high polished for a perfect fit and look. They will protect your valuable custom paint job from getting edge and corner scratches from extreme lean angles, high driveways, speed bumps or whatever unavoidable obstacles you may encounter.

Our high quality Skid Plates are sold in pairs and simply attach with 3M super double-sided tape.

SADDLEBAG LATCH COVERS

Need to spice up your factory saddlebag latches with something cool? Our Bagger Nation Saddlebag Latches add serious flavor to your Bagger!

Yaffe Saddlebag Latches fit 2013-Earlier HD Touring models. There are no modifications required and our Latches are a direct bolt-on application. Of course, we hid the mounting hardware for that clean Bagger Nation look!

Our latches are CNC machined from T-6061 aircraft aluminum. We make them available in a brilliant chrome finish or powder coated in a deep, rich black then accent-cut to bring forward the underlying metal.

Outfit your Bagger, front to back, with our complete line of Yafterburner or Speed Freak products- Grips, Ignition Switch Covers, Turn Signal Eliminators, Slider Covers, Yaxle Covers, Shift Pegs, Shift Link, Brake Lever Covers, Passenger Pegs, Lid Lifters, Saddlebag Latches and Covers and Exhaust Tips.

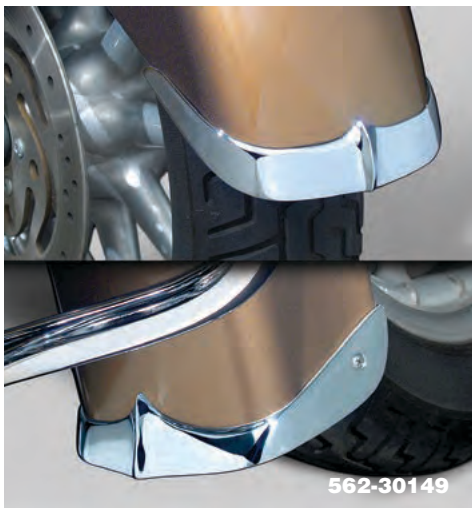
CAST FENDER TIPS

- Cast in the traditional method by hand, not just a stamped sheet like the other guys
- An economical way to add shine and a custom touch
- Installation is determined by best styling, fit and material of stock fender; depending on model, application will include countersunk outside screws or concealed screw mounts
- Many models available including 2-piece front fender kits and rear fender applications

See page 797 for applications.



CHROME SPEEDOMETER COWL

- No more trouble seeing instruments in bright sunlight or having the backlit readout reflect on windshields at night
- Cast metal, not stamped, with quality polished chrome
- Stylish and functional
- Secure 3M™ industrial tape mounting
- Fits all standard Harley-Davidson® tank console speedometers

See page 797 for applications.

Spherical Bearing Conversion Kit	FXR/FLT `80-01	**830-4020**	**$362.95**

PAUGHCO Motorcycle Accessories

MADE IN THE USA!

RIGID FRAMES

Standard width rigid frames. They can be combined with a variety of drivetrains, including Shovelhead and Evolution engines, and most transmission combinations. Straight Leg or the timeless Wishbone frame styles with OEM-style necks, with or without tank mounts for pre–1984 Fat Bob gas tanks. These frames are not stock replacement frames, we recommend pre-fitting parts before painting.

All frames have 0º stretch up and out, neck rake is 30º

OIL TANKS

A

A. 830-3700 - when used with an FXE battery, will fit rigid and 1958–1964 swingarm frames, and will also clear 1979–up 4-speed transmissions. The tanks measure 55/8”-tall x 85/8”-deep x 12¼”-wide, and the battery compartment is 7½”-wide x 51/8”-deep.

B

B. 830-3701 - for 1965–1986 FL and FX 4-speed models, that provide easy access to the battery, and bolt to the stock mounts. Each tank includes a two-piece front bracket for easy installation, and measures 59/16”-tall x 7½”-deep x 12”-wide. The battery compartment is 73/8”-wide x 41/8”-deep.

C

C. Both tanks require the purchase of drain plug 830-3702. Oil tanks come with filler plug and fittings as shown.

Paul Yaffe's Bagger Nation™

Swoop™ CHIN SCOOP

The super slick Swoop Chin Scoop is a direct bolt-on, 5 minute install and makes quick, slick work out of hiding the radiator on H-D's new 2017-later Milwaukee 8 models!

It features a hand-formed aluminum perforated grill that can be optionally glued in after paint. The Scoop looks awesome painted in a high gloss black as a really nice accent on your stock S model custom, or as a radical accent on your current custom project. It bolts directly on a stock touring model with literally NO modifications needed.

Each scoop is hand made from our exclusive 3-D composite process which creates the slickest and straightest products available with the un-paralleled quality you expect from Bagger Nation. Simple instructions and all required hardware are included.

Application	WPS#	List
Fits `17-Up FLH/FLT	827-05320	$369.95
Adapter for `09-16 FLH/FLT	827-05321	$79.95
Fits `18-Up M8 Softail	827-05737	$289.95

NEW

DIMPLE DIE SWOOP CHIN SCOOP

Bagger Nations Dimple Die Chin Scoop will totally clean up the front frame area of your Bagger while adding an all business look and attitude! Each handmade composite spoiler is precision molded to fit your bagger like a glove. This direct bolt-on part arrives paint ready and includes all needed hardware and a cool perforated screen backing for the dimple holes. Clears stock and custom fenders. Handmade in the USA. EZ Install.

Application	WPS#	List
Fits `17-Up FLH/FLT Models	827-05738	$299.95

FRONT MUD GUARDS

If you don't run a front fender and have ever been caught in the rain you will appreciate these gadgets. These mud guards are made from heavy duty nylon. They easily attach to your front forks when needed and roll up into a small, easy to carry bundle when not needed. Ideal to keep water and other road grime from splashing up into your face. Available for 39mm front ends and stock type springers.

FUEL SLING WITH BOTTLE

Tired of running out of fuel with nothing left but your legs to get you where you need to go? NMC's new fuel sling holds an extra quarter gallon of fuel to give you that extra boost in desperate riding situations. The 33 fl.oz. fuel bottle will give you an average of 10 miles extra riding time, and 10 less miles you have to walk or ditch your bike on the side of the road. The fuel sling is hand made out of high grade American leather, will fit just about any application with easy adjustable straps, brass hardware, and quick snaps on top and bottom so you can slide the bottle out quickly and get back on the road. The aluminum bottle is included with the sling and has a 1" opening so that it's easy to fill at the pump. If you want to have extra security, get two of them.

Description	WPS #	List
Fuel Sling	**811-30210**	**$118.95**

HAMMER HANGER

Ever been on a long ride and realized you brought all the tools you need except your hammer? You tried really hard, but you were trying to save all the space you could for your ride. Here at Nash, we came up with the perfect solution. Introducing the Hammer Hanger! Made from high quality leather hand stitched right here in our shop. The hammer hanger can mount anywhere you need using the 3/4" strap system. The sling is made for larger hammers 16 oz or bigger.

Description	WPS #	List
Hammer Hanger	**811-30121**	**$56.95**

PRO PERFORMANCE PRODUCTS

MINI REGISTRATION TUBES

Conveniently stores your registration behind your license plate holder. Adjustable brackets mount to the rear of most stock license plate assemblies. The hardware mounts through the front of the license frame. The end caps on the tube are sealed with o-rings to insure a water-tight seal. The length of the tube is 4.5". The Tube is constructed of polished Stainless Steel. The brackets are machined from 6061-T6 Billet Aluminum, then polished and chrome plated. Includes all necessary mounting hardware.

FOX SERIES FLH/FLT AIR SUSPENSION

Arnott's stylish new chrome rebound adjustable FOX® Air Suspension System has been custom designed for Harley-Davidson Touring models to give the rider superior control, additional ride comfort settings and fast ride height adjustability.

The FOX shock's custom valving, designed for your motorcycle, provides you with a safe and comfortable ride. Arnott's patent-pending kit offers TruAIR technology with a rugged Goodyear air spring bladder and shock damper design, not an air cylinder or air-assisted unit. For added ride comfort this kit includes FOX's adjustable rebound control dial so you can quickly and easily adjust your shocks' internal damping characteristics – a feature not found elsewhere in the air suspension market.

Application	Year	Black	List	Chrome	List

SMOOTH RIDE KITS

The affordable Smooth Ride Series helps riders quickly adjust the bike's ride height for stopping, parking or for that "slammed" look. Our kits provide an upgrade over stock shocks and are far superior in quality and safety compared to other discount kits on the market. The Smooth Ride Series includes:

- Monotube shocks engineered by Arnott specifically for motorcycles to provide a sporty, stock-like ride at an affordable price
- A multi-ply Goodyear® air bladder to provide height adjustability, additional air spring firmness to reduce bottoming and smooth out bumps.
- Micro compressor and inflation control toggle switch.

Arnott MOTORCYCLE AIR SUSPENSION

FOX SERIES VROD AIR SUSPENSION

At the core of this system are two custom nitrogen charged FOX shock absorbers. Then, using a patent-pending design, Arnott adds a rugged Goodyear® air spring, ensuring superior comfort, ride quality, and durability. Arnott pairs your shocks with a small but powerful compressor, application-specific mounting bracket, and air distribution valve block which include a muffler to control how fast air is released. Each kit includes everything you need for a fast and flawless installation including Detailed Installation Manual, fused wiring harness and relay assembly, handlebar-mounted inflation switch, all necessary tubing, cable ties, fittings, bolt covers, and mounting accessories.

FOX SERIES SOFTAIL AIR SUSPENSION

Arnott's new adjustable Air Suspension System for the Harley-Davidson Softail® has been custom designed for the Softail frame to provide the rider with superior control, ride comfort and height adjustability. The kit, featuring Arnott's TruAIR technology, includes a rugged air spring bladder and is not an air cylinder or air-assisted unit. Arnott includes a powerful compressor and black anodized cover which attaches to the regulator rectifier to hide and protect the compressor.

ACCESSORIES

MADE IN THE USA!

Our handlebar mounted push button switch control is available as an option with every Harley-Davidson® suspension system, and features momentary push button controls that manage the air suspension. The left button activates the compressor to inflate the system, while the right opens the vent valve for deflation. This kit is pre-wired and easy to install, and comes in black anodize or chrome finish.

FEATURES

- Ideal Mounting Location
- Easy to Install
- CNC-Machined Aluminum
- Black Anodize or Chrome Finish
- Weather-Resistant Switches
- Engineered & Assembled in USA

RUSTY BUTCHER SIGNATURE SERIES

Mark Atkins (@MarkTheButcher) is the face behind Rusty Butcher, a premium clothing and leather goods brand.

Growing up he started riding motocross at 3 years old, racing at 4 and it was only a matter of time before his obsession with Harleys and love for jumping anything collided. Mark is a leader in innovation in free riding and dirt track racing on Harley Davidson Motorcycles. FOX worked closely with Mark to develop the Rusty Butcher Signature Series Street Performance QS3-R shocks.

FEATURES:

- High-performance Rusty Butcher-developed ride tune
- Aluminum piggyback reservoir
- Advanced high-flow deflective disc velocity-sensitive damping
- 1.5” 6061-T6 aluminum type III hard anodized body
- 5/8” low friction, super-finished hard chrome shaft
- Matte Black spring
- Billet preload adjuster and spring seat
- Fully rebuildable and revalveable
- Designed and Assembled in the US

REMOTE RESERVOIR HLR SHOCKS NEW

FOR TOURING MODELS

HardDrive remote reservoir rear shocks by RacingBros' feature full adjustability with preload, compression and rebound adjusters to easily adapt to all riding styles and conditions. These performance shocks with race proven "Speed Adaptive Valving" will provide you with the ultimate ride.

Features:

- Speed Adaptive Valving (SAV)
- Internal floating piston design for consistent performance
- Components made from A7075 forged aluminum then precision CNC machined
- Progressive rate springs
- High and low speed compression adjustable
- 1/2" height adjustable
- Remote reservoir mounts go in place of docking kits, which prevents the use of other accessories

	HVY	890-01251	$60.95

SCEPTER 25 CARTRIDGE KIT
FOR TOURING MODELS

Racing Bros Scepter 25 cartridge kits for baggers have the same great features as their counterparts for Dyna and FXR models, the only difference being the lack of adjustability because once installed there is no access to the adjusters. The development of these kits took longer than their counterparts because a lot of time went into getting the setup right, out of the box so no adjustment is needed after installation. They provide an excellent ride with lots of feedback and no lack of comfort!

- High performance cartridge with IFP design, 25mm CNC 7075-T6 damping piston ensures stable damping quality
- High strength Cr-Si steel material used for the spring ensures a consistent spring rate and best fatigue resistance

20" BIG WHEEL PERFORMANCE KIT

SRT STEAM ROLLER TOURING

NEW

SRT PERFORMANCE WIDE TIRE KITS WITH DESIGNER WHEELS

Bagger Nation SRT Kits are the world's only purpose built 20" performance wide tire kit. Bagger Nation is known for leading the Bagger industry with innovative style and we now offer their amazing Steam Roller Touring (SRT) kits with our exclusive collection of designer wheels! Each 20" x 5" forged rim is CNC machined to Mr. Yaffe's exacting standards and then beautifully coated in your choice of chrome or gloss black finishes.

SRT BUILDERS KIT COMPONENTS

- Forged 20" x 5" wheel, choose your favorite style!
- Wide raked tree kit 7 degrees, ensures correct rake and trail measurements that provide unparalleled performance and handling
- Raked neck block 7 degrees, made from billet steel to provide precision and increased strength, makes easy work out of raking your frame
- Wide Yaxle
- Wide Thicky front fender, includes spacers
- Shinko SRT 777 front tire sold separately (Part# 87-4200)

Big wheel bikes are all about balance. Our geometry provides the perfect look you crave with the added performance you never knew existed. Our kits provide perfect trail and there is no decrease in suspension travel and no increase in spring pre-load. In short, a Cadillac ride & a bitchin" look! Get ready to be blown away

SRT FAIRING ACCESSORIES

Paul Yaffe's Bagger Nation

This model specific kit will correct your fairing attitude after installing our SRT Performance Wide Tire Kit on your 2015-later Road Glide. First, our patented Wedge Drop Block not only rotates the fairing back to its original angle, it also drops the fairing a full 1.75" which gives it that awesome "Muscle Bagger" look! Lowering the fairing also dramatically increases your field of vision while enhancing your Baggers custom look.

834-02010

***US Patent 9,616,957**

Included in your kit is our patented Stealth Fairing Support Bar** which hides discreetly inside your fairing providing all the support your fairing needs. This allows you to remove those ugly stock clamp brackets that attach to your engine guard. This part also allows removal of your engine guard if you so choose which is a popular decision during the customizing process.

****US Patents D786,139 and 9,561,831**

The Rake Ring fits batwing fairing models 1992 to present and is a direct bolt-on application.

- Wedge shape corrects headlight angle on Batwing Fairings
- Injection molded ABS plastic (same material as your fairing)
- Comes in a flat black finish that virtually disappears when installed

STEEL KORE RAKE KITS

"STOP" Do not cut your stock frame any longer.
Because Steel Kore Rake Kits are a bolt on application, you simply remove your existing parts and bolt on our kit.
You can do all of this with your own basic tool kit. These kits provide precision alignment, great cornering stability along with high quality parts while maintaining stock linked ABS function. With the included wheel bearing installed there is no need for an expensive calibration unit.

Every single bolt included in the Steel Kore kit is made of SAE 4140 high strength steel and the main frame is made of 6061 T-6 aluminum.

The Steel Kore kit maintains stock steel ABS brake lines simply by using a unique bracket. The kit retains stock ground clearance and handling characteristics with built in fork extensions. Built in preload adjusters eliminate the need to disassemble the forks. Neck bearings can be adjusted via an external nut underneath the tree to optimize steering characteristics.

PROGRESSIVELY WOUND FORK SPRING KITS

MULTIRATE FORK SPRING KITS

Our Multirate fork springs are produced from the best spring materials available. They are precision wound and stress relieved and mechanically polished to increase surface density to improve corrosion resistance. Straight rate springs have the same rate every inch that they are compressed, which is fine on flat super smooth roads but they lack the ability of our Multirate fork springs to handle some of the more unpredictable road conditions without sacrificing ride quality. If you have a heavier bike or increased load, try our new “GENISIS SERIES” fork springs.

MULTIRATE LOWERING KITS

The Multirate lowering kits are engineered to lower the front end of your bike 1 to 2 inches and still preserve ride quality. The lowering springs undergo the same thorough process as the Multirate fork springs. The kit comes with two specially designed Multirate fork springs, washers, aluminum spacer, two lowering springs and instructions

GENISIS SERIES FORK SPRING KITS

STOCK HEIGHT KITS

The innovative Genisis Series dual spring set up contains a specially designed Multirate outer spring and a one of a kind Genisis inner spring that are assembled together to make the Genisis Series. The Genisis Series works great whether you ride alone or with a passenger, by putting the Genisis spring inside the outer fork spring it allows the springs to work together instead of against each other. The inner fork spring is there when you need it for hard braking and extreme riding conditions of any kind, making them almost impossible to bottom. Each standard Genisis Series kit comes with two Genisis series fork springs (preassembled), 4 Genisis washers, aluminum spacer and instructions.

LOWERED KITS

We use the dual spring combination of the Genisis Series springs and our polished lowering springs to give you what we consider as one of the best front end lowering kits available today. By using the Genisis Series fork springs we are able to give you a comfortable ride without worrying about bottoming out because the Genisis inner spring is there to give you that extra power when you need it.

GOLD VALVE EMULATORS FOR H-D FORKS

H-D Damping Rod Style Forks are notorious for being both too harsh and too mushy. Gold Valve Cartridge Emulators remedy this problem by controlling the motion with a tunable valve that sits on top of the damping rod. They are held in place by the main fork springs. Simply put; Emulators make damping rod forks perform like well-tuned cartridge forks.

- Increased tune-ability
- Dual stage tune-ability
- Personalized setup
- Reduced harshness
- Increased bottoming resistance
- Improved traction
- Consistent feel
- Technical support
- 100% Guaranteed
- Made in the USA

Application	Description	WPS#	List
`14-20 Touring Models (Except Trike and Models w/Cartridge Fork)	49mm forks	200-S4901	$179.99

FORK SPRING KIT

- RT Fork Suspension/Lowering Kits are designed to improve the ride, comfort and handling of your bike
- The kits allow the suspension to be customized for the rider
- They include a set of Gold Valve Cartridge Emulators, a pair of Hi-Performance Springs and Lowering Hardware
- The Lowering Hardware allows the option to lower the front end 1"-2"
- Lowering is not required and is recommended for show models only

FOX FACTORY

FORK SPRING KITS

FOX FORK SPRING UPGRADES substantially improve the handling characteristics of your Harley Bagger or Dyna by correcting the spring rates and geometry of your motorcycle to perform when needed. We utilize straight rate high quality springs that are available in three different options so that you can further fine tune your ride. Our spring kits provide consistent and predictable comfort and feedback that removes the harshness of the road and holds the motorcycle up in the stroke when cornering or braking. Coupled with our FOX Street Performance rear shocks feel the difference of how your V-Twin should handle the road.

Upgrade kit comes complete with a set of springs, exact length spacers needed and instructions for how to install.

PRO 1 PERFORMANCE PRODUCTS

MXV1 39MM TRIPLE TREES

NEW

FEATURES

- CNC machined out of solid 6061 T-6 billet aluminum.
- Available in black anodize, and raw aluminum finishes.
- Increased clamping area of 0.25" on the bottom tree reduces lateral & torsional fork flex which increases the rigidity and stability of the front end.
- Machined cut out in top tree for clean cable and wire routing.
- Equipped for OEM brake line junction box.
- Works with Internal fork stop (Pro-One Part # 103413)
- Will fit most 39mm front-ends.(check fitment)

KIT INCLUDES

- Top tree
- Bottom tree
- Stem
- Top mounted headlight bracket
- Stylish billet aluminum top nut
- External fork stop pins
- All necessary mounting hardware

THINGS TO NOTE

- Requires new steering bearings for installation (not included with kit)
- This Kit does not have a steering lock capability

SLIDER COVERS

Continue with Paul's Yafterburner or Speed Freak styling down your forks and you'll have the most radical looking front end in town! Our Extended Slider Covers are 8.25" long as opposed to our standard 6.25" model. This is an simple, bolt-on product that will dramatically change the look of your Bagger!

Machined from 6061-T6 aluminum, then brilliantly chrome plated or black accent cut.

Extended Slider Covers only fit 23" and up raked applications.

Pro One Performance Products

FORK STOP KITS

"Hourglass" style kit is used in necks that are 7" long. Used on later stock Harley-Davidson frames and many aftermarket custom frames. Fits all Pro-One Triple Trees and other brands with 4 pre-drilled holes. On brands without the necessary holes, kit can still be installed by drilling and tapping 4 holes. Easy to follow instructions included. Bearing Race fits 1.990" neck bore. Measure the neck bore where the races install in the neck, or the length of the neck to be sure this is the kit you need.

Press-in bearing cup style kit is used on many older Harley-Davidson frames and many custom aftermarket frames. Designed for necks that are 5-11/16" long (not including the cups). Includes Polished Stainless Steel bearing cups. Easy to follow instructions included. Bearing cups fit 1.325" neck bore. Measure the neck bore where the external neck cups install in the neck, or the length of the neck to be sure this is the kit you need.

FORK / DUST SEAL KITS

- Patented fork seal features a balanced 3 lip design that evenly distributes the pressure reducing operating temperature, wear and friction
- Custom Elastomer Fork Seals have been tested to outlast OEM fork seals. Extends typical seal life by 3 to 5 times over OEM seals
- Stiction (friction) measures from 1/3 to 1/2 less than OEM seals for smoother fork action
- Sold in pairs

FORGED ALUMINUM WHEELS

Made in USA

- Set your bike apart from the crowd with a set of our custom billet wheels! Available in three distinct designs to complement the style you are going for. They come in black anodized finish with machined details or high gloss triple chrome finish. All wheels are CNC machined from forged aluminum for superior strength and durability. Our wheels fit most current Harley models and are designed to accept stock rotors and pulleys or our matching two piece custom rotors and pulleys that are listed in the brake and drive sections. Some wheels may require extra pulley and rotor spacers depending on application. We do not list all possible sizes for all models so if you can't find the size/application combo you are looking for contact your HardDrive sales rep, we will do what is possible to accommodate your needs

TT TRACKER AND B-52 WHEELS

Lyndall Wheels are manufactured in the USA combining cutting edge design and craftsmanship with premium quality rotary forgings. Bringing you the first and foremost in performance, Lyndall Wheels, are both stronger and lighter than stock; improving the performance, functionality, and beauty of your bike like no other can. Their B-52 and TT Tracker designs are available exclusively through HardDrive. Matching pulleys, sprockets and rotors are available separately to complete the look. Other applications available on request per special order, please allow at least three weeks for delivery.

TT TRACKER AND B-52 ROTORS

Create your own rotors to match your Lyndall wheels. Choose your center carrier design and finish then choose the friction ring that fits your application in silver or black high carbon steel in crown cut or smooth. Lyndall's patented lug drive design allows for easy assembly and unmatched braking performance. Carriers fit 2000 and later wheels with hub mounted rotors, for perimeter style rotors (used on '14-Up Touring models and '06-Up Dynas with cast wheels) see the Lyndall rotors in the brake section.

Quick application guide (for exact rotor dimensions for your model refer to your OEM parts guide):

- '00-07 Touring models require 11.5" rotors front and back
- '08-13 Touring models require 11.8" rotors front and back
- '08-Up Dynas with laced wheels require 11.8" rotors front and 11.5" rear rotors

AMERICAN V-TWIN PRODUCTS

FRONT 40/48/60 SPOKE WHEELS

- Chrome wheels available for many stock and custom applications in 40 and 60 spoke and the 48 Big Spoke
- Sealed for tubeless tires
- Application listed for axle size and location diameter only, additional spacing of rotors and pulleys may be required for exact fitment on some applications
- Wheels can be upgraded with 25mm bearings (sold separately) and bearing spacer (not included) for '08-Up applications
- Will not fit with front wheel speedometer drive on narrow glide front ends

Paul Yaffe's Bagger Nation™

YAXLES

Your front end needs some pizzaz... Well, The Yaxle is Paul's new twist on the flush-mount axle!

The Yaxle is the perfect way to make your stock fork look super sleek and custom! Our Yaxle and end caps are CNC machined from 6061-T6 aluminum and then flawlessly chrome plated or black anodized. The Yaxle is a small, quick and simple way to bring some life and detail to your lower fork legs.

PULLEY SPACERS

Aluminum spacers that are ideal for lining up pulleys and sprockets. The spacers can easily be machined down to the next size under without having to worry about the spigot alignment when you machine the face of the spacer down to the desired thickness. They are drilled for up to 7/16" bolts. Can also be used as disc spacers.

ALL BALLS Racing
Bearings & Components

STREET WHEEL BEARING AND SEAL KITS

- Contains all of the bearings and seals required to re-fit a wheel
- Wheel bearings typically fail from water and dirt contamination. The All Balls wheel bearing was developed in partnership with KML Bearing and is designed to excel in the difficult operating environment street riding
- Premium EMQ quality, hi-speed-bearing featuring low drag, double lip rubber seals which provide superior exclusion of water, dirt and to improved grease retention
- Type TC Nitrile Elastomer wheel seals are specifically designed to keep out water and dirt
- The rubber coated outside diameter creates an optimum seal at the hub
- Steel garter spring guarantees constant pressure on the axle shaft over the life of the seal

WHEEL COVER

- "Toy" wheel covers turn any 16" spoke wheel into an old school solid disc wheel
- Sold in pairs
- Requires drilling for valve stem clearance and fasteners
- Use three threaded rods and acorn nuts to sandwich the wheel covers in place as you would with Moon discs
- Outside diameter 15.5", inside diameter 5.4"

Application	Description	WPS#	List
Fits Most 16" Wheels	Toy Wheel Cover Raw	866-05500	$137.95
	Toy Wheel Cover Black	866-05501	$164.95

TIRE CONVERSION CHARTS

**THESE REFERENCE CHARTS ARE AS ACCURATE AS THE INFORMATION AVAILABLE TO US.
FOR INFORMATION ON SPECIAL APPLICATIONS, PLEASE CALL US.**

SIZE CONVERSION TABLES: *Use these tables to convert your older style inch size to the new style metric sizing.*

STREET TIRES

- Front and Rear tires should be properly matched and sized to maintain correct clearance
- Mount tube type or tubeless tires only on the rims designed for each type of tire
- Before mounting, check for directional arrows on tire tubes. It is advisable to replace tube
- Before use, check wheel balance, wheel alignment, and most importantly, tire air pressure

DUNLOP

AMERICAN ELITE® NEW

Dunlop's American Elite is the only aftermarket tire line for Harley-Davidson and Indian motorcycles that is designed, tested and manufactured in the U.S.A.*

- Sizes available in black, narrow-white and wide-white sidewalls.
- The American Elite delivers enhanced tire mileage thanks to a MT Multi-Tread™ rear tire technology that incorporates a long-wearing compound in the center of the tire, along with a lateral-grip compound on each shoulder for great handling.
- Dunlop's American Elite is the premier aftermarket choice for V-Twin riders in search of tires that deliver extended tread wear.
- Sidewall design proudly features the American Elite name.
- Available in a variety of sizes.

*From domestic and foreign materials.

ALWAYS REMEMBER: Monitor your tire pressure frequently, inspect tires for damage and tread wear, and do not overload tires

MICHELIN Scorcher

- Michelin co-branded tires for Harley-Davidson® motorcycles
- Exceptional combination of durability, comfort and handling
- Bold “Harley-Davidson” script on the sidewall
- Factory installed on many current Harley-Davidson® motorcycles and can be installed on other specified Harley-Davidson® models

MICHELIN Scorcher 11

The MICHELIN Tire for Select Harley-Davidson® Motorcycles

Outstanding Grip:
- Semi-slick tread pattern maximizes the contact patch for excellent adhesion on dry roads. Optimized tread groove design efficiently evacuates water for dependable wet grip.

Excellent Tread Life:
- Derived from Michelin’s championship winning race tires, newly developed rubber compounds combine durability and high performance.

Precise Handling:
- The latest generation of Michelin radial* technology allows for easy maneuverability and impressive agility.

*The 100/80-17 Scorcher 11 tire is a bias tire.

MICHELIN Scorcher 31

The MICHELIN® Tire for Select Harley-Davidson® Dyna®, Sportster® and Touring Models

Cruise with Confidence:
- Innovative rubber compounds, incorporating know-how derived from Michelin’s decades of road-racing experience, provide remarkable grip on both wet and dry roads.

Exceptional Comfort and Handling:
- The supple casing design and profile of MICHELIN® Scorcher® “31” tires promote nimble handling on winding roads.

Long Mileage:
- Michelin carbon black-enriched rubber compounds promote excellent durability without compromising performance.

MICHELIN Scorcher 32

The MICHELIN® Tire for Fat Bob® Motorcycle Riders

Impressive Durability:
- Innovative “reverse” tread design combined with Michelin’s proven rubber-compound technology help deliver superb tread life and even wear patterns.

Agile Handling and Smooth Ride:
- Working in concert with Harley-Davidson, Michelin has developed Scorcher® “32” tires to maximize the ride and handling of your Fat Bob® motorcycle.

Dependable Grip:
- Excellent traction on wet or dry roads, thanks to generously grooved tread patterns and advanced Michelin rubber chemistry.

MICHELIN COMMANDER II

More Miles for Your Money!!

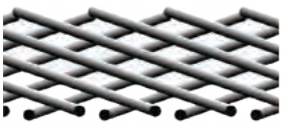
A new standard in cruiser tire longevity

- Independent tests* show that the MICHELIN® Commander® II rear tire lasts almost twice as long its main competitors, the Metzeler ME880 and the Dunlop D407/408

FRONT REAR

Innovative technology

- Amplified Density Technology: A highly dense, more-rigid tire casing, which helps deliver excellent feedback and handling



-Conventional 71-thread ply

-Commander II 90-thread ply is 25% more dense than conventional plies

- Aramid tread plies on the rear tire resist centrifugal growth, reduce weight and provide excellent stability
- All-new rubber compounds for remarkable wet grip, without compromising durability
- Square bead wires improve casing rigidity, handling and ease of installation

A groundbreaking new look

- Unique tread pattern for head-turning looks
- Premium sidewall treatment complements cruiser styling

* Commissioned third party tests conducted in 2011 on public roads comparing MICHELIN® Commander® II , Metzeler ME880 and Dunlop D407/408 tires in sizes 130/80 B 17 and 180/65 B 16. Individual results may vary depending on motorcycle type and operating conditions

SHINKO MOTORCYCLE TIRES

CRUISER / TOURING TIRES

SR777 & SR777 H.D. "REFLECTOR"

Shinko SR777 & SR777 H.D. Reflector Series. Almost completely unnoticeable until light hits the reflective material in the sidewall and then BAM ...the sidewall of the Shinko 777 Reflector tire lights up. Be Safe. Be Seen. Shinko 777 Reflector & 777 H.D Reflector tires are specifically designed for cruiser motorcycles and are available in many sizes to fit V-Twin and metric cruiser models.

- Reflective strip is built into the sidewall of the tire
- Looks like a normal black wall 777 tire during the day time
- Rubber compound formulated to provide maximum grip and comfort
- Confidence inspiring traction you can feel when accelerating, braking and cornering
- H.D. (Heavy Duty) version with reinforced carcass providing a more stable and planted feel
- H speed rated tubeless
- Aramid belted provides ample load capacity while also giving more stability
- Unleash the handling potential of you cruiser motorcycle

SHINKO MOTORCYCLE TIRES

CRUISER / TOURING TIRES

SRT 777 H.D. 20 INCH

- Requires Paul Yaffe's 20" big wheel performance SRT Kit for installation. See Page 836 in Suspension
- This is a front tire designed specifically for it's purpose not like other fat front tire conversions that use a rear tire
- Fat 6.5" wide front tire with a true front tire profile and tread ensure superior handling
- H.D. (Heavy Duty) version with reinforced carcass providing higher load ratings
- Available through your authorized Shinko retailer

Size	Load/Speed Rating	WPS#	List
FRONT			
6.5" - 20	77H	**87-4200**	**$289.95**

Shinko's SRT 777 H.D. tire celebrates the big wheel movement with what we feel is the best riding touring experience…period! Low profile sidewall with balloon tire aesthetics provides an all business look with incredible handling characteristics.

SR777 30 INCH

Specifically designed for the custom 30" front wheel market

- Legendary 777 handling and performance now available in a 30"!
- Tread compound designed for a great combination of traction and mileage
- Directional tread pattern and functional siping offers excellent wet and dry traction
- Aramid belted
- DOT approved

SHINKO MOTORCYCLE TIRES

DRAG / RACE TIRES

HOOK-UP PRO DRAG RADIAL

- The ultimate DOT drag tire!!
- HOOK-UP PRO! All of the great features of the original Hook-Up, but lighter, faster and even better at the top-end of the track! Competition-developed design allows for more horsepower to be used throughout the run due to a larger contact patch at high speed. Enhanced carcass resists distortion, chunking, and the stresses of centrifugal force to maintain a more constant footprint.
- Due to the soft compound of this tire, it is not for use on dynamometers!

Ultra Lightweight! Hook-Up Like A Pro!

Size	Load/Speed Rating	TT/TL	WPS#	List

INNER TUBES

- High quality 1.5mm thick butyl tube pre-loaded with Counteract Balancing Beads
- Balanced for the life of the tire
- Extend tire life, even tread wear, increases horsepower due to decreased rolling resistance.
- Provides the smoothest and most efficient ride possible
- No need for unsightly wheel weights or a tire balancer
- Cost effective
- Will not void tire warranties

TIRE BALANCING BEADS

- No more external weights!
- Made from micro-glass beads
- Increases tire life, improves fuel economy
- Reduced vibration and heat build up
- Tires are balanced all the time, not just at over 30 mph like other products
- No rebalancing every time you come to a stop
- No dust to clog valve cores
- Guaranteed safe for all tire pressure monitoring systems (TPMS)
- Can be used in tube type and tubeless tires
- Simply throw in a bag when mounting a new tubeless tire or use the DIY kit for “on the bike” and tube type installation

BILLET ALUMINUM VALVE STEMS

- They attach securely to the rim with a lock nut so the valve stem cannot be bent or come out of the rim
- Sold in pairs as noted (90°, straight or combination), includes 2 valve stems, 2 lock nuts, o-rings, valve cores, and valve caps
- Replacement not required every time the tire is changed like rubber type stems
- Available in 2 different sizes (8.3mm/.327" and 11.3mm/.453") to cover most of the popular aftermarket wheel brands

	45° .327"	**85-0451**	4/pack	**$22.95**

B

- Threaded full 1-3/16" length for various rim thicknesses
- Fits .327'' valve hole and equipped with O-ring seal

C

- Pop-in valve meets the same rigid standards required for OEM applications
- Designed to resist damage from ozone and premature rubber deterioration from valve hole compression, heat, cold and moisture

D

- Chrome plated sealing valve cap
- Grommets to fit either .453 or .625'' valve holes

E

- 90° valve stem style
- 85-0435 fits .327 valve hole
  85-0436 fits .453 or .625

VALVE CORE REMOVER

- Made from Hex Steel
- Allows for easy removal and installation of standard valve cores

Ride-On Tire Protection System

LED SMART CAPS

- Ride-On LED Smart Caps are the easiest TPMS (Tire Pressure Monitoring System) to install on your tire valve stems
- The LED Smart Caps automatically calibrate to the pressure in the tire and sets itself when the cap are installed
- TPMS caps can be used with pressures from 10 psi to 70 psi
- Automatically compensates for ambient temperature changes to avoid false alarms
- Comes with integrated anti-theft device
- Ride-On TPMS LED Smart Caps blink red to alert of low pressure for up to 750 hours
- Low battery alarm - the LED Smart Caps will blink yellow for up to 100 hours to alert you that the batteries are running low
- Uses standard watch batteries
- Bright blinking LED light that is visible in daylight and night time

Description	WPS#	List
LED Smart Caps/pr	**85-4210**	**$43.95**
Repl. anti-theft wrench	**85-4211**	**$1.25**

TPS TIRE BALANCER AND SEALANT

- Ride-On TPS (Tire Protection System) is a tire balancer and sealant compound for tube or tubeless tires that evenly coats the inner surface of your tires
- Eliminates the need wheel weights, specially formulated to hydro-dynamically balance high speed tires, dampen road noise and vibrations that cause a rough ride
- If the tire is punctured in the contact patch, the centrifugal force of the rotating tire and the internal air pressure force Ride-On into the hole, sealing it instantly
- Ride-On is a Green biodegradable product that is designed to be non-hazardous and non-flammable, and contains corrosion inhibitors that protect all alloys of steel, aluminum, magnesium and yellow metals against oxidation
- Note: Refer to Dosage table/calculator to find the amount needed for each tire
- Ride-On TPS will act as a balancer and will result in erroneous readings from a dynamic spin balancer
- Available in motorcycle and ATV formulas, simply squeeze/pump the fluid into the tires and you are set to go, refer to dosage table below to find the amount needed for each tire

RIDE-ON DOSAGE (all measurements in inches):

High speed street tires: Diameter x Width x .055 = ounces of Ride-On
Off road tires: Diameter x Width x .075 = ounces of Ride-On
ATV tires: Diameter x Width x .087

IMPORTANT NOTE: After installing Ride-On TPS Motorcycle Formula sealant into the tires, a slight vibration may be noticed until the sealant has warmed up and distributed evenly in the tires. This process usually takes 2 to 5 miles. DO NOT attempt to rebalance tires after the installation of Ride-On TPS Motorcycle Formula. Ride-On TPS is a balancing compound

SUPER DUTY AND ORIGINAL FORMULA

"THE FLAT TIRE ELIMINATOR"

In tubeless tires the SLIME seal is as effective as a normal repair. In tubed tires, regard SLIME in the same way as you would a patch. If you would be content riding a patched tube, then the SLIME seal is fine. If you regard the patch as a "get you home" emergency repair, then fit a new tube. SLIME can be easily removed with cold water. There is no other product like SLIME on the market. There are no glues, no latex, no adhesives in its formulation. SLIME is the most innovative breakthrough in flat tire prevention.

Application:	Ounces per tire
Motorcycle	8
Bicycle	4
Wheelbarrow	8
Boat/Snowmobile	8
Trailer	
Compact car/Lt.Truck	8
4x4/SUV	8
ATV	16-32
Riding Mower	20

Uses:
Motorcycle's / ATVs
Bicycles
Golf Carts
Utility Vehicles
Wheel Chairs
Wheelbarrows
Agriculture
Any pneumatic tire tube or tubeless

- Super duty slime seals punctures up to ¼"
- Fine tunes balance of all tires
- Will not freeze down to -35°, dry-out or ball-up inside the tire
- Prevents corrosion of the tire and rim
- SLIME is formulated to last as long as the life of your tire

Or simply use this formula

Under 45 mph:
Tread Width (inches) x Height (inches) x .13 = _____ oz. Example 8 x 22 x .13 = 23 oz.

Over 45 mph:
(Tread Width (inches) x Height (inches) x .13) /2 = _____ oz. Example (8 x 22 x .13)/2 = 12 oz.

BLUETOOTH® TIRE PRESSURE MONITORING SYSTEM

BLU TECHNOLOGY PRODUCTS

The BLU TPMS (Tire Pressure Monitoring System) constantly monitors your motorcycle, trike, UTV, Pre-2007 or classic car, truck, trailer or RV tire pressure and temperature and warns you of danger.

- Offers both external (replaces your existing air valve stem cap) or internal (in the wheel) O.E.M. quality Low Energy Bluetooth connected sensors (BLE)
- Uses the latest BLE technology for maximum battery life
- Monitors pressure and temperature and sends this information to your IOS or Android mobile device via a free downloadable App
- If a low tire is detected, the sensors send a signal to the App and you receive a warning notification on your screen and an audible alarm (the alarm even tells you which tire is low)
- Pressure warning levels are easily set by the user from 1 PSI to over 100 PSI
- The App also lets you monitor up to 99 different vehicles and allows you to choose the type of vehicle the sensors are installed on, no additional equipment is required, just the sensors and your mobile device
- External caps include a secure locking device to keep the sensors from being stolen
- Systems are available in 2 wheel (motorcycle/trailer), 3 wheel (trikes, Can Am, etc.) and also 4 wheel kits (ATV/UTV, trailers/ toy haulers)

HAND DEFLECTORS

- Hand Deflectors are an economical, easy-to-install solution for keeping your hands warm and dry
- Coupled with a windshield, Hand Deflectors protect your entire upper body from cold wind and rain
- Mounts easily and securely to bike's mirror mounts, yet allows plenty of room for brake/clutch lever movement
- Made from High Impact Acrylic, with mounting hardware in chromed steel and black powder coated steel

BRASS BALLS CYCLES

INDIAN GRIPS

Your hands engage with your bike on a more personal and tactile level than the rest of your body. They control your bike. Shouldn't your grips be amazing? Like the leather wrapped steering wheel of a premium automobile, our uniquely designed, precision crafted and hand stitched leather wrapped grips deliver an experience like no other.

First they are CNC machined from billet aircraft grade aluminum with a recessed knurled surface to ensure the leather will not slide or twist. The leather is laser cut to shape then the pattern embossed. Next the leather is dyed & airbrushed. Finally the grips & leather have bonding agent applied. The leather glued and skillfully hand stitched around the grip.

	Description	Black/Tan	Natural/Tan	List
A	Scout models	**826-01087**		**$179.95**
B	Chieftain models		**826-01088**	**$179.95**

KNURLED SCOUT GRIPS

More Grip and No Slip. These classically styled Moto grips have perfect knurling to ensure great grip without tearing up your hands or gloves. Slight raised arc to fit perfectly in the palm of your hand.

FREEDOM PERFORMANCE exhaust

SLIP-ON EXHAUST FOR INDIAN VINTAGE, CLASSIC & CHIEFTAIN

- Freedom Performance slip-ons deliver the perfect sound and performance for Indian Motorcycles
- With exceptional engineering, superior manufacturing, stylish finishes and end tips, you'll get the best in quality and performance that your money can buy
- No matter which slip-ons you choose, you'll get increased power and a unique crisp throttle response
- For the best power match up available, take a look at the Freedom standard true duals, sold separately
- Made in the U.S.A.!
- Not legal for use in California on pollution controlled vehicles - Check local laws before installing

DYNATEK dyna performance electronics

FUSION FUEL CONTROLLER

- Uses factory connectors for easy installation
- USB powered from computer (9 volt adapter is no longer needed for programming)
- 2 position map switching function built in (map switch not included)
- Gear input (allows for map adjustment based on gear and speed)
- Analog input (allows user to install any 0-5 volt sensor and build an adjustment table based on its input such as boost or temperature)
- With gear position input connected the Fusion is capable of allowing each cylinder to be mapped individually and for each gear (for example: on a 4 cylinder bike with a six speed transmission there could be up to 24 separate fuel tables).
- Unit has a -100/+250% fuel change range
- 10 throttle position columns
- Enhanced “accel pump” utility (increased adjustment and sensitivity ranges)
- Can use Power Commander maps
- Self tuning available with the optional Dynatune Autotune controller, see AIR/FUEL section

Notes:
1 - Includes single channel O2 Optimizer
3 - Includes dual channel O2 Optimizer
4 - Optional oxygen sensor eliminator required for California and some overseas models, 2 eliminators required - call Dynojet, part #76423005
5 - Optional oxygen sensor eliminator required for some overseas models, 2 eliminators required - call Dynojet, part #76423008
6 - Optional oxygen sensor eliminator required for California “C” models, 2 eliminators required for California “Retro” models - call Dynojet, part #76423005
7 - Requires additional Dynojet hardware for Quickshifter to function - call Dynojet
9 - European models require O2 optimizer for closed loop control
11 - Optional oxygen eliminator available for California and European models - call Dynojet, part #76423007
12 - Includes ignition adjustment

Not legal for use in California on pollution controlled vehicles, race use only in California - waiver available

ELECTRONIC JET KIT

"INSTALL AND RIDE, EFI MADE EASY."

The EJK (Electronic Jet Kit) evolved out of the need to address the ever-increasing complexity of factory fuel injection. For the newcomer to the market or professionals wanting an easier method for tuning fuel injection, the EJK is a customizable solution for the shop that wants to take control of their tuning needs.

- No computer needed
- No dyno required
- Quick "plug and play" installation, initial settings are all preset based on make/model
- Full range tunability, does not interfere with stock ECU
- Simple push button adjustment interface
- 2 year warranty

The GEN 3 is a piggy-back EFI controller because it does not replace the stock ECU, but rather monitors the signals to the injectors and makes fuel adjustments based on the mode settings. The GEN 3 has a push button interface allowing access up to 6 different modes to allow for quick fine tuning by the end user without needing a computer. The GEN 3 also is nitrous oxide compatible, and allows the user to add fuel thru the stock fuel injection when using nitrous oxide.

The GEN 3.5 EFI controller is an extension to the GEN 3 controller. The GEN 3.5 controller has the ability to add or pull fuel within each available fueling zone. The GEN 3.5 is NOT compatible with nitrous oxide systems.

Not legal for use in California on pollution controlled vehicles, race use only in California - waiver available

FUEL TUNER

The AFR+ brings together two technologies within one system to make it the most powerful, user-friendly tuning device on the market. AFR+ combines an EFI controller with a wideband O2 sensor and AFR gauge to provide a user instant fuel trimming ability and feedback about their vehicle's state of tune.

The AFR+ can handle all of your fueling needs or compliment ECU downloads and already installed EFI controllers. The AFR gauge allows you to know exactly how well your tune-up is performing. The EFI fueling allows you to control any necessary fine tuning without spending more money or valuable time.

- Maximizes power and fuel economy
- Plug and play installation
- On the fly tuning, no dyno required
- Works with all ECU downloads and all brands of aftermarket ECU controllers
- Does not interfere with stock ECU operation
- Includes air/fuel ratio gauge (2 1/8" diameter), wideband controller and Bosch O2 sensor (gauge mount and O2 sensor bung not included)
- Harley Davidson AFR gauge is chrome w/grey face/orange needle, Indian and Victory AFR gauge is chrome w/white face/orange needle, all others are black w/black face/orange needle. Gauge can be exchanged direct with Dobeck if another color is wanted.
- 1 Year warranty, will not void any OEM factory warranties

Not legal for use in California on pollution controlled vehicles, race use only in California - waiver available

TIER 1 TUNERS

ACCELERATION TUNER

CCT is an acronym for “Consecutive Cycle Tuning”. We use CCT to describe our fuel tuning process, which is the measuring of consecutive cycles of power, with unique amounts of fuel to determine which fuel amount provides the best acceleration.

The process, in many ways, is identical to the acceleration measuring procedure used in today’s most popular tuning dynamometers, such as, those made by Dynojet and other companies. The important thing to remember is the time between consecutive cycles of power and between fuel adjustments on a dynamometer are measured in minutes and is based on one style of load or acceleration simulation at any given time, while the Tier 1 Tuners innovative +CCT Acceleration Optimizer technology has a time between consecutive cycles of power and tuning of fuel that is measured in milliseconds and is based on Real Time/Real Life constant feedback.

The Tier 1 Tuners +CCT Acceleration Optimizer can now provide your motorcycle with Real Time fuel adjustments that will optimize acceleration and compensate for the constantly changing Real Life conditions, (i.e. 1up/2up, head winds, tailwinds, uphill, down hills, etc.) which substantially affects the performance mode operations of your motorcycle throughout your normal daily driving.

The +CCT’s patented technology adds a “Closed Loop” control system to your bikes fuel injection system.

Almost all motorcycle fuel injection systems in use today are using “open loop” control systems when they are being driven in a performance manner. “Open loop” refers to a control system that does not have feedback to adapt to conditions outside of its current programing, while a “closed loop” control system functions by its ability to take feedback from an engine sensor. For example, the oxygen sensors common on many of today’s motorcycles use this type of system in cruise, but not in power mode.

The +CCT Acceleration Optimizer unit will add a “closed loop” control system to your current fuel injection system while it is in performance mode. The +CCT Acceleration Optimizer adjusts fuel while receiving feedback from the engine’s acceleration in Real Time/Real Life. The fuel is changed to whatever is needed to optimize the engine’s acceleration while in performance mode.

Tier1Tuners +CCT Acceleration Optimizer can provide up to 95% optimization under Real Time/Real Life performance acceleration.

Most motorcycles today that use an “open loop” control system during power mode operation are typically about 70% optimized (because of various Real Time/Real Life road conditions). When optimizing the fuel map to 70%, a 30% margin is created to maintain good drivability over the full range of acceleration rates found in real life performance driving. The +CCT Acceleration Optimizer’s “closed loop” functionality cuts this margin of error from 30% to only 5% thus giving you up to 95% optimization under Real Time/Real Life performance.

Tier1Tuners new +CCT Acceleration Optimizer is a standalone performance product. It requires no other modifications to deliver its performance potential. The +CCT Acceleration Optimizer derives its benefit from its Real Time/Real Life “closed loop” functionality, not from making a better or different open loop fuel map.

- Real Time Fuel Adjustments
- Up To 95% Optimization Under Real Life Acceleration
- Works On Stock Or Currently Mapped Bikes
- Made In The U.S.A

REKLUSE

TORQUE DRIVE CLUTCH
FOR INDIAN TOURING MODELS

NEW

Unlock more power. TorqDrive provides more disks in less space, allowing us to add 5 additional frictions disks to the clutch pack over stock. More frictions equals more torque capacity thus unlocking the full power of your engine without the need to add stiffer pressure plate springs or a lock up device. TorqDrive provides smoother shifting and improved lever feel. Rekluse basket sleeves eliminate basket wear and notching.

Application	Rekluse #	WPS#	List
`14-19 Models w/Thunderstroke Engine	RMS-2816100	156-9304	$449.00

RADIUSX AUTO CLUTCHES
FOR SCOUT MODELS

RadiusX is a high performance centrifugal auto clutch combining our TorqDrive and EXP technologies. TorqDrive provides more clutch disks in less space, allowing for maximum performance within your bike's existing clutch footprint. You retain full control of shifting and use of your clutch lever with no compromise in power delivery.

- Dead-on clutch engagement every time
- Take off and stop in gear without using clutch lever – no more stalls
- Experience maximum power delivery
- Confidently navigate traffic and slow speed conditions
- TorqDrive® clutch pack delivers higher torque capacity and increased power transfer
- Rekluse sleeves eliminate basket wear and notching
- Standard clutch lever function with full override
- No modification to stock components
- Shifting transmission remains unchanged (clutch lever use is recommended for shifting)

`15-Up Scout, `16-Up Scout 60, `18-Up Scout Bobber	RMS-6231	156-9207	$749.00

TORQDRIVE CLUTCH
FOR SCOUT MODELS

Unlock more power! TorqDrive provides more disks in less space, allowing us to add up to 6 additional frictions disks to the clutch pack over stock. More frictions = more torque capacity thus unlocking the full power of your engine without the need to add stiffer pressure plate springs or a lock up device. Proven in racing at the highest levels, it's not just good, it's rEvolutionary.

- Plus 6 friction disks offers up to 50% stronger clutch engagement with no increase in lever effort
- Smoother shifting
- Improved lever feel
- Engineered to eliminate slip and tunable to handle high horsepower engines
- Steel core friction disks for improved heat dissipation and longer clutch life
- Rekluse sleeves eliminate basket wear and notching

ADAPTIVE LED HEADLIGHTS FOR VICTORY

The Adaptive 2 Series headlights have been improved to feature Adaptive technology when using the high beam, in addition to the low beam. Providing ditch-to-ditch lighting to eliminate dark corners on sharp turns and a punch of light 1,500 feet down the road to give you a safer and more confident ride to master the corners.

The Model 8695 Adaptive 2 offers a dynamically adaptive LED headlight designed to fit Victory® motorcycles, featuring the diamond shape unique to this application.

- Improved to feature adaptive technology with the high beam, in addition to the low beam
- Diamond shape mount for Victory motorcycle headlights
- On-board intelligence senses leaning angles when cornering to control light
- Dynamically fills in dark areas while turning
- Breakthrough improvement in visibility and safety
- DOT-compliant headlight
- Dual Burn™ high low & beam optics for extra punch of light
- ComfortLite™ high beams

12V GENERATOR

Cycle Electric Inc. makes generators to fit Indian Chiefs in 6V and 12V configuration. These generators offer a higher than stock output and are therefore equipped with a built in regulator, except 273-1454 which must be used with a high output regulator. They fit in the stock mounting clamp and use the stock 1/2" straight bore pulley.

Indian	WPS#	List
12V Generator for Indian Chief	273-1454	$415.95
12V Generator w/built in Regulator for Indian Chief	273-1455	$539.99
6V Generator w/built in Regulator for Indian Chief	273-1458	$549.95

HIGH PERFORMANCE BRAKE PADS

BRAKING
POWER UNDER CONTROL

- All Braking® brake pads are asbestos and nickel free
- Other brake companies stress friction over other performance factors — Braking® uses an organic base material for outstanding friction along with a soft, non-aggressive metal that allows the pad to glide on the disc, providing better control
- All Braking® brake pads are compatible with cast iron, stainless steel and Carbiron® materials and, when used with Braking® rotors, provide the greatest control and braking power available

• SM1 SEMI-METALLIC PADS

- Perfect alternative to OE replacement
- Deliver dependable, rugged performance certain to satisfy the most demanding sport riders, commuters and touring enthusiasts
- Superior performance in wet or dry conditions
- SM pads are fade-free, noise-free and dust-free
- Smoothness, consistency and responsiveness from the lowest to highest possible temperature
- Gentle on all rotors

• SPORT COMPOUND CM55/56 SINTERED METAL PADS

- Upgrade from stock
- CM55/56 sportbike pads are a sintered mixture designed to give power and longevity
- CM55/56 pads offer strong power, stability and improved brake modulation and feel

EBC

FRONT BRAKE APPLICATIONS

EXTREME PRO by EBC BRAKES

USA made, they range has a highly refined copper alloy including extra expensive ingredients to further enhance lifetime and silence the brakes during operation.

Black Coded: Street Sport/Touring with Aramid fibre composite, the most popular pad for street use.

V series: Heavy duty organic/copper sintered material gives the feel of an organic pad with the wear characteristics of a sintered pad. Great for larger touring bikes, offers stable braking with minimal pad/rotor wear and lower brake dusting of wheels.

Double-H: High friction superbike/race sintered formula. Double-H sintered pads offer the maximum brake effect and a lifetime approximately double that of any organic pad. Add "H" to end of part number.

HIFLOFILTRO PREMIUM FILTERS

OIL FILTERS

- Provides unbeatable performance and exceptional value, Hiflo filters are the best-selling brand of aftermarket filters for motorcycles worldwide
- To achieve our high quality and to ensure the consistency of our products, we use only premium raw materials from well known manufacturers
- Every oil filter goes through 16 individual quality control checks before it is ready to leave the factory. The whole manufacturing process, including the checking of raw materials and individual filter testing, is regularly audited and verified independently

OIL FILTERS

Quality oil filters manufactured by one of the largest manufacturers and suppliers of motorcycle filters.

Today's motorcycles require a high performance oil filter with a high oil flow capacity in order to withstand high heat and pressures. EMGO oil filters meet or exceed these requirements.

FLO® REUSABLE OIL FILTERS

- Reusable filters made from type 304 stainless steel micronic filter cloth
- Rare earth magnet is attached to the top of the element for pre-filtering the oil
- Sophisticated bypass system is engineered for greater oil filtration and proper bypass pressures
- Anodized aluminum housing looks great and helps dissipate heat

BAZOOKA SHOCKS
FOR INDIAN SCOUT

Bazooka Mono R Features
- Speed Adaptive Valving (SAV) technology
- Internal Floating Piston (IFP) design stabilizes damping performance
- Forged A7075 aluminum one-piece damping body construction
- Rebound adjustable
- Easy setup preload adjustability

Bazooka HLR Remote Reservior Features
- Speed Adaptive Valving with progressive valve stack
- Internal Floating Piston technology for consistent performance
- High and Low Speed compression damping adjustability
- Rebound adjustable
- Forged CNC machined eyelet
- Hard chrome shaft for smooth operation
- Remote reservoir may interfere with OEM or aftermarket saddlebags

WHEEL BEARING AND SEAL KITS

- Contains all of the bearings and seals required to re-fit a wheel
- Wheel bearings typically fail from water and dirt contamination. The All Balls wheel bearing was developed in partnership with KML Bearing and is designed for the difficult operating environment of the Power Sport industry
- Premium EMQ quality, hi-speed-bearing featuring low drag, double lip rubber seals which provide superior exclusion of water, dirt and to improved grease retention
- Type TC Nitrile Elastomer wheel seals are specifically designed to keep out water and dirt
- The rubber coated outside diameter creates an optimum seal at the hub
- Steel garter spring guarantees constant pressure on the axle shaft over the life of the seal

FORK/DUST SEAL WIPER KITS

- Patented fork seal features a balanced 3 lip design that evenly distributes the pressure reducing operating temperature, wear and friction.
- Custom Elastomer Fork Seals have been tested to outlast OEM fork seals. Extends typical seal life by 3 to 5 times over OEM seals.
- Stiction (friction) measures from 1/3 to 1/2 less than OEM seals for smoother fork action.
- Lower Stiction, Longer Life! It doesn't get any better than this!
- Plus, the only complete line of dust wipers! Wipers should be replaced with the fork seals to assure peak performance.

Functions smoothly during repetitive jumping. Seal life is 540,000 strokes, equal to 100 hours of continuous 28.8' jumps. Seal life exceeds current seals by 496,800 strokes (8 hours of continuous 28.8 foot jumps).

57-9716	$10.25

CABLE AND PADLOCK

- 5/16" X 6' self coiling cable
- Hardened steel padlock with plastic cover
- Easy to use and carry

WPS#	List
57-9711	$14.95

STRONGHOLD

- Above ground anchor security
- Hardened carbon alloy shackle
- Comes with cement anchor bolts
- 7 1/2" dia. x 1 5/8" tall

WPS#	List
57-9776	$99.95

TOUGH UNDER FIRE

TRUCK BED U-LOCK

Provides locking 190° swivel tie down point
Hardened steel shackle and lock body
Fits into pick-up truck bed stake hole pockets or onto the stock tie down locations of the following:

- Dodge Ram and Dakota '06-up
- Ford F-Series '02-up
- GMC/Chevy 1500/2500 '02-up
- Toyota Tundra '05-up

WPS#	List
57-7621	$39.99

PYTHON ADJUSTABLE CABLE LOCK

- Cut resistant 6' long, 3/8" diameter vinyl coated braided steel cable
- Weather Tough aluminum alloy lock, cylinder shutter

Description	WPS#	List
Python cable lock	57-7640	$32.99

QUANTUM 20 CABLE LOCK

- 5' long 20mm vinyl coated braided steel cable
- Integrated mini U-lock for enhanced security
- Looped cable end for increased versatility
- Anti-drill lock cylinder

WPS#	List
57-7651	$66.99

QUANTUM ARMORED CABLE LOCK

- 6' long braided steel cable with 1 3/16" O. D. hardened steel sleeve
- Anti-drill lock cylinder
- Vinyl coated cable for scratch resistance

WPS#	List
57-7650	$39.99

TITANIUM SERIES PADLOCKS

- Reinforced with titanium
- Hardened steel shackle
- Ideal with looped cables

Description	WPS#	List
Keyed	57-7662	$16.99

TOUGH UNDER FIRE

QUANTUM CUFF AND CAB

- 6’ long braided steel, vinyl coated cable
- Super strong cuff type lock assembly
- 3” cuff diameter to fit fork tubes, frames, sign posts, and parking meters

WPS#	List
57-7613	$48.99

STREET CUFF LOCK

- Hardened chrome plated steel resists cutting or prying
- Compact and lightweight, folds in half for easy storage
- 3” diameter to fit fork legs or frames, can be secured to sign posts, parking meters or another bike
- Push button keyless locking
- Pivoting action combined with 22” length provides lockdown versatility

WPS#	List
57-7601	$76.99

STREET CUFF HOLSTER

- Full grain leather holster provides storage and easy access for the 57-7601 Street Cuff
- Compact for comfort and convenience
- Heavy duty snap hold securely while riding

WPS#	List
57-7605	$14.95

MINI U-LOCK

- 14mm U-lock shackle
- Inside measurements 3 11/16” long X 1 7/8” wide
- Hardened shackle resists cutting and sawing
- Vinyl coated to prevent scratches

WPS#	List
57-7620	$26.99

2” DISC BRAKE LOCK

- Prevent roll-away theft
- 2” throat depth with a 6.3mm shackle
- Push button locking system with high security lock
- Orange in color
- $1,000 anti-theft guarantee

WPS#	List
57-7630	$22.99

3” DISC BRAKE LOCK

- Prevent roll-away theft
- 3” throat depth with a 9.5mm” shackle
- Push button locking system with high security lock
- Orange in color
- Carrying case included
- $1,000 anti-theft guarantee

WPS#	List
57-7631	$26.99

TOUGH UNDER FIRE

QUANTUM CABLE LOCK

- 6' long 15mm vinyl coated braided steel cable
- Anti-drill lock cylinder

WPS#	List
57-7652	$33.99

TUFF LINKS

- 3' long hardened chain with attached lock
- Black nylon sleeve protects from scratches

WPS#	List
57-7610	$42.99

CABLE AND PADLOCK

- ¼" X 6' self coiling cable
- 1 9/16" wide laminated steel lock with weather proof cover
- Hardened steel shackle with molded cover

WPS#	List
57-7665	$17.99

STAINLESS STEEL ROUND PADLOCK

- 2 ¾" wide corrosion resistant stainless steel body
- Fully shielded design minimizes shackle exposure and protects against bolt cutter attacks
- 19mm hardened steel shackle for extra cut resistance

WPS#	List
57-7663	$17.99

LAMINATED STEEL PADLOCK

- 1 ¾" wide laminated steel body
- 4 pin cylinder helps prevent picking
- Dual locking levers and hardened steel shackle for extra pry and cut resistance

WPS#	List
57-7664	$12.50

XENA INTELLIGENT SECURITY

DISC-LOCK

X1 DISC LOCK

- Pushdown, 1/4" hardened steel pin
- Ice spray proof body and barrel
- No alarm

Finish	WPS#	List
Yellow	56-9655	$35.95

X2 DISC LOCK

- 1/2" Carbide reinforced double locking pin
- Ice spray proof body and barrel
- No alarm

Finish	WPS#	List
Yellow	56-9657	$44.95

XCH10-120L

- XCH is a Hexagonal 10mm Hardened–steel loop chain 4ft, 5ft
- Chains include a durable chain sleeve
- Works with XCA adaptor

WPS#	List
56-9673	$85.95

XZA-150

Cable adaptor Combo, 150cm 12mm loop cable with XZZ Adaptor (lock sold separately) Ideal for locking helmets

- 150 cm flexible steel cable and XZZ lock adaptor
- For use when disc lock is locked on to disc

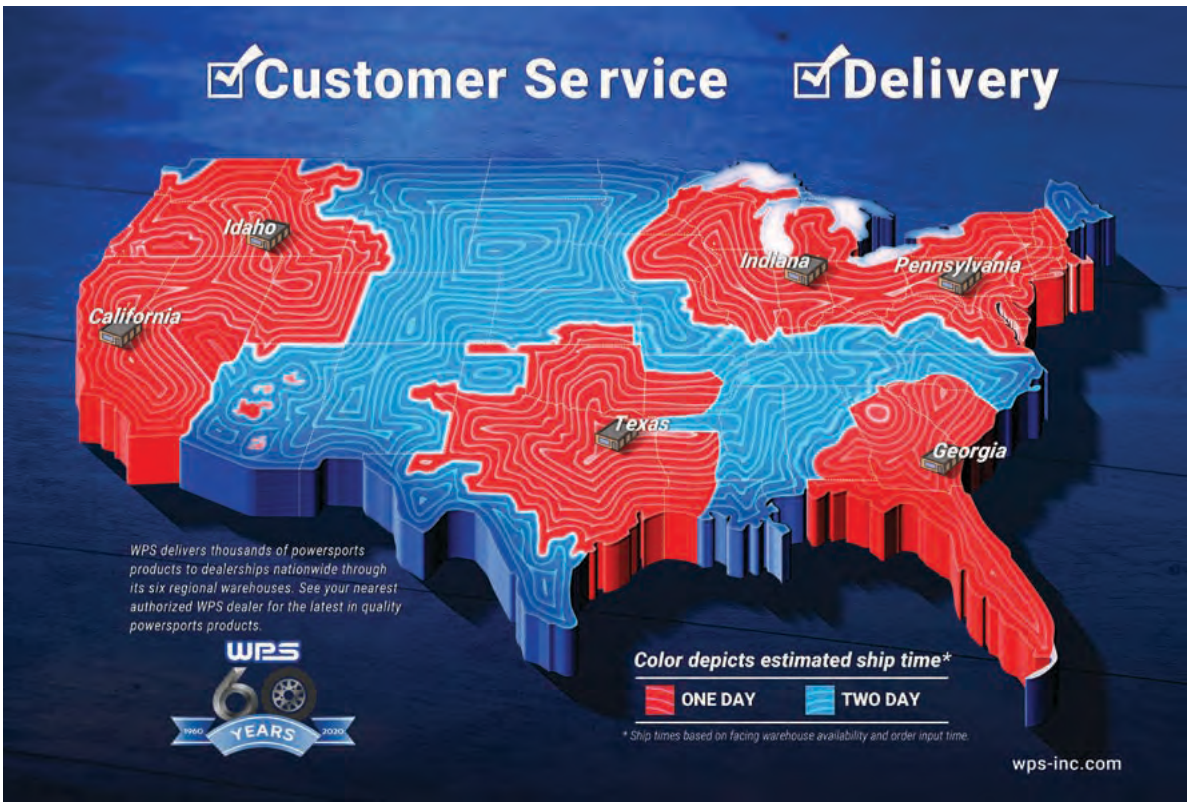
WPS#	List
56-9678	$29.95

XXA-150

Cable adaptor Combo, 150cm 12mm loop cable with XX6 Adaptor (lock sold separately) Ideal for locking helmets

- 150 cm flexible steel cable and XX lock adaptor
- For use when disc lock is locked on to disc

WPS#	List
56-9679	$29.95



DISC LOCK ALARM | 120 dB ALARM | LITHIUM POWERED | XENA INTELLIGENT SECURITY

XX SERIES ALARM DISC LOCKS

All XX series locks feature a self-arming 120 db lithium powered alarm, shock and motion sensors, maximum security key barrel, ice spray proof body.

XX6

- Easy to use push-down locking, 1/4" hardened steel pin
- 120 db lithium powered alarm
- Dimensions 3.3" long x 2.3" high

Finish	WPS#	List
Yellow	56-9661	$84.95
Stainless Steel	56-9662	$85.95

XX10

- XX10 304 stainless steel,
- XX10-Y Hardened steel
- 120 db lithium powered alarm
- 3/8" Carbide reinforced double locking pin
- Dimensions 3.3" long x 2.4" high

Finish	WPS#	List
Yellow	56-9668	$109.95
Stainless Steel	56-9663	$109.95

XX14

- High nickel content 304 stainless steel construction
- 120 db lithium powered alarm
- 5/8" Carbide reinforced double locking pin
- Dimensions 3.3" long x 2.4" high

WPS#	List
56-9664	$114.95

XX15

- High nickel content 304 stainless steel construction
- 120 db lithium powered alarm
- 5/8" Carbide reinforced double locking pin
- Dimensions 4.13" long x 2.3" high

WPS#	List
56-9659	$114.95

XBP4

- Replacement battery for the XX locks, XZZ6L locks and XN18

Description	WPS#	List
CR2 Lithium Battery Pack	56-9648	$7.50

XX15 ADAPTER

WPS#	List
56-9674	$20.95

- Chain adapter for XX15 locks

XZZ6L SERIES ALARM DISC LOCKS

XZZ6L series locks are designed to work on scooters and full sized motorcycles and measure 2 3/4" long x 2 1/2" long

XZZ6L-Y

- Easy to use push-down locking,
- 1/4" hardened steel pin
- 120 db lithium powered alarm
- Yellow finish hardened steel body

WPS#	List
56-9666	$79.95

XZZ6L-SS

- Easy to use push-down locking,
- 1/4" hardened steel pin
- 120 db lithium powered alarm
- Hardened steel body, stainless steel finish

WPS#	List
56-9667	$79.95

Description	WPS#	List
XSU-69	56-9691	$99.95
XSU-102	56-9692	$109.95
XSU-310	56-9697	$129.95

XSU LOCKS

- XENA XSU locks pair the highest-quality materials with top-notch design for rugged build-quality that stays highly resistant to the elements through years of use.
- Constructed from high-grade stainless and inert gas-hardened steels,
- XSU69- 16mm Chrome Steel U-Bar
- XSU102- 18mm Chrome Steel U-Bar
- XSU310- 18mm Chrome Steel U-Bar

HardDrive
AMERICAN V-TWIN PRODUCTS

ENGINE OIL

- Made from severely hydrocracked base oils for the ultimate in purity
- Blended specifically for air cooled V-twin engines
- Superior film strength resists break down and increases service life
- Meets or exceeds all Harley Davidson warranty criteria
- Meets or exceeds API CI-4/SL service rating
- Sold in quarts (12 per case), gallons (6 per case) and 55 gallon drums

Description			WPS #	List
20W50	1 qt	12/case	822-1001	$6.95
	1 gal	6/case	822-1002	$26.95
	drum	55 gal	822-1003	
Oil Drum Pump			27-0190	$78.95

WPS PAYS 1/2 FREIGHT ON DRUMS OF OIL

SINGLE WEIGHT ENGINE OIL

- Recommended for pre-Evolution V-twin motorcycles
- Meets or exceeds Harley Davidson warranty criteria
- Made from severely hydrocracked base oils for the ultimate in purity
- Superior film strength resists break down and increases service life
- Meets or exceeds API CI-4/SL service rating
- Sold in quarts (12 per case)

Description			WPS #	List
50 wt	1 qt	12/case	822-1011	$6.95
60 wt	1 qt	12/case	822-1021	$6.95

FULL SYNTHETIC ENGINE OIL

- Produced using ultra high grade fully synthetic base oil
- Stable base oil molecules minimize oxidation and pre-mature breakdown
- Engineered specifically as a "multi-fill" lubricant for Harley Davidson engines, transmissions and primaries
- Excellent protection against engine wear and sludge buildup
- Meets or exceeds all Harley Davidson warranty criteria
- Meets or exceeds API CI-4/SL service rating
- Sold in quarts (12 per case) and gallons (6 per case)

Description			WPS #	List
20W50 Full Syn.	1 qt	12/case	822-1041	$12.95
	1 gal	6/case	822-1042	$47.95
	drum	55 gal	822-1004	
Oil Drum Pump			27-0190	$78.95

HardDrive
AMERICAN V-TWIN PRODUCTS

TRANSMISSION OIL

- Developed for use in 4, 5 and 6 Speed Harley Davidson transmissions
- Blended for ultra high film strength offering excellent wear protection and durability
- HardDrive's extreme pressure additive package provides smooth shifting across all RPM ranges
- Meets or exceeds API GL-5 classifications
- Sold in quarts (12 per case)

Description			WPS #	List
80W140	1 qt	12/case	822-1055	$9.75
80W90	1 qt	12/case	822-1052	$7.95

BIG TWIN PRIMARY OIL

- Developed for use in all '84 and newer Big Twin Harley Davidson motorcycles equipped with a wet type diaphragm spring clutch
- Blended with extreme pressure additives for outstanding film strength, wear protection and durability
- Specifically formulated for high performance primaries
- Sold in quarts (12 per case)

Description			WPS #	List
Primary Oil	1 qt	12/case	822-1053	$6.49

SPORTSTER GEAR/ CHAINCASE OIL

- Developed for use in '71 and newer XR and XL models where transmission and primary chain case share a common lubricant
- Blended with extreme pressure additives for smooth shifting throughout the RPM range
- Specifically blended for high performance gear boxes
- Meets or exceeds API GL-5 classification
- Sold in quarts (12 per case)

Description			WPS #	List
Gear & Chaincase Oil	1 qt	12/case	822-1054	$6.95

FORK OIL

- Developed for use in both OEM and aftermarket fork assemblies
- Designed for use in hot or cold climates
- Formulated for consistent damping action and to resist fading or surging
- Meets or exceeds API GL-5 classifications
- Sold in quarts (12 per case)

Description			WPS #	List
5 wt (repl. Type B)	1 qt	12/case	822-1061	$7.50
20 wt (repl. Type E)	1 qt	12/case	822-1064	$7.95

4-CYCLE LUBRICATION

EXS FULL SYNTHETIC ESTER 4T ENGINE OIL

- Synthetic ester infused with Extreme Pressure (anti-wear additives)
- Lowers engine temperatures and increases horsepower
- Longest change intervals
- For air-cooled / liquid-cooled engines with wet clutches
- API SM, JASO MA2

Description			WPS#	List

Oil Drum Pump		**27-0190**	**$78.95**

V-TWIN MINERAL ENGINE OIL

- Petroleum-based formula infused with Extreme Pressure (anti-wear additives) for large displacement, V-Twin engines
- Reduces oil consumption
- Long change intervals
- For V-Twin, air-cooled / liquid-cooled engines
- API SM, JASO MA2

Description			WPS#	List
20W-50	1 lt	12/case	**840-1482**	**$9.50** ea
20W-50	4 lt	4/case	**840-14824**	**$33.95** ea

BIG TWIN TRANSMISSION OIL

- Formulated for motorcorycles with separate transmissions and or final drives
- Wear protection extends gear life
- Quiets gear whine and improves shifting
- For Big Twin, air cooled / liquid cooled transmissions and final drives
- API GL-5

Description			WPS#	List
1 lt		12/case	**840-1483**	**$13.50** ea

PRIMARY CHAINCASE LUBRICANT

- Formulated for primary chaincase and wet clutches
- Wear protection extends primary chain life
- Prevents clutch slipping and chatter for consistent engagement
- Distinctive red color for leak detection
- For Big Twin, air-cooled / liquid-cooled primary chaincase

Description			WPS #	List
1 lt		12/case	**840-1479**	**$12.50** ea

SPORT TRANSMISSION FLUID

- Formulated for the transmission and primary of Sportster® motorcycles
- Wear protection extends transmission life
- Prevents clutch slipping and chatter for consistent engagement
- Distinctive red color for leak detection
- For Sportster® transmissions

Description			WPS #	List
1 lt		12/case	**840-1478**	**$12.50** ea

V-TWIN SYNTHETIC ENGINE OIL

- Synthetic ester infused with Extreme Pressure (anti-wear additive) for large displacement V-Twin engines
- Lowers engine temperatures and increases horsepower
- Longest change intervals
- For V-Twin, air-cooled / liquid-cooled engines
- API SM, JASO MA2

Description			WPS#	List
10W-50	1 lt	12/case	**840-1480**	**$18.95** ea

V-TWIN SEMI-SYNTHETIC ENGINE OIL

- Synthetic blend infused with Extreme Pressure (anti-wear additives) for large displacement, V-Twin engines
- Lowers engine temperatures and increases horsepower
- Extended change intervals
- For V-Twin, air-cooled / liquid-cooled engines
- API SM, JSAO MA2

Description			WPS#	List
20W-50	1 lt	12/case	**840-1481**	**$13.50** ea
20W-50	4 lt	4/case	**840-14814**	**$45.95** ea

BEL-RAY TOTAL PERFORMANCE LUBRICANTS

GEAR SAVER TRANSMISSION OIL

- Formulated to protect transmission gears from wear
- Positive clutch engagement for better starts and longer clutch life
- Protects shafts, bearings and gears
- For air-cooled / liquid-cooled engines with wet clutches

Description			WPS #	List	
75W	1 lt	12/case	**840-0406**	**$13.50**	ea
80W	1 lt	12/case	**840-0401**	**$13.50**	ea

THUMPER GEAR SAVER TRANSMISSION OIL

- Formulated for motorcycle racing transmissions
- Maximum clutch performance and smooth shifting
- Wear protection extends clutch life
- For air-cooled / liquid-cooled, 4T engines with wet clutches

Description			WPS #	List	
80W-85	1 lt	12/case	**840-0411**	**$12.50**	ea

GEAR SAVER HYPOID GEAR OIL

- Formulated for separate transmissions and final drive units
- Smoother shifting and reduced gear whine
- Extreme Pressure additives reduce component wear
- For motorcycles and ATVs (not for wet clutches)

Description			WPS #	List	
80w-90	1 lt	12/case	**840-0441**	**$13.50**	ea
85w-140	1 lt	12/case	**840-0431**	**$13.50**	ea

HIGH PERFORMANCE FORK OIL

- Formulated for front suspension forks
- Reduces fade for smooth operation
- Eliminates stiction and drag, improves fork action
- Anti-wear and anti-foam

Description			WPS #	List	
5W	1 lt	12/case	**840-1011**	**$15.95**	ea

30W	1 lt	12/case	**840-1051**	**$15.95**	ea

SUPER CLEAN CHAIN LUBE

- Designed to resist fling-off (even in high speed applications)
- Protective coating dries white to ensure complete coverage
- Will not fling-off or attract dirt, sand or grit
- Wear and corrosion protection for long chain and sprocket life
- For all chain applications, including 'O', 'X', 'Z' ring units and roller chains

Description		WPS#	List
175 ml aerosol	12/case	**840-0210**	**$9.50** ea
400 ml aerosol	12/case	**840-0212**	**$16.95** ea

FOAM FILTER OIL

- Designed to improve air flow
- Traps microscopic particles to extend engine life
- Waterproof formula prevents clogging when wet

Description		WPS#	List
400 ml aerosol	12/case	**840-3802**	**$10.50** ea
1 lt	12/case	**840-0601**	**$15.95** ea

BLUE TAC CHAIN LUBE

- Designed to resist fling-off (even in high speed applications)
- Wear and corrosion protection for long chain and sprocket life
- Dries clear
- Anti-wear and anti-foam
- For chain applications including 'O', 'X', 'Z' ring units and roller chains

Description		WPS#	List
400 ml aerosol	12/case	**840-0208**	**$13.50** ea

6 IN 1

- All purpose lubricant
- Cleans, lubricates, protects, displaces water, reduces friction and penetrates rust
- Safe on electrical contacts, vinyl, wood and paint

Description		WPS #	List
400 ml aerosol	12/case	**840-2207**	**$9.50** ea

BEL-RAY TOTAL PERFORMANCE LUBRICANTS

SUPER DOT 4 BRAKE FLUID

- Formulated for hydraulic brake systems
- Mixes with all fluids meeting DOT 3 and DOT 4 specifications
- Boiling point: dry 230°C (446°F), wet 155°C (311°F)
- For brake systems and hydraulic clutches, except systems using mineral base fluids

Description		WPS#	List
355 ml	12/case	**840-2701**	**$9.50** ea

SILICONE DOT-5 BRAKE FLUID

- Formulated for hydraulic brake systems
- Mixes with all fluids meeting DOT 5 specifications (not compatible with DOT 3 or DOT 4)
- Boiling point: dry 260°C (500°F), wet 185°C (365°F)
- Will not damage paint or absorb moisture
- For brake systems and hydraulic clutches, except systems using mineral base fluids

Description		WPS#	List
355 ml	12/case	**840-2500**	**$17.95** ea

WATERPROOF GREASE

- Waterproof grease for all bearing and bushing applications
- Corrosion protection (even in salt water)
- Wear protection extends bearing life
- Will not melt or run

Description		WPS#	List
16 oz tub	12/case	**840-1100**	**$10.50** ea
14 oz cartridge	12/case	**840-1101**	**$10.50** ea

Racing Oils since 1959 "Blendzall"

EXCELL - 4 CYCLE

Description	Oil Weight		WPS#	List
1 qt	0W5 kart	12/case	**55-0454**	**$19.95** ea

1 gal	20W50	4/case	**55-0463**	**$44.95** ea

- A premium based multi-viscosity racing oil formulated to protect your engine during the extreme demands of all out competition
- Contains the latest in EP (Extreme Pressure) and anti-friction additives
- High resistance to thermal and foaming break down
- Recommended for all 4-cycle engines, burning alcohol, gasoline and nitro fuels in racing or high performance applications

FUEL OIL - 4 CYCLE TOP END RACING LUBRICANT

- Blends with gasoline, alcohol, methanol and other racing fuels
- Uniquely formulated to prevent engine galling, seizure and premature wear
- Fuel oil is attracted to heat allowing closer clearances and leaner fuel ratios for more horsepower
- Mix ratio is 1/2 to 3/4oz per gal depending on type of fuel

Description		WPS#	List
1 pt	12/case	**55-0501**	**$7.95** ea
1 gal	4/case	**55-0502**	**$53.95** ea

"GOLD LABEL" 2 OR 4 CYCLE

- Combination racing castor/octane booster
- Increased RPMs without carburetor modification
- Blends completely with gasoline or alcohol
- Promotes quick cold weather starting
- Reduces heat build-up in hot weather

Description		WPS#	List
1 pt	12/case	**55-0485**	**$7.95** ea
1 gal	4/case	**55-0486**	**$46.95** ea

CONVERSION FLUID

- Flushing fluid for 4 cycle lubrication systems when changing from mineral oil to castor oil or vice-versa
- Compatible with either oil and leaves no residue
- Conversion fluid prevents lumping or congealing of lubricants that do not mix

Description		WPS#	List
1 qt	12/case	**55-0469**	**$13.50** ea

RACING CASTOR LUBE - 4 CYCLE

- The ultimate racing lubricant for all 4 stroke engines
- Reduces wear to vital engine parts in all gasoline/alcohol high performance 4 cycle engines
- Improved ring seal
- Maximum lubrication without exhaust smoke and keeps internal parts like new

Description		WPS#	List
1 qt	12/case	**55-0465**	**$14.50** ea

TIRE TRACTION TREATMENT

- Reinstates chemicals into race tires that are lost when tires are heated
- Restores original softness

Description		WPS#	List
1 qt	12/case	**55-0555**	**$23.95** ea

OCTANE BOOSTER

- Increases horsepower by relieving detonation
- Lowers combustion chamber temperatures
- Blends with pump, racing gas and methanol fuels
- Controls condensation in fuel tanks without harmful additives

Description		WPS#	List
1 pt	12/case	**55-0490**	**$7.95** ea

CHAIN LUBE

- Racing chain lubricant with high film strength and the unique ability to cling to metal without washing off
- Protects standard and O-ring chains from wear and corrosion

Description		WPS#	List
14 oz	12/case	**55-0500**	**$13.95** ea

Castrol

100% SYNTHETIC

- 100% synthetic oil specifically formulated for sport bikes
- TriZone technology - designed and tested to provide superior protection for engine, clutch and gearbox
- RS formulation improves clutch power transfer

Description			WPS#	List	
5W40	1 qt	6/case	**83-0446**	**$15.95**	ea
5W-40	55 gal		**83-0437**		
10W40	1 qt	6/case	**83-0448**	**$15.95**	ea
10W50	1 qt	6/case	**83-0444**	**$15.95**	ea
10W50	55 gal		**83-0435**		
20W-50	1 qt	6/case	**83-0441**	**$15.95**	ea
Oil Drum Pump			**27-0190**	**$78.95**	

WPS PAYS 1/2 FREIGHT ON DRUMS OF OIL

SYNTHETIC BLEND

- Advanced synthetic blend protection for 4-stroke engines
- TriZone technology - designed and tested to provide superior protection for engine, clutch and gearbox
- Exceeds all known manufacturer requirements

Description			WPS#	List	
10W30	1 qt	6/case	**83-0462**	**$9.95**	ea
10W40	1 qt	6/case	**83-0460**	**$9.95**	ea
10W40	1 gal	3/case	**83-0461**	**$34.95**	ea
10W40	55 gal		**83-0463**		
20W50	1 qt	6/case	**83-0458**	**$9.95**	ea

20W50	55 gal		**83-0467**		
Oil Drum Pump			**27-0190**	**$78.95**	

4-STROKE GO DRUM ENGINE OIL

- Premium quality 10W40 4-stroke mineral engine oil
- API SG and JASO MA certified
- Exceeds all OEM manufacturers warranty requirements
- Suitable for all new bike setup and service oil changes
- Available in 55gal drums only

Description		WPS#	List
10W40 GO	55 gal	**83-0127**	
20W50 GO	55 gal	**83-0128**	
20W50	55 gal	**83-0138**	
Oil Drum Pump		**27-0190**	**$78.95**

WPS PAYS 1/2 FREIGHT ON DRUMS OF OIL

BRAKE FLUID

- Exceeds DOT 3/4 specifications
- Improves handling in high braking temperatures
- Reduces brake fade

Description		WPS#	List	
12 oz	12/case	**83-0341**	**$5.50**	ea

SRF RACING BRAKE FLUID

- DOT 3/4 specifications
- High performance product formulated specifically to satisfy the ever increasing stresses placed upon braking systems

Description		WPS#	List	
1 lt	12/case	**83-0345**	**$94.95**	ea

4 CYCLE LUBRICATION

4-STROKE V-TWIN SYNTHETIC LUBRICANT

- Recommended for the Harley Davidson Revolution, Twin Cam 88, Evolution XL, Evolution 1340, Pre-Evolution (20W/50 and 25W/60) and Buell engines
- Certified warranty compliant: API-SH/CG-4 service
- Custom formulated for the v-twin air-cooled engines
- Reduces engine temperature and detonation
- High temperature film strength improving anti-wear protection

Description			WPS #	List
20W50	32 fl. oz.	10/case	**842-0050**	**$15.95** ea
25W60	1qt	10/case	**842-0058**	**$16.95** ea

SYNTHETIC STRAIGHT WEIGHT V-TWIN

- Certified warranty compliant: API-SH/CG-4 service
- Custom formulated for the Harley-Davidson pre-Evolution® engines
- Reduces friction for Less Drag—More Power®
- High temperature film strength improving anti-wear protection
- Reduces engine temperature and detonation

Description			WPS #	List
50 WT	1 qt	10/case	**842-0055**	**$15.95**
60 WT	1 qt	10/case	**842-0056**	**$15.95**
70 WT	1 qt	10/case	**842-0057**	**$15.95**

AMERICAN V-TWIN SYNTHETIC LUBRICANT

- Certified warranty compliant
- Custom formulated for the Harley-Davidson Big Twin models
- Smoother and quieter shifting
- Reduced driveline friction
- Provides protection from shock loading and galling
- Extended bearing and gear life
- Reduced gear and transmission temperatures

Description			WPS #	List
80W90	32 fl. oz.	10/case	**842-0061**	**$19.95** ea
75W140	32 fl. oz.	10/case	**842-0060**	**$20.95** ea

AMERICAN V-TWIN PRIMARY CASE LUBE

- Klotz® American V-Twin Synthetic TechniPlate® Primary Chain Case Lubricant is custom formulated for the Harley Davidson® Big Twin Models
- Exceeds all warranty requirements for Harley Davidson® engines
- Use of this lubricant provides certified warranty compliance and protection
- Penetrates deep into chain rollers to loosen stiff links and extend chain and sprocket life

Description			WPS #	List
32 fl. oz.		10/case	**842-0115**	**$18.95** ea

FORK OIL

- Formulated for Street and MX Bike suspension technology
- Anti-foam and anti-fade additive system reduces friction and cavitation
- Anti-wear seal conditioners help prevent hardening, extend fork seals and bushing life
- Superior control with Zero-drag formula
- Stabilizes viscosity in extreme heat or cold conditions

Description			WPS #	List
5 W	32 oz	10/case	**842-0110**	**$15.95** ea
10 W	32 oz	10/case	**842-0111**	**$15.95** ea

KLOTZ SYNTHETICS

CHAIN AND CHAIN CASE LUBE

- Black formula contains graphite
- Dramatically reduces friction
- Provides maximum power and performance in extreme conditions
- Unique formula protects chains and sprockets from wear and breakage

Description		WPS #	List
12 oz.	10/case	**842-0116**	**$10.50** ea

CHAIN LUBE

- EXTRATAC™ penetrates deeply and dries tacky
- Waterproof formula prevents rust and wash off
- Approved for conventional and “O” ring chains
- Extends chain and sprocket life
- Loosens stiff chain links
- Environmentally safe formula

Description		WPS #	List
15.5 oz.	10/case	**842-0119**	**$10.50** ea

NITRO RACING ADDITIVE WITH KOOLINAL

- Developed for gasoline, E85, methanol and diesel fuels
- Oxygenating power additive
- 50% Nitropropane, 50% Koolinal
- Koolinal is a blending agent that resists detonation and pre-ignition
- Extracts maximum HP from stock and modified engines
- Increases low-end torque

Description		WPS #	List
16 oz	10/case	**842-0130**	**$20.95** ea

HITRATE® RACING GAS CONCENTRATE

- Converts 92 octane pump gasoline to 103-105 octane racing gas
- Unleaded formula
- Provides smoother torque curves for more usable power
- Cost-effective alternative to race gas
- Blends gasoline and ethanol enriched fuels
- Mix ratio is 1 gallons l Hitrate to 9 gallons of 92 octane gasoline

Description	WPS #	List
1 gal	**842-0054**	**$49.95**

OCTANE BOOSTER AND GAS STABILIZER

- Recommended for gasoline or ethanol enriched fuels
- Increases pump gasoline octane up to 10 numbers
- Tetraethyl lead substitute for added lubricity
- Stabilizes flame front and controls burn speed
- Cleans injectors, carburetors and catalytic converters
- O2 and converter safe
- No MTBE
- Absorbs moisture

Description		WPS #	List
16 oz	10/case	**842-0133**	**$11.50** ea
1 gal		**842-0134**	**$69.95**

CONTACT CLEANER AND DEGREASER SHOP SIZE

- Convenient, fast cleaner and degreaser
- Removes gum, varnish and carbon build-up
- Cleans fouled spark plugs
- Fast evaporation leaves no residue
- Non-conductor, safe for electrical systems
- Displaces moisture and water
- Cleans gasket surfaces

Description		WPS #	List
12.5 oz	10/case	**842-0146**	**$10.50** ea

FILTER CLEANER

- Removes dirt and oil from filters
- Provides increased airflow and performance
- Environmentally friendly
- Can be used with or without water
- Perfect for use at the track or off-road

Description		WPS #	List
15.25 oz	10/case	**842-0120**	**$9.95** ea

FOAM AIR FILTER OIL

- Blocks out moisture, dirt and water
- For waterproof protection
- Improves air flow
- Filters out micron-sized particles

Description		WPS #	List
15.25 oz	10/case	**842-0140**	**$9.95** ea

FABRIC AIR FILTER OIL

- Works great in all fabric type filters
- Will quickly penetrate and saturate fabric
- Straightens turbulent air, improving engine performance

Description		WPS #	List
16 oz	10/case	**842-0143**	**$9.95** ea

2 STROKE CANDLE

NEW

- Smells just like Klotz Two Stroke oil

Description	WPS #	List
Smelling Candle	**842-0150**	**$34.95**

GASOLINE TREATMENT

NEW

- Eliminates water and water related problems
- Improves overall engine efficiency
- Burns cleanly and completely with no ash deposits
- Dissolves gums and varnishes
- MG also revitalizes fuel and stabilizes for extended storage

Description			WPS#	List
K-100 G+	8 oz	12/case	**57-11201**	**$7.95** ea
K-100 G+	32 oz	12/case	**57-11202**	**$25.95** ea

DIESEL FUEL TREATMENT

- Eliminates water and water-related problems
- Eliminates conditions necessary for microbe growth
- Improves overall engine efficiency
- Dissolves gums and varnishes
- MD revitalizes fuel and stabilizes fuel for long-term storage

Description			WPS#	List
K-100 D+	8 oz	12/case	**57-11211**	**$7.95** ea
K-100 D+	32 oz	12/case	**57-11212**	**$25.95** ea
K-100-MD	8oz	12/case	**57-4406**	**$10.50** ea

ENGINE OIL

- Formulated with the highest quality base oils
- Made with exclusive additives
- Lowers engine oil temperatures
- Longer engine oil life
- Extends engine component life
- Reduces engine noise, helps prevent leaks
- Meets JASO specifications

Description			WPS #	List	
10W40	1 qt	6/case	**58-5240**	**$8.50**	ea
20W50	1 qt	6/case	**58-5241**	**$8.50**	ea
50 W	1 qt	6/case	**58-5242**	**$8.50**	ea
70 W	1 qt	6/case	**58-5243**	**$8.50**	ea

SYNTHETIC ENGINE OIL

- Formulated from the highest quality synthetics
- Made with exclusive additives
- Lowers engine oil temperatures
- Longer engine oil life
- Extends engine component life
- Reduces engine noise, helps prevent leaks
- Meets JASO specifications
- Moly engine oil is not for use in wet clutch applications

Description			WPS #	List	
0W40 Full Syn	1 qt	6/case	**58-5220**	**$13.50**	ea
5W20 Full Syn	1 qt	6/case	**58-5227**	**$13.50**	ea
5W30 Full Syn	1 qt	6/case	**58-5229**	**$13.50**	ea
10W30 Full Syn	1 qt	6/case	**58-5221**	**$13.50**	ea

10W40 Full Syn	1 qt	6/case	**58-5226**	**$13.50**	ea
10W50 Full Syn	1 qt	6/case	**58-5223**	**$13.50**	ea
20W50 Full Syn	1 qt	6/case	**58-5224**	**$13.50**	ea
50 W Full Syn V-Twin	1 qt	6/case	**58-5225**	**$13.50**	ea

PRIMARY CHAIN CASE OIL

- Smooth clutch action, less slippage
- Extends chain and sprocket life
- Delivers cooler and quieter operation
- Designed for heavy duty, high performance application
- Meets or exceeds all OEM requirements

Description		WPS#	List	
1 qt	6/case	**58-5203**	**$9.95**	ea

V-TWIN GEAR AND TRANSMISSION OIL

- Formulated for cool quiet performance
- Minimum wear and minimum drag
- Withstands high power and high temperature
- Designed especially for V-Twins, high performance or heavy duty
- Meets or exceeds all OEM requirements

Description			WPS#	List	
75W140	1 qt	6/case	**58-5202**	**$17.95**	ea

HEAVY DUTY GEAR OIL

- Designed for racers
- Contains special anti-wear and lubricity agents
- Helps control heat
- Excellent for high performance and heavy-duty applications

Description			WPS #	List	
80W90	1 qt	12/case	**58-5200**	**$9.95**	ea
85W140	1 qt	12/case	**58-5201**	**$10.95**	ea

MOTORCYCLE OIL STABILIZER

- 100% PETROLEUM base
- Reduces engine temperatures and friction
- Extends oil life
- Increases oil pressure
- Increases power and fuel mileage
- Will not sludge or varnish
- Cools and quiets engine and gear boxes

Description		WPS #	List	
12 oz	12/case	**58-5260**	**$7.50**	ea

SYNTHETIC GEAR AND TRANSMISSION OIL

- Designed to cushion gears and resist "squeezing out"
- Formulated for high performance and heavy duty applications
- Withstands high temperatures
- Super slick long lasting lubrication

Description			WPS #	List	
75W90	1 qt	12/case	**58-5205**	**$15.95**	ea
75W140	1 qt	12/case	**58-5206**	**$16.95**	ea
80W85	1 qt	12/case	**58-5207**	**$13.95**	ea

ETHANOL FUEL CONDITIONER

- Developed to prevent corrosion and degeneration of fuels containing ethanol
- Cleans injectors, valve seats and combustion chamber while running
- Works in any alcohol fuel mixes or gasoline
- Great for 2-stroke and 4-stroke engines
- 1oz treats 5 gallons

Description		WPS #	List
2 oz	24/case	58-5282	$3.50 ea
5.25 oz	24/case	58-5281	$7.50 ea
16 oz	12/case	58-5280	$9.95 ea

FUEL STABILIZER

- Developed to prevent gasoline breakdown during storage
- Safe for all grades of gasoline
- Excellent for 2-stroke and 4-strokes
- 1oz treats 1 gallon

Description		WPS #	List
8 oz	12/case	58-5285	$4.95 ea
1 qt	12/case	58-5286	$11.50 ea

FUEL TREATMENT

- Formulated for use in gasoline, diesel and LPG engines
- Known as tune-up in a bottle
- Cleans and lubricates the entire fuel system, pumps, injectors or carburetors
- Neutralizes low sulfur fuel problems
- Increases power and mileage by efficient burning
- 1oz treats up to 5 gallons of fuel

Description		WPS #	List
5.25 oz	24/case	58-5288	$5.50 ea
32 oz	12/case	58-5370	$12.95 ea

OCTANE BOOSTER

- A real octane booster
- Safe for use with turbos, oxygen sensors and catalytic converters
- Good in carbureted or injected engines
- Promotes cleaner fuel burn resulting in less exhaust emissions
- Not street legal, for use in 4 stroke engines only
- 15oz bottle treats up to 25 gallons of fuel

Description		WPS #	List
2 oz	18/case	58-5290	$3.50 ea
15 oz	12/case	58-5291	$9.50 ea

SYNTHETIC FORK OIL

- Made from the highest quality SYNTHETIC base oils
- Delivers more responsive handling
- Prevents foaming
- Reduces thermal expansion
- Prevents seal hardening
- Prevents static friction and gives great wear protection
- Compatible use in all suspensions

Description			WPS #	List
5 W	16 oz	12/case	58-5250	$6.50 ea
10 W	16 oz	12/case	58-5251	$6.50 ea
15 W	16 oz	12/case	58-5252	$7.50 ea
20 W	16 oz	12/case	58-5253	$7.50 ea

CHAIN LUBE

- Designed for deep penetration for the pins and bushings
- Foam facilitates penetration into chain
- Maintains and excellent corrosion inhibitor and water resister
- Provides a film protection to ensure minimum wear and drag
- Suitable for all types of chains
- Minimizes sling off

Description		WPS #	List
11 oz	12/case	58-5272	$8.95 ea

ASSEMBLY LUBE

- Formulated from ZINC, MOLY and other high pressure additives
- Eliminates dry starts
- Perfect for engine building or rebuilding
- Prevents seizing, galling or scuffing
- Compatible with all oils
- Super slick and tacky
- Easy to use

Description		WPS #	List
4 oz	12/case	58-5265	$4.50 ea
8 oz	12/case	58-5266	$7.50 ea

TOOL BOX BUDDY

- Dissolve rust and corrosion without drying
- Provides a very light film to stop rust for up to one year
- Low odor
- Fortified with anti-seize agents
- Easy to use

Description		WPS #	List
11 oz	12/case	58-5270	$7.50 ea

AIR TOOL OIL

- Extends air tool life
- Protects under extreme operating temperatures
- Disperses water
- Resists blow out
- Excellent for locks

Description		WPS #	List
16 oz	12/case	**58-5274**	**$6.95** ea

SLICK MIST SPEED WAX

- Premium paint gloss intensifier
- Great for motorcycles, cars, trucks, boats and airplanes
- Shines and protects in one easy application
- Excellent on chrome, glass and vinyl
- Use on wet or dry surfaces
- Quick and easy

Description		WPS #	List
2 oz 20 pack w/counter display		**58-5304**	**$2.50**
24 oz	12/case	**58-5301**	**$8.95** ea

FOAM FILTER OIL

- Easy pour on
- Low solvent
- Low viscosity
- Repels moisture
- Penetrates filter easier to trap dirt and dust
- Improve air flow

Description		WPS#	List
1qt	12/case	**58-5277**	**$9.95**

SYNTHETIC BRAKE FLUID

- Designed for all disc and drum brake systems requiring DOT 3/DOT 4 brake fluid
- Safely mixes with DOT 3 brake fluid
- Minimum wet boiling point is 311° F (155° C)
- Meets FMVSS 116 and SAE J1704 specifications

Description		WPS#	List
12 oz	12/case	**58-5320**	**$4.50** ea

GUN OIL

- Protect your guns and equipment with the latest in lubricating technology
- Super slick formula clings well for easier operation and reduced wear
- Heat and water resistant, environmentally friendly
- Neutralizes acids caused by contact with human hands and resists drying during long storage periods

Description		WPS#	List
2 oz	18/case	**58-5350**	**$3.95** ea

HEAVY DUTY GREASE

- Last four times longer than regular grease
- Virtually waterproof
- All temperature stable
- Exceeds Lube for life specifications
- The ultimate grease for high speed bearings

Description		WPS #	List
1 lb tub	12/case	**58-5295**	**$7.50** ea
14.5 oz cartridge	10/case	**58-5296**	**$5.50** ea

RED 'N' TACKY GREASE

- Formulated with rust and oxidation inhibitors
- Water resistant
- Maintains excellent mechanical stability
- Long storage life
- Fortified with Anti-Seize compounds
- Wide variety of applications

Description		WPS#	List
1 lb tub	12/case	**58-5298**	**$7.50** ea
14.5 oz cartridge	30/case	**58-5299**	**$5.95** ea

MARINE GREASE

- Heavy duty lithium complex
- Designed to provide maximum lubrication under the most severe conditions
- A true marine trailer wheel bearing and chassis grease
- Long lasting
- Protects in both salt and fresh water
- Extreme friction reducer

Description		WPS#	List
14 oz	30/case	**58-5297**	**$6.95** ea

CONTACT CLEANER

- Formulated with a unique blend of solvents, cleaning agents and propellants
- Removes oil, dirt and moisture
- Non-chlorinated CFC free formula dries quickly and leaves no residue
- Not for use on plastic

Description		WPS#	List
14 oz	12/case	**58-5309**	**$9.50** ea

LUCAS APPLICATOR

- Convenient bottle for tool box, range box and tackle box
- Durable removable metal needle
- Bottle has writable area for identification of continence
- Made in the U.S.A.

Description	WPS#	List
1 oz	**58-5390**	**$4.95**

V-TWIN FULL SYNTHETIC ENGINE OIL

- Full synthetic, ester-fortified 4-stroke engine oil
- Formulated specifically for V-Twin engines
- Approved for H-D V-Twin engines, transmissions and primaries
- Superior protection and oxidative stability at any temperature
- Excellent clutch feel and clutch protection
- Shear stable, ester-fortified formula maintains oil viscosity and film thickness
- Surface-active chemistry aggressively attaches to engine surfaces and keeps them clean
- Exceeds API SL and JASO MA2 specifications

Description			WPS#	List
20W50	1 qt	12/case	**78-99920**	**$12.95** ea

V-TWIN SYNTHETIC BLEND OIL

- Semi-synthetic, ester-fortified 4-stroke engine oil
- Formulated specifically for V-Twin engines
- Superior protection at any temperature
- Excellent clutch feel and clutch protection
- Shear stable, ester-fortified formula maintains oil viscosity and film thickness
- Optimizes cleanliness while controlling oxidation and wear
- Exceeds API SL and JASO MA2 specifications

Description			WPS#	List
20W50	1 qt	12/case	**78-99919**	**$9.95** ea

V-TWIN MINERAL OIL

- Mineral based 4-stroke engine oil
- Formulated specifically for V-Twin engines
- Superior protection at any temperature
- Excellent clutch feel and clutch protection
- Shear stable formula maintains oil viscosity and film thickness
- Optimizes cleanliness while controlling oxidation and wear
- Exceeds API SL and JASO MA2 specifications

Description			WPS#	List
10W40	1 qt	12/case	**78-99910**	**$7.95** ea
20W50	1 qt	12/case	**78-99911**	**$7.95** ea
20W50	1 gal	4/case	**78-99912**	**$31.95** ea
20W50	5 gal		**78-99913**	**$149.95**
20W50	55 gal		**78-99914**	
25W60	1 qt	12/case	**78-99915**	**$7.95** ea
Oil Drum Pump			**27-0190**	**$78.95**

WPS PAYS 1/2 FREIGHT ON DRUMS OF OIL

V-TWIN STRAIGHT WEIGHT MINERAL OIL

- 50WT * 60WT * 70WT
- Recommended for Pre-Evolution® V-Twin engines
- Mineral based 4-stroke engine oil
- Formulated specifically for V-Twin engines
- Superior protection at any temperature
- Excellent clutch feel and clutch protection
- Shear stable formula maintains oil viscosity and film thickness
- Optimizes cleanliness while controlling oxidation and wear
- Exceeds API SL and JASO MA2 specifications

Description			WPS#	List
50WT	1 qt	12/case	**78-99916**	**$7.95** ea
60WT	1 qt	12/case	**78-99917**	**$7.95** ea
70WT	1 qt	12/case	**78-99918**	**$7.95** ea

V-TWIN HEAVY DUTY TRANSMISSION / GEAR OIL

- Heavy duty formula offers extended performance in severe operating conditions
- Ultra high film strength gear oil provides excellent protection against shock loads, wear and increases fluid durability
- Unsurpassed extreme pressure additives and surface active chemistry allow smooth shifting under peak loads and RPMs
- Recommended for use in 4-, 5- and 6-speed high performance gear boxes
- Meets and exceeds all known OEM requirements and API GL-5 specifications

Description			WPS#	List
85W140	1qt	12/case	**78-99921**	**$11.95** ea

V-TWIN TRANSMISSION / GEAR OIL

- Mineral-based gear oil
- Formulated specifically for for use in 4-, 5- and 6-speed Harley-Davidson® transmissions or V-Twin models without wet-clutches
- Superior protection from wear, pitting and spalling
- Shear stable formula maintains viscosity and ensure smooth shifting
- Surface-active chemistry keeps surfaces free of corrosion, deposits and wear
- Exceeds API GL-5 specifications

V-TWIN SYNTHETIC PRIMARY OIL

- Full synthetic, ester-based motorcycle gear oil
- Formulated for use in high performance V-Twin transmissions and primary chain cases
- Designed for all 1984 and newer Harley-Davidson® models with wet diaphragm spring clutches
- Shear-stable formula provides superior protection from wear, pitting and spalling
- Ensures optimal clutch engagement, prevents slippage and minimizes wear
- Extends chain life by minimizing stretch and wear

Description		WPS#	List
1qt	12/case	**78-99928**	**$10.95**

V-TWIN PRIMARY OIL

- Mineral-based motorcycle gear oil
- Formulated for use in high performance V-Twin transmissions and primary chain cases
- Designed for all 1984 and newer Harley-Davidson® models with wet diaphragm spring clutches
- Shear-stable formula minimizes chain and gear wear
- Ensures optimal clutch engagement, prevents slippage and facilitates smooth shifts
- Extends chain life by minimizing stretch and wear

Description		WPS#	List
1 qt	12/case	**78-99924**	**$7.50** ea

V-TWIN SPORTSTER GEAR / CHAIN CASE OIL

- Mineral-based motorcycle gear oil
- Formulated for use in high performance V-Twin Sportster transmissions and primary chain cases
- Designed for 1971 and newer Harley-Davidson® XR and XL Sportster transmissions and chain cases
- Shear-stable formula minimizes chain and gear wear
- Ensures optimal clutch engagement, facilitating smooth shifts and enabling maximum power
- Extends chain life by minimizing stretch and wear

Description		WPS#	List
1 qt	12/case	**78-99923**	**$7.95** ea

V-TWIN FORK OIL

- Mineral based fork oil
- Developed and tested in H-D® Fork Systems
- Lubricinol-fortified formulation reduces overall friction and decreases stiction
- Shear stable, high viscosity index formula maintains film strength and reduces wear
- Maintains optimal damping performance by minimizing foaming and air entrainment
- Keeps internals clean while eliminating corrosion and conditioning seals
- 5WT = H-D Type B, 10WT = H-D Type E, 20WT = Screamin' Eagle Heavy

Description			WPS#	List	
5WT	1 qt	12/case	**78-99925**	**$7.95**	ea
10WT	1 qt	12/case	**78-99926**	**$7.95**	ea
20WT	1 qt	12/case	**78-99927**	**$7.95**	ea

HYPOID SYNTHETIC GEAR OIL

- Full synthetic, ester-based gear oil 75W-90
- Formulated specifically for use in motorcycles and ATVs
- Excellent in BMW® and Harley-Davidson® applications
- Superior protection and oxidative stability at any temperature
- Shear stable, ester-based formula maintains viscosity while reducing friction for smooth shifting
- Surface-active chemistry aggressively attaches to surfaces, keeping them clean and corrosion-free
- Exceeds API GL-5 specifications

Description			WPS#	List	
75W90	1 lt	12/case	**78-9900**	**$22.95**	ea

RACING FORK FLUID

- Mineral based racing fork fluid
- Designed for high performance applications
- Reduces overall friction and prevents stiction
- Shear stable, high viscosity index formula maintains film strength and eliminates wear
- Maintains optimal damping performance by minimizing foaming and air entrainment
- Keeps internals clean while eliminating corrosion and conditioning seals

Description			WPS#	List	ea
5W	1 lt	12/case	**78-9925**	**$13.95**	ea

Pump for 5 gal pail			**78-9829**	**$37.95**	

RACING SHOCK FLUID

- Full-synthetic, ester-based shock fluid
- Designed to the tight specifications required by racing professionals
- Advanced additive system reduces overall friction and decreases stiction
- Shear stable, ultra-high viscosity index formula maintains film strength and reduces wear
- Maintains optimal damping performance by minimizing foaming and air entrainment
- Keeps internals clean while eliminating corrosion and conditioning seals
- Low thermal expansion coefficient minimizes increased volume caused by extreme temperatures

Description			WPS#	List
3WT	1qt	12/case	**78-98301**	**$19.95** ea
3WT	5 gal		**78-98302**	**$359.95**

SUSPENSION CLEAN

- Specially formulated for the suspension industry professional
- Dries quickly and completely, leaves no residue
- Will not remove most inks or printing
- Will not harm most rubber materials or bushings
- Displaces moisture
- No harsh chemical smell

Description		WPS#	List
16.1 fl oz	12/case	**78-9946**	**$8.95** ea

CHAIN WAX ULTIMATE CHAIN CARE KIT COMBO 3-PACK

- Includes Clean-Up 17.1 oz., MPPL 14.5oz & Chain Wax 17.3oz
- A clean and well lubricated chain ensures a long lasting drive train
- Safe and effective 3-step system to bring a chain back to life
- Clean & remove dirt and debris from the chain with Clean Up
- Push out moisture and protect the chain from rust with MPPL
- Coat the chain with Chain Wax to reduce friction and seal it from the elements
- Safe for use on X, Z and O-Ring chains

Description		WPS#	List
17.1/14.5/17.3 fl oz	4/case	**78-9949**	**$27.95** ea

CHAIN WAX

- ParaFilm™ wax coats chain from harsh elements
- Excellent where water or high humidity are present
- Will not fling off
- Safe for X, Z and O-Ring chains
- Perfect for road and off-road applications

Description		WPS#	List
7.4 fl oz	20/case	**78-9934**	**$7.50** ea
17.3 fl oz	12/case	**78-9935**	**$11.50** ea

SYN CHAIN GUARD ULTIMATE CHAIN CARE KIT COMBO 3-PACK

- Includes Clean-Up 17.1 oz, MPPL 14.5oz & Chain Guard 18.1oz
- A clean and well lubricated chain ensure a long lasting drive train
- Safe and effective 3-step system to bring a chain back to life
- Clean & remove dirt and debris from the chain with Clean Up
- Push out moisture and protect the chain from rust with MPPL
- Coat the chain with Syn Chain Guard to reduce friction and seal it from the elements
- Safe for use on X, Z and O-Ring chains

Description		WPS#	List
17.1/14.5/18.1 fl oz	4/case	**78-9957**	**$27.95** ea

100% SYNTHETIC CHAIN GUARD

- 100% Synthetic clear chain lube
- Designed to penetrate chain pins and rollers for optimum lubrication
- Fights rust & corrosion and the attraction of dirt
- Resists fling by creating a stringing effect
- Safe for use on X, Z and O-Ring chains
- For off-road & street use

Description		WPS#	List
7.4 fl oz	20/case	**78-9932**	**$7.50** ea
17.3 fl oz	12/case	**78-9933**	**$11.50** ea

ASSEMBLY LUBE

- Formulated to protect at startup and facilitate efficient break-in
- 2X Zinc system provides exceptional anti-wear protection at all temperatures
- Compatible with all mineral, semi-synthetic and full synthetic engine oils
- Rust and corrosion protection during extended storage
- Pleasant cinnamon scent

Description		WPS#	List
4 oz	12/case	**78-9970**	**$9.95** ea

FAB-1 FABRIC & FOAM FILTER SPRAY

- Advanced spray-on synthetic air filter treatment
- Will not plug foam cells or migrate off filter
- Super tacky coating catches dirt and fine dust
- Water-resistant
- Dark blue in color to ensure even coverage

Description		WPS#	List
18.8 fl oz	12/case	**78-9928**	**$9.50** ea

CLEAN UP DEGREASER & CHAIN CLEANER

- Heavy duty, emulsion type cleaner specially designed for chains
- Removes encrusted chain lube, dirt, sand and other contaminates
- Safe on aluminum, steel and other metals
- Will not harm O, X or Z-ring chains
- Easy spray on and rinse off application

Description		WPS#	List
17.1 fl oz	12/case	**78-9942**	**$9.95** ea.

MPPL

- Frees rusted & corroded parts
- Displaces moisture
- Perfect as a light lubricant
- Excellent fogging oil or starting fluid for 2 and 4 stroke engines

Description		WPS#	List
14.5 fl oz	12/case	**78-9945**	**$8.95** ea

SPEED WAX

- All-in-one detailer that conditions, shines and protects
- Cleans and enhances painted surfaces, chrome, anodizing and plastic
- Soothing wax leaves the surface protected
- Safe on all finishes
- Excellent cleaner between washes

Description		WPS#	List
17.8 fl oz.	12/case	**78-9973**	**$10.50** ea

CITRUS CONTACT/ BRAKE CLEANER

- Quickly removes oil, grease and other contaminates from engine electrical components
- Displaces moisture, non-corrosive and non-staining
- Fast drying cleaner, leaves no residue
- Powerful spray gets hard to reach areas
- Citrus scented

Description		WPS#	List
17.5 fl oz.	12/case	**78-9941**	**$6.95** ea

SC1 HIGH GLOSS

- High gloss coating restores factory shine and color
- Safe on all finishes
- Excellent mud and debris release when left on surface wet
- Leaves a dry, long lasting luster
- Fresh clean scent
- New bike in a can

Description		WPS#	List
12 oz	12/case	**78-9944**	**$10.50** ea

AIR FILTER MAINTENANCE CARE KIT COMBO 2-PACK

- Includes Air Filter Cleaner 17.1oz., FAB-1 18.8fl.oz
- A clean and perfectly oiled air filter provides maximum airflow and increased horsepower
- Air Filter Cleaner is a heavy duty emulsion-type cleaner designed to thoroughly remove oil and dirt
- FAB-1 spray-on synthetic air filter oil provides unequalled protection against the elements
- Takes the guess work out of purchasing individual cans

Description		WPS#	List
Cleaner/Fab 1	17.1 fl oz/18.8 fl oz	**78-9947**	**$17.95** ea

AIR FILTER CLEANER

- Specific spray-on foam and fabric air filter cleaner
- Removes heavy oils, greases soil and other contaminants
- Will not harm foam, fabric or glued seams
- Emulsion formula contains no caustic chemicals and washes out easily with water

Description		WPS#	List
17.1 fl oz	12/case	**78-9940**	**$9.95** ea
64oz	6/case	**78-9976**	**$19.95** ea

HI-TEST OCTANE BOOSTER

- Concentrated octane booster
- Organic, contains no metal (lead, manganese or phosphorus) compounds
- Mixes with gasoline, alcohol and nitro mixtures
- Suppresses detonation and pre-ignition
- Eliminates pinging and knocking from low quality gasolines

Description		WPS#	List
16 oz.	12/case	**78-9950**	**$6.50** ea

WATERPROOF GREASE

- Multi-purpose lithium complex grease
- Excellent resistance to water washout. Saltwater resistant
- Clings to metal surfaces under the most severe condition, will not thin out
- Use on all motorcycle, ATV, PWC, trailer and snowmobile components
- Very high temperature grease suitable for disc brake applications

NLGI #2 consistency

Description		WPS#	List
16 oz.	12/case	**78-9948**	**$8.95** ea

BRAKE FLUID

- Available in DOT 4, RACING DOT 4, DOT 5 & DOT 5.1
- DOT 4; for vehicles requiring DOT 3 or DOT 4
- Boiling points, DRY 469 F(243 C) / WET 318 F (159 C)
- RACING DOT 4; mixes with DOT 3 and DOT 4
- Extreme boiling points DRY 622 F (328 C) / WET 399 F (204 C)
- DOT 5; for use in any vehicle requiring DOT 5
- DOT 5.1; mixes with DOT 3, DOT 4 and DOT 5.1
- Boiling points DRY 516 F (269 C) / WET 369 F / (187 C)

Description		WPS #	List
DOT 4	16.9 oz 12/case	**78-9964**	**$6.95** ea
DOT 4 RACING	16.9 oz 12/case	**78-9969**	**$16.95** ea
DOT 5	16.9 oz 12/case	**78-9965**	**$18.95** ea
DOT 5.1	16.9 oz 12/case	**78-9963**	**$9.95** ea

BIO WASH

- Professional strength, fast-acting cleaning agents
- 100% biodegradable
- Tough of dirt yet gentle enough for most surfaces
- Safe on paint, plastic, chrome, anodizing, rubber and carbon fiber
- Advanced micro chemistry protects metal and alloys

Description		WPS#	List
32 oz.	12/case	**78-9975**	**$8.95** ea

MOTUL

TWIN 20W50 MOTOR OIL

- Specially formulated, high performance, 100% triple synthetic motorcycle oil with ESTER
- Engineered to handle and protect against high temperatures found in big air-cooled Twins
- Molecular polar bonding technology enables oil to cling to metal parts, providing a protective film to help reduce wear at start-up
- Exceeds requirements for Twins with separate clutches and primary cases found on Harley-Davidson® models
- Designed to provide outstanding grip on wet clutches to prevent slippage
- High levels of ZDDP extreme pressure additives, combined with anti-oxidant and anti-foam properties
- Recommended for use in H-D Milwaukee 8®, Twin-Cam®, Evolution®, Sportster® engines and primary case.

Description		WPS#	List
20lt	Jerry Can	82-20033	$280.28

TWIN 75W90 GEAR OIL

- An exceptionally high performance 100% synthetic transmission oil with ESTER
- Engineered for use in 4-speed, 5-speed and 6-speed transmissions
- API GL-5 rated, extreme pressure lubricant for helical or straight cut gears
- Ideally made to handle the high shock loads in Big Twin transmissions
- Molecular bonding technology enables the oil to cling to metal parts under extreme conditions
- Provides a protective film that extends the life of gears and bearings while reducing drag

Description		WPS#	List
1qt	12/case	82-2111	$20.59

TWIN PRIMARY OIL

- Engineered for use in Big Twin primary drives with wet clutches
- Provides outstanding grip for wet clutches to help prevent slippage and chatter
- Features a protective film that reduces wear and extends the life of bearings, chains and sprockets

Description		WPS#	List
1qt	12/case	82-2112	$15.40

TWIN GEAR AND CHAINCASE OIL

- Engineered to handle the combined duties of protecting the primary drive and transmission on Sportsters
- Formulated to reduce drag and provide quieter and smoother shifting while providing outstanding grip for wet clutches, helping prevent slippage and chatter
- Exceptionally high performance 100% triple synthetic oil with ESTER

Description		WPS#	List
1qt	12/case	82-2110	$15.40

MOTUL

300V ROAD 4T

- Racing 100% Synthetic w/Ester Core Technology
- Provides extra power by minimizing engine internal friction
- Ensures oil pressure and shear stability
- Outstanding extreme pressure and anti-wear protection

WASH & WAX

- Dry cleaner
- Carnuba wax base
- Protects and makes motorcycle paints plastics shine
- Spray on, wipe off

Description	WPS#	List
11.4 oz 12/case	**82-2220**	**$11.59** ea

CHAIN LUBE PASTE

- Excellent for road and kart use
- Very low rolling resistance for more power
- Compatible with o-ring, x-ring and z-ring chain
- Brush applicator
- White in color

Description	WPS#	List
5.7 oz 12/case	**82-2214**	**$10.41** ea

PERFECT SEAT

- Powerful cleaner and restorer for all vinyl saddles
- Non - slip formula
- UV protection to protect from sun fading

Description	WPS#	List
8.45 oz 12/case	**82-2222**	**$9.34** ea

MOTO WASH

- Powerful cleaner / degreaser
- Safe on all paint, metallic components and plastics
- Leaves a corrosion resistant film

Description	WPS#	List
1 lt 12/case	**82-2227**	**$15.03** ea

HELMET CLEAN

- Cleans the outside of helmets leaving no marks
- Suitable for all helmets

Description	WPS#	List
8.45 oz 12/case	**82-2230**	**$8.05** ea

INSECT REMOVER

- Removes splattered insects, organic residues and tar from wind screens, fairing, paint, metal and plastics

Description	WPS#	List
13.5 oz 12/case	**82-2228**	**$6.97** ea

MOTUL

SCRATCH REMOVER

- Removes superficial scratches on any painted or varnished surfaces
- Restores gloss shine
- Good on fairings and helmets

Description		WPS#	List
3.38 oz	12/case	**82-2226**	**$5.90** ea

CHROME & ALUMINUM POLISH

- Cleans, restores and shines all chrome and aluminum

Description		WPS#	List
3.38 oz	12/case	**82-2224**	**$5.79** ea

PERFECT LEATHER

- Cleans, nourishes and revives all types of leather
- Protects against external aggressions
- Makes apparel water resistant
- Prolongs the life of leather

Description		WPS#	List
8.45 oz	12/case	**82-2231**	**$9.12** ea

SHINE & GO

- Clear Coat
- Silicone base
- Restores the beautiful luster of plastics, rubber and paints
- Leaves a protective non - stick film

Description		WPS#	List
13 oz	12/case	**82-2223**	**$10.20** ea

GOLDFIRE 4-STROKE ENGINE OIL

- High performance semi-synthetic blend
- Single or multi cylinder applications
- Formulated with anti-shearing agents and friction modifiers for wet clutch applications
- Meets or exceeds API SG and JASO MA
- Good for motors with wet or dry clutches

Description			WPS#	List	
10W40	1 lt	6/case	**57-0933**	**$14.95**	ea
10/W40	1gal	2/case	**57-0934**	**$55.95**	ea

SILVERFIRE 4-STROKE ENGINE OIL

- Meets or exceeds API SG, JASO MA
- Low coefficient of friction increases power and engine efficiency
- Shear stable viscosity improver protects against viscosity breakdown
- Keeps engine clean and protects against varnish and sludge formation
- Good for motors with wet or dry clutches

Description			WPS#	List	
10W40	1 lt	6/case	**57-0935**	**$13.95**	ea

CARBURETOR AND CHOKE CLEANER

- Ideal for quick cleaning of injectors, carburetors, jets and linkage
- High power spray, not harmful to rubber, vinyl or plastic
- May be harmful to painted surfaces

BRAKE CLEANER

- Cleans and degreases all brake units
- Evaporates quickly without residue
- Will not harm rubber, plastic or painted surfaces

CONTACT CLEANER

- Removes carbon and contaminants from electrical components
- Evaporates quickly without residue
- Will not harm rubber, plastic or painted surfaces

Description	Size		WPS#	List

BLACK LABEL CHAIN LUBE

- Penetrates deep into the chain
- Lubricates pins, rollers, side plates, and sprocket
- Reduces chain stretch and the requirement for frequent adjustments
- Protects chain against the elements

Description	Size		WPS#	List
BLACK LABEL CHAIN LUBE				
Black label	5 oz aerosol	12/case	**57-0106**	**$9.50** ea
Black label	13 oz aerosol	6/case	**57-0120**	**$15.50** ea

BLUE LABEL

- Clear formula won't fly off
- Displays and repels water
- Reduces chain stretch and the requirement for frequent adjustments
- Lubricates between roller and sprocket
- Preserves O-Rings
- Can also be used on standard chains

Description	Size		WPS#	List
BLUE LABEL CHAIN LUBE				
Blue Label	5 oz aerosol	12/case	**57-0108**	**$9.50** ea

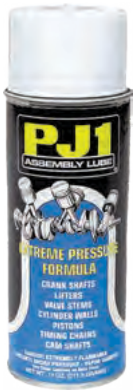
LUBES

ASSEMBLY LUBE

- Easy to use for assembly
- Spray on and it sticks to internal engine components
- Protects for start-up

CABLE LUBE

- Lubes and cleans cables
- Makes cables last longer



Description	Size		WPS#	List
Assembly Lube	11 oz aerosol	6/case	**57-0111**	**$16.50** ea
Cable Lube	11 oz aerosol	6/case	**57-0112**	**$13.50** ea

OCTANE PLUS

- Has lubricating qualities similar to lead
- Raises octane number approximately 4 numbers
- Reduces 'knock' and 'ping'
- Helps improve engine efficiency
- Cleans carburetors and fuel systems
- INCOMPATIBLE WITH ANY METHANOL BLEND

Description		WPS#	List
16 oz	6/case	**57-1316**	**$14.95** ea

PAINTS

11 oz aerosol - 6/case

FAST BLACK GLOSS BLACK ENGINE PAINT

- Withstands up to 500°F (260°C)

FAST BLACK SATIN BLACK ENGINE PAINT

- Withstands up to 500°F (260°C)

FAST BLACK FLAT BLACK EXHAUST

- Withstands 1500°F (816°C)

FAST BLACK EPOXY PORCELAIN GLOSS BLACK

- Dries to an extremely hard and durable finish

FAST BLACK WRINKLE FINISH TEXTURE COAT

- Withstands 350°F (177°C)
- Has wrinkle textured finish

TRACKBITE TRACTION COMPOUND

- Custom formulated resin that provides controlled traction for competition racing
- A water resistant liquid for track and tire which improves traction on asphalt and concrete surfaces
- It achieves added traction by means of adhesion and does change tire compounds
- NHRA & IHRA approved
- Ideal for drag and other race applications

Description		WPS#	List
1 gal	2/case	57-0140	$68.95 ea

WHEELY BAR SPRAY CHALK

- Has been developed to replace messy shoe polish
- Commonly used on Wheely bar wheels in drag racing
- Effectively helps in determining chassis and clutch adjustments
- Available in white only.

Description		WPS#	List
10 oz aerosol	6/case	57-0145	$13.95 ea

20W50 MOTOR OIL

- Blended with specific friction modifiers that are compatible with wet-clutches, suitable for JASO MA applications
- Extended drain intervals over other brands due to higher quality basestocks and excellent dispersants
- Designed for the latest Big-Twin motorcycle engines that specify 20W50 motor oil, including including Evolution, Twin Cam, and aftermarket engines of similar design
- Superior film strength through the use of ester base stocks for protection and ring seal

Description		WPS#	List
1 qt	12/case	57-6531	$16.95 ea
55 gal		57-6537	
Oil drum pump		27-0190	$78.95

WPS PAYS 1/2 FREIGHT ON DRUMS OF OIL

20W60 MOTOR OIL

- Recommended for V-twins that need more viscosity due to operation in extremely hot climates.
- Popular for Evos and Twin Cam engines with big bore kits, stroker kits or issues with valvetrain noise
- Specifically blended for air-cooled V-Twin engines with traditionally wide clearances like Knuckleheads, Shovelheads and Panheads
- Superior film strength through the use of ester base stocks for protection and ring seal
- Extended drain intervals over other brands due to higher quality base stocks and excellent dispersants

Description		WPS#	List
1 qt	12/case	57-6532	$16.95 ea
55 gal		57-6538	
Oil drum pump		27-0190	$78.95

WPS PAYS 1/2 FREIGHT ON DRUMS OF OIL

V-TWIN PRIMARY OIL

- Same fluid as our famous MTL gear oil
- This product is for use in the primary chaincase with wet-diaphragm spring clutches.
- Improves clutch operation while reducing wear and temperature
- For 1984-to-present V-Twin American motorcycle engines, including Evolution, Twin Cam, and aftermarket engines of similar design
- Where most synthetics are too slippery for clutch operation, this friction-balanced product is balanced to provide less slip, smoother operation, and helps to apply more power in modified engines

Description		WPS#	List
1 qt	12/case	57-6522	$18.95 ea

V-TWIN TRANNY OIL

- This product dampens transmission noise (reducing the notorious shifting clunk found in these gearboxes), dramatically reduces temperature, provides thicker oil films between gear teeth and resists throw-off
- For all aftermarket versions like Baker, JIMS, S&S, etc.
- For all H-D® trans including with Evolution engines, Twin Cam engines, and latest 6-speed Cruise Drive
- Same fluid as our unique Heavy ShockProof® Gear Oil

Description		WPS#	List
1 qt	12/case	57-6521	$19.95 ea

FUNNEL

- That funnel that works
- Rotate around to get into those extremely difficult areas
- Works with all fluids

WPS#	List
57-6599	$4.95

80W GEAR OIL

- Popular for Sportster V-Twin transmissions
- ShockProof® features microscopic solid medium to provide cushioning between gear teeth, while maintaining lower drag
- Provides consistent shifting and wet-clutch operation

Description			WPS#	List
80W	1 qt	12/case	57-6520	$19.95 ea
UTV/ATV	1 qt	12/case	57-6528	$16.95 ea

POWERPACKS

- Complete kit for Big Twins with either 10W50, 20W50 or 20W60 motor oil
- Includes 5 quarts of Motorcycle Oil, 1 quart of V-Twin Transmission Oil with ShockProof, 1 quart of Primary Chain Case Oil, 1 bottle of Fuel Injection Cleaner for Motorcycles, a sticker kit, a Red Line Oil embroidered hat, and a versatile funnel

Description	WPS#	List
20W50	**57-6560**	**$151.95** kit
20W60	**57-6561**	**$151.95** kit

SYNTHETIC DOT 4 BRAKE FLUID

- Engineered to maintain viscosity and lubricity at extreme temperatures
- Safeguards against vapor lock and brake fading
- Blends with and meets specifications of DOT 3, DOT 4, DOT 5.1
- 604 degrees Fahrenheit dry, 400 degrees Fahrenheit wet

Description			WPS#	List
DOT 4	16 oz	6/case	**57-6575**	**$17.95** ea

SUSPENSION FLUID

- Superior shear stability over most popular shock oils
- Allows use of lower viscosities
- Far less shock fade, provides lower operating temps for same viscosity when compared to conventional fluids
- Eliminates most foaming and provides excellent seal lubricity
- Anti-wear additives assist in longer shock life
- These products can be mixed together to create intermediate viscosities, customized for a dampener's particular characteristics

Description			WPS#	List
Likewater	16 oz	12/case	**57-6550**	**$13.95** ea
2.5W	16 oz	12/case	**57-6551**	**$13.95** ea
5W	16 oz	12/case	**57-6552**	**$13.95** ea

30W	16 oz	12/case	**57-6554**	**$13.95** ea

ASSEMBLY LUBE

- Prepares potential wear surface and prevents metal contact before adequate lubrication can be supplied
- Unlike other assembly lubes, Red Line's will not plug filters after initial engine start-up
- Provides 3x greater film strength than conventional black Molybdenum Disulfide greases
- Excellent rust and corrosion inhibitor, allows for long-term storage
- For use on camshafts, lifters, pushrods, piston skirts, main and rod bearings, and bolt threads
- Do not use on exhaust bolts or other high temperature bolts which require an anti-seize
- Recommended and used by top camshaft and drivetrain manufacturers

Description		WPS#	List
4 oz	12/case	**57-6565**	**$10.95** ea
12 oz	6/case	**57-6566**	**$15.95** ea

FUEL SYSTEM CLEANER

- Concentrated, high-temp detergents clean your carburetors or fuel injectors, fuel lines, tank, intake valves, combustion chambers, fouled plugs
- Improves fuel economy, throttle response, hesitation and stalling
- Compatible with both pump gas and race fuel, pre-mixed or injected two-strokes
- Cleans emission control systems (safe for catalytic converters and sensors)

Description		WPS#	List
4 oz	12/case	**57-6545**	**$5.95** ea

REKLUSE clutch rEvolution

ENGINE AND DRIVE LUBRICANTS

Drawing upon 16 years of innovation and experience with clutches, this new oil has been engineered and tested to ensure it meets our high-performance standards. All three blends are Rekluse Factory Certified for use with Rekluse auto and manual clutch systems. Rekluse Factory Formulated Oil offers enhanced performance and is the perfect complement to any clutch system, including aftermarket and OEM.

Rekluse Factory Formulated Primary Oil for V-Twin - SAE 20w50

- Smoother shifting
- Longer clutch life
- Improved power transfer through the clutch
- Rekluse Factory Certified for optimal clutch performance
- Meets API SL, JASO MA2 standards

Rekluse Factory Formulated Engine 4T Oil - SAE 10w40

- Designed for use in wet clutch systems (2T/4T)
- Reduced clutch heat for longer clutch life
- Smoother shifting
- Improved power transfer through the clutch
- Rekluse Factory Certified for optimal clutch and engine performance
- Meets API SL, JASO MA2 standards

Rekluse Factory Formulated 2T Trans / 4T Engine Oil - SAE 20w50

- Designed for use in wet clutch systems (2T/4T)
- Direct and consistent clutch feel
- Improved power transfer through the clutch
- Smoother shifting
- Rekluse Factory Certified for optimal clutch performance
- Meets API SL, JASO MA2 standards

PLATINUM GEAR OIL HEAVY DUTY FULL SYN

NEW

- Formulated specially for Harley-Davidson and V-Twin transmissions
- Synthetic base oils mixed with an additive packages for maximum performance with maximum protection for components
- HD Platinum reduces drag friction and most importantly wear
- Extends gear life and provides exception temperature control
- Delivers smoother, easier and more consistent shifting
- Exceeds all manufacturers warranty requirements
- A.P.I. GL-1 rated

Description			WPS#	List
75W140	1 qt	12/case	582-05021	$20.95 ea

PLATINUM SPORTSTER HEAVY DUTY FULL SYN TRANS

NEW

- Formulated special for Harley-Davidson Sportster and Buell 6 speed transmission
- Engineered to work where the clutch, primary and transmission use the same lube
- Fully synthetic using G4 Technology for long life
- Exceeds O.E.M. and Harley-Davidson warranty requirements
- A.P.I. GL-1 rated

Description			WPS#	List
75W140	1 qt	12/case	582-05011	$20.95 ea

PLATINUM 6 SPEED HEAVY DUTY FULL SYN TRANS

NEW

- Developed for Harley-Davidson 6 speed transmission
- Provides quieter running and smoother shifting
- Formulated with G4 Technology
- Special anti-wear additives that greatly reduce wear
- Maintains higher film strength between gears while reducing drag
- High loads and extreme heat resistant
- Made to be pushed hard and long
- Exceeds all O.E.M. and Harley-Davidson warranty requirements
- A.P.I. GL-5 rated

Description			WPS#	List
75W140	1 qt	12/case	582-05001	$22.95 ea

SPECTRO performance oils

PLATINUM HEAVY DUTY FULL SYN

NEW

- Superior engine lubrication formulated for American made Harley-Davidson V-Twins
- Designed for high-performance and higher out put V-Twins
- Crafted from full synthetics and uses G4 Technology
- Dramatically increases throttle response and horsepower
- Formulated with a special additive package which combats high heat and stress
- Extends engine component life, reduces wear
- Exceeds OEM Harley-Davidson warranty requirements

Description			WPS#	List
20W50	1 qt	12/case	582-02201	$16.95 ea

GOLDEN HEAVY DUTY SEMI-SYN

NEW

- Superior engine lubrication formulated for American made Harley-Davidson V-Twins
- Crafted from superior petroleum stocks and synthetics
- Added anti-wear additives provide lower consumption
- Extends engine component life, reduces wear
- Exceeds OEM Harley-Davidson warranty requirements

Description			WPS#	List
20W50	1 qt	12/case	582-02101	$11.95 ea

PREMIUM HEAVY DUTY GEAR GUARD

NEW

- Formulated specially for motorcycle transmissions
- Formula designed to prevent rust, corrosion, oxidation gear pitting
- HD Premium reduces foaming and drag
- Extends gear life by reducing wear and friction loss
- Exceeds all manufacturers warranty requirements
- A.P.I. GL-5 rated

Description			WPS#	List
85W140	1 qt	12/case	582-05031	$12.95 ea

PREMIUM PRIMARY CHAINCASE HEAVY DUTY

NEW

- Designed to withstand the punishment of high loads
- Contains special Polymers to provide exceptional clutch engagement
- Eliminates clutch drag and slippage by maintaining good temperature stability
- Formulated for Harley Davidson Sportster and Big Twin applications
- Exceeds all O.E.M. warranty requirements

Description			WPS#	List
1 qt		12/case	582-05041	$9.95 ea

Torco RACING OILS

4 CYCLE LUBRICATION

T4SR MPZ 100% SYNTHETIC ENGINE OIL

- A combination of the best synthetic based oils, shear stable-ring sealing polymers and MPZ additives
- Withstands high temperatures and RPMs without fluid film breakdown
- Provides the ultimate in protection, performance and cleanliness
- Increases horsepower and RPM while improving shifting

Description			WPS#	List

WPS PAYS 1/2 FREIGHT ON DRUMS OF OIL

ACCELERATOR RACE FUEL CONCENTRATE

- A blend of components which transforms the make up of premium pump gas to closely resemble race fuel
- Significantly raises the octane of premium fuel (91 octane): 32 oz To 10 gals = 102 octane, 32oz to 5 gals of fuel = 105 octane!
- Will not harm sensitive O2 sensors or catalytic converters
- Great for motorcycle, ATV, snowmobile, watercraft and automotive use

Description		WPS#	List	
32 oz	12/case	**88-6325**	**$30.95**	ea

Torco

TITANIUM CHAIN LUBE

- Eliminates “Fling off”
- Formulated with anti-rust chemistry
- Extreme pressure and shear stable formula
- Designed for all standard, O-ring and racing chains

Description		WPS#	List
5.5 oz	12/case	**88-6311**	**$11.50** ea
14 oz	12/case	**88-6312**	**$17.95** ea

BRAKE/CONTACT CLEANER

- Effectively removes brake fluid, oil and greases
- For use on brakes, electrical components and all metal surfaces
- Quick drying with no residue
- Noncorrosive and nonstaining

Description		WPS#	List
18.1 oz	12/case	**88-6315**	**$10.95** ea

MOTO-PREP SILICON SPRAY

- Revives dull faded surfaces to dry shiny finish
- Formulated for use on plastic, painted, fiberglass and metal surfaces providing a long lasting shine
- Highly recommended for the underside

Description		WPS#	List
19 oz	12/case	**88-6306**	**$12.50** ea

MPZ SPRAY LUBE

- Same qualities as the MPZ engine assembly lube in the convenience of an aerosol spray
- Heat proof, wear proof, rust proof
- Unique high tech multi purpose lubricant that stays put and won't let go

Description		WPS#	List
8 oz	12/case	**88-6305**	**$18.95** ea

MPZ ENGINE ASSEMBLY LUBE

- Friction proof, wear proof, corrosion proof, water proof
- Excellent lube for engine assembly. Use on wrist pins, bearings, bushings and gears

Description		WPS#	List
4 oz tube	12/case	**88-6300**	**$10.95** ea

MPZ CAM LUBE

- Recommended as a pre-lube for engine assembly
- For coating cams, rocker arms, valves and springs
- Same formula as engine assembly lube in a thicker viscosity

Description		WPS#	List
1oz tube	12/case	**88-6308**	**$6.50** ea

WATERPROOF GREASE

- Lithium complex grease offers excellent lubricating properties
- Race proven formula is designed to protect against shock loading, extreme pressure and water washout

Description		WPS#	List
8oz tube	12/case	**88-6307**	**$7.50** ea

A B C

BIKER LEATHER CARE

- Cleans and Conditions leather and vinyl with no build up
- Revitalizes dull, dry, faded leathers

WPS#	List
59-2808	$64.99

CHAIN LUBE

Unique protection that performs

Our BananaSlip Chain Lube has been specifically formulated to perform exceptionally well under intense use in all weather conditions, while providing long lasting protection. Upon application it penetrates deep into all parts of the chain to give optimum coverage. BananaSlip Chain Lube contains a unique combination of properties in order to reduce frictional losses while leaving an anti-fling wet film with a slippery banana-flavored scent to protect against even the harshest environments.

Uses for BananaSlip Chain Lube:

- High performance motorcycles
- Street, track or race riding
- Regular application of chain oil
- Aggressive or fast riding
- Frequent gear changes and quick-shifting
- 500ML

WPS#	List
59-2810	$12.99

CHAIN WAX

Hard wearing, anti-fling Chain Wax

BananaSlip anti-fling PTFE Chain Wax is perfect for motorcycle and motorsport chains that will experience prolonged cycles and high impact environmental conditions.

Our unique formulation penetrates deep into the links of the chain before drying externally to leave a protective layer against water and dirt.

By producing an ultra-long lasting wax, BananaSlip keeps the joints of the chain well lubricated and reduces frictional losses between the chain and the sprocket up to twice as long as traditional chain oils. As a result, BananaSlip Chain Wax not only lubricates and protects but also enhances performance and the life of moving components.

Uses for BananaSlip Chain Wax:

- Touring, Sports Touring
- Off-road riding
- Commuting & motorway
- Mixed riding style
- 500ML

WPS#	List
59-2811	$12.99

PRIMESHINE CHAIN CLEANER

- Perfectly removes all grease, oil and dirt build up
- Added chain protection
- Highly effective and easy to use
- Suitable for standard O, X and Z-Ring chains
- Reduces friction
- Brilliant for all road, off road and race chains
- 500ML

WPS#	List
59-2812	$12.99

PRIMESHINE BRAKE CLEANER

- High powered nozzle blasts away dirt and grime
- Removes all brake dust, oil and grease
- Fast drying action with no residue
- Protects all seals and rubber components
- Perfect for brakes and clutches
- 500ML

WPS#	List
59-2814	$9.99

TRU-TENSION PRECISION EVERY TIME

PRIMESHINE CARB CLEANER

- Cleans and lubricates
- High powered formula for easy cleaning
- Perfectly formulated for cleaning and lubricating carburetors and injectors
- Effectively removes all particles, varnishes, and contaminants for perfect runability
- 500ML

WPS#	List
59-2815	$9.99

PRIMESHINE TT78 MULTI-USE SPRAY

- Motorcycle dedicated Multi-Use spray
- Effectively degreases and cleans in one step
- Perfect for high gloss finishes on engines and paint
- Lubricates stiff components
- Effectively prevents rust development
- High water repellant properties
- Perfect for general maintenance and cleaning
- 500ML

WPS#	List
59-2816	$10.99

PRIMESHINE BODYWORK FOAM CLEANER

- One spray instant foam cleaner and polish
- Quick, easy and highly effective all in one cleaner
- No water needed, so no water marks!
- Perfect for Bodywork, Chrome, Painted & Plastic parts
- Leaves a highly polished, waxed surface
- Great for indoor cleaning
- 500ML

WPS#	List
59-2813	$12.99

MONKEY JUICE

NEW

- Monkey Juice Gel Bike Cleaner is a specifically formulated degreaser designed to instantly lift and remove stubborn dirt and grime generated from riding.
- The gel formulation sticks to the surface of the bike like no other, it does not drip away. This allows it to continue breaking down the dirt and grime for an unparalleled cleaner.
- The MicroFoam structure of Monkey Juice allows the foam to penetrate all pores within the dirt, to quickly and effortlessly lift it from the surface.
- Leaves a dirt repellent finish which reduces dirt build up.
- 100% Biodegradable and safe to use on all surfaces.

PRO CIRCUIT

PC-03 SEAL & O-RING GREASE

- Pro Circuit's PC-03 Seal & O-Ring Grease is designed for use on any seal or o-ring during assembly. It's blended with PTFE, a Teflon like material, creating a super slick surface for less internal wear and friction even at extreme temperatures.

Description		WPS#	List	
PC-03 Seal & O-Ring	6/case	793-6073	$12.95	ea

PC-04 ASSEMBLY LUBE

NEW

- PC-04 Assembly Lube is designed to prevent metal-to-metal contact upon engine start-up before adequate lubrication can be supplied. PC-04 is also excellent for use on bolt threads for accurate torque readings.

Description		WPS#	List	
PC-04 Assembly Lube	6/case	793-6074	$12.95	ea

KLÜBER LUBRICATION

ISOFLEX® TOPAS NB 52 GREASE

NEW

- Isoflex® Topas NB52 is a high speed, low temp, noise tested grease
- Great for taper bearings subject to very high speeds
- Specified for use in snowmobiles and atv engines
- Recommended for Bombardier, Ski Doo, Sea Doo engine bearings and one way clutch
- 50g tube

Description	WPS#	List
50g	57-1199	$56.95

MIST-N-SHINE

PROFESSIONAL DETAILER

- Adds a show-winning gloss and slickness to any vehicle
- Brightens all paint, clear coat, fiberglass and chrome
- Perfect to use between complete wax applications
- Great for spot cleaning to remove dust, bugs, fingerprints, etc
- Safe for show chrome and Lexan
- Hides swirls
- Will not scratch or streak, even in direct sun
- Anti-static
- Contains no wax, solvents or silicone - body shop recommended

Description		WPS#	List
8oz		57-6314	$8.95
22oz	12/case	57-6315	$14.95
1 gal		57-6315G	$64.95

MYSTIC SPRAY AND WAX

SLICK FINISH DETAILER

- Slick Nano Technology Protection
- Best in class spray wax-detailer-dry wash
- Instant bonding to paint, chrome, glass, fiberglass or any hard surface
- Relentless water beading wash after wash
- Extremely slick protective finish, adding gloss, depth and clarity with each application
- VOC compliant, contains no petroleum solvents or abrasives
- Pleasing fragrance

Description		WPS#	List
22oz	12/case	57-6300	$19.95

WIPE DOWN

MATTE PAINT DETAILER

- Safe for all paint systems
- Quickly cleans matte finishes: suede, denim, satin primer, powder coat and all flat clears
- Adds no gloss or protection
- Contains no wax, solvents or silicone
- Removes dust, fingerprints, road grime and oily residue without adding gloss
- Removes streaks and smears from overuse of waxes, glazes, etc.
- Removes oily residue after buffing

Description		WPS#	List

SCRATCH REMOVER

SCRATCH REMOVER & PRE-WAX CLEANER

- Levels minor scratches & swirls
- Removes light fading & blemishes
- Excellent pre-wax cleaner
- Safe on all paint, clears, & most plastics
- Hand or buffer application
- Safe alternative to harsh rubbing compounds

Description	WPS#	List
8oz	57-6310	$17.55

WASH CONCENTRATE

- Rich think foam
- Easy cleaning
- Streak free rinsing
- Retains gloss and protection
- Safe for all surfaces

Description	WPS#	List
16 oz	57-6223	$10.95
1 gal	57-6224	$49.95

SHINE MASTER

- Easy on, easy off
- Use as a wax replacement, swirl mark remover or finishing glaze by hand or machine
- No free silicone or wax
- No streaks or smears
- Awesome gloss

Description	WPS#	List
16oz	57-6324	$17.95

METAL RENEW

ALL METAL LIQUID POLISH

- Fast cut, high gloss
- Easier to apply and remove
- Brightens and renews aluminum, stainless steel and dull chrome*
- For show chrome use Mist-N-Shine®
- Creamy emulsion does not require constant shaking
- Use by hand or with Metal Buffs Kit

Description	WPS#	List
8oz	57-6307	$13.95

BLACK RENEW

ALL COLOR EXTERIOR TRIM TREATMENT

- Works on all colors of exterior trim
- Instantly removes embedded wax and compound from textured body side moldings
- Cleans and renews faded trim
- Concentrated cream outlasts sprays
- No airborne silicone contaminants

Description	WPS#	List
8oz	57-6320	$13.95

MYSTIC CUT

- Exclusive “Smart Abrasive Technology” incorporates latest Nano abrasives
- Excellent all around compound for removing severe swirls, defects, fading and water spotting
- Progressive cutting action with no gritty mess
- Levels and removes sand scratches
- No wax, silicone or crystaline silica
- Water-based for easy clean-up
- Use with the WIZARDS® Buffing Pad System
- Marine use: Exterior defect removal on gelcoat, paint, fiberglass, metallic flake. Use on average or neglected surfaces

Description	WPS#	List
Mystic Cut Compound	57-6325	$54.95

FINISH CUT

- Levels and removes scratches on paint and clear coat, fresh or aged finishes
- One step buffing on most colors and clear coat, fresh or aged finishes
- Brightens dull finishes and removes heavy paint over spray
- Finish buffs to a high gloss
- Levels and removes sand scratches
- No wax, silicone or crystaline silica
- Water-based for easy clean-up
- Use with the WIZARDS® Buffing Pad System
- Protect with Shine Master™
- Marine use: Exterior defect removal on gelcoat, paint, fiberglass, metallic flake. Use on average or neglected surfaces

Description	WPS#	List
Finish Cut	57-6326	$28.95

WIZARDS PRODUCTS

LEATHER CARE PLUS

- Preserves and protects all fine leather, naugahyde and vinyl surfaces
- Contains moisturizers and lanolin oils
- Concentrated cream forms a penetrating leather lotion
- Use on auto, apparel, luggage and furniture

Description	WPS#	List
8 fl oz	57-6341	$13.95

POWER SEAL
ALL METAL SEALER

- Environmental shield for all polished metals
- Provides an acrylic barrier to stop air and moisture corrosion
- Super seals and protects against rust and corrosion
- Provides easy, high gloss maintenance as a micro polish

Description	WPS#	List
8 fl oz	57-6308	$13.95

MYSTIC CLAY
SMOOTHS ROUGH SURFACES

- Makes paint very smooth
- Removes all surface contaminants: brake dust, paint over spray, tree sap
- Safe on all paint/clears, metals, fiberglass and glass
- Made in the USA
- Will not harden over time
- Will not damage the finish

Description	WPS#	List
120 grams	57-6301	$16.95

METAL POLISH
THE MAGIC IS IN THE CLOTH™

- Fast cutting, highest gloss possible
- Brightens and protects all metals: aluminum, chrome*, stainless, brass, copper, nickel
- For show chrome use Mist-N-Shine®
- Removes tarnish corrosion, oxidation, brake dust, and tar

Description	WPS#	List
3oz	57-6305	$13.95

METAL BUFFS KIT

- Fast, easy, power polishing, four types of Metal Buffs
- Use with Wizards® Metal Renew™ for fast polishing
- 4 unique sizes and shapes of buffs
- 1/4" shank fits most electric and air drills

Description	WPS#	List
Kit	57-6319	$30.95

DETAIL CLOTHS

- High Performance, Super Absorbent
- Best choice for use with Mist-N-Shine® and Wipe Down™
- Guaranteed to absorb faster than any terry towel, cotton cloth or paper towel
- Will not lint, streak, or scratch surfaces
- Can be washed by hand or machine hundreds of times with no performance loss

Description	WPS#	List
Mult-Fiber blue cloth 23"x16"	57-6302	$10.95

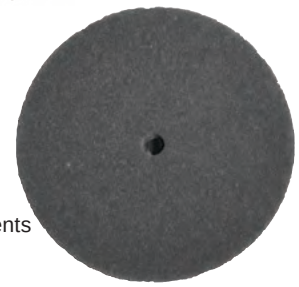
Microfiber Edgeless purple cloth	57-6329	$8.95

FINISH MINI BUFFING PAD

NEW

- Saves time with expert results
- Use on all paints and hard surfaces
- Great for tight areas or spot repairs
- All pads use Velcro® attachments
- 4¼" x 1¼" Grey Foam (Final Finishing) pad



Description	WPS#	List
Finish Mini Buffing Pad	57-6327	$9.95

FUEL CATALYST

YOU EITHER HAVE FITCH OR YOU NEED IT!

- Insure fuel quality during storage
- Increase gasoline octane or diesel cetane
- Improve engine performance (horsepower and torque)
- Improve fuel economy
- Reduce emissions - green house gases
- Reduce engine maintenance
- Improve oil burner efficiency
- One application good for 250,000 miles or 5000 operating hours
- Sold two capsules per display card
- One capsule is good for up to a 10gal tank

Description	WPS#	List
2/pak	57-1290	$58.99

STA-BIL

ETHANOL TREATMENT

- A new formula designed to prevent corrosion from moisture and ethanol induced water attraction
- Best ethanol problem fighter with more than four times the fuel system cleaner than regular STA-BIL
- Contains twice the corrosion preventer than STA-BIL, as well as two non-alcohol water removers
- Designed for use with every fill up in all 2-4 stroke marine engines running gasoline, gas-oil mixtures, and ethanol blends
- Can also be used as a safe storage treatment in snowmobiles, motorcycles, motor homes, and all outdoor power equipment including lawn mowers and tractors
- 8oz treats up to 80 gals and 32oz treats up to 320 gallons

Description	WPS#	List
8 oz	57-1109	$11.50 ea
32 oz	57-1130	$30.95 ea

GAS STABILIZER

- Prevents gum, varnish, rust and corrosion in the fuel system and combustion chamber
- Keeps stored gas fresh indefinitely
- For use in all 2-cycle and 4-cycle engines
- Recommended by 20 top engine manufacturers
- 4oz treats 10 gals
- 10oz treats 20 gals
- 32oz treats 80 gals
- 1 gallon treats 320 gals

Star brite

XTREME CLEAN

- Engineered to remove the toughest dirt, grime and greasy stains
- Formulated to clean vinyl, fiberglass, plastic, rubber, metal carpets and more

Description		WPS#	List
22 oz	12/case	**57-1162**	**$12.95** ea

BIKE GUARD DETAILER

- Cleans and adds shine to all fiberglass, metal, chrome and painted surfaces
- Removes bug debris, grime, grease, dirt and water spots
- Protective polymers repel UV rays

Description		WPS#	List
22 oz	12/case	**57-1163**	**$16.95** ea

MATTE FINISH DETAILER

- Silicone and wax free alkaline neutral formula cleans all matte, denim, satin and all other non-glossy finishes and surfaces
- Removes road grime, fingerprints, grease, bug deposits and more
- PTEF polymers leave a protective, invisible, non-glossy, non-sticky barrier to repel damaging UV rays and dirt
- Formulated for use on all metal, fiberglass, plastic, wrapped and printed surfaces, helmets, fuel tanks, chrome, bags and more

Description		WPS#	List
22 oz	12/case	**57-1164**	**$13.95** ea

WATERSPOT REMOVER

- Instantly removes stubborn waterspots
- Works on fiberglass, metal and painted surfaces
- Spray on, wipe off formula, non toxic and non abrasive

Description		WPS#	List
22 oz	12/case	**57-1160**	**$16.95** ea

CORROSION BLOCKER

- Provides and invisible, long lasting, non-sticky barrier to corrosion
- Protects engines, wiring terminals, metal hardware and more
- Safe for all metal surfaces, displaces moisture and provides a non-conductive dielectric coating

Description		WPS#	List
22 oz	12/case	**57-1161**	**$20.95** ea

ULTIMATE LUBRICATING FLUID

- Contains Cerflon® for unsurpassed lubrication and Lanolin to coat surfaces and repel dirt and water
- Forms a micro-thin film that seals the treated surface for long-lasting lubrication and protection against corrosion
- Cerflon® nanoparticles bond to treated surfaces for long-lasting lubricity of all metal moving parts
- Dielectric formula is ideal for forming a barrier against moisture and corrosion on battery terminals, junction blocks and wiring
- Deep-penetrates to loosen frozen bolts; displaces moisture; prevents further corrosion of rusted surfaces

ENZYME FUEL TREATMENT

CURES AND PREVENTS ETHANOL FUEL PROBLEMS

Unique enzyme formula prevents phase separation and fuel gelling by breaking down water and sludge to sub-micron size particles allowing it to be safely burned away during normal engine operation, eliminating ethanol fuel problems.

- Safe for all 2 and 4 cycle engines
- Stabilizes fuel for up to 2 years
- Rejuvenates old fuel
- Removes carbon and varnish
- Improves fuel economy
- Cannot be overdosed
- 8oz bottle treats up to 48 gallons of gasoline
- 8oz high concentrate bottle treats up to 128 gallons
- 16oz bottle (highly concentrated) treats up 256 gallons of gasolines
- 8oz diesel formula treats up to 128 gallons of diesel

LIQUID PERFORMANCE

COMPLETE FUEL SYSTEM CLEANER

- Advanced combustion detergent
- Cleans injectors, carburetors and intake valves
- Removes carbon
- Improves air/fuel induction system
- Reduces exhaust emissions
- Improves fuel mileage

Description		WPS#	List
1 oz	24/case	**80-0237**	**$3.25** ea
4 oz	12/case	**80-0238**	**$8.49** ea

ETHANOL EQUALIZER

- Stops all ethanol fuel problems
- Removes water from fuel
- Increases fuel mileage
- Increases horsepower
- Stabilizes fuel
- Boosts octane
- EPA registered

Description		WPS #	List

Metal Rescue Rust Remover Bath

The Workshop Hero

METAL RESCUE™ RUST REMOVER BATH

- De-rust your motorcycle/ATV gas tank and all vehicle parts in one easy step!
- No messy creams or acids
- Safe, water-based formula is designed to remove rust from iron and steel
- Metal Rescue is non-toxic, easy to dispose of, biodegradable and re-usable
- Metal Rescue™ will not harm, paint, seals, gaskets, plastic, rubber, and is safe on bare skin
- Works well in all rust-removal applications such as chrome, wheels, mirrors, handle bars, kick stands
- For optimal results in fuel tank de-rusting, fill tank to its entirety with Metal Rescue™

Description	WPS#	Price
1 quart bottle	27-4852	$16.95
14 oz concentrate (makes 1 gallon)	27-4853	$30.95
5 gal bucket	27-4851	$123.95

DRY COAT™ RUST PREVENTATIVE SPRAY

- Rust protection for your powersports vehicle during indoor storage or restoration projects.
- Safe, water-based formula prevents rust on iron and steel
- Quick and easy spray application
- Unique, non-sticky formula dries to the touch-not attracting dirt or dust
- Forms barrier coating to protect metal from rust formation
- Provides rust protection for up to 1 year of indoor storage
- Easily removed for paint or powder coat application

Description	WPS#	List
16 oz bottle	27-4862	$16.95

KREEM products inc.

COMBO PACK™
Contains 1 pint Fuel Tank Liner, 1 pint Tank Prep A, 1/2 pint Tank Prep B. Enough for complete treatment of average size tanks. Shrink wrapped for convenience.

TANK-PREP™
Contains 1 pint Prep A, 1/2 pint Prep B. Prep A is a concentrated cleaner that dissolves rust and etches the tank surface. Prep B is a final rinse and conditioner to prepare the tank for KREEM liner.

FUEL TANK LINER
1 pint. Sold each. Produces a “tank within a tank”, a tough lining that protects from rust and corrosion.
Approximately 1 pint is required per three gals of tank capacity.

TANK-MASK
Contains 1/2 pint of protective coating to be used on the outside painted surface of fuel tank while using Kreem tank liner. Washes off easily with soap and water.

PERFORMANCE FILTERS

RECHARGER

FILTER CARE SERVICE KIT

A six-step maintenance system designed to recharge your K&N Filtercharger® Air Filter. Completely restores air flow efficiency so your Filtercharger® performs like new!

	Size	WPS#	List	
A	12/case	**62-1514**	**$16.89**	each kit
B	12/case	**62-1515**	**$16.89**	each kit

KIT "A" CONTAINS:

- 1 - 12oz Air Filter Cleaner Spray Bottle
- 1 - 8oz Squeeze Oil and Service Decal

KIT "B" CONTAINS:

- 1 - 12oz Air Filter Cleaner Spray Bottle
- 1 - 6.5oz Air Filter Oil Aerosol

AIR FILTER OIL

Specially formulated to work in combination with the cotton fabric in K&N air filter elements providing a superior air filtration system. When used as directed, it quickly penetrates the filter pleats where it remains suspended in the cotton fabric. Saturation is maintained until the element is eventually cleaned with K&N Air Filter Cleaner and Degreaser.

Size		WPS#	List	
6.5 oz	12/case	**62-1506**	**$9.29**	ea
12 oz	12/case	**62-1512**	**$10.89**	ea
1 gal		**62-1513**	**$44.79**	ea

SEALING GREASE

Provides an airtight fit around sealing surfaces on all types of air filter elements. It resists heat and will not melt and run off. K&N Sealing Grease is not to be used on clamp-on filter elements.

Size		WPS#	List	
6 oz	12/case	**62-1509**	**$15.79**	ea

AIR FILTER CLEANER AND DEGREASER

Formulated to clean K&N (cotton fabric type) air cleaners and air filter elements. K&N Cleaner and Degreaser works to dissolve oily dirt build-up and can be washed away with water. It is biodegradable and safe on paint, chrome, aluminum, plastic, rubber and vinyl.

Size		WPS#	List

ADHESIVES AND THREAD LOCK

ThreeBond

A
Low Strength Thread Lock #1342: Perfect for small screws and bolts with applications that require a force of only 10-20% greater than used for tightening.

B
Medium-Strength Bearing and Stud Thread Lock #1333: Retains high-strength properties for bearings and studs. Apply heat to soften for easier removal.

C
Medium-Strength Hi-Temperature Thread Lock #1360: Incorporates anaerobic locking agents, and a heat-resistant element for sealing engine and exhaust parts.

D
Hi-Strength Thread Lock #1303: For various threads, bolts and joints which must remain secure.

E
Liquid gasket #1184: Excellent padding properties make this semi-drying sealer perfect for joint surfaces with large clearance. The synthetic rubber absorbs vibrations and impacts without failure, especially when coolants are involved.

F
Silicone liquid gasket #1211: Silicone rubber. Perfect for sealing complex 3-point surfaces. 100% effective for temperature ranges of -60° to 250° C.

G
Synthetic Rubber Adhesive #1521: Rubber-based contact cement for flexible hold to bond rubber, plastic, vinyl, metal, leather, wood, ceramic etc. Sets up in 5-10 min. Waterproof.

H
Super Glue #1742-B: Attains practical use strength in seconds. No evaporative elements and no shrinkage to weaken bonding. Excellent for nonporous materials.

I
RTV Sealant (grey): For sealing against oil and coolant leaks. Highly resistant to heat and cold. OEM specified for use on Motorcycles, ATV, UTV and Snowmobiles.

J
Gasket-Maker (black): High viscosity, high performance, high heat. OEM specified, non-slumping paste highly resistant to oils, chemicals and coolant. Effective in vibrating conditions, containing strong adhesion properties.

K
Liquid Gasket (grey) Solventless silicone sag type. Use in case to case Where NO GASKET is used.

L
Formed-In-PLace (dark grey) Engine RTV, formulated as a high performance temperature vulcanized silicone.

M
Grip Lock #1501CT100: A high strength adhesive specially formulated to keep grips in place without damaging the rubber. Ideal for Snowmobile, Motorcycle, ATV and Personal Watercraft.

Permatex

HIGH TACK™ GASKET SEALANT

- Fast drying, all purpose sealant dries to a tacky, non-brittle film
- Resists gasoline, oil, antifreeze, diesel, kerosene, propane and butane
- Temperature range -65° F to 500° F

Description	WPS#	List
4oz brush top can	**59-9189**	**$8.50** ea
4.75oz aerosol	**59-9190**	**$12.50** ea

MOTOSEAL™

- Solvent-based bond fully seals within 20 minutes
- Resists gasoline and other damaging fluids
- Flexible bond that is highly effective on irregular and uneven joint surfaces
- Ideal for use on frequently disassembled engines

Description	WPS#	List
2.7oz tube 6/case	**59-9183**	**$8.50** ea

ULTRA BLACK HI-TEMP RTV SILICONE

- Fast-curing formula, sensor safe, low odor, noncorrosive
- Meets performance specs of OE silicone gaskets
- Retains high flexibility, oil resistance properties
- Temperature range -65ºF to 550ºF intermittent

Description	WPS#	List
3.35oz 12/case	**59-9219**	**$8.95** ea

COPPER SPRAY-A-GASKET®

- Fast drying, metallic copper sealant helps dissipate heat, prevents gasket burnout, and improves heat transfer
- Fills minor surface irregularities, seals instantly
- Temperature range –50° F to 500° F, resists all types of automotive fluids, especially gasoline

Description	WPS#	List
9oz aerosol 12/case	**59-9194**	**$14.95** ea

HIGH TEMP RTV SILICONE

- Recommended for valve covers, oil pans, timing covers, thermostat housings and transmission covers
- Temperature range -75° to 650°F

Description	WPS#	List
3oz tube 12/case	**59-9185**	**$9.95** ea

BLUE RTV SILICONE

- Recommended for valve covers, oil pans, timing covers, thermostat housings and transmission covers
- Temperature range -65° to 500°F

Description	WPS#	List
3oz tube 12/case	**59-9184**	**$5.89** ea

RIGHT STUFF™ POWERBEAD™ GASKET MAKER

- Elastomeric rubber gasket rubber gasket technology is blowout resistant and out performs pre-cut gaskets
- Protects against leaks caused by vibration and thermal expansion, sensor safe
- Temperature range -75° F to 450° F continuous, 500° F intermittent
- 7.5oz size in a PowerBead™ pressurized can

Description	WPS#	List
7.5oz can 6/case	**59-9193**	**$44.99** ea
3oz can 6/case	**59-9203**	**$24.99** ea

ULTRA COPPER® SILICONE GASKET SEALANT

- The most advanced RTV silicone gasket available
- Three times more oil resistant than conventional silicones, eight times more flexible than cut gaskets
- Temperature range -65° F to 700° F

Description	WPS#	List
3oz tube 12/case	**59-9192**	**$8.50** ea

GASKET REMOVER

- Quickly removes solvent based gasket adhesives and sealants, even baked on gaskets
- Eliminates scraping and potential damage to flanged surfaces
- Prepares surfaces for new gaskets
- Not for use with silicone sealants

Description		WPS#	List	
4oz aerosol	6/case	**59-9195**	**$19.99**	ea

ANAEROBIC GASKET MAKER

- Non-corrosive gasket material designed for use on aluminum, iron and steel flanged mating surfaces
- Fills gaps up to .015" and cures to a solvent resistant that will not tear or decay during service
- Allows for easy disassembly, old gasket material can be removed with a putty knife
- Great for split crank cases, water pumps, chain cases and transmission cases

Description		WPS#	List	
50ml tube	6/case	**59-9191**	**$19.95**	ea

WEATHER STRIP ADHESIVE

- A superior adhesive ideal for many applications including rubber, metal, auto or van carpeting and fabric-backed vinyl upholstery and automotive gaskets
- Allows for repositioning parts after contact is made
- Withstands extreme temperatures is waterproof and resists gasoline, kerosene, antifreeze and most solvents
- Also works great as a grip glue

Description		WPS#	List	
2oz tube	12./case	**59-9180**	**$5.50**	ea

ANTI-SEIZE LUBRICANT

- A highly refined blend of aluminum, copper and graphite lubricants
- Prevents galling, corrosion and seizing
- Great for spark plugs, cylinder head bolts and exhaust bolts
- Temperature range -60° F to 1600° F

Description		WPS#	List	
1oz tube	12/case	**59-9196**	**$5.50**	ea
4oz bottle	12/case	**59-9197**	**$8.50**	ea

COLD WELD BONDING COMPOUND

- A 15 minute, two-part adhesive and filler system that hardens like steel
- It can be drilled, sanded, painted and filed
- Resists most automotive, shop and cleaning fluids
- Withstands temperatures to 300° F

Description		WPS#	List	
Two 1oz tubes	12/case	**59-9200**	**$7.95**	ea

GENERAL PURPOSE EPOXY

- Versatile, easy to use, general purpose epoxy
- Works for ceramic, chrome, fabric, fiberglass, glass, hard plastic, rubber and metal
- Resists most liquids.
- Convenient 2-part dispensing syringe
- Fills gaps and bonds trim
- Crystal clear appearance
- Resists temperatures up to 180º F.

Description		WPS#	List	
.84fl oz	12/case	**59-9223**	**$7.95**	ea

Permatex

DIELECTRIC GREASE

- Protects electrical connections and wiring from salt, dirt and corrosion
- Prevents voltage leakage around any electrical connection
- Keeps spark plugs from fusing to boots

Description		WPS#	List
3oz tube	12/case	**59-9199**	**$15.95** ea

MULTI-METAL EPOXY

- Versatile, easy-to-use, multi-metal epoxy adhesive is two-part adhesive and filler
- Eliminates the need for welding or brazing
- Sets in four minutes with no clamping needed
- Fills gaps and will not shrink
- When cured, can be drilled, sanded, threaded or filed
- Resistant to water and solvents
- Temperature range -60°F to 300°F (-51°C to 149°C)
- Permanent strength up to 4500 PSI

Description		WPS#	List
.84fl oz	12/case	**59-9224**	**$7.95** ea

VALVE GRINDING COMPOUND

- Aids in valve grinding and seating operations
- Can be used for lapping and grinding chromium
- Mixes with water to form an easy to use paste

Description		WPS#	List
3oz tube	12/case	**59-9198**	**$6.95** ea

FUEL TANK REPAIR KIT

- Permanent repair
- Easy-to-use complete kit
- Repairs all types of metal tanks

Description		WPS#	List
Kit	6/case	**59-9181**	**$18.50** ea

PENETRATING THREADLOCKER

- Low viscosity thread locking liquid which allows it to wick down the threads of assembled fasteners
- This allows preventive maintenance procedures to be greatly simplified
- Recommended for fasteners from #2 to 1/2 inch

Description		WPS#	List
Green Threadlocker 6ml	6/case	**59-9216**	**$11.95** ea
Green Threadlocker 36ml	6/case	**59-9217**	**$47.95** ea

HIGH TEMPERATURE THREAD SEALANT

- Locks and seals threaded fittings, great for fuel, cooling and hydraulic fittings
- Resists leakage, vibration loosening and moisture
- Won't shred or wear like thread sealing tape
- Temperature range -65° F to 400° F

Description		WPS#	List
6ml tube	12/case	**59-9187**	**$5.50** ea
50ml tube	6/case	**59-9188**	**$17.95** ea

GEL THREADLOCKER

- Gel formula provides “liquid-reliability” without drips, globs, mess or waste
- Available in blue (medium strength) and red (high strength) formulas in a 5 gram tube and 10 gram twist applicator

Description		WPS#	List
Blue Threadlocker 5gr	6/case	**59-9172**	**$12.00** ea
Blue Threadlocker 10gr	6/case	**59-9173**	**$21.95** ea
Red Threadlocker 5gr	6/case	**59-9174**	**$12.00** ea
Red Threadlocker 10gr	6/case	**59-9175**	**$21.95** ea

LIQUID THREADLOCKER

- Liquid formula is the standard in the industry, give the protection of security with out the use of lock washers or lock nuts.
- Available in blue (medium strength) and red (high strength) formulas in convenient sizes.

Description		WPS#	List
Blue Threadlocker 6ml	6/case	**59-9212**	**$8.75** ea
Blue Threadlocker 36ml	6/case	**59-9213**	**$39.50** ea
Red Threadlocker 6ml	6/case	**59-9214**	**$8.75** ea
Red Threadlocker 36ml	6/case	**59-9215**	**$39.50** ea

ENGINE ASSEMBLY LUBE

- Gives proper lubrication of metal mating surfaces prior to starting a new or rebuilt engine
- Adheres to component surfaces to prevent scuffing and galling during initial start-up
- This high quality formulation meets or exceeds OEM performance specs for engine assembly lubricants

Description		WPS#	List
4oz	12/case	**59-9218**	**$7.50** ea

DECAL AND ADHESIVE REMOVER

- Fast-acting formula quickly removes adhesive residue, decals, bumper & window stickers, tape, tar, sap, bugs, grease, and other sticky substances
- Contains no acetone and is safe for use on virtually any surface including windows, auto body paint, bumpers, vinyl, leather, fabric, metal, plastic, and wood
- Safe for indoor use, great for removing dirt bike graphics

Description		WPS#	List
5oz Aerosol	12/case	**59-9176**	**$9.95** ea

LIQUID ELECTRICAL TAPE

- Weatherproof protectant for wiring and electrical connections
- Goes on as a liquid and dries to a vinyl polymer that resists dirt, dust, chemicals and moisture
- Brush top applicator allows coverage without gaps and enables access to tight spaces that roll tape and shrink tubing can’t get to

Description		WPS#	List
4oz Bottle	6/case	**59-9178**	**$13.95** ea

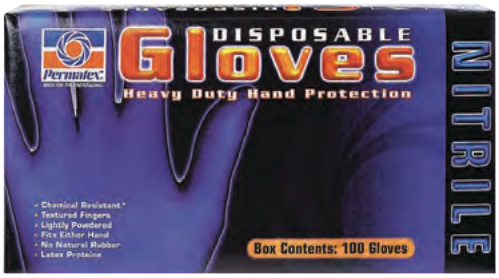
GREZ OFF™ DEGREASER

- A biodegradable, water based, heavy-duty degreaser that effectively removes grease and dirt
- Works as well as traditional solvents, is non-flammable and VOC compliant in all 50 states

Description		WPS#	List
32oz bottle	12/case	**59-9179**	**$10.00** ea

Permatex

BLACK NITRILE GLOVES



- 100% synthetic rubber that provides superior resistance to a wide range of solvents and hazardous chemicals
- They feature textured fingers that provide a secure grip on dirty parts and tools.
- These powder-free 5 mil thick gloves provide increased durability and protection and are suitable for users with latex sensitivity

Description		List	
LG	**59-9211L**	**$31.95**	Box/100
XL	**59-9211X**	**$29.95**	Box/100

FAST ORANGE®

HAND CLEANER

- Biodegradable, waterless, petroleum solvent free hand cleaner
- Contains no harsh chemicals, mineral oils or ammonia
- Citrus cleaning power with fine pumice, fortified with lanolin, glycerin, and other skin conditioners

Description		WPS#	List	
1gal bottle w/pump	4/case	**59-9202**	**$24.95**	ea

HAND WIPES

- Removes the toughest grease, tar, grime, ink, paints, sealants, adhesives and other difficult soils
- Each pre-moistened wipe has a textured surface on one side that is ideal for cleaning heavy-duty soils from hands, tools and work areas

Description		WPS#	List	
25ct tube	8/case	**59-9206**	**$8.95**	ea

DIAG4 BIKE

SERIAL DIAGNOSTIC SYSTEM

ACTIA CZ CZECH REPUBLIC

Professional diagnostic tool for Harley Davidson & Buell workshops and tuning centers. Diagnoses electronic fuel injection module (EFI) and others (Security modules, ABS, etc.) through the diagnostic connector. The system consists of a communication interface with Harley-Davidson adapter, USB cable for connection to your Laptop (PC) and software compatible with Windows XP, Vista, 7, 8 and 10. A wireless Bluetooth version of the interface is also available. An adapter for CAN-BUS models is included. The system performs the following functions and more. Software for Indian and Victory is also available.

A

B

OVERVIEW OF CONTROL UNITS THAT CAN BE DIAGNOSED ON HARLEY DAVIDSONS

- Ignition Module
- EFI (Electronic Fuel Injection Module) - All models
- TSSM (Turn Signal Security Module)..... Key FOB with button
- HFSM (Hands Free Security Module)..... Key FOB without button
- BCM (Body Control Module).....Key FOB without button
- Gauges (Speedo, Tach and Instrument Module) - All models
- ABS Module (Delphi + CAN models) - All models
- Radio and Audio all models
- Thunder MAX EFI
- Read and Clear Diagnostic Trouble Codes.....All models
- Read Identification data (part numbers, VIN number).....All models
- Monitoring real-time data (throttle position, temperature, oxygen sensors, turn signals etc.)
- Test actuators (injectors, coils, main relay, fuel pump, idle, turn signals, tachometer, lamps etc.)
- Buell diagnostics are incorporated in Harley-Davidson diagnostics
- Unit of measure selection metric/standard
- Communication interface is CAN ready (models with 6-pin connector)

MOTORCYCLE REPORT

Search for and identify all embedded control units. Read fault code memory + generate and print a diagnostic report with odometer reading

C

D

TOOLBOX

- (Special functions that can be performed)
- Module replacement –TSM, TSSM, HFSM, BCM,
- ABS Service (Bleeding and configuration, Delphi + CAN models) - All models
- ACR (Automatic compression release during starting)
- Cruise Control, Exhaust actuator, EITMS.....enable/disable
- Side Stand Switch Configuration - All Models
- Intake Solenoid Valve Configuration on CAN Models
- Radio customization-region code and speaker configuration, radio pairing
- J&M Audio Configuration
- ABS Telltale Configuration on CAN Models
- Idle speed adjustment 800 - 1200 rpm (models with Delphi Electronic Fuel Injection Module)
- TSSM Customization..... PIN read/change, Auto arming disable/enable etc.
- HFSM Customization..... Key FOB assignment/replacement, Auto arming disable/enable, PIN read/change, Side car and Service Mode (disable/enable)
- BCM Customization..... Key FOB assignment/replacement, Auto arming disable/enable, PIN read/change, Lights configuration, keyless ignition
- Disarming (HFSM/BCM module).....PIN read/FOB assignment on armed bike (for BCM modules a CAN disarming cable is needed)
- Buell TPS adjustment
- Dataloging
- ABS Module (embedded/not embedded)
- Speedo module pairing
- Wheel size adjustment (Speedo calibration)
- Odometer unit setting

OVERVIEW OF CONTROL UNITS THAT CAN BE DIAGNOSED ON INDIAN AND VICTORY

- Indian – 2014 - Present
- Victory – 2008 - 2017
- Engine control module
- ABS control module
- Gauge (Speedo, Tacho ...) module
- Vehicle control module
- Radio control module
- Read Vehicle information
- Read and Clear
- Diagnostic Trouble Codes
- Monitoring Real-Time data

MOTORCYCLE REPORT

Search for and identify all embedded control units. Read fault code memory + generate and print a diagnostic report

DIAG4 BIKE

ACTIA ACTIA CZ CZECH REPUBLIC

PARALLEL DIAGNOSTIC SYSTEM

Parallel diagnostics are designed for measuring input and output signals from the electronic fuel injection module (EFI) and other modules. Measurements can be made on running engines. The system consists of a wiring harness adapter and breakout box. The breakout box is inserted between EFI module and motorcycle´s wiring harness so that the system continues to function as normal. Monitoring points for all connector pins of the EFI module are clearly arranged on the breakout box. It is possible to measure signals and waveforms from all systems and actuators. Disconnecting the ECU from the breakout box allows quick and reliable check of the integrity of the wiring harness in respect to continuity, and leakage currents. Universal connector kit includes common adapters (73 connectors) for non-destructive diagnostic operations on the wiring harness.

	Description	WPS#	List
A	Breakout Box	**867-02022**	**$244.95**
B	36 Pin Delphi EFI Adapter	**867-02023**	**$314.95**
C	73 Pin Delphi EFI Adapter	**867-02024**	**$629.95**
D	35 Pin Magnetti and Bosch EFI Adapter	**867-02025**	**$262.95**
E	12/4 Pin Security Module Adapter	**867-02026**	**$339.95**
F	18/18 Pin CAN BUS Delphi EFI Adapater	**867-02027**	**$468.95**
G	36/48 Pin BCM Module Adapter	**867-02028**	**$413.95**
H	3 x 18 Pin Adapter `14-Up FLH/T `18-Up Softail	**867-02029**	**$546.00**
I	Universal Connector Kit	**867-02040**	**$338.95**

DIAGNOSTIC SCAN TOOLS

Daytona Twin Tec LLC
Engine Controls for Harley-Davidson® Motorcycles

A

A. TWIN SCAN 4 COMPLETE KIT

- Includes both Twin Scan II ABS and Twin Scan 4 ABS units, WEGO IIID Interface
- Two Bosch LSU 4.2 wide-band oxygen sensors
- Two 18 x 1.5 mm weld nuts, two 18 x 1.5 mm hex socket plugs, USB cable, probe kit, and software on CDROM

B

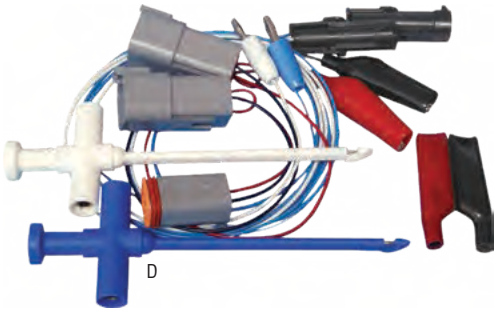
B. TWIN SCAN II ABS

- Compatible with 2003-2006 carbureted models with new 12 pin ignition module
- Anti-Skid Brake System (ABS) brake bleeding functions for 2008-2013 Touring models
- Support for 2006-2013 closed loop fuel injection systems
- Real time display of engine data on instrument panel type display
- Uses laptop PC for display, includes Windows software

C

C. TWIN SCAN 4 ABS

- Compatible with 2011-2018 Softail®, 2012-2017 Dyna® and 2014+ Sportster® and 2014+ Touring models with CAN data bus (all models with a 6-pin diagnostics connector)
- Real time display of engine data on instrument panel type display
- Includes two analog inputs with 0-20V or +200V range
- Features two channel scopemeter capability for waveform display
- Analog inputs can also be used for air/fuel ratio
- Uses laptop PC for display, includes Windows software



D

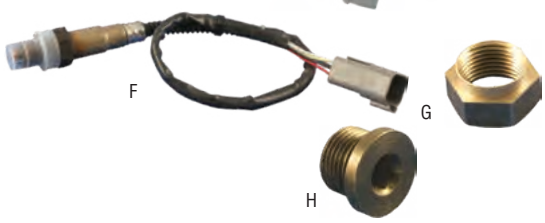
D. TWIN SCAN PROBE KIT

- For scopemeter feature
- Two insulation piercing probes
- 12 volt power adapter

E

E. TWIN SCAN WEGO UPGRADE KIT

- For customers with any Twin Scan II or 3 version
- Includes WEGO IIID Interface
- Two Bosch LSU 4.2 wide-band oxygen sensors, two 18 x 1.5 mm weld nuts, and two 18 x 1.5 mm hex socket plugs



F G H

	Application	WPS#	List
A	Twin Scan 4 Complete Kit	132-7066	$1460.55
B	`01-15 Fuel Injected Models and `03-06 Carbureted Models	132-7022 *	$487.20
C	Twin Scan 4 ABS Kit	132-7065	$536.55

* Compatible with 2001-2014 HD fuel injected models using the Delphi system (including V-Rod) with J1850 data bus.

- Not compatible with 2011-2014 Softail and 2012-2014 Dyna models with CAN data bus

Performance Tool

QUICK RELEASE RATCHETS

- Chrome vanadium construction for strength and durability
- Larger gear teeth for higher torque capabilities and added strength
- Quick release feature for fast and easy socket changes
- Polished nickel chrome plated finish
- Lifetime warranty

Description	WPS#	List
1/4" Ratchet	**117-1066**	**$20.95**
3/8" Ratchet	**117-1073**	**$23.95**
1/2" Ratchet	**117-1055**	**$30.95**

TORQUE WRENCHES

- High grade spring steel torque mechanism
- Patented torque adjusting lock/unlock collar
- Includes heavy duty storage case

Description	WPS#	List
1/4" Torque wrench, 25 - 250 in/lbs	**117-1100**	**$73.95**
3/8" Torque wrench, 10 - 100 ft/lbs	**117-1101**	**$78.95**
1/2" Torque wrench, 25 - 250 ft/lbs	**117-1102**	**$112.95**

SOCKET EXTENSION SETS

- Chrome vanadium alloy steel for strength and durability
- Polished nickel chrome plated finish
- Available in standard and wobble versions, sold in sets
- Lifetime warranty

Description	Standard	List	Wobble	List
1/4" Drive, 2"/3"/6" set	**117-1071**	**$7.95**

SOCKET U-JOINT AND ADAPTER SETS

- Chrome vanadium construction for strength and durability
- Polished nickel chrome plated finish
- U-joint set includes 1/4", 3/8" and 1/2" sizes
- Adapter set includes 1/4" to 3/8", 3/8" to 1/4", 3/8" to 1/2" and 1/2" to 3/8" adapters
- Lifetime warranty

Description	WPS#	List
U-joint set	**117-1050**	**$12.95**
Adapter set	**117-1051**	**$7.95**

OXYGEN SENSOR SOCKET

- Fits 7/8" hex oxygen sensors
- 3/8" Drive 6 point socket with cutaway portion for wire clearance
- Offset design for confined areas
- Heavy duty alloy steel construction
- Lifetime warranty

Description	WPS#	List
Oxygen sensor socket	**117-1103**	**$12.50**

SPARK PLUG SOCKET SET

- Chrome vanadium alloy steel for strength and durability
- Polished nickel chrome plated finish
- Lifetime warranty
- Set includes: 5/8", 3/4", 13/16", 14mm and 18mm spark plug sockets

Description	WPS#	List
Spark plug socket set	**117-1052**	**$21.95**

1/4" 6 POINT SOCKET SETS

SAE Shallow

Metric Deep

- Chrome vanadium alloy steel for strength and durability
- Recessed edges with openings designed to reduce fastener rounding
- Polished nickel chrome plated finish
- Lifetime warranty
- SAE socket sets include: 5/32", 3/16", 7/32", 1/4", 9/32", 5/16", 11/32", 3/8", 7/16" and 1/2" sockets
- Metric socket sets include: 4mm, 5mm, 6mm, 7mm, 8mm, 9mm, 10mm, 11mm, 12mm and 13mm sockets

COMBINATION WRENCH SETS

- Chrome vanadium steel construction
- Polished chrome plated finish
- Includes storage rack
- Lifetime warranty
- SAE set includes: 1/4", 5/16", 3/8", 7/16, 1/2", 9/16", 5/8", 11/16", 3/4", 13/16" and 7/8" wrenches
- Metric set includes: 9mm, 10mm, 11mm, 12mm, 13mm, 14mm, 15mm, 16mm, 17mm, 18mm and 19mm wrenches

Description	WPS#	List
SAE wrench set	117-1025	$22.95
Metric wrench set	117-1026	$22.95

FLARE NUT WRENCH SETS

- Drop forged and hardened chrome alloy steel
- Nickel chrome plated, fully polished
- 15° offset head
- Lifetime warranty
- SAE set includes: 1/4" x 5/16", 3/8" x 7/16", 1/2" x 9/16" and 5/8" x 11/16" wrenches
- Metric set includes: 9mm x 11mm, 10mm x 12mm, 13mm x 14mm and 16mm, x 18mm wrenches

Description	WPS#	List
SAE flare nut wrench set	117-1045	$37.95
Metric flare nut wrench set	117-1046	$37.95

3/8" DRIVE CROW FOOT WRENCH SETS

- Drop forged, heat treated alloy steel
- Great for hard to reach fasteners
- Polished chrome plated finish
- Includes storage rail
- Lifetime warranty
- SAE set includes: 3/8", 7/16, 1/2", 9/16", 5/8", 11/16", 3/4" and 7/8" wrenches
- Metric set includes: 10mm, 11mm, 13mm, 14mm, 15mm, 17mm, 18mm and 22mm wrenches

Description	WPS#	List
Crow foot SAE wrench set	117-1062	$23.95
Crow foot metric wrench set	117-1063	$23.95

ADJUSTABLE WRENCH SETS

NEW

- Set includes 8" and 10" adjustable wrenches
- Soft cushion grips with ergonomic shape
- Precision SAE and metric rule on wrench heads
- Machine polished finish and drop forged for long life
- Jaw capacities: 8" - 15/16" (24mm); 10" - 1 3/32" (28mm)
- Lifetime warranty

Description	WPS#	List
Adjustable wrench set	117-1160	$25.95

RATCHETING WRENCH SETS

- Drop forge chrome vanadium steel
- 72 Gear teeth for a precise 5° sweep
- Low profile head for access in tight spaces
- Triple chrome plated, fully polished
- Lifetime warranty
- SAE set includes: 1/4", 5/16", 3/8", 7/16, 1/2", 9/16", 5/8", 11/16", 3/4", 13/16", 7/8" and 1" wrenches
- Metric set includes: 8mm, 9mm, 10mm, 11mm, 12mm, 13mm, 14mm, 15mm, 16mm, 17mm, 18mm and 19mm wrenches

Description	WPS#	List
SAE ratchet wrench set	117-1047	$167.95
Metric ratchet wrench set	117-1048	$130.95

4 PC PLIERS SET

- Drop forged chrome vanadium steel
- Induction hardened cutting edges, precision machined jaws
- Non-slip molded grips
- Lifetime warranty
- Includes 1 piece each: 6" slip joint pliers, 6" diagonal cutter pliers, 6" needle nose pliers, 7" linesman pliers

Description	WPS#	List
4 pc pliers set	117-1065	$45.95

MULTI PLIERS

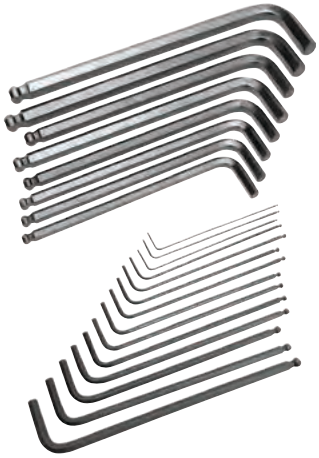
NEW

- Multifunction tool allows you to cut, strip, crimp, twist, shear and more
- Forged construction with ergonomic non-slip molded grips
- Strip and cut 10-18 AWG solid wire and stranded and 12-20 AWG stranded wire
- Offset long needle nose provides extra reach and a more comfortable grip
- Crimper for insulated and non-insulated connectors
- Built-in cutter for 6-32 and 8-32 bolts/screws
- Lifetime warranty

Description	WPS#	List
Multi pliers	117-1149	$26.95

Performance Tool

HEX KEY SET



- Alloy steel construction
- Ball end hex keys work at angles up to 25°
- Includes plastic holder for eay storage
- Lifetime warranty
- SAE hex keys included: .05", 1/16", 5/64", 3/32", 7/64", 1/8", 9/64", 5/32", 3/16", 7/32", 1/4", 5/16" and 3/8"
- Metric hex keys included: 1.5mm, 2mm, 2.5mm, 3mm, 4mm, 5mm, 6mm, 8mm and 10mm

Description	WPS#	List
SAE/metric ball end hex key set	**117-1033**	**$17.95**

HEX AND STAR T-HANDLE SETS

- Single piece construction runs thru the handle for greater strength
- Color coded handles for easy identification
- Two drive ends: long end for hard to reach areas, short end for extra torque
- Non-slip molded grips and chrome plated shafts
- Lifetime warranty
- SAE T-handle sets include: 3/32", 1/8", 5/32", 3/16", 1/4", 5/16" and 3/8" keys
- Metric T-handle sets include: 2.5mm, 3mm, 4mm, 5mm, 6mm, 8mm and 10mm keys
- Star socket sets include: T10, T15, T20, T25, T27, T30 and T40 keys

SAE Set

Star Set

Description	WPS#	List
SAE T-handle set	**117-1036**	**$19.95**
Metric T-handle set	**117-1037**	**$19.95**
Star T-handle set	**117-1038**	**$19.95**

LOCKING PLIERS SET

- Drop forged steel construction
- Hardened and tempered milled teeth
- Wire cutters and quick release levers
- Lifetime warranty
- Includes: 5", 7" and 10" locking pliers

Description	WPS#	List
3 pc locking pliers set	**117-1027**	**$28.95**

OIL FILTER PLIERS

- Slip joint design fits filters from 2" to 5½" in diameter
- Textured handles, durable gripping teeth
- Lifetime warranty

Description	WPS#	List
Oil filter pliers	**117-1122**	**$17.95**

6 PC SCREWDRIVER SET

- Chrome vanadium steel with magnetic tips
- Non-slip molded grips
- Lifetime warranty
- Slotted screwdrivers included: 1/8" x 3", 3/16" x 3" and 1/4" x 4" Phillips screwdrivers included: #0 x 2 1/2", #1 x 3", #2 x 4"

Description	WPS#	List
6 pc screwdriver set	**117-1049**	**$19.95**

6 IN 1 SCREWDRIVER

- Includes handle, reversible shank and 2 double sided bits
- Chrome vanadium steel bits
- Shank openings serve as ¼" or 6mm and 5/16" or 8mm nut driver
- Bit sizes: Slotted - 3/16" and 1/4", phillips - #1 and #2
- Handle and shank feature ball spring retention for a positive fit
- Lifetime warranty

Description	WPS#	List
6 in 1 screwdriver	**117-1108**	**$7.50**

3 PC LONG SCREWDRIVER SET

- Chrome vanadium steel shafts with magnetic tips
- High visibility pro style handles, 22 1/2" overall length
- Lifetime warranty

Description	WPS#	List
3 pc long screwdriver set	117-1097	$17.95

6 PC HOOK AND PICK SET

Performance Tool

- Durable alloy steel shafts
- Double injection molded handles
- Includes storage tray
- Lifetime warranty
- Includes: Straight pick, 90° pick, double angle pick, complex pick, combination pick and hook pick

Description	WPS#	List
6 pc hook and pick set	117-1098	$12.50

4 PC PRY BAR SET

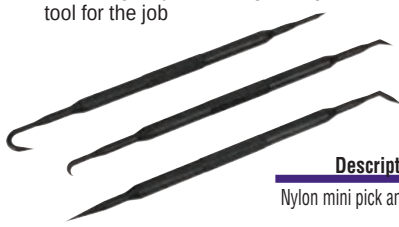
- Drop forged steel construction
- High visibility molded handles
- Lifetime warranty
- Includes: 8", 12", 18" and 24" pry bars

Description	WPS#	List
4 pc pry bar set	117-1041	$23.95

NYLON MINI HOOK AND PICK SET

NEW

- Made of non-marring reinforced nylon composite material for strength and flexibility
- Double-ended with hooks, angles, and straight tips ensuring the right tool for the job
- Remove or replacing O-rings, seals/gaskets, clips
- Cleaning tight gaps in interior components, handling delicate wiring and connectors, etc.
- Composite construction is lightweight, non-conductive, non-corroding and solvent resistant
- Lifetime warranty



Description	WPS#	List
Nylon mini pick and hook set	117-1155	$11.50

INDEXING PRY BAR

- Indexing head locks at 15 different angles
- Quick release thumb lever
- 12" Length, made from chrome vanadium steel
- Perfect for prying seals, manifolds, bearings, oil pans and much more
- Lifetime warranty

Description	WPS#	List
Indexing pry bar	117-1135	$31.95

5 PC SCRAPER AND HOOK SET

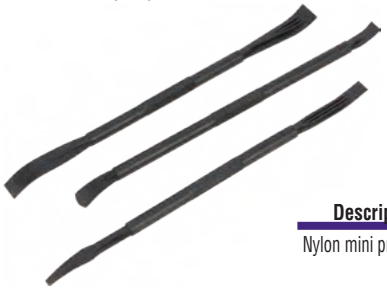
- Durable alloy steel shafts
- Tough plastic handles
- Lifetime warranty
- Includes: 8" and 11" multi-purpose scrapers, 7" hose remover, 9" scratch awl and cotter pin puller

Description	WPS#	List
5 pc scraper/hook set	117-1042	$17.95

NYLON MINI PRY BAR SET

NEW

- Made of non-marring reinforced nylon composite material for strength and flexibility
- Use for smaller, more delicate jobs like small dashboard trim or key fobs for battery replacement
- Made from a blend of glass-reinforced nylon for added strength and flexibility
- Smooth edge prevents scratching soft metals, painted surfaces or other composite material
- Double ended tools with narrow pry pads from 1/8" to 1/2"
- Lifetime warranty



Description	WPS#	List
Nylon mini pry bar set	117-1154	$11.50

3 PC STEP DRILL SET

- 3 Bit set replaces 17 individual drill bits (1/8" thru ¾")
- ¼" Hex shank, titanium nitride coated high speed steel
- Automatically de-burrs holes as you drill

DIGITAL MULTI-METER

- AC and DC voltage, current, and resistance measurements, diode and ohms test
- LCD screen, on/off switch and two 32" test leads
- Low battery and over range indicators
- 9 volt battery included

Description	WPS#	List
Digital multi-meter	117-1080	$15.95

TELESCOPING INSPECTION MIRROR

- 2" round mirror with multi-directional swivel
- Chrome plated shaft extends from 11 1/2" to 18"
- Vinyl grip
- Lifetime warranty

Description	WPS#	List
Inspection mirror	117-1030	$8.50

DIGITAL CALIPER

- Stainless steel construction
- Measures inside, outside, step and depth
- 0" to 6" range, SAE to metric conversion
- Large easy to read LCD display, zero setting at any position
- Thumb wheel with lock
- Battery included

Description	WPS#	List
Digital caliper	117-1092	$32.95

MAGNETIC RETRIEVER

- Extends up to 25"
- Heavy duty magnet retrieves objects up to 3 1/2 lbs
- Handy pocket clip
- Lifetime warranty

Description	WPS#	List
Magnet retriever	117-1029	$4.95

TEST LIGHT/ CIRCUIT TESTER

- Heavy duty test lead with spring clip
- Tests 6, 12 and 24 volt AC and DC circuits
- Reinforcing spring prevents damage to test lead at base of handle

Description	WPS#	List
Test light/circuit tester	117-1132	$8.50

FLEXIBLE MAGNETIC RETRIEVER

- Ideal for retrieving nuts, bolts, metal pieces that have fallen into areas otherwise inaccessible.
- Flexible shaft can be formed into a particular shape and hold it in position
- Super flexible with has a narrow 4mm head and a 300mm reach.
- Soft grip handle provides comfort and control over the movement of the pick-up magnet.
- When drilling or rethreading this narrow tool fits aperture to retrieve any metal shards or debris

Description	WPS#	List
Magnetic retriever	117-1148	$11.95

PT Performance Tool

5 GALLON PORTABLE AIR TANK

- Lightweight and portable
- Handle for easy transport
- On/off outlet valve
- 125 max. psi

Description	WPS#	List
5 Gallon air tank	117-1023	$67.95

NON-AEROSOL LIQUID SPRAY TANK

- Heavy duty steel construction
- Reusable and refillable, 32oz capacity
- Pressurize with your air compressor
- Not for use with flammable materials or paint

Description	WPS#	List
32 oz spray tank	117-1012	$50.95

5 GALLON TIRE BEAD SEATING TANK

- Designed to seat tires on the bead of a wheel safe and fast
- Perfect for car, truck, ATV and motorcycle tires
- Heavy duty ball valves on the air inlet and exhaust port
- 5 gallon capacity

Description	WPS#	List
Tire bead seating tank	117-1024	$257.95

5 QT FLEX SPOUT DISPENSER

- 5 Quart capacity, 14" flexible metal spout
- Designed for one handed operation
- Thumb operated control valve
- Rolled edge top helps prevent oil spillage
- Lifetime warranty

Description	WPS#	List
5 qt flex spout dispenser	117-1088	$46.95

4" ANGLED BLOW GUN

- 4" Long barrel angled at 15°
- Insulated fiberglass reinforced handle
- Brass air flow valve

Description	WPS#	List
4" Blow gun	117-1079	$5.50

BUTANE JET TORCH

- Refillable torch with an adjustable flame, butane not included
- Heating temperature up to 2500° F.
- Melts solder, gold, small brazing rod, tin and much more

Description	WPS#	List
Butane jet torch	117-1134	$24.95

2 PC VALVE LAPPER SET

- Heavy duty rubber suction cups
- Hardwood handles
- Lifetime warranty
- Lapping compound not included

Description	WPS#	List
2 pc valve lapper set	117-1095	$12.50

EXTRACTION AND FILL SUCTION PUMP

NEW

- Use for removal and filling of coolant, oils and many other fluids
- 200cc (6.75 ounce) capacity
- Semi-translucent cylinder for viewing exact fluid volume and overall fluid condition
- Unique hose coupler offers a positive hose connection
- Body of the cylinder is calibrated with both ounce and cc measurements
- Easily disassembled for cleaning, allowing for the use of a multitude of different fluids
- Includes two 7½" long hoses (one 5/16". and one ¼") with a coupler to join them together

Description	WPS#	List
Extraction and fill pump	117-1159	$16.95

MULTI CUTTER

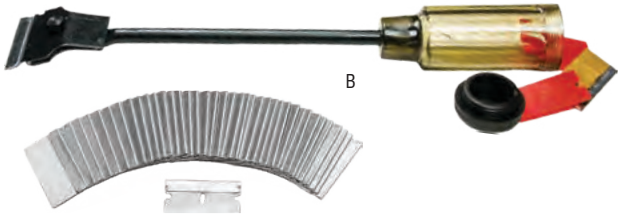
- Three tools in one - anvil cutter, wire cutter and box cutter
- Razor sharp blades cut easily through plastic, linoleum, shrubs, thick leather, all types of hoses, automotive belts, soft metal, tubing, pipe, dowels, hobby & craft items and more
- Heat treated and hardened carbon steel blades are stronger and last longer
- Titanium coated wire cutter makes it easy to trim 7mm diameter copper, aluminum and soft steel wire or cable and up to 4mm diameter nails
- Retractable anvil exposes 3/8 inch (10mm) of the blade for cutting boxes, carpet, drywall and more
- Comfortable slip resistant grips for improved control and leverage
- Includes 3 extra blades stored in handle
- Lifetime warranty (excluding blades)

Description	WPS#	List
Multi cutter	117-1144	$36.95
Replacement Blades 6pk	117-1145	$6.95

MINI RAZOR SCRAPERS AND RAZOR BLADES

- Ergonomic grip for greater comfort and control
- Durable composite construction, includes 1 razor blade
- Lifetime warranty on scraper
- Single edge razor blades fit most all standard razor scrapers

	Description	WPS#	List
A	Mini razor scraper	117-1114	$4.25
B	Extended razor scraper	117-1120	$6.50
C	Razor blades, 100/box	117-1090	$10.50



CABLE TIES

- High strength cable ties
- Resealable packaging
- Sold 100/pack

Description	WPS#	List	
4" Cable ties	117-1139	$2.95	100/pk
8" Cable ties	117-1140	$5.95	100/pk

PISTON RING INSTALLER

- Installs and removes piston rings from 3/64" thru 1/4" thick
- Vinyl grip handles
- Lifetime warranty

Description	WPS#	List
Piston ring installer	117-1123	$8.95

PISTON RING COMPRESSOR SET

- Includes 6 sizes of bands for multiple applications
- Fits pistons 2 7/8" (73mm) thru 4 3/8" (110mm) in diameter
- Lifetime warranty

Description	WPS#	List
Piston ring compressor set	117-1096	$110.95

Performance Tool

COOLING SYSTEM PRESSURE TEST KIT

- Detects internal engine cooling system leaks
- Quickly reveals external cooling system leaks
- Kit includes hand pump with pressure gauge, 12 adapters to fit most powersport/automotive applications and storage case

Description	WPS#	List
Pressure test kit	117-1056	$182.95

LEAKDOWN TEST KIT

- Helps to identify causes of low cylinder pressure
- Includes adjustable pressure regulator, 10mm, 12mm and 14mm spark plug hole adapters along with a sturdy storage case
- A must have tool for any repair shop

Description	WPS#	List
Leakdown test kit	117-1143	$77.95

VACUUM PUMP/ BRAKE BLEEDER

- One person brake bleeding and vacuum diagnostic test kit.
- Vacuum tool can test and diagnose a wide variety of parts and common systems on any vehicle.
- Complete kit includes accessories for both brake bleeding and automotive/powersports diagnosis.
- Tests most all vacuum actuated parts and accessories
- Pumps approximately 1 cubic inch per stroke, and develops and holds up to 25" of vacuum

Description	WPS#	List
Vaccuum pump/brake bleeder kit	117-1151	$42.95

120 VOLT LED DROP LIGHT

- All the durability of a traditional drop light with the efficiency of LED technology
- Produces over 1000 lumens of bright white light
- Impact resistant handle with non-slip rubber grip
- Powder coated metal lamp shield with swivel hang hook
- 25', 18 Gauge grounded cord with built-in 120 volt outlet

Description	WPS#	List
LED Drop light	117-1136	$42.95

RECHARGEABLE LED DROP LIGHT

NEW

- Rechargeable with built-in lithium ion batteries
- 30 Individual LED's produce over 1200 lumens of bright white light
- High/low brightness option
- Impact resistant handle with non-slip rubber grip and magnetic bracket
- Powder coated metal lamp shield with swivel hang hook
- Includes 39" USB/Micro USB charging cable

Description	WPS#	List
LED Drop light	117-1156	$49.95

VARIABLE SPEED BLOWER

- Amazing blowing power in a compact, easy to handle size
- Variable speed feature allows you to select just the right amount of power
- Two piece nozzle can be used at 9 inches or 18 inches
- Comfortable handle with oversized lockable trigger
- Great for touch-less drying of powersport vehicles and autos, or use as an electric broom for garage floor, sidewalks etc.
- Specs: 120volt AC, 60Hz, 700watt, 5.8amps, 17,000 max RPM, 90mph air speed, 100cfm, 3.3lbs (1.5Kg)

Description	WPS#	List
Variable speed blower	117-1142	$47.95

BRAKE ROTOR HONE

- Use to de-glaze and score a cross hatch pattern on the surface of brake rotors
- ¼" Mandrel, use with most hand drills (500 to 600 working RPM)
- 2½" diameter, 120 grit flexible ball stones.

Description	WPS#	List
Brake rotor hone	117-1128	$47.95

COUNTERTOP FISHBOWLS WITH PRODUCT

CruzTOOLS®

ECONOKITS

H1

- Five combination wrenches cover most fasteners, and an eight-inch adjustable wrench handles the rest, including most axle nuts
- Locking pliers, tire gauge, hex and star keys, and much more
- The double-panel 600-denier polyester pouch is designed to last

WPS#	List
57-00210	$89.95

H2

- Five combination wrenches, plus a stout 6-in-1 screwdriver, tire gauge, hex and star keys, 2-in-1 spark plug socket, and more
- The rugged pouch, with self-healing zippers, won't let you down

WPS#	List
57-00211	$49.95

SPEEDKIT FOR HD

- Our new SPEEDKIT tool kit series provides a new standard for capability and compactness
- Developed to cover the most common needs for all Harley-Davidson models except the V-Rod
- With wrenches, nut drivers, star bits, hex keys, screwdriver, pliers, 2-in-1 spark plug socket, and tire pressure gauge
- Everything fits into a rugged pouch that measures only 7" x 2" x 2"

WPS#	List
57-00229	$34.95

ROADTECH H3

- We've combined the road-proven EconoKIT H1 with the best of our MiniSet™ for this super charged roadside solution
- Includes our top-grade combination wrenches, adjustable wrench, locking pliers, tire gauge, hex and star keys, screwdriver and more
- But you'll also love the mini ratchet and socket set, making this the last tool kit you'll ever need to buy

WPS#	List
57-00221	$119.95

ROADTECH TEARDROP

- The RoadTech tool kit series combines road-proven EconoKIT content with a mini ratchet and socket set
- RoadTech Teardrop packs virtually everything from the RoadTech H3 into a compact pouch designed to fit genuine and aftermarket teardrop tool boxes
- While the pouch is designed for teardrop boxes, the tool set is equally applicable to all air-cooled models

WPS#	List
57-00223	$119.95

HEX-PRO SAE HEX SET

- 180 degree swivel head with extra long handle for accessing hard to reach places
- Kit includes 3/16”, 7/32”, 1/4”, 5/16”, and 3/8” wrenches
- Pivot design allows for easy rotation around obstructions
- Pivot design allows you to keep the wrench and fastener engaged when access is limited
- Great time saver
- Heat treated alloy tool steel
- Chrome plated finish
- Includes heavy duty folding canvas storage pouch
- Takes up less storage space than a typical hex key set

Description	WPS#	List
SAE Hex set	**57-8419**	**$73.99**

90° ¼" HEX DRIVER

- Precision made of high grade aluminum and stainless steel
- Designed for hard to reach pilot air screws
- Gear driven 1/4" hex, 17.5" long
- Includes five hex drive bits - straight slot, phillips, D-shaped pilot screw bit, 6mm hex jet bit and 1/4" hex to 1/4" drive bit
- Strongest tool of its type on the market
- Max torque is 50inch-lb

Description	WPS#	List
Hex Driver	**57-8229**	**$74.99**

MOTORCYCLE DRYER

The Metro Air Force Blaster motorcycle dryer was specifically designed for cleaning and drying motorcycles with dry, filtered warm air (about 20-25 degrees above ambient temperature). The Metro Air Force Blaster will cut cleaning time by 80%! The Air Force Blaster is the quickest and most efficient method to dry motorcycles thoroughly and eliminate water spots. Five to seven minutes is all it takes to quickly and effectively dry motorcycles.

Description	WPS#	List
Blaster Dryer	57-8203	$344.95
ACCESSORIES		
10' extension hose kit with coupler	57-8205	$45.95
Wall/table mount kit with 10' extension hose	57-8204	$71.95
4 wheel dolly	57-8207	$29.95

- 4.0 peak horsepower (29,000 fpm) motor
- Rugged all steel construction
- 10 foot heavy duty hose
- Heavy duty neoprene blower nozzle
- Proudly made in the USA
- Completely safe for all paint and chrome finishes

MASTER BLASTER MOTORCYCLE DRYER

The Air Force Master Blaster Motorcycle Dryer features a total of 8 peak horsepower. Two twin fan, 4.0 peak horsepower motors deliver up to 58,500 feet per minute of clean, filtered, warm airflow. Two switches allow users to set the airflow and temperature at 3 different levels. Use either motor (front or rear) independently or both simultaneously for maximum power. Different nozzles enable users to position airflow where desired and eliminate water spots.

Description	WPS#	List
Master Blaster Dryer	57-8201	$545.95
ACCESSORIES		
10' extension hose kit	57-8205	$45.95
30' extension hose kit	57-8209	$86.95

- 8 peak horsepower dryer unit on wheels
- 12 foot cord
- Rugged all steel construction
- Heavy duty neoprene blower nozzle
- 10 foot heavy duty hose
- Air concentrator nozzle
- Air stream tool
- Proudly made in the USA
- The ideal unit for use in motorcycle dealer service departments

SIDEKICK PORTABLE BIKE DRYER

- Powerful 950 watt, 1.3 HP, 120 volt motor
- Weighs just 3lb, small enough to fit in most saddlebags
- Includes blower and flare nozzles, 3' 6" stretch hose, shoulder strap and mounting hooks

WPS#	List
57-8208	$154.95

TIRE STATION

- Combine with your air tank to make the ultimate tire changing station
- Forms a cage around your air tank and protects it from damage
- Works best with 11 gallon air tanks
- Can be used with or without air tank installed
- Durable steel construction
- Long lasting powder coat finish
- The perfect pit accessory

WPS#	List
57-8477	$179.99

ROLLSTAND®

- Allows you to easily clean front and rear tires/rims
- Sealed bearings, powder coated finish
- One person operation, just roll the front or rear tire onto the Rollastand® and place the bike on the sidestand

Motion Pro

PROFESSIONAL TIRE PRESSURE GAUGES

- Liquid glycerin filled gauge gives consistent readings regardless or temperature or elevation
- Pressure range of 0-60 psi for checking sport bike tire
- Liquid filled 2.5 inch dial gauge with protective rubber boot
- Blue anodized 6061 T-6 body with pressure relief valve
- High pressure hose with dual swivels and brass ball type air check

Gauge Holder

Description	WPS#	List
0-60 psi	57-8402	$96.99
0-30 psi	57-8258	$96.99
0-60 psi (Digital)	57-8684	$109.99
Gauge Holder	57-8475	$24.99

CruzTOOLS

TIREPRO DIGITAL TIRE GAUGE

- Ideal for motorcycle and ATV use
- Large display, readings are shown to 0.1 psi levels, with bar, Kpa and Kg-cm2 scales also provided
- Reads up to 99 psi
- An ergonomic shape fits nicely in your hand

WPS#	List
57-0012	$19.95

TIREPRO GAUGE

- 12” flexible hose makes even hard-to-get-to valves an easy endeavor
- Built-in valve lets you “bleed” down to desired pressure
- Readings are in psi and Kpa (up to 60 psi)
- Dial is protected by a rubber boot

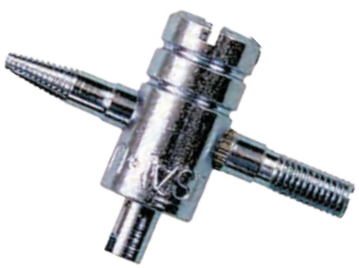
WPS#	List
57-0011	$19.95

FIRE POWER

TIRE VALVE REPAIR TOOL

- Inserts & removes valve cores & cores with broken swivels
- Cleans & recuts threads on both inside and outside of valve

WPS#	List
85-4106	$5.50



AIR HOSES

Abrasion resistant with permanent “recoil memory”. Swivel fittings ensure twist free action. Impervious to paint, solvents, and most chemicals. Withstands up to 200 psi and extends 20 times its stored length. Fitted with 1/4” male couplings at each end. Fittings sold separately.

Description	WPS#	List
Recoil Nylon Air hose 12 ft.	85-5546	$34.95

AIR LINE FITTINGS

		WPS#	List	
A	Male adapter*	85-6153	$2.95	ea
B	Female adapter*	85-6159	$2.95	ea
C	Female coupler*	85-6152	$11.50	ea

** Above fittings are not interchangeable with other styles. Whenever ordering these fittings to match existing fittings, check this profile to make sure that you have the same style.*

A

Male Adapter-1/4” male thread screws into blow gun, tire chuck, air wrenches, and many other air tools for quick disconnect when changing air tools on the same hose.

B

Female Adapter-1/4” female thead screws onto male threads commonly found on extension air hoses. Allows quick disconnect from coupler for use of air hose at another work station.

C

Female Coupler-1/4” female thread screws onto compressor or extension hoses. Coupler automatically shuts off air flow whenever adapters are not inserted.

BLOW GUN

WPS#	List
85-5112	$22.95

This simple, rugged blow gun is reliable and efficient and will provide many years of service. The contoured design is comfortable in the hand. Note the handy hang-up hook. Has 1/4” NPT female thread. Male adapter sold separately.

TIRE CHUCK

Ball type air chuck fits standard bore valves. Has 1/4” NPT female thread. Male adapter sold separately.

	Description	WPS#	List
A	Standard chuck	85-5062	$4.47
B	Chuck w/lock clip	117-1113	$7.50

PRO FILL AIR CHUCK

- Pivoting angled head design allows access to difficult to reach tire valves
- Unique design provides added hand clearance between filler and hot brake rotors
- Billet aluminum construction for light weight and precise fit and function
- 1/4" NPT female inlet allows use of common air hose couplings and fittings
- Blue anodized finish with laser engraved Motion Pro logo
- Perfect complement for Motion Pro air gauges
- Patent pending

WPS#	List
57-8602	$40.99

MVP PRO-TECH FOOT PUMP WITH GAUGE

- Equipped with a pressure gauge and durable air hose
- Multi-purpose: Inflates tires, toys, sporting goods and more
- Compact design makes toting and storage easy
- Quick release thumb lock

WPS#	List
85-6195	$16.95

TRU-FLATE®

SUPER-GRIP PROBE OR NEEDLE

A must for every shop. Features a palm fitting handle for much easier installation of repair patches.

OUTBACK'R H13
FOR HARLEY-DAVIDSONS

The Outback'r H13 is a powerhouse of functionality. Included are three hex keys (5/32", 3/16", 1/4"), two Torx keys (T25, T27), slotted and Phillips screwdrivers, a socket driver with 3/8", 7/16", and 1/2" sockets, 10mm box and 9/16" open-end wrenches, plus a spoke wrench. At only 10 ounces and 3.5" long, even chopper riders won't have trouble carrying it.

WPS#	List
57-0009	$19.95

FOLDING HEX/TORX KEY SET FOR H-D

Harley-Davidsons make regular use of hex and Torx fasteners, so we've assembled the most common sizes (5/32", 3/16", 1/4", 5/16", T25, T27, T40) into a compact fold-up unit. Forged from heat-treated chrome vanadium alloy and housed in a tough handle that allows multiple angles of use, even those hard-to-get-to fasteners shouldn't pose any problems.

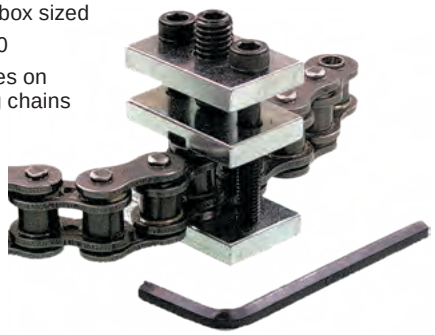
WPS#	List
57-0008	$16.95

Motion Pro

MINI CHAIN PRESS TOOL

- Inexpensive and toolbox sized
- Fits 520, 525 and 530
- Presses on side plates on standard and O-Ring chains

WPS#	List
57-8070	$11.50



CHAIN PRESS TOOL KIT

- Fits #520-#530 standard and O-ring chains

Description	WPS#	List
Chain Press Tool Kit	57-8066	$54.99
Press Plates Only	57-8067	$13.99

MASTER LINK PLIERS

- Designed to simplify installation and removal of clip-type masterlinks
- One tip is shorter and notched to be placed on the pin while the other is longer to easily push the clip

WPS#	List
57-8230	$21.99

CHAIN ALIGNMENT TOOL

Tool aids in visual alignment of sprockets allowing accurate wheel alignment when adjusting rear chain. Tool body clamps to rear sprocket with alignment rod pointing directly to front sprocket, simply sight down alignment rod and move rear wheel until sprockets align.

WPS#	List
57-8048	$16.99

EK CHAINS

PROFESSIONAL CHAIN TOOL

- Machined from a solid billet of hardened steel
- Designed to withstand the rigors of a service department
- Drives out pins and presses master links together

WPS#	List
69-9935	$192.95

Description	WPS#	List
MODEL A - 520/525/530/630 CHAIN		
Chain Breaker	57-5490	$75.95
Replacement Punch	57-5491	$14.95

MODEL B - 420/428/520/525/530 CHAIN		
Chain Breaker	57-5495	$71.95
Replacement Punch	57-5496	$9.95

CHAIN•A•PART CHAIN BREAKERS

- Long, hardened-steel punch forces pin all the way out
- So precise it never harms adjacent links
- The secret is Smith Tool's patented clamping cylinder for perfect alignment
- Two models so there is a Chain-A-Part to fit all roller chain series from 420 to 630 chain
- Best buy in roller chain tools in America!
- Packed in a rugged hangable display case with instructions
- Heavy Duty/Shop Quality

JUMBO CHAIN TOOL

- Designed to break roller chain up to #630 (Fits all standard & O-ring chain sizes #520 to #630)
- Designed to rivet chain up to #530 (not #630)
- Master link side plate press kit included to press on side plates up to #530 (not #630)
- Screws and attachments are made from 86L20 steel and then heat treated for strength and durability
- Extractor pin is firmly guided by removable guide, ensuring long pin life
- May be bolted to work bench, supported in vise or held by handle

- Bolted to solid surface, air or electric wrenches may be used to break chain
- Recommended for heavy-duty use
- Made in the U.S.A.
- Great for use with the 57-8142 Quad stake rivet kit

Description	WPS#	List
Jumbo Chain Tool	57-8135	$139.99
Replacement Pin	57-8035	$8.69
OPTIONAL RIVET TOOL KIT		
Rivet tool	57-8142	$23.99

PBR (PRESS, BREAK, RIVET) CHAIN BREAKER

- Innovative design will Press, Break & Rivet 520, 525, & 530 chains with one convenient tool
- Versatile design will remove chain pins, press master-link plates and rivet hollow nose & soft nose (quad stake) master link pins on O-ring and non O-ring type chains
- Easy to use design allows you to change tool functions by simply moving the position of the anvil block
- Indexing letters on movable anvil and body insures correct tool configuration. Simply line up the letter on the anvil to the letter on the body to get the configuration you need!
- All components conveniently store on tool when not in use
- All steel construction with heat treated components for strength and durability

Description	WPS#	List
PBR Press	57-8470	$104.99
Replacement Pin	57-8470C	$5.99

OPTIONAL QUAD STAKE RIVET TOOL KIT FOR JUMBO CHAIN TOOL

- The perfect compliment to the 57-8135 Jumbo Chain Tool
- Retain that factory quad-stake look
- Safely and properly peens soft-nose-type master link pin tip

WPS#	List
57-8142	$23.99

T-6 CHAIN TOOL

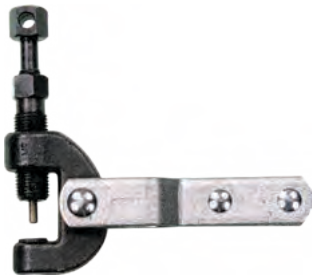
- Breaks 520 to 530 chain
- Use for pressing on and off 520 and some 525 master link side plates
- Will push link pin completely through link/side plate
- Body forged from high-strength 4130 chrome-moly
- Body and extractor bolts manufactured from billet high-strength 7075 T-6 aluminum
- Replaceable pin is heat treated for strength and wear resistance
- This tool does not rivet master links

Description	WPS#	List
T-6 Chain Tool	57-8358	$89.99
Replacement Pin	57-5502	$3.99
Replacement Spring	57-8001D	$0.47
Extractor Bolt	57-8358B	$8.50
Body Bolt	57-8358C	$9.50

CHAIN BREAKER

TOOL COMPARTMENT SIZE

Heat-treated chrome moly body. Extremely compact (4'') with folding handle. Fits chain sizes 420, 428, 520, 530 and some 630. Hardened tip completely removes pin. Used in the I.S.D.E. Made in U.S.A.



Description	WPS#	List
Chain Breaker	57-5501	$29.99
Replacement Tip	57-5502	$3.99

SPROCKET JAMMER

- Prevents rotation of chain and sprockets for easy removal or installation of counter shaft nut
- Can be used to pull rear wheel against chain blocks when tightening rear axle
- CNC billet aluminum construction
- Blue anodize and laser etching for easy identification

WPS#	List
57-8642	$19.99

CHAIN RIVETING TOOL

This new tool is designed to rivet chain links to form endless chain. Tool may also be used to break chain by pushing pin out. Each tool includes 3 sizes of pins.

Description	WPS#	List
Chain Riveting Tool	57-8058	$94.99
Large Anvil	57-8058D	$2.50
Replacement tip - 2mm	57-8059	$6.99
Replacement tip - 3mm	57-8060	$6.99
Replacement tip - 4mm	57-8061	$6.99
Replacement Wedge tip	57-8062	$6.99

CHAIN RIVET TOOL

- Complete chain tool for most 520, 525 and 530 standard and o-ring chains
- Break, press and rivet your chain with one compact tool
- Will rivet hollow nose master links (will not rivet solid soft-nose pins)
- Will push pin completely through link/side plate
- Hardened body, riveting tip and breaker pin for strength and durability
- Removable handle for compact storage
- Perfect for trail/road tool pack if you have a chain with a rivet master link

Description	WPS#	List
Chain Rivet Tool	57-0467	$72.99
Replacement Tip 4mm	57-8061	$6.99
Replacement Wedge Tip	57-8062	$6.99

D.I.D®

CHAIN TOOL

- Designed for 520,525,530 and 532 chain sizes
- Handy denim pouch included
- Use tool to push out pins, press plates and rivet links together

WPS#	List
690-9937	$129.95

FORK ALIGN TOOL

- Quick and easy to use tool for aligning front forks to ensure they are parallel from top to bottom
- Proper alignment reduces sticking, enhancing fork performance
- Knurled adjustment screws for easy setup
- Reduces seal and bushing wear
- Will work on 27mm - 62mm fork legs and tubes
- Works on forks that are 140mm to 220mm on center
- Patent pending

WPS#	List
57-8412	$34.99

TRU-TENSION PRECISION EVERY TIME

CHAIN MONKEY

Chain Monkey is the world's first tool designed to help you set the tension on your motorcycle's drive chain. The task of tensioning a chain can be a tedious and time consuming task, especially on motorcycles. But not anymore.

By using Chain Monkey, anyone can set their chain tension quickly, easily and with minimal knowledge required. From new riders through to experienced mechanics, Chain Monkey will simplify the task, optimize performance and save you money through its revolutionary, patented design.

Description	WPS#	List
Chain Monkey	59-2801	$34.99

BELT MONKEY

Belt driven motorcycles require the correct drive belt tension to ensure moving components are not over stressed, while providing a smooth and comfortable ride. Achieving the correct tension setting can often take numerous measurements and adjustments while taking up a lot of time.

Belt Monkey has been designed to eliminate the need for countless measurements and adjustments by achieving the correct belt tension first time, every time. Our tool enables riders to tension their belt quickly and with ease.

The simplicity of our product means that you are comfortable maintaining your bike yourself, regardless of experience.

Description	WPS#	List
Belt Monkey	59-2802	$39.99

TRU-TENSION
PRECISION EVERY TIME

MUCK MONKEY

With four brushed faces you can work dirt loose on every surface of your chain, even in those hard to reach places. The Muck Monkey is designed for regular use with a mixture of short and long durable bristles to remove even the toughest dirt width.

- Keeping your chain clean also:
- Prolongs the life of your chain and sprockets
- Increases performance by preventing dirt build up
- Keeps your bike looking fresh
- Suitable for the majority of motorcycle chain makes and sizes

WPS#	List
59-2804	$12.99

CHAIN MONKEY LASER ALIGNMENT TOOL

Align Your Wheel and Sprocket Seamlessly with Laser Monkey.

The unique Laser Monkey alignment tool enhances the way in which wheel alignment and chain/ belt adjustment is conducted. Perfect for the every day rider, new riders and professional mechanics alike. A must have for any toolbox.

Adjusting the wheel using the markers on the swingarm is often time consuming and highly inaccurate as most swingarms are constructed using fabricated components. By using Laser Monkey, anyone can set their wheel alignment quickly, easily and with minimal knowledge of mechanics. From new riders through to experienced mechanics, Laser Monkey will simplify the task, improve performance and save you money through its revolutionary, patented design.

Laser Monkey provides precise wheel alignment for both chain and belt driven motorcycles, of any make and model, regardless of sprocket or pulley material. Suitable for on road and off-road motorcycles and belt drives up to 1.5 inches in width.

Motion Pro

BRAKE CALIPER PISTON TOOL

WPS#	List
57-8591	$31.99

MASTER CYLINDER SNAP-RING PLIERS

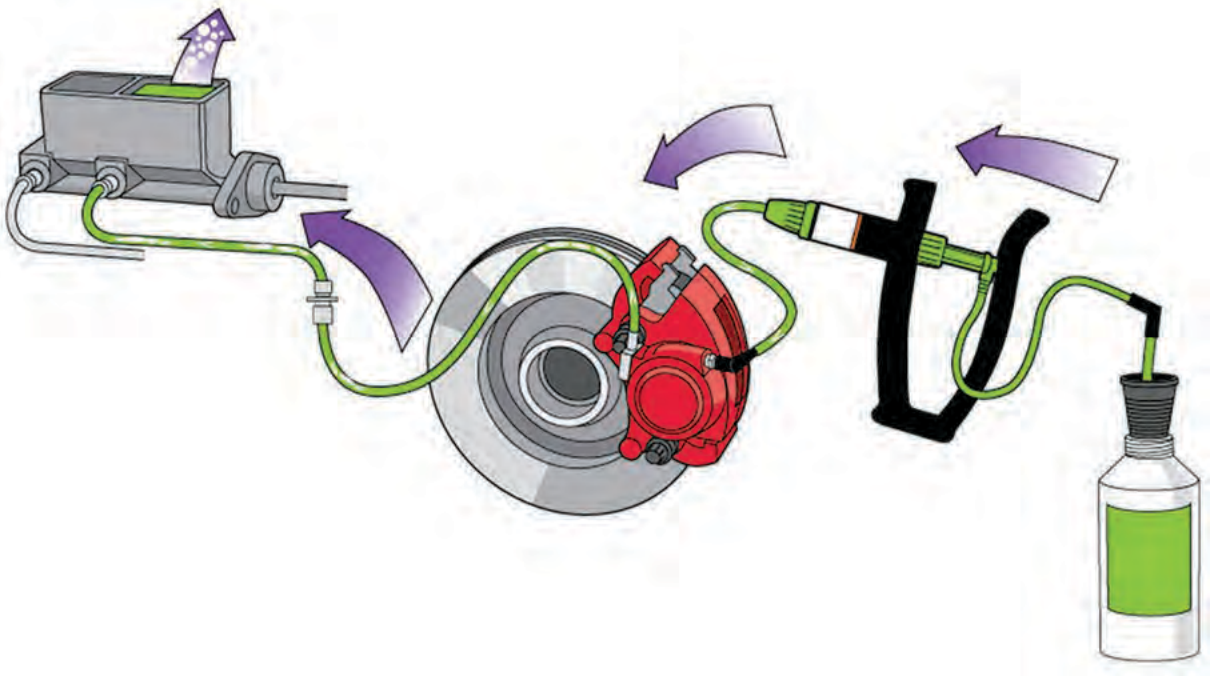
- Allows removal of internal snap rings used in hydraulic master cylinders
- Replaces 07914-SA50001 and AKS-316-2010
- Can be used to remove and replace small to medium internal snap rings up to 50mm deep, including those used for transmission gear locating, bearing retention, and seal retention
- Applicable to some fork seal retaining rings

WPS#	List
57-8279	$27.99

REVERSE BRAKE BLEEDER

- The tool that makes brake or clutch bleeding fast, precise and easy
- The patented Reverse Bleed Technology is what makes this tool so unique
- Removes more trapped air than any other bleeder
- The only system for those tough ABS units without a scan tool
- Allows you to refill and bleed a complete dry clutch or brake system
- Can be used on the machine or pre bleed on a bench
- The V-5 Bleeder is compatible with DOT 3,4 and 5.1
- The easiest one person tool ever used

Description	WPS#	List
V-5 Reverse Bleeder Brake & Clutch	**57-8217**	**$64.95**



Motion Pro

MINI BLEEDER

- Combines wrench and bleeder valve into one convenient and compact tool
- Fits most 8mm bleeder nipples
- Bleeds brake systems and hydraulic clutch systems
- Internal check valve for fast easy bleeding
- Anodized billet aluminum handle with chrome moly steel body
- Compact size for tight spaces
- High quality internal seal
- Multi position handle

Description	WPS#	List

STEERING RACE REMOVER

- Makes head tube bearing race removal easy
- Tool is pulled through the steering tube until the flared ends snap in behind the race. A blow on the tool head removes the race
- Tool fits most brands with 35-55 mm bearing races

Description	WPS#	List
35-38mm	57-00726	$34.95
25-31mm	57-00727	$34.95

STEERING RACE PRESS

- HHP-2M easily and accurately presses steering head tube races, eliminating damaged or misaligned bearing races and helps prevent dented and chipped frames
- Unique design permits quick tool installation and release after races are seated
- Heat-treated bushing (included) provide a precise fit and alignment for most brands

WPS#	List
57-00725	$199.95

STEERING TUBE BEARING INSTALLER

- New safe approach to lower bearing installation
- Unique system utilizes specially designed aluminum inserts to quickly and accurately install nearly any lower bearing
- Includes three specifically shaped aluminum inserts (1",1 1/8",1 3/8") and a heat treated, universal setting driver

WPS#	List
57-00728	$84.95

Park Tool MOTORCYCLE

WORK STAND

FIRE POWER

VALVE SPRING COMPRESSOR

- Heavy-duty construction, economical price
- Comes with 19mm, 23mm, 25mm collars
- Carrying case included

WPS#	List
57-8011	$52.95

STETHOSCOPE

WPS#	List
57-8010	$11.95

- Helps to diagnose engine and bearing noises
- Comes with extension

STONE-TYPE GLAZE BREAKER

- Full 2" to 7" range (50.8 - 177.8mm) Controlled pressure assures positive, adjustable contact through full range
- 3 stones provide more cutting surface and assures quick removal of cylinder glaze
- Adjustable stop-collar permits quick selection of two range settings, from 2" to 4" and from 4" to 7", and serves as safety stop if tool is extracted from cylinder while turning
- Operates with any electric drill
- Easily compressed with one hand to eliminate vertical scratches which might spoil the diamond cross-hatch pattern when removing tool from cylinder
- Furnished with 220 grit stones

Description	WPS#	List
Glaze Breaker	39-1030	$39.95
3/PK Repl. Stone 280 Grit	39-1038	$16.50

Motion Pro

VALVE SPRING COMPRESSOR

- Improved quick action design
- Replaces 07757-0010000 and AKS-215-1010 OEM tools
- Accepts Motion Pro adapters as well as OEM adapters 07GME-KT70200, 07JME-KY20100, and 07959-KM30101 for use in “shim under bucket” and small diameter valve spring keeper application
- Both cup-type and ball-type tips are included

WPS#	List
57-8247	$109.99

DEGREE WHEEL

Manufactured from .052" thick with a 6¾" outside diameter and a 6mm center hole. The black anodized finish allows for easy to read increments. This degree wheel can be used on all 2 cycle engines to check or setup the port timing or ignition timing. May be used on 4 cycle engines to check or adjust cam timing or ignition timing.

WPS#	List
57-8092	$16.50

HOTCAMS
UNLEASH THE POWER WITHIN

CAM INSTALLATION KIT

Includes degree wheel, dial indicator, adjustable magnetic stand, three positive stops (10mm, 12mm, 14mm threads) in a wooden case

WPS#	List
68-2075	$199.95

COMPRESSION TESTER

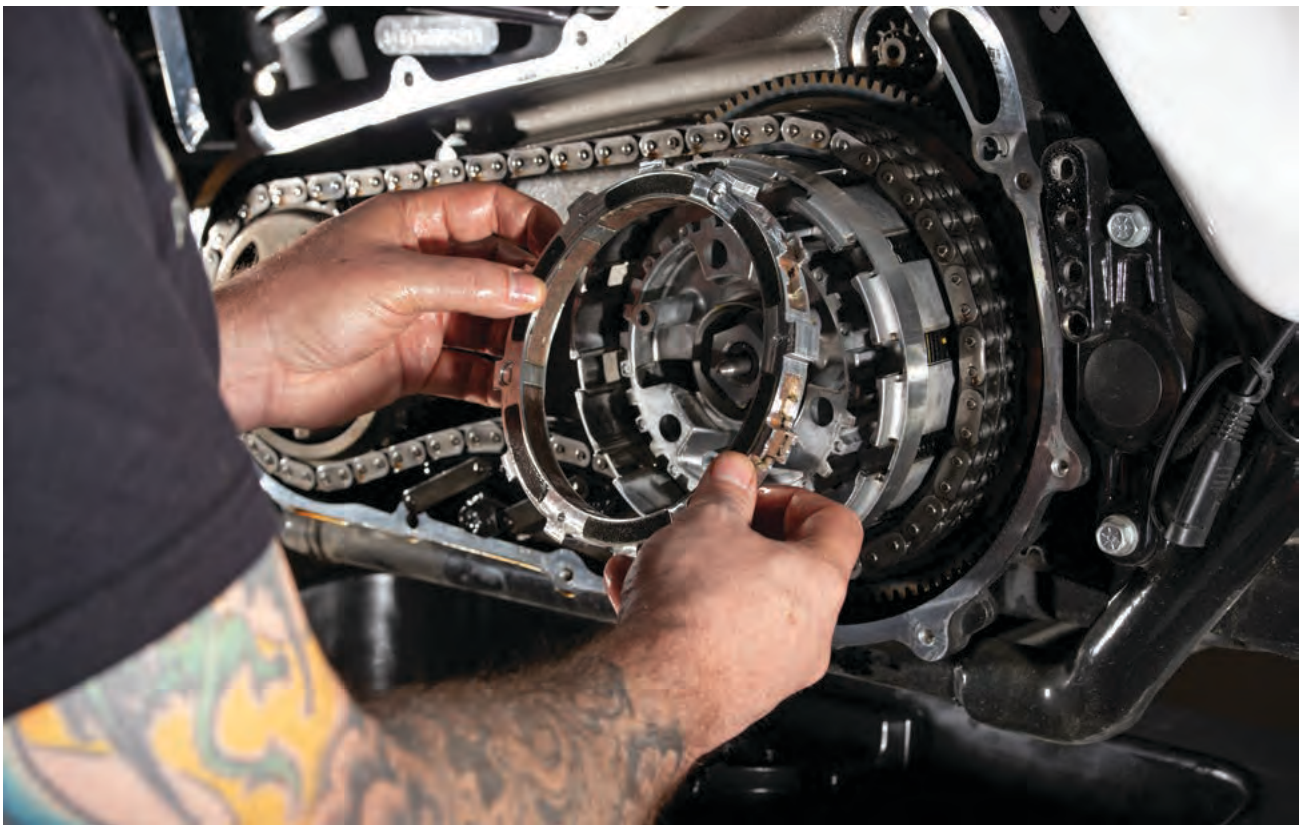
10, 12, 14 and 18mm screw-in adapters on a 12'' flexible hose and air release quick-coupler make this tester fast and easy to use in testing snowmobiles, motorcycles, chain-saws, lawn mowers and outboards.

WPS#	List
57-8188	$134.99

OIL FILTER MAGNET

- Easy to install, just attach to base of standard oil filter
- Standard oil filters only trap particles down to 20 microns, leaving the most harmful 5 to 20 micron particles to circulate through your engine
- Powerful six point magnet traps harmful, abrasive hard metal particles down to 1 micron that regular oil filters don't
- No gimmick, these things really work to reduce wear, and significantly increase engine life
- Makes any oil filter better than a high performance oil filter
- Reusable for up to 5 oil filter changes

Description	WPS#	List
Fits 23.8mm and 15/16" hole filters	57-10083	$5.99



SNAP RING PLIERS

- Economical pliers that easily work on both inside and outside opening snap rings or clips
- Includes 3 extra sets of tips, 1 additional straight tip and 2 offset or angled tips

WPS#	List
57-8186	$16.99

OIL FILTER STRAP WRENCH

- Fits all spin-on type oil filters
- Use with 3/8" drive ratchet handle
- Easily loosens tight filters
- Fits into hard to reach locations
- Can be used to loosen or tighten cylindrical shaped parts

Application	WPS#	List
Cloth Strap	57-8000	$13.99

ROCKER BOX COVER WRENCH

- Designed to reach hard to get 3/16 in. allen on the rocker boxes of Big Twin, Sportster & Buell motorcycles
- Features a 3/8" drive for use with torque wrench
- Vinyl cover offers comfort and minimizes chances of damage to finished surfaces

WPS#	List
57-8220	$16.99

CLUTCH HOLDING TOOL

- Designed to hold clutch baskets, flywheels, gears, sprockets, etc. Jaws open to 5 inches wide. Made of medium carbon steel with hardened jaws. A very useful tool for holding any kind of mechanical work.

WPS#	List
57-8008	$26.99

H-D® PUSHROD TOOL

- Designed to remove and install the clip on Harley-Davidson collapsible push rod tubes
- Flat portion of tool fits under the cylinder head while cupped end fits over the bell in the tube and then compresses the spring allowing for easy access to the spring cap retainer
- No more cut knuckles & scratched engine parts from using a screwdriver between the fins

WPS#	List
57-8255	$25.50

SIDE CASE COVER PULLER FOR H-D®

- Used to remove the right side-case cover
- Will fit late model Harley-Davidson motorcycles, including all 1970 and later Big Twin models and 1990 and later Sportster models
- Includes bracket, puller bolt and set screws
- Made in the USA

WPS#	List
57-8153	$20.99

PRO CLUTCH ADJUSTER TOOL FOR H-D

- For use on all 1998 and later models excluding applications with hydraulic clutches
- Deep socket allows tool to recess into clutch basket and can be driven with 11/16" combination wrench or adjustable wrench
- Through hole allows access with hex wrench to hold clutch adjuster screw while simultaneously tightening the adjuster lock-nut
- Compact design fits easily in the saddle bag or tool wrap

WPS#	List
57-8548	$12.50

TAPPET TOOL FOR H-D®

- For use on big twin (excluding twin cam) with slotted screw tappet oil filter screen cover
- Designed for use with 7/16" combination wrench to allow for maximum rotation without touching engine cases
- O-ring design retains the tool in wrench or socket
- Flange design allows downward force to be applied to tool
- Can be used without removing exhaust pipes on most bikes
- Tappets should be serviced every oil change

WPS#	List
57-8339	$9.99

BAKER TOOLS

MAINDRIVE GEAR AND BEARING SERVICE KIT

- This kit is required for removing the old maindrive gear and bearing and installing the new ones
- The designs of these tools are based on the standard Harley tools but adapted to service left side drive 5 & 6 speeds and right side drive 5 & 6 speeds
- The steel components of this service kit are hard chrome plated and polished
- The aluminum components are anodized candy apple red. Includes very detailed tool sequence instruction sheets.

INNER PRIMARY RACE SERVICE KIT

- This kit is required for removing and installing the inner primary bearing racel
- Big Twin models from late 1984-up
- The inner race must be removed to slide the gearset out of the case
- This tool is based on the standard Harley tool but adapted to service left side drive 5 & 6 speeds and right side drive 5 & 6 speeds

PULLEY NUT LOCKING TOOL

- The pulley locking tool is clamped to the pulley as shown and prevents pulley rotation while torqueing the 1-7/8" pulley nut to the proper factory spec. of 50ft-lbs + 35 degrees
- Anodized candy apple red, works on 29-34 tooth pulley's

PULLEY NUT SOCKET

- The mother of all pulley nut socket wrenches
- Its made from one piece of bar stock and hard chrome plated for a super tough finish
- The throat of our wrench is deeper than other wrenches to enable service work on Right Side Drive 5-Speed and 6-Speed transmissions

*Adhesive lined heat shrink tubing is ideal for producing a strong, weather tight seal. The inner adhesive wall melts and flows, creating an adhesion layer that ensures a snug fit and seal.

DELUXE TEAR DOWN TABLE

This steel workbench is great for the home or business. The 14 gauge top has a 3/4” rim to contain liquids and capture leaking fluids when working on hydraulic systems and transmissions. Fluids drain into the removable polyethylene drawer for easy dispensing.

The convenient adjustable lower shelf organizes your tool storage. The drawer features a cylinder key locking system with full-extension ball bearing sliders to keep your valuables safe. Tough powder-coat finish resists rust, chips, and scratches. Made in USA.

- Adjustable working height of 37" to 41"
- Heavy duty 4" casters (2 rigid & 2 locking swivel)
- 14 gauge 48" x 28" table top with 3/4" rim
- Removable 20" x 12" x 6" polyethylene drawer
- Adjustable lower shelf
- Heavy duty 24" x 18" x 5-1/2" locked drawer
- Weight 180lb

MPI (MULTI-PORT ILLUMINATION) LIGHT

- Multi-point illumination: unlike a traditional light fixture which has a single point of illumination, the MPI creates five points of light all from your existing light fixture
- 5 points of light spread light to all corners of the room, filling the entire space and reducing shadows caused by a single point fixture
- This system installs in minutes and is powered by a standard ceiling fixture, eliminating the need to hire an electrician to properly light large spaces like a garage, attic, or basement

Description	WPS#	List
MPI Light	05-1079	$249.99

MPI
MULTI-POINT ILLUMINATION

MPI = Multi-Point Illumination

Unlike a traditional light fixture which has a single point of illumination, the MPI creates five points of light, all from your existing light fixture!

MULTI-POINT ILLUMINATION

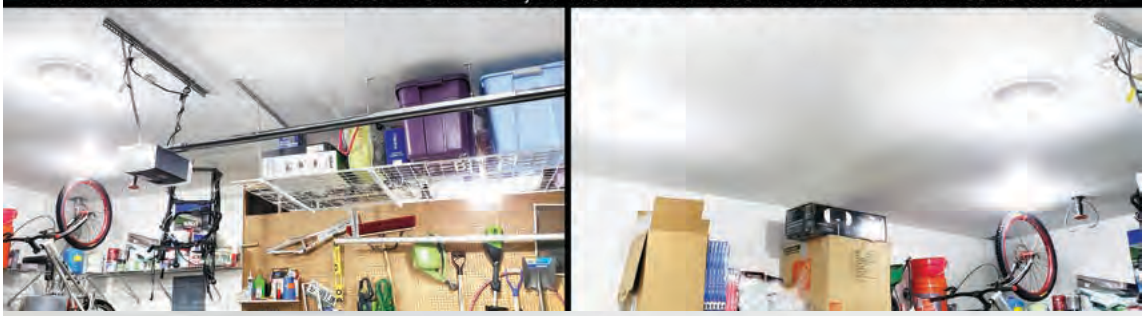
These 5 points spread light to all corners of the room, filling the entire space and reducing shadows caused by single-point illumination.

SINGLE-POINT ILLUMINATION

This system installs in minutes and is powered by a standard ceiling fixture, eliminating the need to hire an electrician to properly light large spaces like a garage, attic, or basement.

EASY INSTALL
ADJUSTABLE MOTION SENSOR
LED
USB FOR SECURITY CAMERA (CAMERA NOT INCLUDED)
7500 TRUE LUMENS

THE M.P.I. LIGHT PROVIDES 5 POINTS OF ILLUMINATION, FILLING THE ENTIRE ROOM WITH LIGHT AND REDUCING SHADOWS



PATENTS PENDING

INNOVATIVE CABLE MANAGEMENT

TWIST TO TIGHTEN

Other lighting solutions, such as florescent shop lights, leave the ceiling draped in ugly extension cords. The MPI's patent pending cable management system quickly and easily makes power cables virtually disappear by ensuring they are held tight and straight near the surface of the ceiling.

MECHANIX WEAR

ORIGINAL HIGH ABRASION GLOVE

Improved Design. When you need sturdy, you need our redesigned Original Plus Glove. We started by improving traction with a raised pattern to maximize the thumb and finger grip. From there we added a two-way, form-fitting Spandex back and stretch insert panels between the fingers for comfort, and an index finger knuckle reinforcement band for protection. Finally we integrated an improved cuff and thumb fit to provide for easy entry and increased flexibility.

Paul Yaffe's Bagger Nation™

TIE-DOWN BRACKETS

Introducing our Touchless Tie-Down Anchor System! A simple yet strong steel bracket that mounts almost invisibly at the front tank tab. It allows you to attach a strap right to the bracket therefore eliminating the need loop tie-downs through your frame, triple trees or handlebars. Now you can secure your bike in your trailer without any part of the strap threatening your killer paint job or shiny chrome! The often included contortion act of looping your tie-downs in tight trailer spaces is eliminated too!
Our Touchless Tie-Down Anchor Systems come in a deep black powder coat finish and virtually disappear against the factory black frame of your Bagger.

Touchless Tie-Down Anchor Systems are super easy to mount in a couple minutes and grade #9 installation hardware is included.

CONDOR
The Motorcycle Support, Transport & Security Solutions Company

PIT STOP WHEEL CHOCK

Make your life easier with the Pit Stop/Trailer Stop. Just place it in your garage, and ride your bike right into it - no kickstand required. Now the bike takes up less room in your garage because it sits upright, and you can check the fluids, service it, or use it outside to wash and detail your ride.

When the time comes to trailer your motorcycle, the Pit Stop/ Trailer Stop simply snaps into the Trailer Adaptor Kit (290-01002) that mounts to the floor of your trailer, and you're ready to secure your motorcycle for safe transporting. The chock will hold your motorcycle so securely, only one person is needed to load and unload any bike, and only two tie-down straps are required. And you won't damage your sensitive suspension parts because you never need to overtighten your straps. If you are transporting your bike in the back of a pick-up truck, you don't even need our adaptor kit. Just place the chock up against the front of the bed, and simply tie the bike from its mid-point towards the front of the truck bed, and you're good to go.

If your trailer is equipped with E-Track, use the Universal E-Track Adaptor Kit (290-01004) to mount the chock to, which allows you to place your bike anywhere you like along the track, fore and aft, or side to side.

The patented adjustable cradle fits ALL bikes from dirt bikes and sportbikes, to cruisers and heavy touring bikes, and anything in between, up to 3000lb It will work on front and rear tires from 14" to 22" and 80mm to 230mm. The Pit Stop is also perfect for racers and track day riders, since you can haul your bike to the track in the chock, and then take the Pit Stop out of the trailer and use it as a track stand.

The Scooter Pit Stop/Trailer Stop works with scooters and smaller motorcycles with wheel diameters ranging from 8" to 16" and tire widths from 80mm to 120mm.

The CONDOR® Pit-Stop/Trailer-Stop is made of light weight aluminum, weighing only 30lb, and folds down for easy storage.

TREKKER

H

STANDARD
- **ECE / D.O.T. approved**

CONSTRUCTION
- Durable and lightweight polymer shell
- Dual density EPS liner – two layers of EPS, one softer one slightly harder, combine to provide a more progressive impact absorption for different levels of impact
- 2 shell sizes

VISION
- Optically superior clear face shield with Anti fog coating and durable hard coating for scratch resistance
- 100% UVA/B protection up to 400 nanometers
- Shield lock provides piece of mind, shield will remain closed in all conditions
- Easy shield changes – quick, secure and tool – less removal and installation
- Visor and shield integration enables the shield in the raised position, to be fully hidden and out of the line of sight
- Shield is designed specifically to accommodate goggles and goggle straps when in the closed position

COMFORT / LINER
- Qwick - Dry™ comfort liner and cheeks pads. Hydrophilic liner absorbs sweat and is perforated to provide plenty of ventilation
- Removable and washable interior

VENTILATION
- High-Flow ventilation system
- 6 adjustable intake vents
- 2 passive intake vents
- 8 exhaust vents

INCLUDED
- 3M highly visible reflective stickers for increased visibility
- Side plate covers included for street helmet configuration when the visor is removed
- Soft Fleece helmet bag

ACCESSORIES
- Optional tinted and mirror shields available

FF-88

From the outset, the FF-88 was designed for the performance enthusiast. With its aerodynamic shape, SpaSoft Coolmax® interior, and lightweight shell, GMAX gives you the perfect helmet for taking on your favorite back road. The ECE rating gives you the assurance that this helmet has been certified by the leader in "world standard" safety equipment testing.

- **ECE / DOT Approved**
- SpaSoft® DuPont Coolmax® interior keeps you dry and comfortable. Coolmax® wicks moisture away from your body and dries quickly. Charcoal bamboo fiber keeps odors away by eliminating bacterial growth
- Removable, adjustable and washable Spa Soft Coolmax® interior allows for easy cleaning and custom fitting
- GMAX D.E.V.S (dual exhaust venting system) top and rear vents reduce temperature by allowing hot air to escape from the top of the helmet
- Low profile intake and exhaust vents
- Vents securely close to completely seal out the cold
- Lightweight Poly Alloy shell. Large size is only 3.3lb
- UV400 100% protection from the anti-scratch, hard coated face shield for a longer lasting clear view
- Breath deflector and chin curtain included
- Intercom Compatible

FF-49

E

With it's aggressive styling and super light weight, the FF-49 proves that great quality doesn't have to come at a high price. The FF-49 comes with many features you would expect on more expensive helmets. Such as a comfortable Coolmax interior, 100% UV400 Protection shield and effective ventilation system.

- **DOT Approved**
- DuPont Coolmax® interior keeps you dry and comfortable. Coolmax® fabric wicks moisture away from your body and dries quickly
- Removable, adjustable and washable Coolmax® interior allows for easy cleaning and custom fitting
- Intake and Exhaust vents aligned with superior channeling to maintain a constant airflow to help pull in fresh air and removed hot air.
- 100% UV400 protection from the anti-scratch face shield which is hard coated for a longer lasting clear view
- Large eyeport for improved range of vision
- Lightweight Poly Alloy shell- only 3.2lb in medium shell
- Intercom Compatible

GM-38

C

The GM-38 proves that quality doesn't have to break the bank. With standard features like a quick change shield, snap in chin curtain, and GMAX's D.E.V.S. anti-fog system, the GM-38 is the best bang for your buck in the GMAX line.

- **DOT Approved**
- Large eyeport opening for greater visibility
- Optional outer flip tint sun lens
- Quick change shield
- GMAX reduced noise design; specially designed cheek pads, neck curtain, optimal shield sealing and deluxe venting reduce unwanted noise
- D.E.V.S. GMAX anti-fog system, "Dual Exhaust Venting System" side intake and exhaust vents draw heat and moisture away from the shield area out of the helmet
- Adjustable chin vents direct air upwards across the inside of the shield to help reduce fogging
- Deluxe ear pockets for better fit and speaker installation
- Intercom Compatible

HH-45

The HH-45 is our bare knuckled no frills helmet. We dropped the extras of the GM-65 without leaving out what really matters. All of the quality of our premium half helmets in a lightweight low profile package.

- **DOT Approved**
- Removable, washable Coolmax® interior allows for easy cleaning
- Comfort liner, shell and EPS designed for maximum venting without reducing the integrity of the helmet

GM-35

With its three snap visor, the GM35 is one of our most versatile helmets. You can choose between a traditional cruiser look with its included sun visor and neck curtain or opt for the naked look by removing both. The three snap gives you the option of installing a variety of shields and visors to suite your personal style and riding conditions.

- **DOT approved**
- DuPont Coolmax® interior keeps you dry and comfortable. Coolmax® wicks moisture away from your body and dries quickly
- Adjustable forehead vent for increased ventilation
- Removable neck curtain for cold days also has pockets for intercom
- Snap on sun visor allows for a variety of shields and visors to be installed

NEW

EXO-R1 AIR

Regardless of where you tear it up; track, canyon, or urban wasteland, the Scorpion EXO-R1 Air was designed, engineered and tested to meet the demands of Moto GP® and World Superbike® racing, while providing features that benefit every rider!

- **ECE/ DOT-218 Approved**
- Multi-layered Ultra-TCT® shell combines fiberglass, aramid and poly-resin fibers which minimize weight while maximizing strength and impact dispersal
- Aero-tuned shell sculpture helps reduce aerodynamic drag, improve balance, and maximize mobility
- Advanced multi-layer EPS provides superior energy absorption and channels for increased airflow
- Aero-Tuned ventilation features a Ram-Air intake system, 4 port exhaust spoiler system and EPS channels for an optimal flow-thru effect
- Optically superior Clear MaxVision® Pinlock-Ready® face shield installed. Anti-scratch coated and offers 95% UV-A & UV-B protection
- Elliptec® II quick-release face shield mechanism with integrated center lock provides a superior shield-to-gasket seal
- FREE Additional dark smoke MaxVision® Pinlock® face shield and Pinlock® anti-fog insert included
- Removable/washable KwikWick® III anti-microbial interior keeps you cool, dry and comfortable
- Airfit® inflation adjustment system provides a custom fit to your cheek pads, also reducing wind noise and lift
- 3D contoured, Kwikfit® cheek pads allow easy access for most eye glasses
- EMT-friendly, emergency release cheek pads
- Integrated speaker pockets to accommodate BlueTooth® communication system speakers
- Breath Deflector included for enhanced fog-free performance
- Aero Skirt (Chin Curtain) included to help reduce wind noise
- Titanium Double D-Rings
- 5 Year Warranty

EXO-R420

The EXO-R420 helmet continues to set a new standard for Scorpion EXO®'s full face street helmets at a very competitive price point. An all new shell is more aerodynamic and smaller resulting in an ultra-lightweight Snell-approved helmet. The ventilation system uses a large top vent and mouth vents engineered to allow more airflow to the rider's head while maintaining low noise levels. The EXO-R420 now features our new Ellip-tec™ II face shield with a latching shield locking mechanism located in the lower center of the shield. This makes the face shield more secure and provides a tighter seal against the gasket. The face shield can easily be removed without tools. Shown with dark shield (sold separate)

- **DOT/Snell Certified**
- Ultra-lightweight advanced LG® polycarbonate shell
- Aero-tuned ventilation
- Ellip-tec™II face shield w/ Everclear® no-fog coating
- Kwikwick® II washable anti-microbial comfort liner
- Kwikfit® cheek pads accommodate eyeglasses
- 3X and 4X sizes are DOT Certified only
- COMES WITH CLEAR FACE SHIELD

EXO-R320

The EXO-R320 changes the paradigm for what you think you can afford in a helmet for under $100. A LG® polycarbonate shell and dual density EPS result in a lightweight and safe DOT approved full face helmet. The KwikWick® II liner is moisture wicking, anti-microbial, quick drying and can be easily removed and is machine washable. Aero tuned vents on the top and front of the helmet offer excellent ventilation. The Ellip-Tec® Pinlock® ready face shield can be easily removed without tools. Shown with dark shield (sold seperate)

J

- **DOT Certified**
- Advanced LG® polycarbonate shell
- Ellip-Tec® ratchet system
- Pinlock® ready face shield (Inserts sold separately)
- KwikWick® II washable anti-microbial comfort liner
- Aero-Tuned ventilation system
- KwikFit® cheek pads accommodate eyeglasses
- Communication system speaker pockets
- COMES WITH CLEAR FACE SHIELD

EXO-GT3000

According to the experts the EXO-GT3000 is in a class by itself in the highly competitive fiberglass modular helmet category. It's impressive list of features starts with the shell that offers light weight combined with an extremely aerodynamic profile. Also included are features such as Scorpion EXO®'s Airfit® liner inflation system for a customizable fit, drop-down sun visor for different light conditions, and face shield. Additionally, the helmet easily accommodates most bluetooth communications systems including the new BMW systems. Easy one handed operation of the chin bar and face shield, results in ease of opening and a positive lock upon closure. From top to bottom, the EXO-GT3000 provides premium comfort, protection and function. Shown with dark shield (sold separate)

- **DOT Certified**
- TCT – Ultra pre-preg lightweight shell
- Aero-tuned ventilation system
- Everclear® no-fog Speedview® drop down sunvisor
- Kwikwick® III washable anti-microbial comfort liner w/ 3D contoured cheek pads
- Kwikfit® cheek pads accommodate eyeglasses and Airfit® inflation system
- COMES WITH CLEAR FACE SHIELD

COVERT

Meant to disrupt the norm, this radical design can be converted to work with any type of bike. We started with a half helmet and added an integrated drop-down sun visor for protection from sunlight. A rear comfort sleeve allows you to convert the helmet to a ¾ open-face and then attach the included front mask and you've got one, aggressive looking full face helmet.

- **DOT Certified**
- Versatile 3-in-1 road helmet
- Ultra-lightweight advanced LG® polycarbonate shell
- Aero-tuned ventilation
- Kwikwick® II washable anti-microbial comfort liner

CT220

The EXO-CT220 is designed to offer a modern, protective, comfortable and functional product for riders that need more than a traditional open-face helmet. The versatile EXO-CT220 can be configured with a face shield for blocking head winds, or switch the shield for a sun-blocking visor for more of that wind-in-your-face feel. The face shield is specially designed to reduce turbulence inside the helmet by re-directing the air flow under the helmet instead of the interior.

- **DOT Certified**
- Removable peak visor
- Ultra-lightweight advanced LG® polycarbonate shell
- Aero-tuned ventilation
- Kwikwick® II washable anti-microbial comfort liner

EXO-C110

The EXO-C110 is ScorpionEXO®'s next-generation take on the classic half helmet. Combining subtle modern lines with an advanced ventilation system it not only looks cool, but it cools the head during long rides. A dual-density eps liner that extends down to protect the lower rear skull and an improved sun visor mechanism provides premium touches while maintaining the classic half helmet look and fit. Additionally, a unique chin strap retention design prevents it from rolling forward off of your head.

SAVAGE O/F HELMET Bluetooth 4.1

The Savage is a 3/4 open face helmet that packs the premium Bluetooth communication technology Sena is known for. Bluetooth 4.1 allows you to connect with up to 3 other riders via built-in intercom up to 1.6km (1 miles), listen to music, hear GPS directions, or take and make phone calls. This stylish helmet was designed with 2 shells and multi-density EPS for added protection in the case of impact. The helmets range in size from XS through XXL, and come in Matte Black or Glossy White with optional long and short visors.

843-01600

- **ECE/DOT**
- Bluetooth 4.1
- Built in speakers and mic
- Up to 11 hours of talk time
- Up to 1.6km (1 mile) in open terrain
- 4-way universal intercom
- Advanced noise control, voice prompts and music sharing
- FM radio
- Sena headset app and firmware upgradable
- Composite fiberglass shell, removable washable liner, short and long visor

HIGHWAY 21 MOTORDROME JACKET

NEW

Built in 1910, the Los Angeles Motordrome was the first motorcycle board track race complex. The 'Motordrome Jacket' by Highway 21 is a thoroughly modern piece of riding gear with a heavy stylistic nod to board track race history. Equipped with dual chest vent pockets, large forearm vents, and built out of premium leather, the Motordrome Jacket will keep you cool and protected from the splinters flying off the track ahead of you.

MURTAUGH JACKET

HIGHWAY 21

The Highway 21 Murtaugh Jacket proves nothing is ever truly too old by combining classic styling with traditional function for the modern rider. This jacket is made from premium cow hide leather and features a large front conceal carry D-pocket, reminiscent of the "map pockets favored by early aviators and motorcyclists. Aged brass hardware and a real leather belt that can be modified for use in your jeans round out this classic jacket.

GASSER JACKET

HIGHWAY 21

The Gasser jacket was inspired by the days of pure adrenaline, the era when riders lived for weekend races. Whether racing board track, dirt track, or road circuits, they all shared one common goal; striving to be the best and accepting their fate while doing so. Riding in today's world has changed, and so has technology. If you're looking for a vintage jacket that takes you back in the past but protects your future, look no further.

HIGHWAY 21 PRIMER JACKET

Here at Highway 21 we believe the early days of America are nostalgic. So, we decided to emboss that reminiscent sentiment into the very grain of our designs. Our Primer jacket has a timeless vintage style that will take your mind and wallet back to an era of simplicity. If you're looking for a classic style that never ages and won't break the bank, then it's time to try on the Highway 21 Primer jacket.

HIGHWAY 21 GEARHEAD JACKET

2 YEAR WARRANTY 100% QUALITY GUARANTEE

CE PROTECTION

Bringing together technical ability and strength, the Gearhead jacket was developed with the inner mechanic in mind. Hard work is in our blood, and the results are a reflection of what we are willing to sacrifice to get there. Whether you're changing oil, rebuilding an engine, or just pounding pavement, the Gearhead jacket is always the right fix.

SIX SHOOTER VEST

HIGHWAY 21

The Six Shooter vest is as traditional as its name. Since the 19th century horsemen spent most of their time on the range, the vest or “office in the saddle” was invented to create storage and added warmth to these lengthy and tough trips. Determined not to leave its roots, we built a vest that looks as good as the original but meets all 20th century standards.

1909 VINTAGE JACKET

The 1909 vintage leather jacket is made from premium leather that is distressed by hand for a unique soft vintage feel and look. The pattering and fit has been optimized for comfort in the riding position. All critical seams have our EXO-Stitch® internal safety stitching making this a real motorcycle jacket. This antique looking jacket offers excellent protection from the elements and abrasion, and protects against impacts with the removable SAS-Tec® armor at elbows and shoulders. This is an extremely luxurious jacket that will be enjoyed for generations.

- Soft distressed 1.4mm top grain leather and YKK zippers
- Reinforced EXO-Stitch® safety stitching on all critical seams
- Shoulder and elbow SAS-Tec® body armor included
- Leather overlays at elbows
- Perforated inner arm and torso panels
- Removable Everheat® thermal liner
- Four external pockets and two internal pockets

WOMEN'S CATALINA JACKET

We see a lot of people riding around in leather jackets that are not designed for use on motorcycles. Sure they may look nice, but if the materials and construction are not up to the job, the jacket is not going to hold up when you need it most. We've taken extra care when we made the Catalina jacket to use high quality leather, our EXO-Stitch internal safety seam construction, careful patterning and reinforcements, and CE certified SAS-Tec® armor to create a jacket that flatters the female form, and protects the rider.

- Soft distressed 1.2mm top grain leather and YKK zippers
- Reinforced safety stitching on all critical seams
- Shoulder and elbow SAS-Tec® body armor included
- Leather overlays at elbows
- Two zippered shoulder and two rear exhaust vents
- Removable Everheat® thermal vest liner
- Four external pockets and two internal pockets

BIRMINGHAM JACKETS

This is not just another waxed cotton jacket. We've taken the classic waxed cotton jacket and made it better. We strengthened the outer material by combining abrasion resistant nylon into the weave of the fabric. Then we laminated a waterproof / breathable membrane to the back of it, and seam taped every seam. Then we applied a fine waxed coating for the vintage look and to prevent the fabric from absorbing water. Now you have a 100% waterproof garment that has classic looks and 21st century technology. The collar and inner lapel is leather lined, as well as the two large internal pockets. A cotton plaid lining adds to the vintage look. Because this is a motorcycle jacket, we included SAS-Tec® armor at the elbows and shoulders. There is a pocket for an optional back protector.

- Abrasion resistant cotton / nylon blend fabric
- 100% waterproof / breathable seam taped
- Reinforced fabrics on elbows/shoulders
- Reinforced EXO-Stitch® safety stitching on all critical seams
- Shoulder and elbow SAS-Tec® body armor included
- Leather trim at collar and inner lapel
- Traditional cotton plaid lining
- Antique brass YKK® zippers and snaps.
- Four exterior pockets, two large leather lined inner pockets and rear storage pocket

BIRMINGHAM PANTS

These classic pants are equally comfortable at home walking around town and around the campsite, as they are when worn for long days in the saddle. When combined with the Birmingham jacket you have a traditional looking riding suit that is 100% waterproof, or you can use these riding pants with your current favorite jacket. The included SAS-Tec® armor is easily removed from the knees, without having to take the pants off.

- Abrasion resistant cotton / nylon blend fabric
- 100% waterproof / breathable seam taped
- Reinforced fabrics on knees, shins and seat
- Reinforced EXO-Stitch® safety stitching on all critical seams
- Knee and hip SAS-Tec® body protection systems included
- Antique brass YKK® zippers and snaps
- Four pockets and two large cargo pockets

STEALTHPACK JACKET

The patent pending StealthPack Jacket by Scorpion EXO. Clean, streamline styling with a surprising little secret, a hidden backpack so subtly integrated you wouldn't even know it was there. Ideal for the daily commute, week-end errands, or a long destination ride. Fully adjustable and extremely versatile, the integrated backpack sides also double as the industries largest heat exhaust vents, providing superior ventilation working in unison with the front intake vents. Say goodbye to your lopsided, shoulder straining backpack and hello to the StealthPack.

- 600D premium polyester shell
- CE Level 1, form adaptable, Sas-Tec flex armor at shoulders and elbows
- 6 pockets: 2 chest pockets, 2 hand warmer pockets, 2 internal pockets
- Forearm, bicep, and waist adjustability for optimal fit
- YKK zippers
- NightViz Reflective on shoulders and piping across back
- 2 large intake vents on the front designed to flow air around your body thru to 2 mammoth back exhausts
- 2 underarm vents and 2 Dual purpose chest pockets (storage and venting)
- Ergonomically designed to distribute weight evenly across the torso
- Internal load-adjustment strap and waist straps tightly secure the load
- 20 litre storage capacity
- Designed to be used in 2 different configurations: quick access lighter loads or full capacity loads
- Waterproof compartment for laptops, tablets, etc. Holds up to 15" laptop
- Shock absorbing padding down back for added comfort and additional airflow channeling
- 3D mesh divider between jacket shell and backpack for unobstructed air flow
- Mesh sidewalls for maximum airflow
- 1 year warranty

COVERT WAX RIDING SHIRT

When you don't want to wear a heavy riding jacket, but need more than just a t-shirt; that's where the covert waxed riding shirt comes in. We infused 12oz denim with a unique mixture of micro and technical waxes to make a riding shirt that looks and feels like a classic work shirt, but protects against wind, water, and abrasion. Additionally, it is fully lined with 165g DuPont™ Kevlar® fiber to resist tearing and add strength. EXO-Stitch® safety seams and mesh armor pockets at the elbows, shoulders, and back (for optional SAS-Tec® armor) enable you to add protection from impact. Scorpion has combined the best of old and new technologies to deliver style, comfort, and safety.

- 12oz denim with paraffin waxed coating
- 165 GSM DuPont™ Kevlar® lining
- Polyester mesh lining
- Mesh pockets on elbows, shoulders and back for optional SAS-Tec® CE armor
- YKK® center front zipper as well as snaps
- Two upper chest external pockets

COVERT MOTO FLANNEL

We didn't just take a cotton shirt add some Kevlar thread and call it a protective garment. We've been making protective riding apparel for over ten years and want our customers to be safe. The Covert flannel was designed from the very beginning to be a protective garment. The entire shirt is based on a chassis made with 165g DuPont™ Kevlar® lining to protect from tear and abrasion. then we sew a cotton flannel fabric onto the chassis, and add a comfortable mesh liner. Additionally, we have pockets for optional SAS-Tec® CE certified armor at the elbows, shoulders and back. So sure, it looks like your favorite flannel shirt, but inside it has a heart of Kevlar® gold.

- Cotton flannel outer fabric
- 165g DuPont™ Kevlar® lining
- Mesh pockets in elbows, shoulders and back for optional SAS-Tec® CE certified armor
- Two upper chest pockets, and one internal pocket

SAS-TEC ARMOR

- Viscoelastic memory foam: after an impact or deformation of the foam, the protector will quickly revert to its original shape
- Multiple impact compliance: even if the same area of the protector receives repeated impacts, the protector maintains if fully functional capability
- Adaptive absorption: the air within the cells of the protector allow progressive absorption of energy as the material becomes more firm as it compresses
- Climate stability: SAS-Tec Visoelastic foam does not break down under high temperatures and can withstand up to 212 degrees Fahrenheit
- Environmentally conscience: partially made of recyclable materials
- Sold as ONE PAIR (except back protectors) certain armor doubles for multiple abrasion zones i.e. elbow, knee means that armor works for both elbow and knees

POLYESTER BALACLAVA

A

B

C

D

- Polyester Balaclava offers optimal protection from the elements by providing coverage of the head, neck and face
- Constructed of 100% stretchy polyester
- Allows for a snug, yet comfortable fit.
- Also features two smooth seams that are strategically placed to eliminate an irritating pressure point when worn under a helmet
- Boasts vibrant graphics and its contoured design mitigates uncomfortable bunching

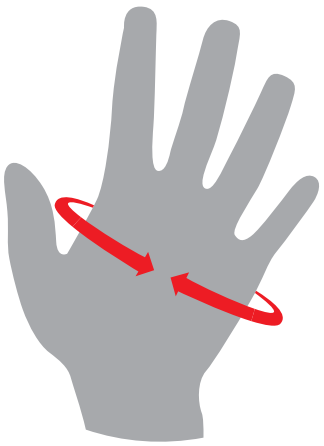
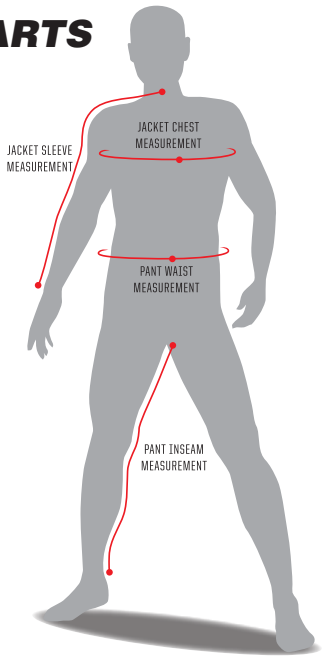
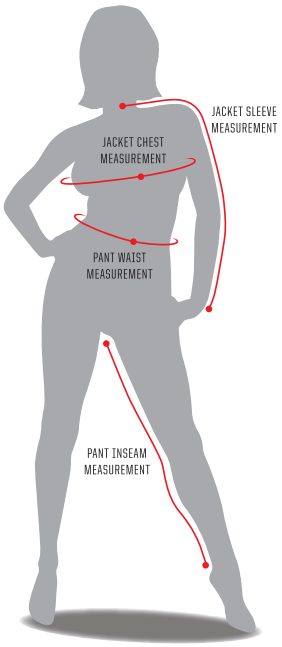
SIZING CHARTS







Measure the circumference around your hand at mid palm (just below the knuckles) using a soft tape measure.

Our high grade leather is designed to break in over time and will stretch out to fit your hand comfortably over the life of your gloves.

If you are between sizes, as a rule of thumb we recommend that you choose the larger of the two sizes.

EXO-GLOVES SIZING CHART

GLOVE SIZE	XS	SM	MD	LG	XL	2XL	3XL
MEN'S CIRCUMFERENCE	5"	6"	7"	8"	9"	10"	11"

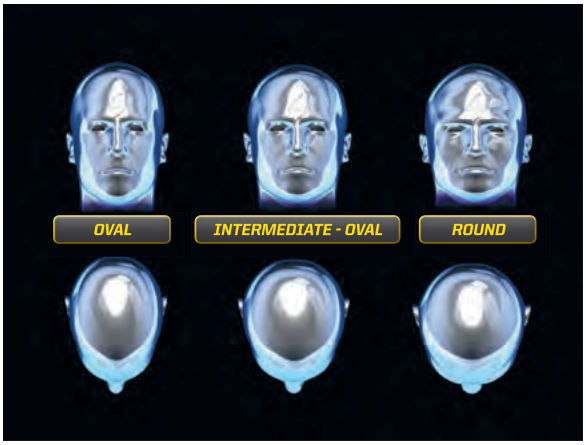
THE SIZING CHARTS ARE SIMPLY A STARTING GUIDE, AS BODY SHAPES VARY. FOR THE ULTIMATE BEST FIT, ALL APPAREL SHOULD BE FITTED TO YOU AT AN AUTHORIZED DEALER.

HELMET HEAD SHAPES



HELMET SIZE CHART

SIZE	XS	SM	MD	LG	XL	2XL	3XL
CIRCUMFERENCE *(Inches)*	20 7/8-21 1/4	21 5/8-22	22 7/16-22 3/4	23 1/8-23 5/8	24-24 3/8	24 3/4-25 3/16	25 9/16-26

THE SIZING CHART IS SIMPLY A STARTING GUIDE, AS HEAD SHAPES VARY. FOR THE BEST FIT, HELMETS SHOULD BE FITTED TO YOU BY AN AUTHORIZED DEALER.

HELMET MEASUREMENT

Start by measuring the circumference around your head at the temple, just above the eyebrow line (approximately one inch above eyebrows) using a soft tape measure.
Then select the helmet size that is closest to your head from the Size Chart below. If your head falls between two helmet sizes, first start by trying on the smaller of the two sizes.

PROPER FITMENT

To help maximize head protection, your helmet must fit properly and be securely fastened under your chin. Your helmet should fit snug all the way around your head with no pressure points or shake. Consult your authorized
